CORPORATE PRESENTATION

C1-1-5, SOLARIS DUTAMAS
20 JANUARY 2020

DISCLAIMER

This presentation may contain forward-looking statements that involve assumptions, risks and uncertainties. Actual future performance, outcomes and results may differ materially from those expressed in forward-looking statements as a result of a number of risks, uncertainties and assumptions. Representative examples of these factors include (without limitation) general industry and economic conditions, interest rate trends, cost of capital and capital availability, competition from other developments or companies, changes in operating expenses (including employee wages, benefits and training costs), governmental and public policy changes and the continued availability of financing in the amounts and the terms necessary to support future business. You are cautioned not to place undue reliance on these forward-looking statements, which are based on the current view of management on future events.

The information contained in this presentation has not been independently verified. No representation or warranty expressed or implied is made as to, and no reliance should be placed on, the fairness, accuracy, completeness or correctness of the information or opinions contained in this presentation. Neither Kumpulan Powernet Berhad (“KPower” or the “Company”) or any of its affiliates, advisers or representatives shall have any liability whatsoever (in negligence or otherwise) for any loss howsoever arising, whether directly or indirectly, from any use, reliance or distribution of this presentation or its contents or otherwise arising in connection with this presentation.

The past performance of KPower is not indicative of the future performance of KPower.

The value of shares in KPower (“Shares”) and the income derived from them may fall as well as rise. Shares are not obligations of, deposits in, or guaranteed by, KPower or any of its affiliates. An investment in Shares is subject to investment risks, including the possible loss of the principal amount invested.

SECTOR OUTLOOK

OPPORTUNITIES IN THE ENERGY SECTOR

- Electricity demand in Southeast Asia has substantially increased since the beginning of the century and it is projected to double by 2040.
- Approximately 107 million people in Southeast Asia do not have access to electricity.

Main concerns of ASEAN countries

Energy security

Struggling to meet the escalating energy demand of the growing populations and economies

