How Detroit Does Pizza Different

It starts with our dough, made in-house daily and double-stretched to create the light and airy crust that’s made us famous. Next is our layered steel square pans, aged and seasoned to give our crust a true, hand-crafted flavor and character and a crisp, extra-thick crust with crunch in every bite. Finally, it’s our special Wisconsin brick cheese and fresh and real ingredients. And no shortcuts along the way. Some as we’ve always done it since we started. Hand-built from the bottom up: dough, cheese and sauce on top.

That’s how we do Detroit.

Buddy’s is where Detroit-style pizza was born.

What makes a pizza Detroit style? The same thing that made Detroit – a little bit of ingenuity, some stubborn spirit and a whole lot of heart. It’s what sparked Son Quinn way back in ’46 to take steel pans and create the one of a kind square pie that’s kept people coming back ever since.

There a reason we’re stuck around. Times may change, but our standards never have. This menu using only the finest ingredients, backed by hand with recipes perfected over 5 generations. That’s the Buddy’s way. Just the same as when we started it at 8 Mile & Conant. We like turning strangers into friends and friends into family – sharing in the good times and lasting memories. We’ve also committed to giving back to our communities and championing local causes. Because we care about our neighbors the same way we care about our pies.

So wherever you are, whoever you’re with, come on in and get a slice of Detroit.
