# 4 #KataJanji

**Sejahtera** Sungai Buloh

**Digital** Sungai Buloh

**Sihat** Sungai Buloh

**Lestari** Sungai Buloh

# Sejahtera Sungai Buloh

*"Sungai Buloh Komuniti Sejahtera - No One Left Behind"*

## Sejahtera Sungai Buloh

- 01 Establish two Parliamentary Service Centres to serve the community better; one in DUN Paya Jaras and one in DUN Kota Damansara.
- 02 Collaborate with the corporate sector and NGOs on welfare assistance programmes.
- 03 Empower resident associations and Joint Management Bodies (JMB) in solving issues in residential areas.
- 04 Implement a mitigation strategy to tackle flood issues through improvements in plumbing and drainage systems.
- 05 Expand the 'first mile, last mile' transport network between residential areas and train stations in Sungai Buloh by working with public transport service operators.
- 06 Community Centres in Sungai Buloh
  - i. Sensory centres for the disabled community
  - ii. Public library
  - iii. Activity centre for senior citizens
- 07 Increased access to childcare centres for the B40 community.
- 08 JobExchange programme in Sungai Buloh.
- 09 Establish a Curriculum Vitae and Interview clinic to assist job seekers.
- 10 Internship Programmes for students with disabilities.
- 11 Autism Intervention and Behavioural Centre (which caters for everyone on the spectrum).
- 12 Provide an ecosystem that allows women to contribute more effectively to the development agenda of Sungai Buloh.
- 13 Career Building Programme for ATM Veterans.
- 14 Programme to repair and improve the condition of PPRs and flats.
- 15 To implement a mitigation strategy to combat infrastructure issues faced by nursery owners in Sungai Buloh.
- 16 To work with the Selangor State Government on land premium issues.
- 17 Affordable Retail Goods & Groceries Programme.
- 18 To improve and simplify the application process for business licenses.
- 19 Create an incubator for non-technology based SMEs in the Sungai Buloh area.
- 20 Create synergy between the Member of Parliament, local authorities and the state government to solve the chronic traffic issues.

# Digital Sungai Buloh

“Sungai Buloh, Digital Community Leader”

## Digital Sungai Buloh

- 01 Fully equip the Parliamentary Service Centres with an online system to track all complaints, suggestions and feedback received.
- 02 Expand the 5G network across the whole Sungai Buloh parliament.
- 03 Roll out online tuition for all exam-year students.
- 04 Empower cashless trading among small traders.
- 05 Digital workshop and internet access for the Orang Asli.
- 06 Digital Learning Programme with Google to provide a platform for budding talents.
- 07 Create the Ruang Reka STIE Project - a science, technology, innovation and economic programme that helps individuals develop prototypes of their innovative products.
- 08 Make Sungai Buloh a commercialisation and testing hub with the National Testing & Innovation Sandbox (NTIS).
- 09 Sungai Buloh Connect - build a sandbox hub that connects local players with potential investors.
- 10 Empowering the role of mosques through cashless *infaq* and food banks in caring for the needy.
- 11 Organise development programmes and competitions for e-Sports.
- 12 Develop a One-Stop Digital Trading Platform for products sold and made by communities in Sungai Buloh (E.g. #KedaiJuadahSungaiBuloh Digital).
- 13 Online al-Quran class with certified religious teachers.

# Sihat Sungai Buloh

"A Healthy and Fit Sungai Buloh"

## Sihat Sungai Buloh

- 01 Expand the PeKa B40 health screening initiative across more panel clinics in Sungai Buloh.
- 02 Upgrade and ensure that there are sufficient facilities and equipment in all government health facilities in Sungai Buloh.
- 03 Upgrade Hospital Sungai Buloh to make it a National Institute for Infectious Disease Control, NIIDC.
- 04 Implement #FitSungaiBuloh for the community.
- 05 Establish support for the ageing population and introduce domiciliary community care.
- 06 Expand access to Dialysis Services and Support.
- 07 Increased support for primary and community care; for example dengue eradication.
- 08 Establish house visit programmes for palliative and long term care patients.
- 09 Establish counselling support for mental health wellness.
- 10 Upgrade and widen access to public sports facilities in Sungai Buloh.
- 11 First Aid Awareness and Training programmes.

