

YOUTH STEM Matters

RESEARCH CONFERENCE ATTENDEE PACK

Thank you for joining us at our first ever Youth STEM Matters Research Conference!
We can't wait to welcome you on the 19th June!

- The Youth STEM Matters Research Conference Organisers

THE PLATFORM

The Research Conference will be hosted on the **Hopin** platform.

Most events throughout the day will take place on the **Main Stage**, however the Affiliation Programme events will run in **Sessions**.

The **Expo Booths**, accessible throughout the day, contain a range of **Youth Research Showcases** and information about our **Sponsors**. Each of these contain a short video, which we would highly recommend watching.

In addition to a global **Event Chat**, the main stage, sessions and expo booths each have their own individual chat. The main stage also has a **Q&A**. We would encourage you to share your thoughts and get involved, but please remember to abide by the **Attendee Agreement**.

RESEARCH CONFERENCE QUEST

Each **Youth Speaker** will have a certain phrase at the end of a linked Youth STEM Matters Article.

Combine these phrases and submit your **final phrase** by **17:15 BST** to enter a prize draw. Winner will be announced at the Awards Ceremony at 17:30 BST.

Read our clues in the **Event Chat**, in the **Research Conference Quest Expo Booth** and on **@YouthSTEM2030**.

Good luck!
