1 Policy statement

- 1.1 Everyone has rights with regard to the way in which their **personal data** is handled. During the course of our activities as an academy trust we will collect, store and **process personal data** about our pupils, **workforce**, parents and others. This makes us a **data controller** in relation to that **personal data**.
- 1.2 We are committed to the protection of all **personal data** and **special category personal data** for which we are the **data controller**.
- 1.3 The law imposes significant fines for failing to lawfully **process** and safeguard **personal data** and failure to comply with this policy may result in those fines being applied.
- 1.4 All members of our **workforce** must comply with this policy when **processing personal data** on our behalf. Any breach of this policy may result in disciplinary or other action.

2 **About this policy**

- 2.1 The types of **personal data** that we may be required to handle include information about pupils, parents, our **workforce**, and others that we deal with. The **personal data** which we hold is subject to certain legal safeguards specified in the General Data Protection Regulation ('**GDPR**'), the Data Protection Act 2018, and other regulations (together '**Data Protection Legislation**').
- 2.2 This policy and any other documents referred to in it set out the basis on which we will **process any personal data** we collect from **data subjects**, or that is provided to us by **data subjects** or other sources.
- 2.3 This policy does not form part of any employee's contract of employment and may be amended at any time.
- 2.4 This policy sets out rules on data protection and the legal conditions that must be satisfied when we process **personal data**.
- 2.5 It meets the requirements of GDPR and the provisions of the Data Protection Act 2018. It is based on guidance published by the **Information Commissioner's Office (ICO)**. It also reflects the ICO's code of practice for the use of surveillance cameras and personal information. As an Academy Trust regulation 5 of the Education (Pupil Information) (England) Regulations 2005, which gives parents the right of access to their child's educational record does not apply.

3 **Definition of data protection terms**

- 3.1 All defined terms in this policy are indicated in **bold** text, and a list of definitions is included in Appendix 1 to this policy.

4 **Data Controller**

- 4.1 Albany Learning Trust processes personal data relating to pupils, parents, staff, governors, visitors and others and is therefore a Data Controller
- 4.2 Albany Learning Trust is registered as a **Data Controller** with the **ICO** and will renew this registration annually or as is otherwise legally required

5 **Data Protection Officer**

- 5.1 As an Academy Trust we are required to appoint a **Data Protection Officer (DPO)**. Our **DPO** is Gill Smith and they can be contacted at gill@mindography.co.uk
- 5.2 The **DPO** is responsible for ensuring compliance with the Data Protection Legislation and with this policy. Any questions about the operation of this policy or any concerns that the policy has not been followed should be referred in the first instance to the **DPO**.
- 5.3 The **DPO** is also the central point of contact for all **data subjects** and others in relation to matters of data protection.

6 Roles and responsibilities

This policy applies to all staff employed by Albany Learning Trust, and to external organisations or individuals working on our behalf. Staff who do not comply with this policy may face disciplinary action.

- 6.1 **Governing Board** – The Governing Board has overall responsibility for ensuring that our Trust complies with all relevant data protection obligations.
- 6.2 **Data Protection Officer** - see section 5.
- 6.3 **Head Teachers/Heads of School** - The Head Teachers/Heads of Schools act as the representative of the Data controller on a day-to-day basis. The Head Teachers/Heads of School of each school are responsible for ensuring that their school are compliant to data protection laws. Head Teachers/Heads of School will delegate duties throughout the school to ensure that correct processes and procedures are undertaken to meet the requirements of compliance.
- 6.4 **All Staff** - Staff are responsible for:
 - Collecting, storing and processing any personal data in accordance with this policy
 - Informing the school of any changes to their personal data, such as a change of address
 - Contacting the DPO in the following circumstances:
 - With any questions about the operation of this policy, data protection law, retaining personal data or keeping personal data secure
 - If they have any concerns that this policy is not being followed
 - If they are unsure whether or not they have a lawful basis to use personal data in a particular way
 - If they need to rely on or capture consent, draft a privacy notice, deal with data protection rights invoked by an individual, or transfer personal data outside the European Economic Area
 - If there has been a data breach/suspected data breach/near miss
 - Whenever they are engaging in a new activity that may affect the privacy rights of individuals
 - If they need help with any contracts or sharing personal data with third parties
 - If they would like training or awareness sessions arranged for themselves or colleagues

Albany Learning Trust ensure that all staff (including contract, temporary, third party and supply staff) are given the correct information from the offset on our expectations of staff in terms of data protection. All staff across the Trust work in a “data safe” culture. We implement this mind-set to help make staff aware that any action that they do that comes into contact with personal data is done in such a way to protect a data subject’s personal data.

