Event Description:

Event Date & Time: 7/16/2021 10:00:00 PM

Entry Allowed for Attendees: 7/17/2021 4:00:00 AM

Event Closure for Attendees: 8/2/2021 7:00:00 AM

Event Description: Outdoor carnival with rides, foods, games, and entertainment. The carnival will run for 3 weekends: July 16-18, July 22-25, and July 29-August 1. We anticipate approximately 6,000 people per day at most, but it is difficult to estimate since we have been closed for over a year.

Anticipated Number of Attendees: 6000

Implementation Plan:

Pre-Event Information Collection (if any): NA

Vaccination/Testing Plans:

Verification at Entry: NA

Plan for On-site Testing (if any): NA

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: There will be 3 carnival food trailers selling pizza, cotton candy, and funnel cake. All employees are required to follow the Dept. of Health's food handling rules and regulations, which the company will enforce. Employees are required to wear masks while working in the food wagon. Employees are required to wash their hands frequently and wear gloves when required. Highly utilized surfaces will be sanitized between shifts and as needed. Soap, disinfectant, hand sanitizer, and paper towels will be adequately supplied.

Carnival patrons will be allowed to dine under the large, open dining tent (66'x150') where there is a stage and tables that will be spaced six feet apart. Performers on stage will be distanced ten feet or more away from patrons. Tables and chairs will be sanitized after each party.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: We will utilize Altres' Wellness Tracker software, which is a self-screening health questionnaire. At the same time, this will serve as a way to collect attendees' sign-in data which will be stored in a database. Attendees will need to show confirmation of completion before they are allowed entry to the fairgrounds. Manual forms will be available on-site for those that do not have access to a smartphone or the internet.

Plans for Social distancing: There will be signs reminding people to be courteous and social distance from other people.

Plans for Enforcement of use of face coverings (indoor events only): NA

Strategies to reduce congestion at choke points: The capacity at any given time is 5,600 per Tier 5 limits. This limit will be posted on our website and through various media so patrons are aware before arriving at the fairgrounds. Count will be monitored with tally counters. We will work with the stadium if approaching capacity to queue traffic until it has been eased.

All attendees will be required to complete a digital health questionnaire and sign-in data prior to entering the fairgrounds as detailed above.

We are currently open for presale to allow patrons to load their Fun Pass cards now instead of upon arrival. This will alleviate Admissions. We are also posting questionnaire and sign-in data instructions on our website so patrons may complete prior to arrival.

Queue lines will eliminate crowds at the entrance, attractions, and food wagons, and all will have social distancing reminders.

We have increased the amount of portable toilets to twenty-four which will be placed around the fairgrounds.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: See answer in the restaurant/bar/social establishment question above for food handlers. All food handlers will be trained prior to working. Performers will only be on stage which will be ten feet or more away from others.

All employees will also be screened and evaluated for signs of illness prior to starting a shift. Employees displaying signs of illness will be sent home and advised to seek medical treatment as necessary.

Additional measures to reduce transmission between staff/performers and attendees: Rides-seats handlebars, and other frequently touched surfaces will be sanitized regularly.

Games-disinfectant wipes will be available for guest use.

Hand sanitizer stands will be placed throughout the fairgrounds. Restrooms will be maintained continuously throughout operations by a third-party janitorial company.

Plans for addressing symptomatic individuals on-site

If an individual falls ill on-site, they will be sent to the First Aid tent for initial evaluation and if stable, sent home and advised to seek medical treatment as necessary. Areas encountered by the sick person will be sanitized thoroughly. All employees who may have come into contact with an ill employee will be notified immediately and advised to self-isolate and take a COVID-19 test. Company will pay for employee's test.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Guest responsibility procedures will be posted on our website and communicated through various media. Necessary signage will be posted throughout the fairgrounds. All departments will train their employees on new COVID-19 safety protocols.

Event Description:

Event Date & Time: 9/22/2021 10:00:00 PM

Entry Allowed for Attendees: 9/22/2021 7:00:00 PM

Event Closure for Attendees: 9/24/2021 3:00:00 AM

Event Description: Trade show in partnership with the Hawaii Lodging and Tourism Association and Hawaii Restaurant Association showcasing the products and services available to these two industries. It is a closed event to members of these organizations only.

Anticipated Number of Attendees: 2000

Implementation Plan:

Pre-Event Information Collection (if any): Preregistration at Hawaiihotelandrestaurantshow.com of participants required. Information regarding need for vaccination card or proof of negative testing for COVID must be acknowledged online along with contact tracing information.

Vaccination/Testing Plans:

Verification at Entry: We will have persons manning our entrance to verify vaccinations cards or proof of negative testing prior to entry. Anyone not having this will not be allowed to enter the venue.

Plan for On-site Testing (if any): None

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Food will be pre-packaged and served by venue or Star Events staff. Credit card or digital payments will be highly encouraged.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: Plans are to have a digital check-in system in place to capture attendee information.

Plans for Social distancing: Signage will be placed throughout the venue along with floor graphics. Staff will also be monitoring this and frequent announcements will be made on our PA system.

Plans for Enforcement of use of face coverings (indoor events only): We will have staff monitoring attendees throughout the show, ample signage will be posted throughout the venue, and periodic announcements will be made on our PA system.

Strategies to reduce congestion at choke points: Designated one-way entrance and exits, aisles will be 20' and signage will encourage one-way traffic flow.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Need to discuss with venue

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Staff/exhibitors will be required to wear face masks and gloves recommended. There are no performers at this event. Messaging will be prominent in all communication including signage at the venue.

Additional measures to reduce transmission between staff/performers and attendees: Information will be posted on our website and included in all our marketing communication.

Plans for addressing symptomatic individuals on-site

Temperature screening will be in place, Anyone testing 100.4 or higher will be asked to retake the screen in 10 minutes. IF they fail to meeting the temperature guideline they will not be allowed to enter.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Our protocols will be posted on our websites and included in all of our marketing materials communicated our event.

100 Holomoana Street, Honolulu, HI 96815

Event Description:

Event Date & Time: 8/8/2021 10:00:00 PM

Entry Allowed for Attendees: 8/9/2021 3:00:00 AM

Event Closure for Attendees: 8/9/2021 9:00:00 AM

Event Description: The Prince Waikiki will be hosting the wedding reception for Crystal Baccam and Drake Hidano during the evening of Sunday, August 8, 2021. The Pi'inaio Ballroom's capacity is 460. Max attendance including vendors for this wedding will be less than 250. Contact tracing and proof of negative COVID test and/or proof of vaccination will be required and provided to venue prior to the start of event.

Anticipated Number of Attendees: 250

Implementation Plan:

Pre-Event Information Collection (if any): Yes, Hotel will ensure contact tracing and proof of both vaccination or negative covid test received prior to the start of event.

Vaccination/Testing Plans:

Verification at Entry: Hotel will require verification of full vaccination or negative covid test in advance (within 48-hours).

Plan for On-site Testing (if any): No

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Guest tables will be set with no more than 10 guests each, set 6' apart. Mask wearing enforced unless actively eating or drinking. Hand sanitizer stations will be set around Ballroom as well as thermometer at registration.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: Spreadsheets or other forms of documentation will be submitted to venue from client, prior to the start of event.

Plans for Social distancing:

Plans for Enforcement of use of face coverings (indoor events only): Posted signage and banquet staff to roam event and enforce mask wearing unless actively eating or drinking.

Strategies to reduce congestion at choke points: Diagrams to be created and discussed with clients to show ingress/egress. Banquet Captains to follow timelines so we can keep on pace with event and understand meal times, when to call tables to eat, restroom breaks, etc. where we can control and prevent choke points.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): AC is a closed system, utilizing supply and return (filter side) air. Hotel conducts scheduled coil cleaning and filter replacement on a routine basis.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Pre shift meetings will be conducted prior to the start of each event. Employees will be required to wear their masks for the duration of event.

Additional measures to reduce transmission between staff/performers and attendees: Pre shift meetings will be conducted prior to the start of each event. Employees will be required to wear their masks for the duration of event.

Plans for addressing symptomatic individuals on-site

Hotel will alert both Security and Hotel Assistant Managers to tend to specific guest and assess guest's condition. A security report to be filled out and escort guest off property. Suggestions to visit nearest urgent care, clinic, or hospital depending on severity of symptoms.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Pre shift meetings will be conducted prior to the start of each event.

Event Date & Time: 7/19/2021 10:00:00 PM

Entry Allowed for Attendees: 7/20/2021 4:30:00 AM

Event Closure for Attendees: 7/20/2021 7:30:00 AM

Event Description: This event is an incentive group beach dinner event that includes a musical performance and other entertainment

Anticipated Number of Attendees: 256

Implementation Plan:

Pre-Event Information Collection (if any): This event will be operated at baseline capacity. All attendees at this event will be guests of the Aulani Resort and, as with all resort guests, the Safe Travels app for each guest is verified upon check in to the Resort. All attendees will be required to check in at the event entrance to ensure that they are on the event guest list.

Vaccination/Testing Plans:

Verification at Entry: This event will be operated at baseline capacity. All attendees at this event will be guests of the Aulani Resort and, as with all resort guests, the Safe Travels app for each guest is verified upon check in to the Resort. All attendees will be required to check in at the event entrance to ensure that they are on the event guest list.

Plan for On-site Testing (if any): NA

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions:

- All employees must wear a face covering at all times.
- All employees must complete a self-health assessment prior to starting their shift and are required to stay home if they are not feeling well.
- All tables and chairs will be cleaned before and after event.
- Event area has a designated entrance and exit.
- No cash or payments will be required during event.
- Seating is limited to 10 per table and tables are spaced 6 ft apart from chair to chair.
- All F&B stations will be set with plexi-glass and served by staff.
- Employees will take and service all drink orders.
- Two handwashing sinks will be available, along with six hand sanitizer stations at the entrance/exit and throughout the event space

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: • A pre-determined manifest of event attendees with contact information will be created prior to event start. All event attendees will be required to check in at the event entrance.

- This event is for preregistered guests only. There are no “Walk-in” attendees allowed at this event.

Plans for Social distancing: • All tables will be spaced 6’ feet apart.

- Signage will be placed at event entrance to encourage guests to physically distance.
- Rope & stanchion/bicycle racks will designate event space to keep event attendees separate from general public.
- Aulani employees are trained to engage with event attendees and promote physical distancing.

Plans for Enforcement of use of face coverings (indoor events only): NA

Strategies to reduce congestion at choke points: • Event area has a designated entrance and exit.

- All tables and stations set at least 6 feet apart.
- See attached event diagram.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to

communicate the plan: • Training: Employees receive training on the Resort's health and safety protocols including the importance of personal health and hygiene, such as handwashing, staying home when ill and the importance of wearing a face covering and maintaining physical distancing.

- Health and Hygiene: The Resort has enhanced the cleaning in work areas, adjusted its work practices to promote physical distancing, and is requiring all employees (regardless of vaccination status) to wear face coverings at events.
- Health screenings: Employees must complete health screenings prior to their shift and are required to stay home if they are not feeling well.

Additional measures to reduce transmission between staff/performers and attendees: • Please see answer to g.1. above. Plus, entertainers will be on a riser and spaced more than 15 feet from any table where attendees are seated.

Plans for addressing symptomatic individuals on-site

As previously mentioned, all of the event attendees are staying at the Resort. If at any point during the event, an attendee begins showing COVID-19 symptoms, the attendee and the attendee's traveling party will be required to isolate and may be relocated or asked to leave the Resort in accordance with procedures established by the Resort based on applicable state and local requirements.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

- As previously mentioned, all attendees are staying at the Resort. Aulani Resort's COVID-19 Health & Safety Plan is shared as part of guest communication pre arrival and is accessible via the Resort's website.
- As mentioned above, all employees are trained on the Resort's health and safety protocols and the importance of personal health and hygiene.
-
- Signage will be placed at event entrance to encourage guests to physically distance.
- Aulani employees are trained to engage with event attendees and promote physical distancing.