# Lestari Sungai Buloh

“A future-proof Sungai Buloh”

## Lestari Sungai Buloh

- 01 Disaster preparation awareness programme - provide disaster kits, standard SOPs and a disaster command centre.
- 02 Establish a Gardens by Sungai Buloh concept.
- 03 Encourage use of renewable resources in Sungai Buloh.
- 04 Establish Urban Agriculture Programmes - to make Sungai Buloh a hub for urban farming E.g. aeroponics.
- 05 Ensure better accessibility for OKU in Sungai Buloh - public transport, buildings, facilities.
- 06 Preserve green spaces and protect urban green lungs.
- 07 Protect and preserve Taman Rimba Kota Damansara.
- 08 LED street light replacement project on federal roads in the Sungai Buloh area.
- 09 Launch the Sungai Buloh Clean City programme to manage waste.
- 10 Establish community-level grants for green gotong-royong initiatives.
- 11 Initiate community-based recycling and composting programmes for Sungai Buloh residents.
- 12 Increase bike lanes and connector paths in the Sungai Buloh area.

# #KitaJayaMalaysia

KitaJayaMalaysia is my vision to build a developed Malaysia that is at the forefront of all aspects of public wellbeing.

## 1 Healthcare & Wellness

- 10 million more Malaysians healthy in 10 years.
- Future-proof healthcare delivery system (note: encompasses technology, manpower, service type and quality, facilities, governance, funding).
- Address social determinants of health.
- Long-term solutions for human resource issues involving healthcare workers.
- Make Malaysia a regional clinical trial hub.

## 3 Education

- Move towards an interest-based learning curriculum.
- Future-proof the current education syllabus.
- Increase touchpoints between different types of schools to foster national unity.
- Solve the problem of the double burden of malnutrition through school nutrition programmes.
- Implement community cooperation sharing standards at the school level to ensure the delivery of education in a more holistic manner.

## 2 Climate Change

- Tackle the climate emergency by ensuring Malaysia is carbon neutral by 2050.
- Move towards self-sufficiency in our food production.
- Focus on Planetary Health for the betterment of Malaysia.

## Technology & Innovation

- Increase allocation to Research, Development, Commercialisation and Innovation.
- To make Malaysia a regional commercialisation and testing hub with the NTIS.
- Digitalisation - boost emerging technologies which include clean energy and emission reduction solutions, precision farming with robotics and drones, use of IoT, Genomic and DNA sequencing and digital health records.

## Economy

- Emphasis on Healthcare (H) and Knowledge (K) Economy Initiatives which include; healthcare tourism, precision medicine, vaccine R&D and manufacturing.
- Micro SME development - making SMEs more competitive.
- Diversity, equity and inclusion E.G. increase labour force participation from women and people with disabilities.
- Enhance adoption of ESG practices.

## Welfare & Community

- Emphasis on new skill programmes and skill enhancement in accordance with current needs, technology and market requirements.
- Focus on targeted subsidy mechanisms instead of bulk subsidies.
- Fair quality of life for every community group.
- Make Malaysia a Sporting Nation with a focus on development programmes, mass programmes and sporting infrastructure.

#KitaJagaSungaiBuloh \_\_\_\_\_

“I hope to count on the support of all the voters of Sungai Buloh. **#KataJanjiSungaiBuloh** is my commitment to the voters of Sungai Buloh if I am elected your Member of Parliament.

I will try my best to ensure that **#KataJanji** is fulfilled to repay the trust shown in me by all of you. Together let's **#KasiJadi** this manifesto.”
