### Church Plants Prayer Points:

-Dallas (Angela): A key man. Pray that God provide the man with a heart to plant a church there and lead the charge. For current relationships to deepen and current participants to be consistent. For Bible study to be fruitful. For new disciples. For Angela's trip to Ohio to visit her dad and grandmother. Healing for her dad and salvation for her grandmother.

-Vietnam (Nam and Yoomie): Covid cases are increasing. For Thanh (Nam's roommate), he is being persecuted by family for refusing to worship ancestors and only worshiping the true God. He is faithful to Bible study, pray he goes to COD and then gets plugged into discipleship. A girl accepted Christ a few weeks back at English club! She is meeting with Yoomie weekly for Bible study. 12-20 people attend English club weekly, most are new believers and are inviting their friends. Pray for fruit and disciples. Yoomie wants to use tutoring as a means to share the gospel.

-Tampa (Mark): Have 7 new connections that are just getting started! Also pray for the space issue, wisdom and budget to know when and where to move.

-Denver (Rob and Whitney): Covid is subsiding and restrictions are lifting. Students are on summer break and are away, pray they keep a heart for the word and that Rob and Whitney can stay connected with them. Summer outreach plans- worship in the park evangelistic outreaches, wanting to do 4 over the summer and leading into the school year. Planning to attend ACR in July. Praise/pray discipleship with Caleb (lesson 6) and Olivia (lesson 10). Praise/pray for opportunities for Rob to preach in North Glen and Castle Rock, CO (through Southern Baptist/Acts 29/Reform friends) in June. Whitney is healing well, rehab is good.

-Japan (Miyoko): For biblical discipleship to be implemented in Miyoko's church, the pastor is seeing the need.

-Leslie -Madison, WI: Pray for wisdom for next steps and joy in Jesus despite discouragement of not hearing back from Alena (Chinese student) for Bible study or Inaya and friends in Pakistan.

-Hong Kong (Natalie): Praise for how God is working in lots of ways in Natalie's life! She is so thankful. Last week, Natalie met with friend Sarah, who she's been ministering to since she returned to HK. In previous conversations, Natalie has shared the gospel and Word with Sarah, and this time, Sarah asked Natalie if they could study the Bible together! Pray Sarah will continue to desire the Word of God. Pray for Natalie as she prepares C2C. Praise her parents came to church on Mother's Day! It was awesome how the preaching that day directly applied to her parents' relationship. She's not sure how parents felt about it. She approached her mom later and asked her if she wanted to go to church again. Although she said no, Natalie's trusting God to keep working in her heart.

Kenya (Jeanette): Big thank you to Pastor Sam for joining the Q&A two weeks ago! Pray covid restrictions loosen so they can gather. Trusting God to increase discipleship opportunities. Discipleship with Ciru (Lesson 11) -Ciru is having lots of problems at home. She separated from her husband and is living with her parents. Her mom is a staunch Catholic. Pray Cera (Ciru's sister) will get back into D1. Pray for a group of disciples that will turn into a church plant. For a man to get the burden to plant a church in Nairobi.
