

Waters Edge Group Agreement

Purpose:

To provide an environment where members are able to connect, care, and grow. It's the best way to find meaningful connections at Waters Edge!

Values:

Connect - Groups should encourage openness and transparency among members. This is where you will establish relationships and build trust in other people.

Care - Groups encourage relationship building and having people you can count on. This requires a willingness to be available to meet each other's needs, pray, encourage, and help one another.

Grow - Groups provide an opportunity to discuss Sunday's message, or a topic from the Bible, in a relevant manner that will help you apply what you learn as you grow in your relationship with God.

Confidentiality - For authenticity to occur, members must be able to trust that issues discussed within Group are not to be shared outside of the group.

Honor - We recognize God is at work in our church and will honor His work by being positive in our conversations about our church, it's staff, and our Group.

Group Commitment:

1. The group will meet every week on _____ (day of the week)
2. The group will begin at _____ and end at _____.
3. Group members commit to participating on a regular basis.
4. The Group semester will end on _____.
