Yemen's ongoing civil war that began in 2011 with a political uprising has led to a severe humanitarian crisis and a massive exodus of its people to outside countries. In addition to the Gulf countries, there are large populations of Yemeni living in Africa and the USA. Being predominately Arab Muslims, the Yemeni have had very limited access to the Good News. Some estimate only around 10,000 followers of Christ inside Yemen, with no estimates of followers among the diaspora population.

Since 2022, All Nations' team has worked specifically with the diasporic Yemeni in Jordan and KSA. They have been serving Yemeni refugees in partnership with the Jordanian church. This has included relief projects, home visitations, health programs for women, and sustainable farming which have opened doors to deeper conversations and sharing of the Good News. Most recently, with the team's move to southern KSA, their plan is to focus less on relief work and more on church planting, since the Yemeni there are not refugees.

PRAAYER POINTS

For the Yemeni people, please pray for...

- courage and protection for Yemeni followers living in Muslim countries, including KSA. (Many who have professed faith in Christ have been executed.)
- strength for believers and release of those in prison
- believers to drink from the River of Living Water within them so that they might minister to those around them
- refugees and migrants to find peace and comfort from the Body of Christ in their new host nations
- the growth and boldness of the emerging Christian community in KSA