7 Data protection principles

- 7.1 Anyone **processing personal data** must comply with the data protection principles. These provide that **personal data** must be:
 - 7.1.1 **processed** fairly and lawfully and transparently in relation to the **data subject**
 - 7.1.2 **processed** for specified, lawful purposes and in a way which is not incompatible with those purposes
 - 7.1.3 adequate, relevant and not excessive for the purpose
 - 7.1.4 accurate and up to date
 - 7.1.5 not kept for any longer than is necessary for the purpose
 - 7.1.6 **processed** securely using appropriate technical and organisational measures.
- 7.2 **Personal data** must also:
 - 7.2.1 be **processed** in line with **data subjects'** rights
 - 7.2.2 not be transferred to people or organisations situated in other countries without adequate protection.
- 7.3 We will comply with these principles in relation to any **processing of personal data** by the Academy Trust.

8 Fair and lawful processing

- 8.1 Data Protection Legislation is not intended to prevent the **processing of personal data**, but to ensure that it is done fairly and without adversely affecting the rights of the **data subject**.
- 8.2 For **personal data** to be **processed** fairly, **data subjects** must be made aware:
 - 8.2.1 that the **personal data** is being **processed**
 - 8.2.2 why the **personal data** is being **processed**
 - 8.2.3 what the lawful basis is for that **processing** (see below)
 - 8.2.4 whether the **personal data** will be shared, and if so with whom
 - 8.2.5 the period for which the **personal data** will be held
 - 8.2.6 the existence of the **data subject's** rights in relation to the **processing** of that **personal data**
 - 8.2.7 the right of the **data subject** to raise a complaint with the Information Commissioner's Office in relation to any **processing**.
- 8.3 We will only obtain such **personal data** as is necessary and relevant to the purpose for which it was gathered, and will ensure that we have a lawful basis for any **processing**.

- 8.4 For **personal data** to be **processed** lawfully, it must be **processed** on the basis of one of the legal grounds set out in the Data Protection Legislation. We will normally **process personal data** under the following legal grounds:
- 8.4.1 where the **processing** is necessary for the performance of a contract between us and the **data subject**, such as an employment contract
 - 8.4.2 where the **processing** is necessary to comply with a legal obligation that we are subject to, (e.g. the Education Act 2011)
 - 8.4.3 where the law otherwise allows us to **process the personal data** or we are carrying out a task in the public interest
 - 8.4.4 where the **processing** is for a legitimate reason other than when we are carrying out a task in the public interest
 - 8.4.5 where none of the above apply then we will seek the consent of the **data subject** to the **processing** of their **personal data**. If we offer online services to pupils, such as classroom apps, and we intend to rely on consent as a basis for processing, we will get parental consent whether the pupil is over 13 years of age (except for online counselling and preventive services)
- 8.5 When **special category personal data** is being processed then an additional legal ground must apply to that processing. We will normally only **process special category personal data** under following legal grounds:
- 8.5.1 where the **processing** is necessary for employment law purposes, for example in relation to sickness absence
 - 8.5.2 where the **processing** is necessary for reasons of substantial public interest, for example for the purposes of equality of opportunity and treatment
 - 8.5.3 where the **processing** is necessary for health or social care purposes, for example in relation to pupils with medical conditions or disabilities
 - 8.5.4 where none of the above apply then we will seek the consent of the **data subject** to the **processing** of their **special category personal data**.
- 8.6 We will inform **data subjects** of the above matters by way of appropriate privacy notices which shall be provided to them when we collect the data or as soon as possible thereafter, unless we have already provided this information such as at the time when a pupil joins us.
- 8.7 If any **data user** is in doubt as to whether they can use any **personal data** for any purpose then they must contact the DPO before doing so.

Vital Interests

- 8.8 There may be circumstances where it is considered necessary to **process personal data** or **special category personal data** in order to protect the vital interests of a **data subject**. This might include medical emergencies where the **data subject** is not in a position to give consent to the **processing**. We believe that this will only occur in very specific and limited circumstances. In such circumstances we would usually seek to consult with the DPO in advance, although there may be emergency situations where this does not occur.

