Feedback from Workshop #3 Interiors: Ceiling Pattern

Question 1a: Which Hub Main Space Design Concept do you like best?

- Shoreline and Cloud
- Shoreline. I like the colors
- Shoreline

Cloud

- Linear with the shoreline colors

This one

Shoreline

Every detail from all three and put it all together
Keep ceiling colors light for a bright and airy feel
Love all the mixed colors. White can be sterile
Ceiling tiles to the native plants that will be planted
Will the white get dirty with dust or will there be an air purification system?
All three - can't decide

Comments:

Neither, I do like the concept of the bay through Shoreline is very nice Shoreline Shoreline Shoreline HUB Staff HUB Youth/Alumni Other HUB Stakeholders
Feedback from Workshop #3 Interiors: Colors

A. A - room feels energetic, colors are vibrant but not too loud/distracting

B. A - Incorporate both A and C

C. I like C

A & C - Both is good

HUB Youth/Alumni
Other HUB Stakeholders
OYA Classroom should also have a podium
Incorporate OYA's logo

Green is a good calming concentration color, and blue is promoting.

Hub logo should go on the main space, black and gold logo color.

Why not have the classrooms be the same color as the school's color? OYA's classroom (black and forest green).

Will Hub colors (black, gold, and white), and Hub logo be incorporated anywhere?

Quote: The only thing you have to fear is fear itself.

Quote: If you try you may fail, if you focus you may prevail.

Add to Hub slogan in the main space. HUB Slogan: "All around us.

Slogan and logo at entry and prominent.
Feedback from Workshop #3 Interiors: General Comments

Question 5: We really want to design for you a HUB that feels welcoming, safe and comfortable! What else should we think about?
### General Comments

- Like the openness, large windows
- Like the design of each room, like that Hub clients and staff are creating a new design
- Private space for kids in parent supervision area to get away
- Place near entry for alumni and youth accomplishments to be featured
- Individual cubicle spaces for studying, reading, alone time
- Career room with green screen wall, host on-site job fairs and recruitment events
- Mental health “calm down corner”
Project Background

- The Hub Youth Center is a youth-led resource center which supports current and former foster youth;

- The current Hub space has not been meeting all the needs of its users

- The County began looking for a site to build a “forever home” for The Hub and acquired the Parkmoor site in 2017

- **This site is a unique opportunity to:**
  1. Design a customized space that represents Hub users and the TAY community
  2. Create affordable housing that is focused on TAY needs
