On May 18th, 2022 we partnered with local businesses and organizations to bring essential care services and resources to people experiencing homelessness at Oakland City Hall in Frank Ogawa Plaza.
In total, we served 158 individuals with services such as showers, haircuts, housing aid, legal aid, food and beverage, and more.
Nine volunteers and 23 local businesses, organizations, and community members worked alongside us to deliver these services with extraordinary care.
**PARTNERS**

We partnered with Beats 4 Hope to bring awareness to our Pop Up Care Villages to the world through music.

DJ's played feel-good music live around the world raising funds to help us continue to show radical hospitality to the unhoused community.

In this effort, we raised over $6,000!
"The togetherness and the support for the community."

"The music was nice and the showers were nice, the community, being able to connect with folks."

"Felt joy, the music, food, and everyone was smiling."
Every partner, volunteer and those who donated from the bottom of our hearts, THANK YOU!