Anticipated Number of Attendees: 300

Implementation Plan:

Pre-Event Information Collection (if any): NA

Vaccination/Testing Plans:

Verification at Entry: NA

Plan for On-site Testing (if any): NA

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: NO FOOD NO BEVERAGES OFFERED

GUESTS MAY BRING A BOTTLE OF WATER TO EVENT

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: Data base of all attendees will be kept and available upon request to City or State

Plans for Social distancing:

Plans for Enforcement of use of face coverings (indoor events only): NA

Strategies to reduce congestion at choke points: There are a plentiful amount of restrooms.

Plan for Entering Venue:

Fully vaccinated guests will be escorted to seats towards the front of the venue

Negative covid tested individuals will be escorted through a separate entrance to the rear of the meeting hall. See attached diagram

Plan for Exiting Venue: same as above in reverse order, row by row.

Announcer will call out the next exiting row.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Per Hawaii Convention Center, their air condition system has been upgraded, specifically their AC Filters. The system has been upgraded to the Merv-13 by Copper Cooling Manufacturer.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: There are no performers. All staff are volunteer members. This event is a free discourse for all members.

Additional measures to reduce transmission between staff/performers and attendees: • Pre-event training for all volunteer staff. All invited guests are members.

- To gain admittance, all staff and guests will either be Fully Vaccinated or will have a Negative Covid-Test done (tested 48 hrs prior to start of event) and each will use separate entrance and exits to the meeting hall.

- The wearing of mask is mandatory and will be strictly enforced by Ushers.

- All guests and staff will be given a covid screening questionnaire to answer at the screening station on the day of the event.
- All registration staff will be using face shields. Interaction between staff and guests is minimal: (a) during check in and (b) when guests are escorted to their seats.
- This is a seated event. All guests will leave when the discourse is finished. All guests will be dismissed row by row. Vaccinated Guests will leave through separate exits from Negative Covid-tested Guests.

Plans for addressing symptomatic individuals on-site

All guests will be asked to self monitor themselves and not attend this discourse if not feeling well. All guests and volunteer staff take a thermal scan before gaining entry to the building. There will be NO entry to the venue if guest or staff fail the thermal temperature scan. Anyone not feeling well will be escorted home by a family member or friend.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

All guests and volunteer staff are invited guests thru a telephone tree system. All safety & covid protocols will be explained to invited guests during the telephone tree system. A covid screening questionnaire will also be introduced.

At the time of registration, all guests & staff must pass a temperature check, submit a fully vaccinated card or present a negative covid test (48 hrs prior to event).

All guests will be reminded via announcements before, during and at the end of the event of safety protocols, washing and or sanitizing hands and the wearing of mask. Signs for wearing mask, washing hands, social distancing will be displayed at the event.

NOTE: I could not upload photos and diagrams.

Entry Allowed for Attendees: 8/8/2021 3:00:00 AM

Event Closure for Attendees: 8/8/2021 7:00:00 AM

Event Description: Birthday Party

Anticipated Number of Attendees: 400

Implementation Plan:

Pre-Event Information Collection (if any): All guests have been notified that all State guidelines will be enforced.

*Please bring and show proof of vaccination (can be picture of the card).

*If not vaccinated, please bring and show proof of negative test result, 48 hrs before party.

*Masks are required at all times except when eating or drinking.

*Temperature check is required at entry

Vaccination/Testing Plans:

Verification at Entry: KLMP staff member to verify vaccination/negative test result, temperature check, and completed contact tracing form.

Plan for On-site Testing (if any): N/A

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Certified catering staff to serve food at the buffet and replenish beverages. All guests will use disposable cutlery and disposable condiments.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: All sign-in data will be collected at entry and will be kept on file.

Plans for Social distancing: Performers will be on stage, 15ft from all attendees. Tables will be 6ft apart with no more than 10 people per table from the same bubble/household.

Plans for Enforcement of use of face coverings (indoor events only): Three special duty HPD officers will be on-site to enforce the use of masks for the duration of the function. Masks will be required at all times by all attendees and staff, except when eating or drinking.

Strategies to reduce congestion at choke points: Social distancing signs will be posted and staggered arrival times.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Open ventilation venue.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Pre-event meetings will be conducted and all staff, performers, and attendees will be required to wear masks for the duration of event.

Additional measures to reduce transmission between staff/performers and attendees: Performers will be on stage, 15ft from all attendees to ensure safety for all. Tables will be 6ft apart with no more than 10 people per table.

Plans for addressing symptomatic individuals on-site

Notice has been sent to all guests addressing symptomatic individuals not to attend our event. Any guests with temperatures higher than the CDC temperature guidelines will be asked to leave and escorted by on-site special duty HPD officers.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

As previously mentioned, a pre-event meeting will be conducted to go over safety protocols. All State guidelines will be enforced during the event.

Entry Allowed for Attendees: 8/6/2021 3:00:00 AM

Event Closure for Attendees: 8/6/2021 7:00:00 AM

Event Description: Dinner for alumni celebrating milestone reunions for their 30th, 35th, 40th, 45th, and 50th reunions are invited to a dinner on Thursday, August 5, 2021.

Anticipated Number of Attendees: 350

Implementation Plan:

Pre-Event Information Collection (if any): Guests are required to RSVP with vaccination status to confirm that two doses (or single dose of Johnson & Johnson vaccine) were received as of 7/22/21.

Vaccination/Testing Plans:

Verification at Entry: All guests are required to show proof of vaccination upon arrival to enter the event. Those who are not fully vaccinated prior to the event are required to show proof of a negative COVID PCR test result within 48 hours of the event date.

Plan for On-site Testing (if any): We do have the ability to rapid test attendees on site if needed using the FDA approved Abbott Laboratories BinaxNOW COVID-19 rapid antigen test pursuant to 'Iolani School's Clinical Laboratory Improvement Amendments (C.L.I.A.) Certificate of Waiver. We

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: 'Iolani School has implemented COVID safety procedures, as discussed below, and has conducted on-campus activities since September 2020. 'Iolani School has had 0/NO cases of COVID-19 transmission on campus this school year.

Hand sanitizing stations will be located at check in tents and at each buffet and beverage line. Catering staff will serve guests in a buffet line with plexiglass barriers. Salad will be provided in pre-portioned containers. Dessert will be offered in a stand-alone tent and served in pre-portioned containers. No self-service will be allowed. All drinks served from a beverage tent. Seating will be outdoors, under tents, 8 per table. Guests will remain outdoors at all times during this event

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: Upon arrival, guests will be required to check in and provide proof of vaccination.

Email addresses and phone numbers collected at time of registration are on file.

Plans for Social distancing: Not applicable as all attendees will have provided proof of vaccination or negative COVID test.

Plans for Enforcement of use of face coverings (indoor events only): NA - The event will take place strictly outdoors.

Strategies to reduce congestion at choke points: Please see attached event layout

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: No live performances at the event. Catering will be provided by Sodexo and all staff are trained on DOH safety protocols and follow guidelines issued by the City and County of Honolulu and 'Iolani School. Staff and volunteers at check in and beverage stations will be briefed on safety protocol and guidelines issued by the school administration in advance. All staff and volunteers will be required to wear face masks at all times during their shifts.

All 'Iolani staff and 'Iolani volunteers are fully vaccinated and will provide proof of vaccination.

Additional measures to reduce transmission between staff/performers and attendees: Please see response to g(i) above.

Plans for addressing symptomatic individuals on-site

Guests are asked to review health assessment guidelines prior to arriving and will not be allowed to attend the event if they exhibit any symptoms. If at any time a guest shows symptoms during the event, the attendee and their guest will be asked to leave the premises immediately and will be encouraged to get a COVID PCR test. School administration will follow up with that individual to determine any next steps.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Email communication to invited guests include information regarding proof of vaccination, face masks recommended except when actively eating or drinking, as well as a list of symptoms to review prior to the event. As discussed in g(i) above, all staff and volunteers will be briefed on safety protocol and guidelines. Many of the volunteers are individuals who are employed by 'Iolani School and knowledgeable of the School's strict COVID safety protocols in place which will be reemphasized prior to the event.

Event Description:

Event Date & Time: 8/3/2021 10:00:00 PM

Entry Allowed for Attendees: 8/3/2021 7:00:00 PM

Event Closure for Attendees: 8/4/2021 1:00:00 AM

Event Description: Hiring Event for Job Seekers. 30+ Businesses will participate

Anticipated Number of Attendees: 300

Implementation Plan:

Pre-Event Information Collection (if any): Attendees are required to pre-register by going to www.eventbrite.com. Name, phone number, email, mailing address are required. Also, possession of

proof of Vaccination or Negative Covid Test within 48hrs upon check-in is asked as part of the registration.

Vaccination/Testing Plans:

Verification at Entry: Based on the above registration, a list will be generated of registered attendees. Upon check-in, each attendee will need to present proof of Vaccination or Negative Test.

Each vendor will also be given a copy of the attendance list. We will require the vendor to also record the attendees and time they visited table.

Plan for On-site Testing (if any): None

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: NA

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: An attendee list will be generated from the Eventbrite registration site. Attendees will be checked in by staff verifying vaccination/negative test. Sign-in Data will be available upon request by contacting Mark Menard: mark.menard@honolulu.gov 808-386-1154

Plans for Social distancing: Through the on-line registration system, we are able to control the maximum number of people in the venue. Signs will be placed throughout the venue reminding attendees to keep 6 feet apart.

Plans for Enforcement of use of face coverings (indoor events only): Before entering the venue, will have staff conducting temperature checks and verifying that attendee is wearing face covering.

Strategies to reduce congestion at choke points: Control of number of attendees is made by the number of registration allowed at certain times. To avoid congestion a total of 50 people will be allowed to register every half hour. As attendees arrive they will be allowed into the lobby area to wait, avoiding congestion at the entrance.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Exit and entrance doors kept open, central AC will be operational

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Pre meetings are held to coordinate staff and make sure these measures are understood and adhered to. Constant email communications to participating businesses and day-of orientation to take place. Likewise confirmation emails and follow up emails to attendees to be sent reiterating protocols.

Additional measures to reduce transmission between staff/performers and attendees: All staff are required to wear face coverings, keep 6 foot distance.

Plans for addressing symptomatic individuals on-site

Anyone with a body temperature of 100.3 or higher, has persistent cough, is not feeling well will be not allowed to enter the venue

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Meetings, pre-meetings, emails, confirmation emails, day-of orientation, announcements during event.

Event Description:

Event Date & Time: 8/27/2021 10:00:00 PM

Entry Allowed for Attendees: 8/28/2021 3:00:00 AM

Event Closure for Attendees: 9/12/2021 7:00:00 AM

Event Description: This is the 50th running of the largest tennis tournament in the state. We host this event at our private club, The Kailua Racquet Club. It is the most anticipated tournament on the calendar for the tennis community throughout Hawaii. Men's Doubles, Women's Doubles, and Mixed Doubles matches run almost every night for two weeks beginning nightly at 5pm and we close our doors at 10pm. The club lays on 4 acres of land and exists almost completely outdoors, including our food and drink service. We have been lauded across the country for hosting one of the most fun and inclusive events of any club in the US.

Anticipated Number of Attendees: 200

Implementation Plan:

Pre-Event Information Collection (if any): NA

Vaccination/Testing Plans:

Verification at Entry: NA

Plan for On-site Testing (if any): NA

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Our restaurant, bar, and social scenarios exist completely outside. We have had the opportunity to run small events, dinner and bar services, and small gatherings throughout this past year and have been able to workshop multiple plans for keeping people safe and separated. The natural set up of our entire club with its open spaces, and spread out court plan encourages the exact kind of social distancing options that we will enforce.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: All participants in the event, all members of the club, and all sponsors and guests of the tournament will register online each day that come. We will have the names and contact info of every person on the club property every day of the event. Each patron will have a QR code receipt auto generated for them each day they attend.

