BLIND TIGER WHISKEY

Upon the birth of prohibition blind tigers became synonymous with speakeasies. Not as common as roaring speakeasies, blind tigers were locally known watering holes. By placing a tiger icon in the window of their establishment a proprietor signified that whiskey was being served. Patrons would pay to see an exotic animal and in return receive a complimentary pour. Our Blind Tiger Rye is a nod to the dedication of those proprietors and the patrons who frequented their establishments.

Blind Tiger Rye is a high Rye mashbill to focus on the spiced notes of the Rye.

TASTING NOTES: Gentle on the front with notes of light fruit and buttery toffee with a spicy finish of midwest rye.

90 Proof
