4.1 AfN will hold any personal information contained in the Data Material in accordance with applicable Privacy Laws.

4.2 The Project Proponent warrants that it has taken all steps necessary to ensure that:

(a) it can disclose any personal information contained in the Data Material to AfN; and

5.1 Except as permitted or required by this Agreement (including as permitted under the licence granted in clause 3), each party must not use or disclose to any other person the other party’s Confidential Information.

(a) when required to do so by law or any regulatory authority; or

(d) use its best endeavours to ensure that confidential treatment will be given to the Confidential Information by any person to whom it is required to be disclosed.

5.5 If either party becomes aware of a breach of this clause 5, including a breach of duty of its Personnel with respect to the other party’s Confidential Information, it must:

(a) give a notice to the other party as soon as it becomes aware of the breach; and
(b) promptly provide the other party with any information or assistance which it may reasonably request in order to minimise the loss or damage it may suffer as a result of the breach.

6. Indemnity

6.1 Subject to the remainder of this clause 6, if any person makes any claim alleging that the Data Materials or AfN's use of them in accordance with any right granted to it under this Agreement infringes any Intellectual Property Right, Moral Right or any right of confidence or other right of any person, the Project Proponent must indemnify AfN, its related bodies corporate and their respective employees, officers and agents (together the Indemnified Persons) against all costs, claims, losses, demands and expenses (including all legal costs, fees and expenses) arising directly or indirectly out of the claim, subject to the following conditions:

(b) AfN must not make any admissions in relation to the claim without the prior written consent of the Project Proponent;

(c) AfN must, at the Project Proponent's request and expense, allow the Project Proponent to conduct and settle (or control the conduct and settlement of) all negotiations and litigation resulting from the claim;

(d) at all times in relation to the claim, AfN must act in accordance with the reasonable instructions of the Project Proponent and, at the request of the Project Proponent, afford all reasonable assistance with all negotiations or litigation and must be reimbursed by the Project Proponent for any reasonable expenses incurred in so doing; and

(e) any legal costs awarded to AfN as a result of any litigation in relation to the claim are to be for the account of the Project Proponent and, if paid to AfN, must be paid by AfN to the Project Proponent promptly on receipt by AfN.

6.2 Each party acknowledges that, to the extent that the indemnity in clause 6.1 is in favour of Indemnified Persons other than the indemnified party, the indemnified party receives and holds the benefit of the indemnity on trust for and as agent of each of the Indemnified Persons.

6.3 If a payment due under this clause is subject to tax (whether by way of direct assessment or withholding at its source) the indemnifying party must pay the indemnified party such amounts as ensure that the net receipt, after tax, to the indemnified party in respect of the payment is the same as it would have been were the payment not subject to tax.

7. Liability

7.1 In this clause 7 a reference to a claim means a claim made (whether in the form of an allegation, demand, suit, action or other proceeding of any kind) under or in connection with this Agreement or its subject matter, whether arising under contract (including under any indemnity), negligence or any other tort, under statute or otherwise at all.

7.2 To the full extent permitted by law, each party excludes all representations, warranties, terms and conditions, whether express or implied (and including those implied by statute, custom, law or otherwise), except as expressly set out in this Agreement.
7.3 To the full extent permitted by law, a party's cumulative liability to the other for all claims made by that other party will not exceed in aggregate $500,000.

7.4 To the full extent permitted by law, a party will not be liable to the other party in respect of any claim for any loss of profit, data, goodwill or business, for any interruption to business, for any failure to realise anticipated savings or for any consequential, indirect, special, punitive or incidental damages.

7.5 Certain legislation, including the Australian Competition and Consumer Act 2010 (Cth) may imply warranties or conditions or impose obligations which cannot be excluded, restricted or modified except to a limited extent. This Agreement must be read subject to those statutory provisions.

7.6 The amount of one party's liability in respect of any claim made by the other party will be reduced by the extent, if any, to which the other party's negligence, breach of this Agreement, or breach of any law contributed to the loss or damage arising from the claim.

7.7 The limitations of liability in this clause 7 and the exclusions of liability in this clause 7 do not apply to any amounts recoverable under an indemnity in this Agreement, or any fees or charges payable in connection with this Agreement.

8. Termination

8.1 The Project Proponent may only terminate the data licence granted in clause 3 if AfN commits a material breach of the terms of this Agreement and such breach is not remediable or where such material breach is remediable, AfN fails to remedy the breach within 14 days of receiving written notice to do so.