Plans for Social distancing: We have more than half a dozen bleachers that will be set up around our feature courts that will have marked off seating areas to align with any and all specifications and guidelines set forth by the city and county.

Plans for Enforcement of use of face coverings (indoor events only): NA

Strategies to reduce congestion at choke points: The breezy and open layout of our club naturally lends itself to avoiding these types of congestions. In any event, we have dozens of members who will be working this event and set up around different areas of the club where lines may form. The restroom would be the obvious choice and very easy to handle with someone working the entrance and allowing likely 2 people at a time.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: As an outdoor tennis event, this sport also allows the natural spacing of participants. It is a doubles tournament so there will be 4 players on more than 3,000 square feet of court. Our staff have been in charge of operating an extremely busy tennis club throughout all of the tier system changes and have provided an amazing safe, healthy, and happy place for people to enjoy playing and watching tennis.

Additional measures to reduce transmission between staff/performers and attendees: I have attached two PDFs below which have been made up to show seating options and a club layout during more strict guidelines than we are currently under.

Plans for addressing symptomatic individuals on-site

Communication with participants and spectators will be constant throughout our event, as it has been for decades. This year with a more specific focus on health and safety we will constantly monitor the movements and behavior of patrons at our club the entire time.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

We have a constant flow of communication between players, staff, sponsors, and guests that began months ago. Everyone at the event will have received multiple emails, filled out registration forms or applied for sponsorship and entry. We have an email database of everyone involved in the event from start to finish.

Event Date & Time: 8/18/2021 10:00:00 PM

Entry Allowed for Attendees: 8/18/2021 6:00:00 PM

Event Closure for Attendees: 8/19/2021

Event Description: Check-in for students moving into the dorms at Aloha Tower Marketplace.

Anticipated Number of Attendees: 600

Implementation Plan:

Pre-Event Information Collection (if any): NA

Vaccination/Testing Plans:

Verification at Entry: NA

Guests are required to show proof of vaccination upon arrival to the event. Those who are not fully vaccinated prior to the event are required to show proof of a negative COVID test result within 48 hours of the event date.

The check-in times are staggered throughout the 8:00am-2:00pm event time. Guest check-in will take place outdoors at the Aloha Tower Marketplace Venue. To assist with contact tracing, HPU will collect sign-in data for all attendees through a reservation/booking system prior to arrival.

Guest check-in is outlined on the corresponding maps. Guests will proceed to check-in for infrared temperature scan. Guests will then assemble into socially distanced lines, marked out by decals to ensure participants' safety. Again, masks will be mandatory for entry and participation.

Security will preside over the guest check-in lines to ensure all precautions are taken.

Plan for On-site Testing (if any): NA

We have the ability to rapid test attendees on site if needed using the FDA approved Abbott Laboratories BinaxNOW COVID-19 rapid antigen test. We will have the ability to rapid test up to than 2500 attendee on-site. We will also have a mobile vaccina

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Hawaii Pacific University has implemented COVID safety procedures, as outlined below, and has conducted on-campus activities since September 2020. We have implemented hand sanitizing stations which will be located at check in tents and at any beverage stations. Catering staff will serve guests beverages. Dessert will be offered in a stand-alone table and served in pre-portioned containers. No self-service will be allowed. Guests will remain outdoors at all times during this event.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: All guests will have registered prior to arrival and upon arrival, guests will be required to check-in and provide proof of vaccination or negative COVID test. Email addresses and phone numbers collected at time of registration are on file.

Plans for Social distancing: Security and staff will help to enforce social distancing guidelines and any lineup will be distanced by decals on the ground.

Plans for Enforcement of use of face coverings (indoor events only): Face masks will be required even though event activities will take place outdoors.

Strategies to reduce congestion at choke points: Please see attached event layout.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All staff of HPU are required on a daily basis to complete a temperature scan and health questionnaire.

Additional measures to reduce transmission between staff/performers and attendees:

All staff and student volunteers are fully vaccinated and will provide proof of vaccination.

All staff and student volunteers will be required to attend a virtual safety training prior to the event. PPE: Personal protective equipment shall be made available to all employees and vendors working at the event, including hand sanitizer, face coverings. Face coverings will be worn at all times. Face coverings will be required for every individual at all times. A participant's covering may be removed briefly to drink beverages. All employees, vendors and guests will be required to show proof of completion of HPU's daily health questionnaire. This is a paperless process which can utilize the daily badge offered through HPU's App. Any employee or vendor with symptoms occurring within 72 hours of the event will be prohibited from attending the event.

Plans for addressing symptomatic individuals on-site

Please see response above.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Guests are asked to review health assessment guidelines prior to arriving and will not be allowed to attend the event if they exhibit any symptoms. If at any time a guest shows symptoms during the event, the attendee and their guest will be asked to leave the premises immediately and will be encouraged to get a COVID PCR test. School administration will follow up with that individual to determine any next steps.

Event Description:

Event Date & Time: 8/18/2021 10:00:00 PM

Entry Allowed for Attendees: 8/18/2021 6:00:00 PM

Event Closure for Attendees: 8/19/2021

Event Description: Check-in for students moving into the dorms at the Hawaii Loa Campus.

Anticipated Number of Attendees: 300

Implementation Plan:

Pre-Event Information Collection (if any): NA

Guests are encouraged to confirm their vaccination status prior to arrival on August 18.

Vaccination/Testing Plans:

Verification at Entry: Guests are required to show proof of vaccination upon arrival to the event. Those who are not fully vaccinated prior to the event are required to show proof of a negative COVID test result within 48 hours of the event date.

- The check-in times are staggered throughout the 8:00am-2:00pm event time. Guest check-in will take place outdoors at the Aloha Hawaii Loa Campus. To assist with contact tracing, HPU will collect sign-in data for all attendees through a reservation/booking system prior to arrival.
- Guest check-in is outlined on the corresponding maps. Guests will proceed to check-in for infrared temperature scan. Guests will then assemble into socially distanced lines, marked out by decals to ensure participants' safety. Again, masks will be mandatory for entry and participation.
- Security will preside over the guest check-in lines to ensure all precautions are taken.

Plan for On-site Testing (if any): We have the ability to rapid test attendees on site if needed using the FDA approved Abbott Laboratories BinaxNOW COVID-19 rapid antigen test. We will have the ability to rapid test up to than 500 attendee on-site. We will also have a mobile vaccination

Event Description:

Event Date & Time: 8/16/2021 10:00:00 PM

Entry Allowed for Attendees: 8/17/2021 3:00:00 AM

Event Closure for Attendees: 8/17/2021 8:00:00 AM

Event Description: Wedding ceremony and reception amongst 40 guests.

Anticipated Number of Attendees: 40

Implementation Plan:

Pre-Event Information Collection (if any): Guests are required to RSVP with vaccination status to confirm that two doses (or single dose of Johnson & Johnson vaccine) were received as of 08/02/2021.

Vaccination/Testing Plans:

Verification at Entry: All guests are required to show proof of vaccination upon arrival to enter the event. Those who are not fully vaccinated prior to the event are required to show proof of negative FDA EUA COVID PCR test result within 48 hours of event date.

Plan for On-site Testing (if any): Guests have the option to get tested at Doctors on Call locations at the Sheraton Princess Kaiulani, Sheraton Waikiki Hotel, or any other valid rapid testing site located nearby in Waikiki.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Moana Surfrider Hotel has implemented COVID safety procedures as discussed below. Hand sanitizing stations will be located at the check-in/registration table and at the buffet line. Stewarding and culinary department will serve guests in a buffet line with barriers and stanchions to separate the guests from the food line and prevent as much contact as possible. All drinks will be served from a staff member. Seating will be less than 10 per table, guests will remain seated throughout the remainder of the event.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: Bride & groom are already pre-collecting information from guests to ensure a smoother check-in process. Upon arrival to venue, guests will be required to check-in and provide proof of vaccination or negative Covid test within 48-hours of event. Bride & groom are able to provide a list of attendees and contact information if/when necessary.

Plans for Social distancing: N/A

Plans for Enforcement of use of face coverings (indoor events only): Hotel signage is placed at the front entrance of the event, staff members will also be on duty to police the area. Guests will be required to wear masks indoors, unless actively eating or drinking.

Strategies to reduce congestion at choke points: See attached event layout.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): (3) doors to the indoor event space will be wide open, to allow for air flow throughout the room. Guests will be required to wear masks unless actively eating or drinking.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: (1) Live musician will be positioned at the event, more than 10ft away from attendees and staff members and will be required to wear mask during performance. Catering will be provided by Moana Surfrider Hotel and all staff are trained on DOH safety protocols and follow guidelines issued by the City and County of Honolulu. All staff members are required to wear face masks

at all times during their shifts. All staff members are temperature checked prior to arriving on property for their shifts.

Additional measures to reduce transmission between staff/performers and attendees: See above

Plans for addressing symptomatic individuals on-site

Staff members who have a temperature over 100.4 degrees are immediately sent home and are not allowed on property. Attendees will be temperature checked prior to entering into the event and will be sent home if they have a temperature over 100.4 degrees. Leadership/upper management will be advised of this incident and will follow-up with any necessary steps.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Email communication sent to all attendees include information regarding proof of vaccination, face masks, as well as a list of symptoms to review prior to the event. All staff are briefed on safety protocols prior to working on property.

Event Description:

Event Date & Time: 8/18/2021 10:00:00 PM

Entry Allowed for Attendees: 8/19/2021 3:00:00 AM

Event Closure for Attendees: 8/19/2021 5:30:00 AM

Event Description: Welcome Dinner for parents of incoming students.

Anticipated Number of Attendees: 300

Implementation Plan:

Pre-Event Information Collection (if any): NA

Guests are encouraged to confirm their vaccination status prior to arrival on August 18.

Vaccination/Testing Plans:

Verification at Entry: NA

Guests are required to show proof of vaccination upon arrival to the event. Those who are not fully vaccinated prior to the event are required to show proof of a negative COVID test result within 48 hours of the event date. The check-in time is between 5:00pm-5:30pm event time. Guest check-in will take place outdoors at the Aloha Tower Marketplace Venue. To assist with contact tracing, HPU will collect sign-in data for all attendees through a reservation/booking system prior to arrival. Guest check-in is outlined on the corresponding maps. Guests will proceed to check-in for infrared temperature scan. Guests will then assemble into socially distanced lines, marked out by decals to ensure participants' safety. Security will preside over the guest check-in lines to ensure all precautions are taken.

Plan for On-site Testing (if any): We have the ability to rapid test attendees on site if needed using the FDA approved Abbott Laboratories BinaxNOW COVID-19 rapid antigen test. We will have the ability to rapid test up to 300 attendees on-site.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Hawaii Pacific University has implemented COVID safety procedures, as outlined below, and has conducted on-campus activities since September 2020. We have implemented hand sanitizing stations which will be located at check-in tents. Dinner will be a served buffet. If regulations change the event will adopt a static plated meal served by waiters. No self-service will be allowed. Cleaning staff will be present to continuously clean the event area and bathrooms. Guests will remain outdoors at all times during this event.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: All guests will have registered prior to arrival and upon arrival, guests will be required to check-in and provide proof of vaccination or negative COVID test. Email addresses and phone numbers collected at time of registration are on file.

Plans for Social distancing: Security and staff will help to encourage social distancing guidelines.

