**Position Responsibilities:**
- Utilize Lucas Mill Dedicated Slabber DSM23 and chainsaw to cut salvaged tree logs into slabs
- Use proper stacking and drying techniques to prevent damage to milled slabs
- Ensure proper documentation and inventory of milled slabs
- Transport milled slabs to Oahu Redistribution Center
- Maintain a clean and organized tree milling yard
- Maintain equipment and sharpen saws
- Manage and direct crew members
- Delegate tasks to crew members and keep crew motivated and on task

**Qualifications:**
- Some construction background and experience a plus, but will train on use of chainsaw and mill
Experience using hand and power tools
Ability to work in all outdoor elements and conditions
Attention to detail and safety and excellent communication skills
Commitment to reducing waste and providing the community with an affordable building material resource
Ability to work as a collaborative team member
Enjoy physically demanding work, including but not limited to, the ability to perform repetitive tasks and conduct repeated movement like bending, standing, walking, prying, stooping, carrying, and other related tasks.
Ability to wear a hard hat, safety glasses, steel toed and soled boots, gloves, ear protection, and respirator when required

Physical requirements:
- Position requires manipulating 60+lbs throughout the work day by utilizing tools and proper equipment.
- Ability to perform intense and repetitive physical work including bending, lifting & moving material, standing, walking.

General Requirements:
- Cell phone and email communication.
- 3 good professional references (no friends or family).
- Ability to learn to operate a forklift.
- Non-profit experience is a plus