Consent

- 8.9 Where none of the other bases for **processing** set out above apply then the school must seek the consent of the **data subject** before **processing** any **personal data** for any purpose.
- 8.10 There are strict legal requirements in relation to the form of consent that must be obtained from **data subjects**.
- 8.11 When pupils and or our **workforce** join Albany Learning Trust a consent form will be required to be completed in relation to them. This consent form deals with the taking and use of photographs and videos of them, among other things. Where appropriate third parties may also be required to complete a consent form.
- 8.12 In relation to all pupils under the age of 13 years old we will seek consent from an individual with parental responsibility for that pupil.
- 8.13 We will generally seek consent directly from a pupil who has reached the age of 13, however we recognise that this may not be appropriate in certain circumstances and therefore may be required to seek consent from an individual with parental responsibility.
- 8.14 If consent is required for any other **processing of personal data** of any **data subject** then the form of this consent must:
- 8.14.1 inform the **data subject** of exactly what we intend to do with their **personal data**
 - 8.14.2 require them to positively confirm that they consent – we cannot ask them to opt-out rather than opt-in
 - 8.14.3 inform the **data subject** of how they can withdraw their consent.
- 8.15 Any consent must be freely given, which means that we cannot make the provision of any goods or services or other matter conditional on a **data subject** giving their consent.
- 8.16 The DPO must always be consulted in relation to any consent form before consent is obtained.
- 8.17 A record must always be kept of any consent, including how it was obtained and when.

9 Processing for limited purposes

- 9.1 In the course of our activities as an Academy Trust we may collect and **process** the **personal data** set out in our Schedule of Processing Activities/Record of Data Processing Activities. This may include **personal data** we receive directly from a **data subject** (for example, by completing forms or by corresponding with us by mail, phone, email or otherwise) and **personal data** we receive from other sources (including, for example, local authorities, other schools, parents, other pupils or members of our **workforce**).
- 9.2 We will only **process personal data** for the specific purposes set out in our Schedule of Processing Activities/Record of Data Processing Activities or for any other purposes specifically permitted by Data Protection Legislation or for which specific consent has been provided by the data subject.

10 Notifying data subjects

- 10.1 If we collect **personal data** directly from **data subjects**, we will inform them about:
 - 10.1.1 our identity and contact details as **Data Controller** and those of the DPO
 - 10.1.2 the purpose or purposes and legal basis for which we intend to **process** that **personal data**
 - 10.1.3 the types of third parties, if any, with which we will share or to which we will disclose that **personal data**
 - 10.1.4 whether the **personal data** will be transferred outside the European Economic Area ('EEA') and if so the safeguards in place
 - 10.1.5 the period for which their **personal data** will be stored, by reference to our Retention Schedule - Appendix B
 - 10.1.6 the existence of any automated decision making in the **processing** of the **personal data** along with the significance and envisaged consequences of the **processing** and the right to object to such decision making
 - 10.1.7 the rights of the **data subject** to object to or limit processing, request information, request deletion of information or lodge a complaint with the ICO.
- 10.2 Unless we have already informed **data subjects** that we will be obtaining information about them from third parties (for example in our privacy notices), then if we receive **personal data** about a **data subject** from other sources, we will provide the **data subject** with the above information as soon as possible thereafter, informing them of where the **personal data** was obtained from.
- 10.3 The Academy Trust may be provided with information relating to third parties in the form of emergency contact details. Parents are required to obtain the consent of any third party whose details they provide to the Academy Trust for these purposes. Privacy notices detailing how the information will be stored and used can be accessed through the Albany Learning Trust website.

11 Adequate, relevant and non-excessive processing

- 11.1 We will only collect **personal data** to the extent that it is required for the specific purpose notified to the **data subject**, unless otherwise permitted by Data Protection Legislation.

12 Accurate data

- 12.1 We will ensure that **personal data** we hold is accurate and kept up to date.
- 12.2 We will take reasonable steps to destroy or amend inaccurate or out-of-date data.
- 12.3 **Data subjects** have a right to have any inaccurate **personal data** rectified. See further below in relation to the exercise of this right.

13 Timely processing

- 13.1 We will not keep **personal data** longer than is necessary for the purpose or purposes for which they were collected. We will take all reasonable steps to destroy, or erase from our systems, all **personal data** which is no longer required.