Plans for Enforcement of use of face coverings (indoor events only): NA

Strategies to reduce congestion at choke points: Please see attached event layout. Each guest will have a badge that is coded with vaccination information, which will allow check-in to proceed quickly, avoiding a bottle neck. Staff will be placed in the aisles to help direct people to their seats.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All staff and student volunteers are fully vaccinated and will provide proof of vaccination. All staff and student volunteers will be required to attend a virtual safety training prior to the event. Personal protective equipment shall be made available to all employees and vendors working

at the event, including hand sanitizer, face coverings. All employees and participants shall be reminded prior to the activity that if they have any COVID-like symptoms and/or they have been directed to quarantine by the Hawai'i State Department of Health, they should not attend. All employees, vendors and guests will be required to show proof of completion of HPU's daily health questionnaire. This is a paperless process which can utilize the daily badge offered through HPU's App. Any employee or vendor with symptoms occurring within 72 hours of the event will be prohibited from attending the event. Guests will be subject to temperature scans.

Additional measures to reduce transmission between staff/performers and attendees: Please see response above.

Plans for addressing symptomatic individuals on-site

Guests are asked to review health assessment guidelines prior to arriving and will not be allowed to attend the event if they exhibit any symptoms. If at any time a guest shows symptoms during the event, the attendee and their guest will be asked to leave the premises immediately and will be encouraged to get a COVID PCR test. School administration will follow up with that individual to determine any next steps.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Email communication to invited guests include information regarding proof of vaccination, face masks recommended except when actively eating or drinking, as well as a list of symptoms to review prior to the event. As discussed above, all staff and volunteers will be briefed on safety protocol and guidelines.

Event Description:

Event Date & Time: 8/20/2021 10:00:00 PM

Entry Allowed for Attendees: 8/20/2021 9:00:00 PM

Event Closure for Attendees: 8/20/2021 11:00:00 PM

Event Description: Lunch for first year students with their orientation leader.

Anticipated Number of Attendees: 250

Implementation Plan:

Pre-Event Information Collection (if any): NA

Guests are encouraged to confirm their vaccination status prior to arrival on August 20.

Vaccination/Testing Plans:

Verification at Entry: NA

Plan for On-site Testing (if any): NA

We have the ability to rapid test attendees on site if needed using the FDA approved Abbott Laboratories BinaxNOW COVID-19 rapid antigen test.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Hawaii Pacific University has implemented COVID safety procedures, as outlined below, and has conducted on-campus activities since September 2020. We have implemented hand sanitizing stations which will be located at check-in area. Box lunches will be served individually to guests. No self-service will be allowed. Cleaning staff will be present to continuously clean the event area and bathrooms. Guests will remain outdoors at all times during this event.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: All guests will have registered prior to arrival and upon arrival, guests will be required to check-in and provide proof of vaccination or negative COVID test. Email addresses and phone numbers collected at time of registration are on file.

Plans for Social distancing: Security and staff will help to encourage social distancing guidelines.

Plans for Enforcement of use of face coverings (indoor events only): NA

Face coverings will be encouraged when not eating and drinking.

Strategies to reduce congestion at choke points: Please see attached event layout. Each guest will have a badge that is coded with vaccination information, which will allow check-in to proceed quickly, avoiding a bottle neck. Staff will be placed in the aisles to help direct people to their seats.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All staff and student volunteers are fully vaccinated and will provide proof of vaccination. All staff and student volunteers will be required to attend a virtual safety training prior to the event. Personal protective equipment shall be made available to all employees and vendors working at the event, including hand sanitizer, face coverings. All employees and participants shall be reminded prior to the activity that if they have any COVID-like symptoms and/or they have been directed to quarantine by the Hawai'i State Department of Health, they should not attend. All employees, vendors and guests will be required to show proof of completion of HPU's daily health questionnaire. This is a

paperless process which can utilize the daily badge offered through HPU's App. Any employee or vendor with symptoms occurring within 72 hours of the event will be prohibited from attending the event. Guests will be subject to temperature scans.

Additional measures to reduce transmission between staff/performers and attendees: Please see above.

Plans for addressing symptomatic individuals on-site

Guests are asked to review health assessment guidelines prior to arriving and will not be allowed to attend the event if they exhibit any symptoms. If at any time a guest shows symptoms during the event, the attendee and their guest will be asked to leave the premises immediately and will be encouraged to get a COVID PCR test. School administration will follow up with that individual to determine any next steps.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Email communication to invited guests include information regarding proof of vaccination, face masks recommended except when actively eating or drinking, as well as a list of symptoms to review prior to the event. As discussed above, all staff and volunteers will be briefed on safety protocol and guidelines.

Event Date & Time: 8/19/2021 10:00:00 PM

Entry Allowed for Attendees: 8/19/2021 8:30:00 PM

Event Closure for Attendees: 8/19/2021 10:00:00 PM

Event Description: Luncheon for incoming freshman level college students with a guided tour of the campus.

Anticipated Number of Attendees: 200

Implementation Plan:

Pre-Event Information Collection (if any): NA

Guests are encouraged to confirm their vaccination status prior to arrival on August 19.

Vaccination/Testing Plans:

Verification at Entry: NA

Guests are required to show proof of vaccination upon arrival to the event. Those who are not fully vaccinated prior to the event are required to show proof of a negative COVID test result within 48 hours of the event date. The check-in times are staggered throughout the 10:30am-11:30am event time. Guest check-in will take place outdoors at the Aloha Tower Marketplace Venue. To assist with contact tracing, HPU will collect sign-in data for all attendees through a reservation/booking system prior to arrival. Guest check-in is outlined on the corresponding maps. Guests will proceed to check-in for infrared temperature scan. Guests will then assemble into socially distanced lines, marked out by decals to ensure participants' safety. Security will preside over the guest check-in lines to ensure all precautions are taken.

Plan for On-site Testing (if any): NA

We have the ability to rapid test attendees on site if needed using the FDA approved Abbott Laboratories BinaxNOW COVID-19 rapid antigen test. We will have the ability to rapid test up to 200 attendees on-site.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Hawaii Pacific University has implemented COVID safety procedures, as outlined below, and has conducted on-campus activities since September 2020. We have implemented hand sanitizing stations which will be located at check-in tents. Box lunches will served guests. No self-service will be allowed. Cleaning staff will be present to continuously clean the event area and bathrooms. Guests will remain outdoors at all times during this event.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: All guests will have registered prior to arrival and upon arrival, guests will be required to check-in and provide proof of vaccination or negative COVID test. Email addresses and phone numbers collected at time of registration are on file.

Event Description:

Event Date & Time: 8/28/2021 10:00:00 PM

Entry Allowed for Attendees: 8/29/2021 2:30:00 AM

Event Closure for Attendees: 8/29/2021 5:30:00 AM

Event Description: Wedding ceremony and reception meal

Anticipated Number of Attendees: 200

Implementation Plan:

Pre-Event Information Collection (if any): Attendees will pre-register by providing copy of their vaccine card showing date of last vaccine, to match name on Master Guest list provided by Wedding couple. As

of 8/6/21 80% of attendees have submitted documentation and we will continue to collect documents up until 8/26/21, after that date, attendees shall bring documentation upon arrival to event.

Vaccination/Testing Plans:

Verification at Entry: Attendees will check in at entrance, get temperature check and receive wristband to identify they have pre-registered all documents as currently required by C&C of Honolulu under Tier 5.

Plan for On-site Testing (if any): None available however Doctors of Waikiki, at Sheraton Princess Kaiulani, is an option if needed.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Banquet staff will be in control of the food & beverage service through the event. Food will be plated by a Hotel employee and handed to the attendee. Drinks will be handled by Hotel bartenders and service staff.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: Yes. All attendees will be required to submit documentation of vaccine to show fully vaccinated OR present card upon arrival. Or present negative covid test result taken within 48 hours of event date.

Plans for Social distancing: N/A

Plans for Enforcement of use of face coverings (indoor events only): C19 Covid Coordinator (C19CC) will work with DJ/Emcee/ Event coordinator and Band Leader to remind attendees to wear masks while indoors.

Strategies to reduce congestion at choke points: See diagram; Covid 19 registration area will be one way in, until such time that all guests have registered, then reverts to two way use. Exit and re-entry to Ceremony site by wristband only with check points by MaiTai Bar. Entry to Monarch Ballroom by wristband only until start of Reception at 6:00pm.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Ballroom doors slide open to allow airflow to pass through. Monarch Ballroom has one full side of structure that is permanently open for ventilation.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: C19CC will brief staff and performers prior to start of event to ensure health & safety of all attendees.

Additional measures to reduce transmission between staff/performers and attendees: Performers are to be on stage, @6feet distanced from direct physical contact of attendees or staff. While indoors and performing, masks shall remain on.

Plans for addressing symptomatic individuals on-site

Any person who presents with a temperature of 100.4 or more will not be allowed to enter. Recommend they seek medical assistance right away. If attendee presents with physical symptoms during the event, they shall be moved to the Coronet Lounge for observation. If medical attention is required, C19CC shall inform Banquet Mgr (on duty) and Hotel Security with regards to the situation. Attendee shall leave the premises to seek medical help as soon as deemed possible.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Utilize Emcee /Band Leader to make announcements of Hotel rules for wearing masks indoors, as needed.

Event Description:

Event Date & Time: 8/15/2021 10:00:00 PM

Entry Allowed for Attendees: 8/16/2021

Event Closure for Attendees: 8/16/2021 8:00:00 AM

Event Description: We are a local production company who focuses our energy on spiritual gatherings and dance and sound healing. We are planning to host local artists to perform live music, and there will be NO ALCOHOL present at the retreat. It's a day event on Sunday, Aug 15th, we will be offering healthy practices like yoga, meditations, and healing through dance.

We have been doing our best to overcome many setbacks from a lack of events for the last 18 months and this event specifically was designed to help us recover from substantial loss. If we need to cancel

this event, not only will we be set back more than we already are, we will need to inform our staff and talent that we cannot afford to pay them which will put over 20 people including artists back as well.

We will have a very hard time recovering from this if we cannot move forward with Sunday. We appreciate your understanding. Mahalo nui loa. -m

Anticipated Number of Attendees: 175

Implementation Plan:

Pre-Event Information Collection (if any): We are collecting information at the event to ensure everyone is following proper guidelines.

Vaccination/Testing Plans:

Verification at Entry: We are confirming vaccination records and/or negative test results at our check in point upon arrival of ticket holders. We will also be holding a temperature check at the front, and records are being kept for contact tracing.

Plan for On-site Testing (if any): We will not be offering on site testing, we are sharing local testing locations to our ticket holders via email 72 hours prior to the event.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: We will not be offering food or beverages. The guests will be allowed to pack their own lunches and snacks.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: We will have each of our guests sign that they have submitted proper documentation of vaccine or negative test at the door. We will be doing temperature checks at the door as well. The list will be available for the state should it be requested or required.

Plans for Social distancing: We have secured 16 acres of private land in a wide open farm area in Hau'ula to ensure more than substantial amounts of room for social distancing. We have limited number of attendees to 175 to ensure ample space to socially distance.

Plans for Enforcement of use of face coverings (indoor events only): NA

Strategies to reduce congestion at choke points: We are in a wide open farmland, there will be no choke points aside from a porto-potty station where we will have staff placement to ensure the guests and not congregating.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All of our staff members are vaccinated or negative tested the same as our attendees. We will be doing temperature checks upon arrival. We will also have our staff wearing masks to keep our guests comfortable.

Additional measures to reduce transmission between staff/performers and attendees: We have limited staff, 2 security, 1 door girl (who will be alone checking people in), and a few roaming staff to ensure guidelines are being followed.

Plans for addressing symptomatic individuals on-site

They will be isolated immediately from other guests and asked to leave and test as soon as off the premises.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

We are in email contact with our guests and have been communicating our covid structure for their safety. We pride ourselves on the measures we have taken at our past events to ensure the safety of our patrons.

