THE RUNDOWN

TO BREAK THE ICE...

We want to show you what kind of events the arena can accommodate throughout the year.

We offer a unique space in a prime location in Queenstown Gardens and events can be customized to almost every ask. To date, the arena has hosted everything from commercial shoots to a wrestling match, so we invite you to imagine the possibilities and give us a call to discuss your next big conference, concert or corporate party!

TESTIMONIALS

"We worked with Queenstown Ice Arena's management team for the better part of a year to coordinate a signature event for Harley-Davidson. It went off without a hitch! The venue was so flexible with indoor/outdoor flow allowing us to comfortably accommodate 1200 guests. The load-in/load-out was extremely efficient as well!"

- MEREDITH BURTON, PROJECT MANAGER, OUT THERE PRODUCTIONS AUSTRALIA

"The Pioneer MTB Stage Race was fortunate to be able to use the Ice Arena as the Queenstown venue for our 2018 event. The venue was large and multi-purpose allowing for transitions between registration, welcome and closing awards functions. The open plan, indoor/outdoor space, and flexibility to increase capacities, made this venue a one-stop-shop for our needs over the week-long event. The proximity to town made the venue easily accessed on foot for our out-of-town athletes. I recommend the Queenstown Ice Arena as a functional space in a beautiful setting. One of a kind in Queenstown!"

- DANIELLE SHERMAN, IRONMAN® RACE DIRECTOR

"The venue space is great and you are very easy to work with. Our event for AJ Hackett was a great success!"