14 Processing in line with data subject's rights

- 14.1 We will **process** all **personal data** in line with **data subjects'** rights, in particular their right to:
- 14.1.1 request access to any **personal data** we hold about them
 - 14.1.2 object to the **processing** of their **personal data**, including the right to object to direct marketing
 - 14.1.3 have inaccurate or incomplete **personal data** about them rectified
 - 14.1.4 restrict **processing** of their **personal data**
 - 14.1.5 have **personal data** we hold about them erased
 - 14.1.6 have their **personal data** transferred
 - 14.1.7 object to the making of decisions about them by automated means.

The Right of Access to Personal Data

- 14.2 **Data subjects** may request access to all **personal data** we hold about them. Such requests will be considered in line with the school's **Subject Access Request** Procedure. This procedure is available at (*link to website page with information on*) "Making a Subject Access Request".
- 14.3 As an Academy Trust regulation 5 of the Education (Pupil Information) (England) Regulations 2005, which gives parents the right of access to their child's educational record does not apply. Requests from parents to access their child's educational records will be dealt with as a Subject Access Request (SAR).

The Right to Object

- 14.4 In certain circumstances **data subjects** may object to us **processing** their **personal data**. This right may be exercised in relation to **processing** that we are undertaking on the basis of a legitimate interest or in pursuit of a statutory function or task carried out in the public interest.
- 14.5 An objection to **processing** does not have to be complied with where the school can demonstrate compelling legitimate grounds which override the rights of the **data subject**.
- 14.6 Such considerations are complex and must always be referred to the DPO upon receipt of the request to exercise this right.
- 14.7 In respect of direct marketing any objection to **processing** must be complied with.
- 14.8 The Academy Trust is not however obliged to comply with a request where the **personal data** is required in relation to any claim or legal proceedings.

The Right to Rectification

- 14.9 If a **data subject** informs the Academy Trust that **personal data** held about them by the Academy Trust is inaccurate or incomplete then we will consider that request and provide a response within one month.

- 14.10 If we consider the issue to be too complex to resolve within that period then we may extend the response period by a further two months. If this is necessary then we will inform the **data subject** within one month of their request that this is the case.
- 14.11 We may determine that any changes proposed by the **data subject** should not be made. If this is the case then we will explain to the **data subject** why this is the case. In those circumstances we will inform the **data subject** of their right to complain to the Information Commissioner's Office at the time that we inform them of our decision in relation to their request.

The Right to Restrict Processing

- 14.12 **Data subjects** have a right to 'block' or suppress the **processing of personal data**. This means that the Academy Trust can continue to hold the **personal data** but not do anything else with it.
- 14.13 The Academy Trust must restrict the **processing of personal data**:
- 14.13.1 where it is in the process of considering a request for **personal data** to be rectified (see above)
 - 14.13.2 where the Academy Trust is in the process of considering an objection to processing by a **data subject**
 - 14.13.3 where the **processing** is unlawful but the **data subject** has asked the Academy Trust not to delete the **personal data**
 - 14.13.4 where the Academy Trust no longer needs the **personal data** but the **data subject** has asked the Academy Trust not to delete the **personal data** because they need it in relation to a legal claim, including any potential claim against the Academy Trust.
- 14.14 If the Academy Trust has shared the relevant **personal data** with any other organisation then we will contact those organisations to inform them of any restriction, unless this proves impossible or involves a disproportionate effort.
- 14.15 The DPO must be consulted in relation to requests under this right.

The Right to Be Forgotten

- 14.16 **Data subjects** have a right to have **personal data** about them held by the Academy Trust erased only in the following circumstances.
- 14.16.1 Where the **personal data** is no longer necessary for the purpose for which it was originally collected.
 - 14.16.2 When a **data subject** withdraws consent – which will apply only where the Academy Trust is relying on the individuals consent to the **processing** in the first place.
 - 14.16.3 When a **data subject** objects to the **processing** and there is no overriding legitimate interest to continue that **processing** – see above in relation to the right to object.
 - 14.16.4 Where the **processing** of the **personal data** is otherwise unlawful.

- 14.16.5 When it is necessary to erase the **personal data** to comply with a legal obligation.

The Academy Trust is not required to comply with a request by a **data subject** to erase their **personal data** if the **processing** is taking place:

- 14.16.6 to exercise the right of freedom of expression or information
 - 14.16.7 to comply with a legal obligation for the performance of a task in the public interest or in accordance with the law
 - 14.16.8 for public health purposes in the public interest
 - 14.16.9 for archiving purposes in the public interest, research or statistical purposes
 - 14.16.10 in relation to a legal claim.
- 14.17 If the Academy Trust has shared the relevant personal data with any other organisation then we will contact those organisations to inform them of any erasure, unless this proves impossible or involves a disproportionate effort.
- 14.18 The DPO must be consulted in relation to requests under this right.