Event Description:

Event Date & Time: 8/11/2021 10:00:00 PM

Entry Allowed for Attendees: 8/12/2021 2:00:00 AM

Event Closure for Attendees: 8/12/2021 8:00:00 AM

Event Description: Wedding

Anticipated Number of Attendees: 52

Implementation Plan:

Pre-Event Information Collection (if any): I have a contact tracing form with guests names, emails and phone numbers that will be collected prior to event date. Guests will be notified that they need to show proof of their vaccination status (fully vaccinated more than two weeks ago) or proof of a negative pcr test taken within 48 hours of event.

Vaccination/Testing Plans:

Verification at Entry: Guests will vaccination card and/or proof of negative pcr test will be checked prior to entering the wedding venue.

Plan for On-site Testing (if any): If they do not provide their vaccine card or proof of negative test they will not be allowed entry into the wedding venue.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Masks will be worn at all times guests are walking and will only be removed for actively eating and drinking.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: All data will be kept in an excel document with guests first and last name, contact information, how they showed their vaccine card or proof of negative test result.

Plans for Social distancing: We have planned to have more than 6 ft between guests tables, seat families with each other and limited capacity at tables to give more room. Guests meals will be served to limit amount of people needing to get up and down.

Plans for Enforcement of use of face coverings (indoor events only): Multiple announcements will be made throughout the evening to remind guests that masks must be worn. If a guest fails to comply they will be escorted off the venue.

Strategies to reduce congestion at choke points: The venue has one main entry point and a separate exit point, these will be used to keep guests from clogging up any one point. Guests will be arriving on staggered times to entry point.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): It is an outdoor space.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All staff have been informed that masks are mandatory on-site. Staff handling food or drink will also be wearing gloves and we will limit how many staff are onsite to try and use the least amount the event will allow for.

Additional measures to reduce transmission between staff/performers and attendees: Staff will only be around guests when needed, will not hang out in any one area for too long. The event is outside so staff will be able to separate themselves easily from the guests area.

Plans for addressing symptomatic individuals on-site

Symptomatic guests will be turned away prior to entry at the venue as they will be temp checked prior to getting on the buses provided.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Guests/staff have all been notified via email and text prior to the day of the event on the policies and protocols for the event. We have contact tracing paperwork already so that if any issues arise we will be able to get a hold of guests/staff easily and quickly. Staff will be reminded of safety protocol throughout the evening by their lead and guests will be reminded throughout the evening by the emcee.

Event Description:

Event Date & Time: 9/4/2021 10:00:00 PM

Entry Allowed for Attendees: 9/4/2021 7:00:00 PM

Event Closure for Attendees: 9/5/2021 10:30:00 AM

Event Description: Joanna Ma & Josh Byrnes Wedding

Wedding Venue at the Kahala Hotel & Resort.

Ceremony. 5pm. Location: Plumeria Grove

Reception & Cocktail. 5:45 pm to 11pm. Maile Foyer/Maile Ballroom

Anticipated Number of Attendees: 200

Implementation Plan:

Pre-Event Information Collection (if any): Attendees will pre-register by providing copy of their vaccine card showing date of last vaccine, to match the guest list provided by bride and groom. Documentation will be fully submitted prior to event date.

Vaccination/Testing Plans:

Verification at Entry: Attendees will approach check-in table to take temperature and receive wrist band to identify they have pre-registered all documents as currently required by the state.

Plan for On-site Testing (if any): None available, however, hotel has COVID protocol in place.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Hotel's banquet team will operate and service the food & beverage through the event. Food will be plated by hotel employee and handed to attendee. Drinks will be serviced by hotel bartender and service staff.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: Sign in data will be collected and applied upon check-in. Completed form will be collected by the hotel staff as record.

Plans for Social distancing: Attendees will be reminded and advised as needed.

Plans for Enforcement of use of face coverings (indoor events only): COVID protocol will be assigned by event planner to ensure and remind attendees to wear mask while indoors. Hotel will post signs to wear mask.

Strategies to reduce congestion at choke points: COVID registration will take place upper vs lower lobby apart from actual check-in with distance to avoid congestions. Hotel staff and event team will monitor to avoid congestions.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): HVAC system installed Maile ballroom. Heating ventilation and Air condition in place.

Includes filter system. Airwalls will be open for air flow.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Vendor and hotel staff will be reminded before event execution of wearing mask and washing hands.

Wearing of mask is mandated for all vendors and hotel staff will servicing.

Additional measures to reduce transmission between staff/performers and attendees: Staff/performers will be wearing mask during service.

Staff servicing food will be wearing gloves in addition to wearing mask throughout service.

Plans for addressing symptomatic individuals on-site

Any person with temperature of 100.4 or more will not be allowed to enter.

This applies to all vendors, employees and attendees (no exception).

COVID protocol officer will inform hotel staff and hotel will apply COVID protocol as needed. If medical attention is needed, hotel security and hotel manager on duty will assist as needed.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Staff and performers will enter through back of the house to answer COVID questions and check temperature.

Signs will be posted to wear mask at the ballroom.

EMCEE will announce hotel COVID rules for wearing mask indoors.

Attendees will be reminded until event conclusion.

Hand sanitizer will be placed throughout.

Entry Allowed for Attendees: 8/15/2021 2:00:00 AM

Event Closure for Attendees: 8/15/2021 8:00:00 AM

Event Description: Wedding

Anticipated Number of Attendees: 70

Implementation Plan:

Pre-Event Information Collection (if any): All guests and staff have submitted their names, email addresses and phone numbers to Event Planner for contact tracing.

Vaccination/Testing Plans:

Verification at Entry: Upon arrival all guests will be asked to show proof of their vaccination card OR a negative PCR test taken within 48 hours of the event.

Plan for On-site Testing (if any): There will be no onsite testing. If guests do not show proof of vaccine or negative test they will not be allowed to enter the venue.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Food will be plated by a Catering Staff employee and handed to the attendee. Drinks will be handled by bartending staff.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: Yes. All attendees will be required to submit documentation of vaccine to show fully vaccinated OR present card upon arrival OR present negative covid test result taken within 48 hours of event date.

Plans for Social distancing: Event Planner has increased the spacing between tables to ensure more room between guests, limiting capacity at tables. Event is held outdoors with a lot of extra space to utilize.

Plans for Enforcement of use of face coverings (indoor events only): Event Planner will work with Emcee and Staff Leader to make announcements throughout the event reminding guests to wear masks.

Strategies to reduce congestion at choke points: Venue has a main entry point that guests will enter to check-in and show their vaccine/test result and temperature check. They will use a different point to exit at the end of the evening.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): The event is completely outdoors.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Event Planner has contacted staff by email and text to brief them on safety protocols and policies in place for the event. Event Planner will hold a pre-event meeting to review safety policies prior to guests' arrival and answer any questions staff may have.

Additional measures to reduce transmission between staff/performers and attendees: Staff will not hangout in any areas, staff wait area size will be increased and the prep tent will be open to allow air flow.

Plans for addressing symptomatic individuals on-site

Any person who presents with a temperature of 100.4 or more will not be allowed to enter the venue. We will recommend they seek medical assistance right away.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Event Planner will work with the emcee to make announcements throughout the event reminding all about the safety policies.

Event Description: Wedding ceremony and reception meal

Anticipated Number of Attendees: 53

Implementation Plan:

Pre-Event Information Collection (if any): Guests will pre-register by providing copy of their vaccine card showing

date of last vaccine, to match name on Master Guest list provided by

Wedding couple. We will continue to collect documents up until 8/27/21, after that date, guests shall bring documentation upon arrival to event.

Vaccination/Testing Plans:

Verification at Entry: Guests will check in at the entrance, get a temperature check and show proof of vaccine/negative test result if they have not already submitted.

Plan for On-site Testing (if any): No onsite testing.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Catering staff will be in control of the food & beverage service through the

event. Food will be plated by catering staff and handed to the guests.

Drinks will be handled by bartenders and service staff.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: All guest will be required to submit documentation of vaccine to

show fully vaccinated OR present card upon arrival OR present negative

covid test result taken within 48 hours of event date.

Plans for Social distancing: Event Planner has allowed for more space in between tables and has limited capacity at tables to ensure more physical distance between guests.

Plans for Enforcement of use of face coverings (indoor events only): Event Planner will work Emcee to make announcements throughout the evening to remind guests to wear masks when not actively eating and drinking.

Strategies to reduce congestion at choke points: Event Venue has one main entry point that guests will check-in at upon arrival to the venue to show proof of vaccine/negative result and temperature check. The Event Venue has a separate exit point for guests to use. The Event Venue is completely outside.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Event Venue is completely outside.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Event Planner will email all staff prior to event day to update them on the current safety policies for the event. Prior to the guests arrival Event Planner will hold a meeting to brief and remind staff of safety policies.

Additional measures to reduce transmission between staff/performers and attendees: Event Planner will limit the number of staff onsite, making sure that we only have the essential staff needed. Staff will

be reminded not to hang out in guest areas, wash hands constantly and keep a physical distance of at least 6ft at all times when possible.

Plans for addressing symptomatic individuals on-site

Any person who presents with a temperature of 100.4 or more will not be allowed to enter. Event Planner will recommend that they seek medical attention.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Event Planner will utilize the Emcee to make announcements to remind all about the safety policies throughout the evening.

Event Description:

Event Date & Time: 9/4/2021 10:00:00 PM

Entry Allowed for Attendees: 9/5/2021 2:00:00 AM

Event Closure for Attendees: 9/5/2021 8:00:00 AM

Event Description: Wedding ceremony and reception meal

Anticipated Number of Attendees: 68

Implementation Plan:

Pre-Event Information Collection (if any): Guests will pre-register by providing copy of their vaccine card showing

date of last vaccine, to match name on Master Guest list provided by

Wedding couple. Event Planner will continue to collect documents up until 9/3/21, after that date, attendees shall bring documentation upon arrival to event.

Vaccination/Testing Plans:

Verification at Entry: Guests will check in at the entrance, get temperature check and show proof of vaccine/negative test result if they have not already done so.

Plan for On-site Testing (if any): No onsite testing.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Catering staff will be in control of the food & beverage service through the

event. Food will be plated by catering staff and handed to the guests.

Drinks will be handled by bartenders and service staff.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: All guest will be required to submit documentation of vaccine to

show fully vaccinated OR present card upon arrival OR present negative

covid test result taken within 48 hours of event date.

Plans for Social distancing: Event Planner has allowed for more space in between tables and has limited capacity at tables to ensure more physical distance between guests.

Plans for Enforcement of use of face coverings (indoor events only): Event Planner will work Emcee to make announcements throughout the evening to remind guests to wear masks when not actively eating and drinking.

Strategies to reduce congestion at choke points: Event Venue has one main entry point that guests will check-in at upon arrival to the venue to show proof of vaccine/negative result and temperature check. The Event Venue has a separate exit point for guests to use. The Event Venue is completely outside.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Event Venue is completely outside.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Event Planner will email all staff prior to event day to update them on the current safety policies for the event. Prior to the guests arrival Event Planner will hold a meeting to brief and remind staff of safety policies.

Additional measures to reduce transmission between staff/performers and attendees: Event Planner will limit the number of staff onsite, making sure that we only have the essential staff needed. Staff will be reminded not to hang out in guest areas, wash hands constantly and keep a physical distance of at least 6ft at all times when possible.

Plans for addressing symptomatic individuals on-site

Any person who presents with a temperature of 100.4 or more will not be allowed to enter. Event Planner will recommend that they seek medical attention.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Event Planner will utilize the Emcee to make announcements to remind all about the safety policies throughout the evening.

covid test result taken within 48 hours of event date.

