STORY OF ROOT98

“Root” literally means the underground and essential part of a plant that anchors it, and enables absorption of nutrient and moisture. It also means origin and beginning. **“Root”** also plays on the word **“Route”**, referring to travellers’ airport journey.

“98” is the year 1998 when Plaza Premium Group was founded. As a premium airport hospitality service provider, we value our root and stay true to our initial aspiration when founder, Song Hoi-See first started the business to introduce efficiencies, to address travel pain points and to enhance the airport experience. Today, we continue to evolve and enhance our service offerings to meet and exceed travellers’ expectations.

At **Root98**, we offer a healthy menu prepared using selected herbs and seeds. Superfoods are hand-picked by our team to ensure each dish brings you nourishment, while maximising natural flavours.
