Resetar Residential Hotel is a hotel that was built in the 1920s and was later converted to 12 One Bedroom and 78 Studio apartments. It is currently home for more than 100 people, about half of which were formerly homeless before moving into the Resetar.

This former hotel is located at the center of Watsonville’s downtown and was a hub of community activity in the 20s, 30s and 40s. It’s classy and spacious lobby is still a hub of daily residential activity. After Abode Services formed a strategic alliance with Housing for Independent People in 2012, two full time onsite services coordinators have been added to the onsite team.

Many of the residents have lived at this property for many years, some for over a decade. Most of the commercial tenants on the street level have also been here for more than 10 years as well.

Abode Services is in the process of transforming the Resetar into a model of supportive housing for people with special needs.