Plans for Social distancing: Event Planner has allowed for more space in between tables and has limited capacity at tables to ensure more physical distance between guests.

Plans for Enforcement of use of face coverings (indoor events only): Event Planner will work Emcee to make announcements throughout the evening to remind guests to wear masks when not actively eating and drinking.

Strategies to reduce congestion at choke points: Event Venue has one main entry point that guests will check-in at upon arrival to the venue to show proof of vaccine/negative result and temperature check. The Event Venue has a separate exit point for guests to use. The Event Venue is completely outside.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Event Venue is completely outside.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Event Planner will email all staff prior to event day to update them on the current safety policies for the event. Prior to the guests arrival Event Planner will hold a meeting to brief and remind staff of safety policies.

Additional measures to reduce transmission between staff/performers and attendees: Event Planner will limit the number of staff onsite, making sure that we only have the essential staff needed. Staff will be reminded not to hang out in guest areas, wash hands constantly and keep a physical distance of at least 6ft at all times when possible.

Plans for addressing symptomatic individuals on-site

Any person who presents with a temperature of 100.4 or more will not be allowed to enter. Event Planner will recommend that they seek medical attention.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Event Planner will utilize the Emcee to make announcements to remind all about the safety policies throughout the evening.

Event Description:

Event Date & Time: 8/22/2021 10:00:00 PM

Entry Allowed for Attendees: 8/23/2021 1:00:00 AM

Event Closure for Attendees: 8/23/2021 8:00:00 AM

Event Description: Wedding Ceremony and Reception

Anticipated Number of Attendees: 100

Implementation Plan:

Pre-Event Information Collection (if any): Attendees will pre-register by providing copy of their vaccine card showing

date of last vaccine, to match name on Master Guest list provided by

Wedding couple. We will have attendees submit

documentation and we will continue to collect documents up until the wedding date of August 21, 2021; after that date, attendees shall bring documentation upon arrival to the wedding. The Master Guestlist is going to include first and last names, residential address and contact numbers with a vaccination card or negative Covid test result.

Vaccination/Testing Plans:

Verification at Entry: Attendees will check in at entrance, get temperature check and receive wristband to identify they have pre-registered all documents as currently required by C&C of Honolulu under Tier 5.

Plan for On-site Testing (if any): None will be available. They will not enter if they have symptoms of fever, cough and no verification of a vaccine card or negative test results.

[COVID-19 Risk Reduction Plan](#)

Plans on how to comply with restaurant/bar/social establishment conditions: Banquet staff will be in control of the food & beverage service throughout the wedding reception. Food will be plated by the catering staff and handed to the guests.

Drinks will be handled by the bartenders.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: Yes. All guests will be required to submit documentation of vaccine to

show fully vaccinated OR present card upon arrival. Or present negative covid test result taken within 48 hours of event date.

Plans for Social distancing: N/A

Plans for Enforcement of use of face coverings (indoor events only): The DJ/Emcee/Wedding coordinator and venue manager will remind attendees to wear masks outdoors if within 6 ft from other guests.

Strategies to reduce congestion at choke points: Check in registration area will be one way in, until such time

that all guests have registered, then reverts to two way use. Exit and re- entry to Ceremony site by wristband only with check points one way in and one way out.

Entry to Reception will be one way in and one way out.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): N/A

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: We will brief all vendors on the safety of wearing their masks and social distancing upon arrival and throughout the wedding.

Additional measures to reduce transmission between staff/performers and attendees: All Vendors will keep their distance from guests at the ceremony and reception. All vendors will remain their 6 ft social distance and wear masks at all times.

Plans for addressing symptomatic individuals on-site

Any person who presents with a temperature of 100.4 or more will not be allowed to enter. Recommend they seek medical assistance right away. If attendee presents with physical symptoms during the event, they shall be moved to registration welcome table for observation. If medical attention is required, the wedding coordinator shall inform Venue Manager on duty in regards to the situation. Attendee shall leave the premises to seek medical help as soon as deemed possible.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Utilize Emcee and DJ to make announcements of Covid Protocols for wearing masks and social distancing as needed

Entry Allowed for Attendees: 8/15/2021 10:00:00 PM

Event Closure for Attendees: 8/16/2021 2:00:00 AM

Event Description: Baby first birthday celebration. With food, served by the caterer.

Anticipated Number of Attendees: 80

Implementation Plan:

Pre-Event Information Collection (if any): Will be collecting vaccine information via email from the guests. If we have not received the information prior to the event, guests will need to present upon arrival.

Vaccination/Testing Plans:

Verification at Entry: Will have a list of all the guest names. We will check them off if we have received their vaccine information. If not, we will verify at the entrance to the event.

If they have not been vaccinated, will check to make sure they have a negative test that was taken within 48 hours.

Plan for On-site Testing (if any): none

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Food will be dished out by the caterer, and the dish will be handed to the guest.

No more than 10 people per table, and tables will be more than 6 feet apart.

Drinks will be in single-serve containers and will be individually handed to the guests

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: Will have a preprinted guest list with contact info. Guest will sign in when they enter, and verify that their contact info is correct.

Plans for Social distancing: Tables will be at least 8 feet apart. If not at the table, will remind guests to remain 6 feet apart.

Plans for Enforcement of use of face coverings (indoor events only): Will have face masks available at the entrance. Will remind guests to wear, except when eating or drinking. Will periodically remind guests to wear.

Strategies to reduce congestion at choke points: Choke point probably at check-in. Will have reminders to keep 6 foot distance. There is plenty of room for guests to spread out.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Outdoor only

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All staff will be wearing masks, and will be required to wash hands frequently. Will have hand sanitizer stations throughout the event.

One live musician will be on a stage at the venue, which is at least 20 feet away from the seated guests.

Additional measures to reduce transmission between staff/performers and attendees: see above

Plans for addressing symptomatic individuals on-site

Temperatures will be taken on entrance. Guests with temperature of 100.4 or greater will not be allowed to enter. We will screen guests and ask if they are symptomatic. If they have fever, sore throat, cough, runny nose, or other ill symptoms, the guest will not be allowed to enter.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Will send out an email to all guests prior to the event that will indicate that all guests need to be vaccinated/tested, will be screened when they enter our event, and will be required to wear masks at all times, except when eating or drinking.

Event Description: The event is a scholarship fund raiser for the Mason Contractors Association of Hawaii. We expect 50 teams consisting of 3 golfers per team. Additionally, golfers will be paired on the golf course with 2 golfers per cart and three carts per tee.

Anticipated Number of Attendees: 170

Implementation Plan:

Pre-Event Information Collection (if any): NA

Vaccination/Testing Plans:

Verification at Entry: NA

Plan for On-site Testing (if any): NA

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Golfers will be checking in at the porte cochere (drive thru) located at the entry of the club house. Masks will be mandatory for all golfers until they are on the golf course. All volunteers are required to be masked at all times on and off the course. Lunch boxes will be handed to each golfer after signing in. There will be no financial transaction at the registration desk. All financial transactions are completed online. Each golfer will wear their mask after completing the round of golf. Dinner will be boxed for golfers to take home. No after golf distribution of gifts/prizes will be allowed. No indoor activities are allowed.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: The list of golfers and volunteers will be available at the registration desk. We will have the golfer/volunteers' name, e-mail address and phone number available upon request. Names of substitute golfers will be added to the list, as necessary.

Plans for Social distancing: Golfers will be sent to their respective tee assignments in groups of six players using three golf carts. Golf carts will accommodate two players.

Plans for Enforcement of use of face coverings (indoor events only): NA

Strategies to reduce congestion at choke points: After golf, each golf cart will go to their cars and drop off their golf bags. The cars are spaced adequately in the parking lot. Golf carts will be returned to the cart station by the driver of the cart. Since there will not be an awards banquet, volunteers will hand out dinner boxes to each of the golfers as they complete their rounds.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All volunteers and staff members will be masked throughout the event. The golfers will be given the "mitigation plan" prior to going to their assigned carts. Additionally, prior to leaving the club house, an announcement will be made to remind the golfers of the mandates.

Additional measures to reduce transmission between staff/performers and attendees: The lunch bento boxes and dinner boxes will be prepared by Mitsuken and Pearl Country Club. No food service will be available. Volunteers will be wearing masks and using gloves to hand out the boxes.

Plans for addressing symptomatic individuals on-site

Golfers and volunteers will be asked to verify that they have a valid covid vaccination card. A temperature check will be made for ALL attendees. Any symptomatic individuals will not be allowed to participate in the golf tournament. Those who have been in contact with the symptomatic individuals will be sent home immediately.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

A written document with the "mitigation plan" will be distributed to all attendees (golfers) and volunteers. An announcement will also be made prior to the start of golf. Two volunteers will be available to ensure that the protocols are being followed while the golf tournament is in progress.

Event Description:

Event Date & Time: 8/14/2021 10:00:00 PM

Entry Allowed for Attendees: 8/15/2021 3:00:00 AM

Event Closure for Attendees: 8/15/2021 8:00:00 AM

Event Description: The Royal Hawaiian Hotel will be hosting the Mari Tollan and Lowell Tong Wedding on Saturday, August 14, 2021. The Ocean Lawn will be the site of the ceremony which maximum capacity is 600 guests. The cocktail reception will be outside on the Monarch Terrace and seated buffet dinner inside, open air Monarch Ballroom. Contact Tracing and Proof of Negative COVID test and/or proof of vaccination will be required and provide to venue prior to the start of the event.

Anticipated Number of Attendees: 180

Implementation Plan:

Pre-Event Information Collection (if any): A creditable third party vendor planner, Kristen Moux, has been hired to collect and maintain the data for contact tracing and proof of vaccination or negative COVID test with-in 48 hours. This data will be collected and received prior to the start of event

Vaccination/Testing Plans:

Verification at Entry: Hotel will check and verify the guests' full vaccination or negative COVID test result (within 48-hours).

Plan for On-site Testing (if any): Not planned

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: All Guests are verified upon arrival at the check desk. Temperature Check, Vaccination Proof and/or Negative Test Result.

Temperature checks of staff and guests. Anyone at or above 100.4 degrees will not be permitted and encouraged to seek medical attention.

All guest after temperature check will receive a wristband for visual proof they have passed the check in.

Guest tables will be set with no more than 10 guests each.

At least 6' apart from each table.

Mask wearing enforced unless actively eating or drinking.

Mingling of group will be done outside and with masks unless actively eating or drinking.

Buffet station are served by chef attendant and the food station is shielded with plexiglass and distant by 6 feet from guests.

No self-service food and beverage are arranged.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: A third party, Kristen Moux, wedding planner, has been hired to collect and maintain the data. A consolidated spreadsheet will be submitted to Hotel's event manager prior to event start.

Plans for Social distancing: Pre-plan travel route for entering and existing to reduce congestion at choke points. Banquet Captains to follow timelines to call tables to eat, restroom breaks, etc.

Tables to be set 6' apart.

Hand sanitizer located throughout the area.

Plans for Enforcement of use of face coverings (indoor events only): Posted signage and banquet captain and staff to roam event and enforce mask wearing unless actively eating or drinking.

Reminders from the DJ / Emcee to review the rules and throughout the program enforce the rules.

Strategies to reduce congestion at choke points: All glass doors / Rolling glass walls will be left open for fresh air, also allowing for a broader approach to the ballroom and buffet.

Banquet Captain has a releasing order of each table and will not release until there isn't a line or congestion.

Entrance and exit to the room is clearly identified with signage.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Dedicated Air Conditioning Unit

Complete open air venue with sliding glass walls/doors

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Pre shift meetings will be conducted prior to the start of the event to review the safety protocols.

Employees to be temperature checked prior to each shift

Employees required to wear their masks for the duration of event.

Hand washing stations available for use throughout the event

Sanitation materials available for guest and staff use.

