Our customers asked for a series of chargers that were smaller, lighter and economically affordable. The Sportsman Series of chargers answers these needs. This line of chargers is designed for all types of battery applications. Sportsman chargers have all the safety and reliability features that have made PRO Charging Systems chargers the #1 choice of most boat manufacturers, dealers and over 750,000 customers across the country. Advanced microprocessors and LED readings make the units even easier to use.

Features of the Sportsman Series Battery Chargers:

- Approved for Wet Cell and AGM batteries
- Models also available for Gelled Electrolyte and Lithium batteries
- Designed for use in fresh and saltwater
- DeltaVolt® Intuitive Charging Technology
- Waterproof, dependable, rugged construction
- Independent outputs
- Fully automatic / multi stage charging
- Zero spark technology
- Battery maintenance mode
- On-board diagnostic codes
- Temperature compensated
- Advanced microprocessor controlled
- Battery systems available: 12V – 48V
- LED lights indicate the state of charge
- Reverse polarity protected

May be used in many types of sporting applications including: Inland Watercraft, Salt Water Watercraft, Motorcycles, Golf Carts, Utility Vehicles...