Right to Data Portability

- 14.19 In limited circumstances a **data subject** has a right to receive their **personal data** in a machine readable format, and to have this transferred to another organisation.
- 14.20 If such a request is made then the DPO must be consulted.

15 Data security

- 15.1 We will take appropriate security measures against unlawful or unauthorised processing of **personal data**, and against the accidental loss of, or damage to, **personal data**.
- 15.2 We will put in place procedures and technologies to maintain the security of all **personal data** from the point of collection to the point of destruction.
- 15.3 Security procedures include:
 - 15.3.1 **Entry controls.** Any stranger seen in entry-controlled areas should be reported to the main School Reception.
 - 15.3.2 **Secure lockable desks and cupboards.** Desks and cupboards should be kept locked if they hold confidential information of any kind. (Personal information is always considered confidential.)
 - 15.3.3 **Methods of disposal.** Paper documents should be shredded. Digital storage devices should be physically destroyed when they are no longer required. IT assets must be disposed of in accordance with the Information Commissioner's Office guidance on the disposal of IT assets.

- 15.3.4 **Equipment.** Data users must ensure that individual monitors do not show confidential information to passers-by and that they log off from their PC when it is left unattended.
- 15.3.5 **Working away from the school premises – paper document.** Guidance procedures are available for staff in all schools within Albany Learning Trust
- 15.3.6 **Working away from the school premises – electronic working.** Guidance procedures are available for staff in all schools within Albany Learning Trust
- 15.3.7 **Document printing.** Documents containing **personal data** must be collected immediately from printers and not left on photocopiers.
- 15.4 Any member of staff found to be in breach of the above security measures may be subject to disciplinary action.

16 Personal Data Breaches

- 16.1 Albany Learning Trust will make all reasonable endeavours to ensure that there are no data breaches and aim to ensure that all personal data that we hold is protected to the highest possible standard.
- 16.2 We are aware that data breaches may occur in any of our schools and implement a thorough data breach action plan to manage if/when a data breach occurs. Procedures are set out in Appendix 2.
- 16.3 When appropriate we will report the data breach to the ICO within 72 hours. Such breaches in a school context may include, but are not limited to:
 - A non-anonymised dataset being published on a school website which shows the exam results of pupils eligible for pupil premium
 - Safeguarding information being made available to an unauthorised person
 - The theft of a school laptop containing non-encrypted personal data about pupils

17 Data Protection Impact Assessments

- 17.1 The Academy Trust takes data protection very seriously, and will consider and comply with the requirements of Data Protection Legislation in relation to all of its activities whenever these involve the use of personal data, in accordance with the principles of data protection by design and default.
- 17.2 In certain circumstances the law requires us to carry out detailed assessments of proposed **processing**. This includes where we intend to use new technologies which might pose a high risk to the rights of **data subjects** because of the types of data we will be **processing** or the way that we intend to do so.
- 17.3 The Academy Trust will complete an assessment of any such proposed **processing** and has a template document which ensures that all relevant matters are considered.
- 17.4 The DPO should always be consulted as to whether a **data protection impact assessment** is required, and if so how to undertake that assessment.

18 Disclosure and sharing of personal information

- 18.1 We may share **personal data** that we hold about **data subjects**, and without their consent, with other organisations. Such organisations include the Department for Education, [and / or Education and Skills Funding Agency ESFA], Ofsted, health authorities and professionals, the Local Authority, examination bodies, other schools, and other organisations where we have a lawful basis for doing so.
- 18.2 The Academy Trust will inform **data subjects** of any sharing of their **personal data** unless we are not legally required to do so, for example where **personal data** is shared with the police in the investigation of a criminal offence.
- 18.3 In some circumstances we will not share safeguarding information. Please refer to our Child Protection Policy.
- 18.4 Further detail is provided in our Schedule of Processing Activities/Record of Data Processing Activities.