Hand sanitizer available

PPE available such as gloves, masks, and aprons available.

Additional measures to reduce transmission between staff/performers and attendees: Staff Members are not allowed to seat or mingle with guests

Performers are required to remain more than 20 feet away from guests.

Staff, vendors, and performers are encourage to be fully vaccinated and/or provide wedding planner with these necessary information.

Plans for addressing symptomatic individuals on-site

Hotel will alert both Security and Hotel Managers to tend to specific guest and assess guest's condition.

A security report to be filled out and escort guest off property.

When necessary, guests will be escorted to the Doctor on Call clinic located on site at the Sheraton Waikiki hotel or nearest emergency clinic or hospital.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Pre shift meetings will be conducted prior to the start of the event to review the safety protocols.

Employees to be temperature checked prior to each shift

Rules and regulations review with Wedding Planner prior to event in pre-event meeting or client review.

Reminders through DJ and Emcee throughout the night.

Vaccination/Testing Plans:

Verification at Entry: N/A

Plan for On-site Testing (if any): N/A

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: • Food – all food will be plated only by designated team of people wearing masks and gloves – no plates and utensils will be reused. NO guests will handle serving utensils.

- Drinks – all drinks will be served by 2 people wearing masks and gloves – no cups will be reused
- All tables will be 6 feet apart with a max of 8 people per table. Extra tables were added to sit people in their bubbles
- There will be hand sanitizer on each table
- Tables will have paper covering
- Extra paper towels and antibacterial soap was purchased for the bathrooms

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: • Pens at sign in table will be sanitized between use

- COVID signs will be displayed on sign in table
- Temperature check will occur at sign in table
- Masks will be given to each guest at sign in table
- Sign in table will have a guest book which includes guests names and contact information
- During housekeeping announcements done by emcee, will disclose that all COVID-19 precaution and guidelines will be enforced and followed

Plans for Social distancing: • All tables will be 6 feet apart with a max of 8 people per table. Extra tables were added to sit people in their bubbles

Plans for Enforcement of use of face coverings (indoor events only): • During housekeeping announcements done by emcee, will disclose that all COVID-19 precaution and guidelines will be enforced and followed

- Masks will be given to each guest at sign in table

Strategies to reduce congestion at choke points: • There are no doors to entrance so people will be spread out practicing social distancing while waiting to sign in and get temperature checks.

- We will place tape on the ground 6 feet apart at entrances to bathroom, food line, drink line, and sign in table

Description of ventilation system and how COVID risk is mitigated (indoor venues only): N/A

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to

communicate the plan: • Sounds – Kanani Wong follows Covid protocol set by the National Audio Council – He will be wiping down all mics and stands that get touched between each act. MC will have her own mic and not be shared

Additional measures to reduce transmission between staff/performers and attendees: • All tables and chairs and equipment will be Lysol/Clorox wiped prior to use. Lysol and Clorox will be available upon request

Plans for addressing symptomatic individuals on-site

- Each invited guest will be sent a text with wellness questions and zoom options within 72 hours of wedding
- All guest displaying symptoms will be asked to leave the venue immediately

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

- During housekeeping announcements done by emcee, will disclose that all COVID-19 precaution and guidelines will be enforced and followed

Event Description: Water Baptism at Kailua Beach for attendees and visitors of New Hope Windward

Anticipated Number of Attendees: 100

Implementation Plan:

Pre-Event Information Collection (if any): NA

Vaccination/Testing Plans:

Verification at Entry: NA

Plan for On-site Testing (if any): NA

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: New Hope Windward has implemented COVID safety procedures, as outlined below. We have implemented hand sanitizing stations which will be located at all tent locations as well as registration tables. No self-service of food or beverages will be allowed. Staff and volunteers will serve guest pre-packaged bento and bottled water. Signage will be posted for visual reminders of current safety guidelines implemented at our event. Guest will remain outdoors at all times during this event.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: All guest will have registered prior to arrival and upon arrival. Guest will be required to do temperature checks at check-in and complete a health form. Name, email addresses and phone numbers are collected at time of registration and are kept on file.

Plans for Social distancing: Staff will help to enforce social distancing guidelines and any lineup will be distanced by traffic cones and/or stanchions. Signage will be posted for visual reminders of current safety guidelines implemented at our event.

Plans for Enforcement of use of face coverings (indoor events only): NA Event will take place outdoors at Kailua Beach. Signage will be posted for visual reminders of current safety guidelines implemented at our event.

Strategies to reduce congestion at choke points: Signage will be posted for visual reminders of current safety guidelines implemented at our event. We have implemented a staggered scheduled check in times. Participants will be limited to no more than 25 people and separated into groups.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All staff and volunteers will follow the same protocol as attendees. They will be required to do temperature checks at check-in and complete a health form. Name, email addresses and phone numbers are collected at time of check-in and are kept on file.

Additional measures to reduce transmission between staff/performers and attendees: A COVID-safety staff person will be present at the event to ensure guidelines are being met. Staff will be required to attend safety training prior to the event. Volunteers will be required to attend a virtual safety training prior to the event. PPE: Personal protective equipment shall be made available to all employees, volunteers, and attendees at the events, including hand sanitizer and face coverings.

Plans for addressing symptomatic individuals on-site

Attendees are required to submit a health survey prior to attending the event. If they answer "YES" to any questions they will not be allowed to attend the event. If the individual exhibits any symptoms during the event, the individual and their guest will be asked to leave the premises immediately and will be encouraged to seek medical advisement. Administrative staff will follow up with the individual to determine any next steps.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Staff: weekly staff training up to the day of the event will take place along with email communications.

Attendees: Email communication will be exercised, Each individual will receive a personal call from designate staff and volunteers to go over all safety protocol and guidelines being implemented and to answer any questions.

Volunteers: Email communication for volunteers and a virtual training will be held to go over safety protocol and guidelines being implemented and to answer any questions.

Entry Allowed for Attendees: 8/21/2021 3:00:00 AM

Event Closure for Attendees: 8/21/2021 7:30:00 AM

Event Description: It is my wedding reception. There will be 62 guests including my husband and I. Everyone on the list has been vaccinated and so we are also being very cautious by having the tables be social distanced. It is mostly family and a few close friends, very small kine wedding to celebrate our marriage.

Anticipated Number of Attendees: 62

Implementation Plan:

Pre-Event Information Collection (if any): NA

Vaccination/Testing Plans:

Verification at Entry: NA

Plan for On-site Testing (if any): NA

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: The food will be served by a few individuals that will limit contact between guests. They will be wearing gloves and masks. We will also be using bottled or individual drinks since it creates less contact with people. Extra utensils and other things will be available upon request, but again limiting the serving of the food to a few individuals, that way people have small contact with each other.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: We already have an RSVP sheet of all people planning to attend, we will also include a sign in space where they will check in as they arrive.

Plans for Social distancing: The tables will be positioned in a way to promote social distancing. Families will only be seated with their specific loved ones in order to reduce the risk of spreading anything.

Plans for Enforcement of use of face coverings (indoor events only): NA

Strategies to reduce congestion at choke points: There will be several signs leading the way towards the reception area where a few individuals will be taking up to 6 people at a time down towards the location. It is a pretty wide open space and so we will be encouraging social distancing as people arrive.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All people participating in the serving of food will be social distanced and stationed at a specific place. They will be wearing masks and gloves and only have one person collecting the food from them in order to serve everyone else.

Additional measures to reduce transmission between staff/performers and attendees: The people who will be ushers will be testing the attendees as they arrive by using a thermometer and making sure those who enter don't have a fever. All helpers are vaccinated and will be tested before event. All guests arriving are vaccinated as well.

Plans for addressing symptomatic individuals on-site

As people arrive, they will be checked for temperature, if found to have a higher temperature than normal they will be asked to leave.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

The Friday before the event the staff will be gathered and given instructions on the safety protocols. We will also send out this message to attendees so that they will be aware of the temperature check in as they arrive.

Entry Allowed for Attendees: 9/21/2021 1:30:00 AM

Event Closure for Attendees: 9/21/2021 8:00:00 AM

Event Description: Wedding Ceremony and Reception

Anticipated Number of Attendees: 128

Implementation Plan:

Pre-Event Information Collection (if any): Attendees will pre-register via an online system and provide a copy of their vaccine card showing date of last vaccine which will be cross matched with clients guest list.

Vaccination/Testing Plans:

Verification at Entry: Attendees will be checked in at entrance and provided a wristband indicating that they have provided proof of vaccination or a negative covid test. An additional series of questions and a health check form will also be required. Once the health questionnaire is completed, temperature checks will be given. This will be done to anyone coming on property, such as the bridal party, guests, staff and vendors. Any person with a temperature over 100.4 will not be permitted to enter the venue.

This information is a requirement to enter the wedding venue.

Plan for On-site Testing (if any): No onsite testing will be available however there are urgent care facilities located close to the wedding venue if needed.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: All food and beverage will be handled by the catering and bar staff that will be required to follow all Covid-19 protocols and rules that are in compliance with the CDC and State of Hawaii. All food will be pre-plated and served to guests. guests will not be allowed to serve themselves.

The reception area will be closely monitored and guests will not be able to sit prior to dinner service. Chairs will be sanitized before and after the wedding ceremony and placed in pre-assigned seated.

Any staff or vendor displaying symptoms of Covid-19 within 72 hours of the event will not be permitted to work.

All bar service ware will be disposable and one time usage.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: Client is to provide contact tracing information (name + phone number + email address) for all guests prior to the event.

This information is a requirement to enter the wedding venue.

Plans for Social distancing: SOCIAL DISTANCING

We encourage that all persons shall maintain a 6ft. distance from others to the fullest extent possible unless they are from the same household.

SEATING | TABLE ASSIGNMENTS

Reception - Maximum of 10 persons per table and it is recommended that each table be reserved for members of the same household.

Ceremony - Rows are to be placed 6ft. apart. Assigned seating recommended mirroring the reception seating assignments as much as possible.

SANITATION OF VENUE

The venue will be sanitized before, during and after the event using procedures and products in compliance with CDC guidelines. All high touchpoint surfaces such as restrooms, doorknobs and handles will be sanitized on an hourly basis.

Hand sanitizer will be available to all staff and guests at various locations throughout the venue. We encourage guests and staff to use these often during the event.

Plans for Enforcement of use of face coverings (indoor events only): Face coverings will be recommended.

Staff and vendors will be required to use face coverings.

Strategies to reduce congestion at choke points: The venue is very large (about 21,356 ft) the check in will take place as guests enter the property, the ceremony will take place ocean side of the venue and the check in will be placed to the left of the property so there is proper room for social distancing as guests enter and exit the property. Each area will be supervised proper direction will be provided for all attendees. See diagram for details.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: The DJ will be behind a DJ booth with a plexiglass covering so attendees are not allowed to enter into his space. The microphone will be sanitized after each use and proper disposable gloves, face coverings and proper sanitizing will be required throughout the evening by all staff members.

Additional measures to reduce transmission between staff/performers and attendees: Microphones are required to be located at a minimum of 10ft. From guests. Only one person is permitted to use the microphone at a time which will be sanitized by the DJ or musician.

Staff will be required to wear face coverings throughout the entire event. Staff will be encouraged to maintain proper social distancing from guests.

Plans for addressing symptomatic individuals on-site

Attendees or staff that present a temperature of 100.4 or more will not be allowed onsite and encouraged to seek medical attention immediately.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

We have created a Policies and Procedures guideline based on the current rules and recommendations from the CDC and State of Hawaii that has been and continues to be presented to our clients. We are striving to maintain a safe environment so that we can produce a successful event together. We ask our clients to communicate and encourage all of the policies and procedures that have been presented to our clients.

Our clients and attendees must also sign a health waiver prior to entering the event. The health waiver also reiterates our policies and procedures to ensure a safe event.

