Name and Headquarters

This Organization shall be known as the International Federation of Professional and Technical Engineers, hereinafter referred to as the Federation, one of the constituent organizations of the American Federation of Labor and Congress of Industrial Organizations and Canadian Labour Congress with which it shall be affiliated. Headquarters are to be maintained in the vicinity of Washington, District of Columbia.

ARTICLE 2
Jurisdiction

This Federation shall be devoted and dedicated to organizing into an international organization and shall embrace within its jurisdiction all individuals who are professional, engineering, scientific, technical, administrative, clerical and allied workers for the purpose of representing them in collective bargaining and otherwise improving their economic status and conditions of employment.

ARTICLE 3
Purpose

Section 3.1 The Federation shall strive to elevate the fields of endeavor within its jurisdiction to their proper positions in industrial activity and in the ranks of all workers; to encourage a higher standard of proficiency among its members; to cultivate feelings of friendship among those who work in these fields and with those who employ them; to assist members in securing stable employment; to assist employers in securing skilled workers from among the membership; to engage in negotiating and consummating contractual relationships with employers, through which wages, hours and conditions of employment may be properly regulated to the benefit of both the membership and the employers; to encourage and legislate for, or by economic means secure, such reduction of daily and weekly hours of work as will guarantee the proper distribution of available work to the greatest number of people in the field; to bring about increased opportunity for recreation and rest, the proper freedom to observe the days set aside for holidays and religious worship; to elevate the moral, intellectual and social conditions of all members by legal and proper means; to safeguard, advance, and promote the principle of free collective bargaining, the rights of workers, and consumers, and the security and welfare of all the people by political, educational and other community activity; to provide assistance, financial, moral or other, to other labor organizations or other bodies having purposes and objectives in whole or in part similar or related to those of this organization; to protect and preserve the union as an institution and to perform its legal and contractual obligations. It is recognized that the problems with which this Federation is accustomed to dealing are not limited to "bread and butter" unionism or to organizing and collective bargaining alone, but encompass a broad spectrum of economic and social objectives as set forth above and as the union may determine from time to time; we, therefore, determine and assert that the

participation of this labor organization individually and with other organizations in the pursuit and attainment of the objectives set forth herein are for the sole benefit of the organization and its members.

Section 3.2 The Federation shall monitor legislative activities by local, provincial, state or federal governments which may affect the interests of the membership and shall use its influence to secure the promotion, rejection or amendment of legislation affecting the membership as the exigencies of the occasion may demand.

Section 3.3 It shall be a purpose and aim of the Federation to inform, advise, and educate workers in these fields in the principles and policies of the Federation, and of the benefits to be derived through collective bargaining and joint action.

Such special conventions shall be held at a time and place which is centrally located, and within ninety days of the receipt of the request at Federation headquarters; provided that sufficient advance notice must be given to permit members and representatives of local unions at great distance to reach the convention in time.

Section 12.13 At any special convention, the specific business for which it is convened shall be taken up immediately after the roll call, and no business shall be transacted other than that which is set forth in the call.

Rules of the Convention

Section 12.14 To be considered, resolutions and constitutional amendments shall be submitted to the Secretary-Treasurer in writing, no later than sixty (60) days preceding the opening day of the Convention; provided that such resolutions and constitutional amendments may be introduced thereafter upon two-thirds vote of the delegates present at the Convention, following distribution to the delegates; and further provided that the Executive Council and Convention Committees may introduce resolutions and constitutional amendments at any time without such two-thirds vote. The Secretary-Treasurer shall provide to each local union copies of proposed resolutions, constitutional amendments and the rules adopted at the previous convention, no later than forty (40) days preceding the opening day of the Convention.

will be cast;

- (c) Membership of local unions for the purpose of computing voting strength shall be determined by taking the average of due and paid per capita tax, including agency shop per capita tax, as shown in the reports covering the six-month period up to, but not including, the month preceding that in which the convention is opened; except as provided in Section 12.19, the voting strength of a local union will correspond with the number of delegates to which it is entitled.

Section 12.16 All local unions beyond a radius of five hundred miles from the city in which the convention is held may be represented by proxy, and such local unions within the five-hundred-mile radius which entitles them to two or fewer convention delegates, may also be represented by proxy.

Section 12.17 The delegates, alternates and proxies shall be elected and the credentials of such delegates, alternates and proxies must be received by the Federation Headquarters not later than two weeks prior to the opening day of the regular convention of this Federation. Between conventions, the Executive Council will establish a reasonable delegate registration fee, which must be paid by the delegate's local prior to the delegate being seated at the convention. No delegate, alternate or proxy whose local has not complied with this section will be seated at the convention; provided, however, that the convention by two-thirds vote may approve a departure from this procedure.

Section 12.18 No local union or person that has seceded or has been suspended or expelled by this Federation or by any local union connected with this Federation shall, while under such penalty, be allowed representation or recognition in this convention.

Section 12.19 No local union shall be entitled to representation unless such organization has applied for and obtained a certificate of affiliation at least three months prior to the opening of the convention. Any local union which has obtained a certificate of affiliation, but which has not been affiliated long enough to be able to compute the six months average membership specified in Section 12.15, shall be entitled to representation on the basis of the average paid-up membership on which per capita tax has been paid for whatever portion of that six months period it has been affiliated. The convention representation of any affiliated local union which merges with another affiliated local union during the six month period specified in Section 12.15, shall be calculated in the same manner as a new affiliate under this section.

Section 12.20 Delegates and proxies shall not be entitled to a seat in any convention unless their local union is in good standing as specified in Section 13.7(a) at least ten (10) days prior to the opening of the Convention.

Section 12.22 No appointed full- or part-time representative or organizer of the Federation, who is paid by the Federation shall be permitted to cast proxy votes at a convention.

Section 12.23 Officers of the Federation attending Federation Conventions, excluding any area vice president elected as a delegate from a local, shall be considered delegates-at-large and each shall be entitled to a vote, except in nominations and elections of officers, or as provided in Section 12.26. In areas that qualify for two or more Vice Presidents, multiple nominees may be received from the same local union. However, only those candidates that receive the highest number of votes and are not from the same local union shall be elected, except in those cases where a local union is entitled to two (2) or more vice presidents as provided in Section 7.1.

Section 12.26 After receiving direction from each area or council the IFPTE Executive Council may recommend, and thereby nominate, candidates for election to IFPTE Area Vice President positions. The action for such referendum may be initiated by the Executive Council or by fifteen (15) locals in good standing representing not less than 25% of the members in good standing of the Federation, and shall bear the signature of president and secretary of each local union. Such proposal shall be submitted to the Secretary-Treasurer of the Federation. All local unions in good standing, regardless of their attendance or nonattendance at conventions, are required to act on the referendum. In addition, any local union failing to pay all bonding fees, office supplies and/or assessments of more than \$200.00 within two months from the date of billing by the Federation, or as required by the Constitution, shall be considered in bad standing after a hearing or investigation of the charges by the Area Vice President or the Executive Council, and the charges are found to be warranted. This will deprive the local union of any and all privileges of the Federation. The Federation Headquarters is required to advise the local union of this Constitutional requirement.

- (b) If, at the end of six months, any local union has failed to achieve good standing by paying all per capita tax arrearages, the charter of the local union may be revoked. In the
