

New Zealand Essential Spelling List 2

42		40		38		36
	30		32		34	
28		26		24		22
	16		18		20	
14		12		10		8
	2		4		6	
1		3		5		7

Instructions:

- Place the word cards face down on the big star to make your star card pile.
- Each player rolls the dice. The person with the highest number starts.
- Players then take it in turns to roll the dice.
- A player rolls the dice and then moves that number of spaces.
- If the player lands on a square with a turquoise star, they pick up a card from the star card pile. Without looking, they give it to someone in the group, who will then read it out. The player then spells the word out loud.
- If the player spells the word correctly, they can move ahead two more spaces. If the player spells the word incorrectly, they stay where they are.
- The card is then added to the bottom of the star card pile.
- The first person to reach the final square is the winner.
