GENERAL COMMENTS / INSTRUCTIONS

Inspected thoroughly throughout Building 754 S Wabash on the 4th floor in and around room 425. Inspected furniture and cracks and crevices in these areas after a complaint of bed bugs was filed. During this inspection, no pests activity or evidence of pests of any type was sighted. I recommend thorough vacuuming of the floors and the furniture in this area and continued follows ups to ensure no further pest complaints arise. No treatment was needed at this time. Treatment will be recommended only after a positive identification of pests is confirmed.
