Haven of Hope

Haven of Hope is comprised of moms just like you that have suffered the death of a child. We are moms that have chosen to honor our children by reaching out to other mom’s. We have been there, are there. We are moms that know how it is to live with grief on a daily basis. We are moms that know what it is like to long to hold your child, to smell their hair, to hear their voice, or for some to hold them at all, no matter what age they were when you lost them. We are moms that want you to know you are not alone. Because we also know that is how you feel.
Haven of Hope Ministries
was founded with the sole desire to reach mothers that have suffered the death of a child by providing comfort, encouragement and hope.

We want you to know that you do not have to walk it alone.

Our retreat is designed to bring together mothers from all walks of life that have suffered the death of a child regardless of that child’s age or circumstances, pointing them to our hope in Jesus Christ.

No matter where you are in your grief journey, we would love for you to join us for a weekend filled with encouragement, good food, and the comfort of new friends that understand.
