ATTENDEE PACK

Thank you for joining us at our third Youth STEM Matters Research Conference!
We can't wait to welcome you on the 25th June!

- The Youth STEM Matters Research Conference Organisers

THE PLATFORM

The Research Conference will be hosted on the **Hopin** platform, and all our talks throughout the day will take place on the **Main Stage**.

The **Expo Booths**, accessible throughout the day, contain a range of **Youth Research Showcases** and information about our **Sponsors**. Each of these contain a short video, which we would highly recommend watching!

In addition to a global **Event Chat**, the main stage, sessions and expo booths each have their own individual chat. We would encourage you to share your thoughts and get involved by asking our speakers questions, but please remember to abide by the **Attendee Agreement**.

RESEARCH CONFERENCE QUEST

Throughout the event, we'll share a clue referring to one of our **Youth STEM Matters Articles**. Each article will have a message at the end that contains a special phrase.

Combine the **6 short phrases** to make **one long sentence** and submit by **17:15 BST** to enter our prize draw! Winner will be announced at the Awards Ceremony at **17:30 BST**.

Our clues will be posted in the **Event Chat** throughout the day. If you miss any, you'll find them all in the **Research Conference Quest Expo Booth**.

Good luck!