19 Data processors

- 19.1 We contract with various organisations who provide services to the Academy Trust; these are detailed within the Schedule of Processing Activities/Record of Data Processing Activities and privacy notices.
- 19.2 In order that these services can be provided effectively we are required to transfer **personal data** of **data subjects** to these **data processors**.
- 19.3 **Personal data** will only be transferred to a **data processor** if they agree to comply with our procedures and policies in relation to data security, or if they put in place adequate measures themselves to the satisfaction of the Academy Trust. The Academy Trust will always undertake due diligence of any **data processor** before transferring the **personal data** of **data subjects** to them.
- 19.4 Contracts with **data processors** will comply with Data Protection Legislation and contain explicit obligations on the **data processor** to ensure compliance with the Data Protection Legislation, and compliance with the rights of **Data Subjects**.

20 Biometric recognition systems

Under the context of the Protection of Freedoms Act 2020 a “child” means a person under the age of 18.

- 20.1 Where we use pupils’ biometric data as part of an automated biometric recognition system (for example, pupils use their finger prints to receive school dinners instead of paying with cash), we will comply with the requirements of the Protection of Freedoms Act 2012.
- 20.2 Parents/carers will be notified before any biometric recognition system is put in place. Albany Learning Trust will get written consent from at least one parent or carer before we take any biometric data from their child and first process is. Albany Learning Academy will use an ‘opt in’ system for collecting consent. Parents/carers and pupils have the right to chose not to use the School’s biometric system(s). We will provide alternative means of accessing the relevant services for those pupils. Parents/carers can withdraw consent at any time and any relevant data already captured will be correctly erased and no longer processed.

- 20.3 Where staff members or other adults use the School's biometric system(s) we will also obtain their consent before it is first used. Alternative means of accessing the relevant service will be offered if consent is not given. Staff and other adults can also withdraw consent at any time and the School will delete any relevant data already captured.

21 Images and videos

- 21.1 Parents and others attending Albany Learning Trust events can take photographs and videos of those events for domestic purposes. For example, parents can take video recordings of a school performance involving their child. Albany Learning Trust does not prohibit this as a matter of policy.
- 21.2 Albany Learning Trust does not however agree to any such photographs or videos being used for any other purpose, but acknowledges that such matters are, for the most part, outside of the ability of the Academy Trust to prevent.
- 21.3 Albany Learning Trust asks that parents and others do not post any images or videos which include any child other than their own child on any social media or otherwise publish those images or videos.
- 21.4 As an Academy Trust we want to celebrate the achievements of our pupils and therefore may want to use images and videos of our pupils within promotional materials, or for publication in the media such as local, or even national, newspapers covering school events or achievements. We will seek the consent of pupils, and their parents where appropriate, before allowing the use of images or videos of pupils for such purposes.
- 21.5 For our primary schools we will obtain written consent from parents/carers for photographs and videos to be taken of their child for communication, marketing and promotional materials.
- 21.6 For our secondary pupils, we will obtain written consent from parents/carers, or pupils aged 18 and over, for photographs and videos to be taken of pupils for communication, marketing and promotional materials.
- 21.7 If consent is withdrawn we will delete the photograph/video and not distribute it further. We will also keep on record that consent has been withdrawn for that child so that no further photographs will be used.
- 21.8 When using photographs and videos in this way we will not accompany them with any other personal information about the child to ensure they cannot be identified.

22 CCTV

- 22.1 Schools within Albany Learning Trust may operate a CCTV system. Information held by the school is covered under GDPR; capture of CCTV must be in line with relevant codes of practice including the Surveillance Camera Code of Practice issued by the Surveillance Camera Commissioner, available here: <https://www.gov.uk/government/publications/surveillance-camera-code-of-practice> and the CCTV Code of Practice issued by the Information Commissioner's Office, available here: <https://ico.org.uk/media/for-organisations/documents/1542/cctv-code-of-practice.pdf>
- 22.2 The school will only use surveillance cameras for the safety and security of the school and its staff, pupils and visitors.

- 22.3 Surveillance will be used as a deterrent for violent behaviour and damage to the school. The school will only conduct surveillance as a deterrent and under no circumstances will the surveillance and the CCTV cameras be present in school classrooms or any changing facility.
- 22.4 If the surveillance and CCTV systems fulfil their purpose and are no longer required the school will deactivate them.
- 22.5 Albany Learning Trust CCTV policy is available on the website (*insert hyperlink*)

23 **Changes to this policy**

We may change this policy at any time. Where appropriate, we will notify **data subjects** of those changes.