The need to develop energy infrastructure

Low electrification rate among the countries especially the rural areas

Rapid Economic & Demographic Growth

RE Installed Capacity (MW) in Southeast Asia

Electricity generation by country in Southeast Asia, 1995-2015

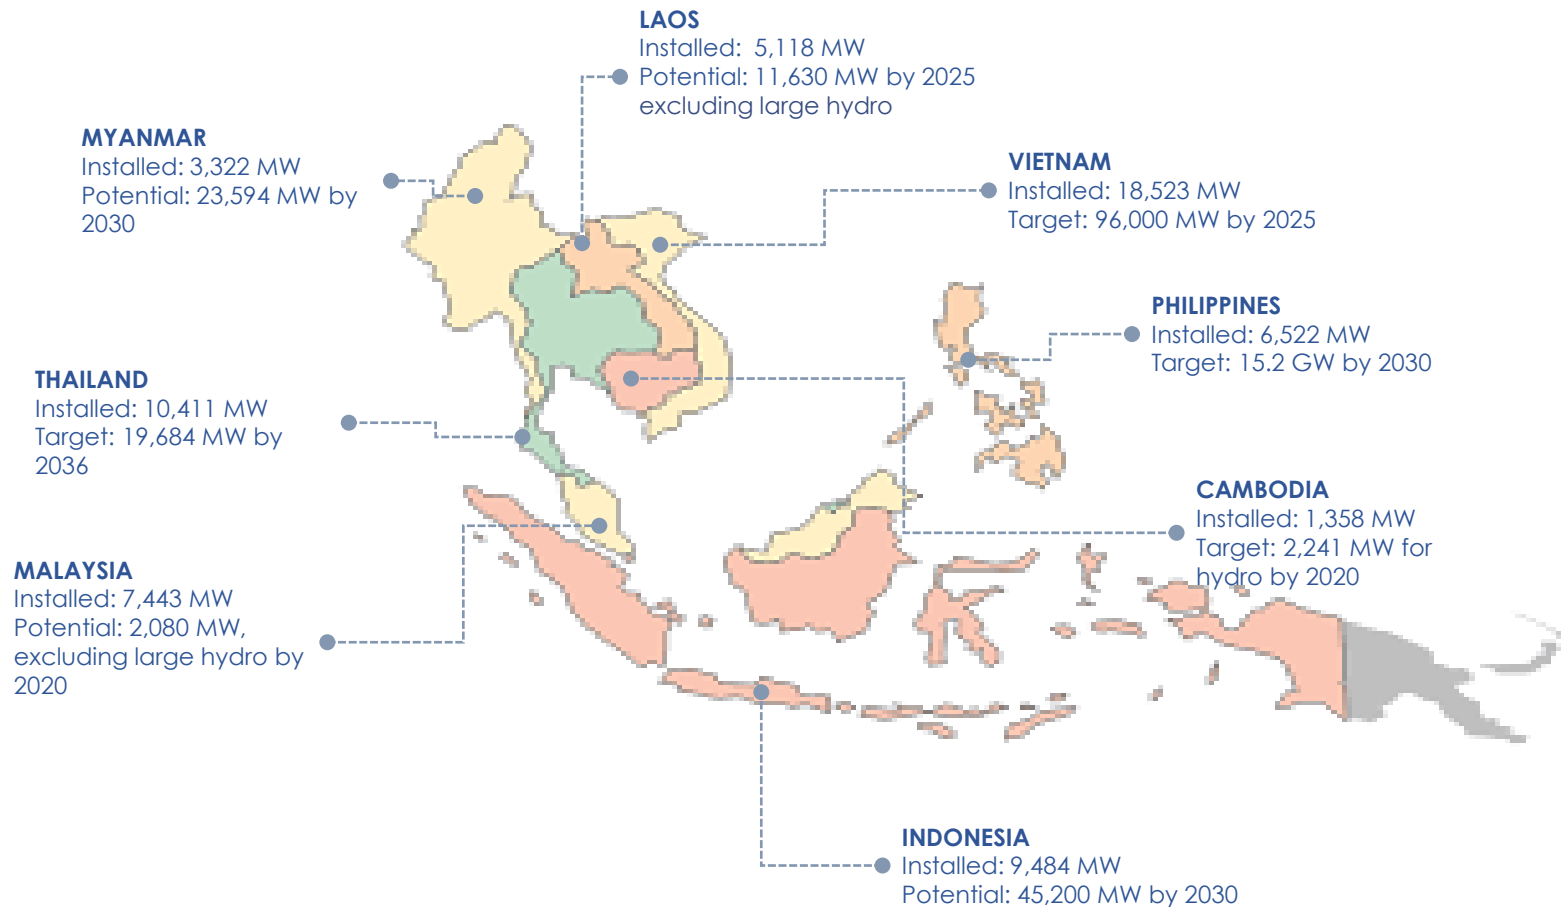

Source: International Energy Agency, 2017

Electricity generation in the region has tripled between 1995 and 2015, reaching over 872 terawatt hours (TWh). During this period, electricity generation grew at an average rate of 7% per year, led by increases in Indonesia, Malaysia, the Philippines, Singapore, Thailand and Vietnam

Source: Renewable Energy Statistics 2019, International Renewable Energy Agency (IRENA)

SECTOR OUTLOOK

OPPORTUNITIES IN ENERGY SECTOR

Sources:

- 1) Renewable Energy to Replace Coal Power in Southeast Asia, – Renewable Energy Institute, October 2019
- 2) Renewable Energy Market Analysis, Southeast Asia, International Renewable Energy Agency
- 3) The 5th ASEAN Energy Outlook 2015-2040, ASEAN Centre for Energy

SECTOR OUTLOOK

Opportunities In The Utilities Industry – Water Related Activities

The Asia Pacific (Asia) total water and wastewater services industry market is considered to be at the growth stage, with varied development stage across countries in the region.

CAGR
5.82%
between 2017
and 2022

~300 million
have no access
to safe drinking
water

~1.5 billion
people lack
basic sanitation

GROWTH OPPORTUNITIES

Propelled by a rapid
population growth &
urbanization

Inadequate
infrastructure

- In Southeast Asia, the water and wastewater services industry is still nascent with a highly fragmented market.
- Although Singapore and Malaysia are currently the markets with the most activity, developing markets such as Indonesia, Vietnam, and the Philippines are expected to offer strong growth opportunities in the coming years.

Proportion of the Population Using Safely Managed Drinking Water Services, 2017 (%)

INVESTMENT IN SEA

Rising sewage treatment investment in Southeast Asia (in billions of dollars)

*Projection

Source: Global Water Intelligence

Driven by the region's robust growth, Southeast Asia's sewage-related spending will increase to \$3.9 billion in 2020, up 150% from 2015, according to Global Water Intelligence, a U.K. market research company. This will far outpace the 30% growth for the world as a whole over the same period.

CURRENT TENDER ACTIVITIES

Total Bid Value = RM2.5 Billion

Total Bid By Sector

**RM1 Billion
 order book in
 FYE2020**

FUNDING & CORPORATE EXERCISES

- To pursue our business expansion, we are looking at the best possible options available for funding exercise. Currently we are evaluating various options that are available to us.
- We are exploring various mergers and acquisitions exercises to expand and eventually become an asset owner.
- Whilst such corporate exercises are being executed, the major shareholders have given their assurance that they will support the capital requirement of the Company.

KEY TAKEAWAYS

Capitalising on existing resources & potential expansion

- ✓ Rationalisation and streamline of existing business
- ✓ Growth via construction/concession based service provision incorporating green and renewable energy element – growing with new management's experiences & networks

FY2019 returned to black, supporting brighter prospect

- ✓ First profit after 8 years of consecutive losses
- ✓ Sustaining YoY growth trend for the latest 5 quarters

FY2020 Base year for future growth

- ✓ Profitable Q1 result set a base for the future
- ✓ First major project (RM254 m) in the new business segment is the first of many
- ✓ Target order book of RM1 billion for FYE 30 June 2020

THANK YOU
