A partnership between The Queen’s Health Systems and Hawai’i Community Foundation in collaboration with Hawai’i Chapter of the American Academy of Pediatrics.

Based on an access model with proven value in other states, and it’s coming to Hawai’i.

Mission: To give timely specialty access to providers in the County of Maui servicing youth with emotional and behavioral concerns.

Providing same day behavioral health (BH) consultative support to PCPs:

- Mental health and substance use
- Diagnostic issues
- Medication management
- Treatment planning

Care Coordination provided by the social work team to assist in connecting patient to BH care and resources.