They are responsible for establishing practices and policies in line with Data Protection Legislation. We are the data controller of all personal data used in our business for our own commercial purposes.
Data Processing Impact Assessment (DPIA)	A DPIA is a process that is carried out in order to assess if data processing is taking place in line with relevant legislation.
Data Processors	Any person or organisation that is not a data user that processes personal data on our behalf and on our instructions.
Data Protection Officer (DPO)	A Data Protection Officer (DPO) should be appointed when any large scale processing of data occurs and/or processing of data may be deemed a risk.
Data Subjects	For the purpose of this policy include all living individuals about whom we hold personal data. This includes pupils, our workforce, staff, and other individuals. A data subject need not be a UK national or resident. All data subjects have legal rights in relation to their personal information.
Data Users	Those of our workforce (including governors and volunteers) whose work involves processing personal data. Data users must protect the data they handle in accordance with this data protection policy and any applicable data security procedures at all times.
Personal Data	Any information relating to an identified or identifiable living natural person (a data subject); an identifiable living natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person.

Workforce	Includes any individual employed by Academy Trust such as staff and those who volunteer in any capacity including governors, trustees & members.

PERSONAL DATA BREACH PROCEDURE

This procedure is based on [guidance on personal data breaches](#) produced by the ICO.

- On finding or causing a breach, or potential breach, the staff member or data processor must contain the breach and immediately notify the DPO
- The DPO will investigate the report, and determine whether a breach has occurred. To decide, the DPO will consider whether personal data has been accidentally or unlawfully:
 - Lost
 - Stolen
 - Destroyed
 - Altered
 - Disclosed or made available where it should not have been
 - Made available to unauthorised people
- The DPO will alert the Head Teacher and the Chair of Governors/Trustees
- The DPO will make all reasonable efforts to contain and minimise the impact of the breach, assisted by relevant staff members or data processors where necessary. (Actions relevant to specific data types are set out at the end of this procedure)
- The DPO will assess the potential consequences, based on how serious they are, and how likely they are to happen
- The DPO will work out whether the breach must be reported to the ICO. This must be judged on a case-by-case basis. To decide, the DPO will consider whether the breach is likely to negatively affect people's rights and freedoms, and cause them any physical, material or non-material damage (e.g. emotional distress), including through:
 - Loss of control over their data
 - Discrimination
 - Identify theft or fraud
 - Financial loss
 - Unauthorised reversal of pseudonymisation (for example, key-coding)
 - Damage to reputation
 - Loss of confidentiality
 - Any other significant economic or social disadvantage to the individual(s) concernedIf it's likely that there will be a risk to people's rights and freedoms, the DPO must notify the ICO.
- The DPO will document the decision (either way) in case it is challenged at a later date by the ICO or an individual affected by the breach. Documented decisions are stored on the school's computer system
- Where the ICO must be notified, the DPO will do this via the ['report a breach' page of the ICO website](#) within 72 hours. As required, the DPO will set out:
 - A description of the nature of the personal data breach including, where possible:
 - The categories and approximate number of individuals concerned
 - The categories and approximate number of personal data records concerned
 - The name and contact details of the DPO
 - A description of the likely consequences of the personal data breach

- A description of the measures that have been, or will be taken, to deal with the breach and mitigate any possible adverse effects on the individual(s) concerned
- If all the above details are not yet known, the DPO will report as much as they can within 72 hours. The report will explain that there is a delay, the reasons why and when the DPO expects to have further information. The DPO will submit the remaining information as soon as possible
- The DPO will also assess the risk to individuals, again based on the severity and likelihood of potential or actual impact. If the risk is high, the DPO will promptly inform, in writing, all individuals whose personal data has been breached. This notification will set out:
 - The name and contact details of the DPO
 - A description of the likely consequences of the personal data breach
 - A description of the measures that have been, or will be, taken to deal with the data breach and mitigate any possible adverse effects on the individual(s) concerned
- The DPO will notify any relevant third parties who can help mitigate the loss to individuals – for example, the police, insurers, banks or credit card companies
- The DPO will document each breach, irrespective of whether it is reported to the ICO. For each breach, this record will include the:
 - Facts and cause
 - Effects
 - Action taken to contain it and ensure it does not happen again (such as establishing more robust processes or providing further training for individuals)
- Records of all breaches will be on the school's computer system. The DPO and Head Teacher will meet to review what happened and how it can be stopped from happening again. This meeting will happen as soon as reasonably possible

Actions to minimise the impact of data breaches

We will take actions to mitigate the impact of different types of data breach, focusing especially on breaches involving particularly risky or sensitive information. We will review the effectiveness of these actions and amend them as necessary after any data breach. Such data breaches could include:

