5 REASONS TO PARTICIPATE IN
CHEF’S NIGHT IN

GIVE THE GIFT OF REST
Caregivers at Gabriel House of Care are responsible for not only the care of their patient but are often dealing with keeping things running at home. Most often, they’ve spent all day at the hospital going to appointments. It’s a huge relief for everyone to return to GHOC to a hot meal prepared and served by a loving group from the community.

GIVE THE GIFT OF TIME
By providing a meal, you are reducing the time and effort caregivers are expending on grocery shopping and meal planning, duties that are in addition to taking their patient to appointments and treatments.

GIVE THE GIFT OF FELLOWSHIP
Chef’s Night In isn’t just about feeding guests and caregivers. We encourage our groups to interact and eat a meal with our guests, get to know them, and help distract them from their treatments.

GIVE THE GIFT OF COMMUNITY
Our guests come from far and wide, leaving their homes and families behind. When you come for Chef’s Night In, you become a part of their community here at Gabriel House of Care!

GIVE THE GIFT OF LOVE
Serving is an act of love. Volunteering to cook and serve a meal feeds our guests physically and emotionally. Guests and their caregivers are always so appreciative of meals served here. Your act of love will have a large and lasting impact on the individuals you serve!
