The WxLA Scholarship
July 15, 2021

The purpose of this award is to aid in the professional development and success of emerging and mid-career leaders in our profession by covering the costs associated with attendance at the Conference on Landscape Architecture in Nashville.

The 2021 ASLA Conference on Landscape Architecture will offer more than 100 educational opportunities, allowing attendees to fulfill their professional development requirements in four days (November 19-22).

The Award
The award will cover the cost of full registration for the conference ($1,225) and provide a housing and airfare stipend ($1,500).

Eligibility
Nominees/applicants must be early to mid-career (in first ten years of practice) who do not have access or support to attend the conference otherwise. The scholarship intends to promote gender justice and help level the playing field for designers of underrepresented genders in the profession. As such, preference will be given to cis women, trans women, trans men, non-binary people, and those who are otherwise marginalized.

Given our focus on early to mid-career professionals, currently enrolled students are ineligible.

Applications
Nominators/applicants are encouraged to submit the name of a colleague or self-nominate. Nominations must be received by August 15, 2021. Please provide the following for nominees on one 8-1/2x11 page, pdf-format:

- Full name, email address and phone number
- Gender identity and race/ethnicity (optional)
- About this Nominee - Provide an overview of the nominee’s background, education and professional experience (150 words)
- Why this Nominee? - Describe how this nominee exhibits leadership and why they will benefit from the experience of the Conference (200 words)

Email the nomination to: scholarship@wxlandscape.org
Email Subject Line: WxLA Scholarship Nominee

The Convening
Scholarship winners will be required to assist with the planning and implementation of a convening of womxn leaders across the profession. This will be done in concert with and with the guidance of the WxLA Team.