- Details of pupil premium interventions for named children being published on the school website
- Non-anonymised pupil exam results or staff pay information being shared with governors
- A school laptop containing non-encrypted sensitive personal data being stolen or hacked
- The school's cashless payment provider being hacked and parents' financial details stolen

For example, if **Sensitive information was disclosed via email (including safeguarding records)** the type of actions that could be put in place would be:

- If special category data (sensitive information) is accidentally made available via email to unauthorised individuals, the sender must attempt to recall the email as soon as they become aware of the error
- Members of staff who receive personal data sent in error must alert the sender and the DPO as soon as they become aware of the error
- If the sender is unavailable or cannot recall the email for any reason, the DPO will ask the ICT department to recall it

- In any cases where the recall is unsuccessful, the DPO will contact the relevant unauthorised individuals who received the email, explain that the information was sent in error, and request that those individuals delete the information and do not share, publish, save or replicate it in any way
- The DPO will ensure we receive a written response from all the individuals who received the data, confirming that they have complied with this request
- The DPO will carry out an internet search to check that the information has not been made public; if it has, we will contact the publisher/website owner or administrator to request that the information is removed from their website and deleted

Appendix 3

Retention schedules and impact levels

Albany Learning Trust maintains a records management policy which details compliance with the Lord Chancellor's Code of Practice which can be found here:

<http://webarchive.nationalarchives.gov.uk/20150603223501/https://www.justice.gov.uk/downloads/information-access-rights/foi/foi-section-46-code-of-practice.pdf>

This retention schedule is based on guidance from the records management society:

https://cdn.ymaws.com/irms.org.uk/resource/collection/8BCEF755-0353-4F66-9877-CCDA4BFEEAC4/2016_IRMS_Toolkit_for_Schools_v5_Master.pdf

It encompasses records managed by all types of school – some of the file descriptions listed may not be relevant to every school.

Please also note that for a number of years an Independent Inquiry into Child Sexual Abuse (formally the Goddard Inquiry) has been running. For the life of this Inquiry we must not destroy records that are:

- **connected with child protection**
- **connected with child sexual abuse**
- **related to individuals working with children**

In terms of how this fits with GDPR requirements, the suspension of the disposal of these records is covered by the Inquiries Act 2005 which makes it a criminal offence for anyone to knowingly destroy, alter or conceal records and information which is or may be relevant to the Inquiry. In effect this supersedes GDPR.

1 Child Protection

These retention periods should be used in conjunction with the document “Safeguarding Children and Safer Recruitment in Education which can be downloaded from this link:

<https://www.gov.uk/government/publications/keeping-children-safe-in-education--2>

	Basic file description	Data Prot Issues	Statutory Provisions	Retention period [operational]	Action at the end of the administrative life of the record		Protective Marking Classification
1.1	Child Protection files	Yes	Education Act 2002, s175, related guidance “Safeguarding Children in Education”, September 2004	DOB + 25 years[1]	SECURE DISPOSAL	Child Protection information must be copied and sent under separate cover to new school/college whilst the child is still under 18 (i.e. the information does not need to be sent to a university for example)	IL4-Confidential

1.2	Allegation of a child protection nature against a member of staff, including where the allegation is unfounded	Yes	Employment Practices Code: Supplementary Guidance 2.13.1 (Records of Disciplinary and Grievance)	Until the person's normal retirement age, or 10 years from the date of the allegation whichever is the longer	SECURE DISPOSAL	The following is an extract from "Safeguarding Children and Safer Recruitment in Education" p60	IL4-Confidential
			Education Act 2002 guidance "Dealing with Allegations of Abuse against Teachers and Other Staff" November 2005			"Record Keeping	

					<p>5.10 It is important that a clear and comprehensive summary of any allegations made, details of how the allegation was followed up and resolved, and a note of any action taken and decisions reached, is kept on a person's confidential personnel file, and a copy provided to the person concerned. The purpose of the record is to enable accurate information to be given in response to any future request for a reference if the person has moved on. It will provide clarification in cases where a future DBS Disclosure reveals information from the police about an allegation that did not result in a criminal conviction. And it will help to prevent unnecessary reinvestigation if, as sometimes happens, an allegation re-surfaces after a period of time. The record should be retained at least until the person has reached normal retirement age or for a period of 10 years from the date of the allegation if that is longer."</p>