Any vendors participating in the event will be required to follow State of Hawaii guidelines applicable to their service or craft. All vendors are required to submit their own health and safety guidelines and check in with a venue representative to have their temperature taken, contact tracing details taken and provided with a wrist band once complete.

Event Description:

Event Date & Time: 8/17/2021 10:00:00 PM

Entry Allowed for Attendees: 8/18/2021 3:30:00 AM

Event Closure for Attendees: 8/18/2021 4:30:00 AM

Event Description: Funeral service for Randall UYEHARA in sanctuary of Manoa Valley Church. Sanctuary is air conditioned, and all side glass sliding doors will be opened.

Attendees will be family only and persons from Manoa Valley Church as follows: Pastor Abe Han, AV coordinator, 4 deacons (who will be in charge of temperature taking, contact tracing information of attendees, and supervising, mask wearing, social distancing in sanctuary.)

No singing; only live music are 2 cello players. Microphones & handles will be sanitized after each speaker.

ALL attendees and church personnel are vaccinated, except for deceased's 3 yr old granddaughter.

After service, family will distribute boxed meals to attendees. Meals are to be eaten at home.

There is to be no socializing in church's breezeway nor parking lot before and after service.

Anticipated Number of Attendees: 500

Implementation Plan:

Pre-Event Information Collection (if any): NA

Vaccination/Testing Plans:

Verification at Entry: NA

Plan for On-site Testing (if any): NA

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: NA

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: There will be 4 of Manoa Valley Church's deacons who will be temperature taking

and collecting contact tracing information at entry

Plans for Social distancing: Yes, Manoa Valley Church always requires social distancing. Church deacons will be attending to this before, during and after funeral service.

Plans for Enforcement of use of face coverings (indoor events only): There will be church personnel attending to face coverings and social distancing in the

sanctuary as well as outdoors and parking lot.

Strategies to reduce congestion at choke points: There are no "choke points" to enter church's sanctuary; we have 2 large entries.

Minimal of 2 people entry to use restroom.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Sanctuary is air conditioned and both side walls have sliding glass doors which will be fully opened..

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All church personnel and invited funeral attendees are fully vaccinated. There will be church personnel before, during and after service who will attend to seeing that everyone is masked and socially distanced.

Manoa Valley Church has limited “in church” services on Sundays, thus church personnel helping are very cognizant as to the measures needed to be taken for safety of transmission.

Additional measures to reduce transmission between staff/performers and attendees: Church personnel will be perusing all areas of sanctuary inside. and out, including parking lot before service, during service and after service.

Prior to formal funeral service and after benediction, attendees will be reminded regarding no gathering after service.

Plans for addressing symptomatic individuals on-site

Everyone invited plus church’s personnel helping out at funeral are fully vaccinated.. if per chance one of the vaccinated individuals who tests at entry and is symptomatic, he will be asked to leave the campus.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Wife and son of deceased have met with Pastor Abe and me (deacon, Mae Saito) and safety protocols were well addressed and accepted by Uyehara family.

Entry Allowed for Attendees: 8/15/2021

Event Closure for Attendees: 8/15/2021 8:00:00 AM

Event Description: Wedding ceremony and celebration of the marriage of Tiana Nguyen and Sung Kim. This outdoor event was planned prior to the Governor's Emergency Order of August 10, 2021.

Anticipated Number of Attendees: 160

Implementation Plan:

Pre-Event Information Collection (if any): To the extent possible, guests and participants will be asked to provide verification of vaccination or negative test result on the day of the event prior to the outdoor event.

Vaccination/Testing Plans:

Verification at Entry: Guests will be asked to provide verification of vaccination or a negative test result upon entry to the outdoor event. Guests will be temperature checked and given a wristband upon entry.

Plan for On-site Testing (if any): Self-administered rapid testing using BinaxNOW will be offered to the extent possible.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Food will be plated by the catering staff or will be pre-packaged for individual serving. No self-serving. Catering staff will monitor queuing for proper distancing and flow. Hand sanitizer will be available.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: Collection of "Check-in" Data for contact tracing purposes will be prior to entering the event venue, to include full name, address, and phone number of each person in attendance. The "Check-in" Data will be kept digitally by the Family and will maintain a record of the data for a minimum period of 28 days and make such data available to State and City health officials upon request and will provide the data to the Bishop Museum, upon request. The data shall otherwise be kept confidential to the greatest extent feasible.

Plans for Social distancing:

Plans for Enforcement of use of face coverings (indoor events only): Participants will be required to wear a face covering upon entry and while not actively eating or drinking. Announcements will be made during the event to remind guests to wear their face covering. Face coverings will be available for guests who do not

Strategies to reduce congestion at choke points: Tables and seating for this outdoor event will be spaced apart to the extent practicable. Entry only, exit only and queuing flow will be well marked. Spacing will be monitored by the coordinators and catering staff while queuing for entry and food and beverage. Guests will be asked not to mingle. Wedding couple will greet guests at their table rather than in a reception line or during the first dance.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Caterer will be asked to brief the staff prior to the outdoor event on proper mitigation procedures. Face covering and distancing will be required.

Additional measures to reduce transmission between staff/performers and attendees: Participants and guests will be briefed prior to entering the outdoor event on proper mitigation procedures. Face covering and distancing will be required.

Plans for addressing symptomatic individuals on-site

Individuals exhibiting flu-like symptoms, fever of more than 100.4 degrees, or a positive COVID test will not be allowed to enter the event area and advised to self-isolate and seek medical attention.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

To the extent possible, guests and staff will be reminded to follow all safety protocols prior to the event. Guests will be reminded prior to entering the outdoor event. Announcements will be made during to the event to remind participants to wear their masks and observe proper distancing.

Event Description: Outdoor wedding event at Kualoa Ranch, Paliku Gardens. Wedding is from 4pm-10pm and completely outdoors.

Anticipated Number of Attendees: 66

Implementation Plan:

Pre-Event Information Collection (if any): NA - We are however requiring all guests to fill out a health screener/questionnaire at the entrance and get a temperature check

Vaccination/Testing Plans:

Verification at Entry: NA

Plan for On-site Testing (if any): NA

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: The venue is outdoor, and the capacity of the venue is 250 per Kualoa Ranch's guidelines. We are expecting 66 guests and 10 vendor staff. We will have sanitation stations placed around the venue

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: We will collect this data for contact tracing purposes and will furnish it to the city upon request. (Email addresses and phone numbers collected ahead of time)

Plans for Social distancing: Tables spread apart and dancing under the wedding guidelines below:

- i. 8 dancers for a 12 x 12 dance floor
- ii. 12 dancers for a 12 x 18 dance floor
- iii. 18 dancers for an 18 x 18 dance floor
- iv. 32 dancers for a 24 x 24 dance floor

Plans for Enforcement of use of face coverings (indoor events only): NA - the event is strictly outdoors

Strategies to reduce congestion at choke points: There are more than one entrance point to the venue, restrooms, concession, and welcome table are all spread to different areas to allow for reduced congestion. The site consists of two large lawn areas, an upper garden, as well as an open air pavilion. All spots are being utilized to allow for ample space between guests and choke points.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA - the event is strictly outdoors

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Staff will be temperature checked

Additional measures to reduce transmission between staff/performers and attendees: All vendors and guests will be required to answer daily health questionnaire

Event Description: This is a community event for local small food businesses to sell their products to the public. We will have live music for the entertainment. We anticipate at least 750 people, but the number goes up and down as people leave and arrive.

Anticipated Number of Attendees: 750

Implementation Plan:

Pre-Event Information Collection (if any): NA

Vaccination/Testing Plans:

Verification at Entry: NA

Plan for On-site Testing (if any): NA

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: There will be 48 vendors selling hot/cold foods, desserts, snacks, and retail items. All vendors are required to follow the Dept. of Health's food handling rules and regulations. Vendors have been informed to wear masks at all times while in the booth space and to wear gloves when needed. Hand sanitizers will be available at all booths. Vendors are responsible to sanitize utilized surfaces. Guests are able to consume their purchases and can sit on the grassy area in the parking lot. Performers on stage will be distanced ten feet or more away from guests. No tables and chairs are provided for use by guests.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: We will use Altres' Wellness Tracker software, which is a self-screening health questionnaire. At the same time, this will serve as a way to collect attendees' sign-in data which will be stored in a database. Attendees will show confirmation of completion and issued a wristband. Manual forms will be available on-site for those that do not have access to a smartphone or the internet.

Plans for Social distancing: There will be signs reminding people to be courteous and social distance from other people.

Plans for Enforcement of use of face coverings (indoor events only): NA

Strategies to reduce congestion at choke points: We will use cones and stanchions to guide lines so that guests can walk through.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Vendors will wear face coverings at all times and gloves as needed. All guests will wear face coverings at all time unless actively eating and/or drinking. Emailed instructions will be sent to all vendors prior to the event. Signs will be posted throughout the venue asking guests to be use face coverings and to social distance while at this event.

Additional measures to reduce transmission between staff/performers and attendees: In addition, the restroom will be sanitized as needed and trash will be constantly checked and removed as needed.

Plans for addressing symptomatic individuals on-site

Should someone get sick on-site, they will be sent to the main tent for initial evaluation. If stable, they will be sent home and to get medical help if necessary. Areas encountered by the sick person will be sanitized thoroughly. All people who may have come into contact with an sick person will be notified immediately and advised to self-isolate and take a

COVID-19 test.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Guest responsibility procedures will be posted on our website and communicated through various media. Necessary signage will be posted throughout the venue. All vendors will train their workers on new COVID-19 safety protocols.

Event Description: Outdoor/Indoor event

Brunch Wedding

Our venue opens up to both indoor and outdoor

Anticipated Number of Attendees: 120

Implementation Plan:

Pre-Event Information Collection (if any): NA

Vaccination/Testing Plans:

Verification at Entry: our event will be open up meaning for our doors will open for an outdoor and indoor event

Plan for On-site Testing (if any): NA

Only temp check ill have

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Food will be service by cater company and in Bento boxes, Drink will be pass out by caterer

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: A sign in sheet will be present in site for contact tracing

Plans for Social distancing: We will set up the venue and will be 6 feet apart.

Plans for Enforcement of use of face coverings (indoor events only): Mask signs are up and MUST be worn at all times except for eating and drinking

Strategies to reduce congestion at choke points: We will have staff watching restroom doors 1 at a time, no hanging around and mingling

Description of ventilation system and how COVID risk is mitigated (indoor venues only): roll up gates will be wide open as an outdoor event

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Performer will have its own area, staff will clean area after each group, staff members will be upstairs watching from a distance.

Additional measures to reduce transmission between staff/performers and attendees: No we have everything covered on keeping our guess and staff safe.

Plans for addressing symptomatic individuals on-site

A questionnaire form will be at site for guess to answer.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Event Description:

Event Date & Time: 8/21/2021 10:00:00 PM

Entry Allowed for Attendees: 8/22/2021 1:15:00 AM

Event Closure for Attendees: 8/22/2021 3:15:00 AM

Event Description: Outdoor wedding and photo/video shoot to follow.

No reception will be held.

Anticipated Number of Attendees: 70

Implementation Plan:

Pre-Event Information Collection (if any): NA

Vaccination/Testing Plans:

Verification at Entry: NA

Plan for On-site Testing (if any): NA

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: No food or drink will be served. This is just the wedding ceremony, no reception.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: This is a destination wedding event so the guests attending are solidified. Sign-in data is being requested in advance of the ceremony. Couple is emailing respective information prior to the event.

Plans for Social distancing: The traditional layout of the wedding will space the guests during the ceremony and group photos to follow will lend to increased distancing between attendees.

Plans for Enforcement of use of face coverings (indoor events only): NA

Strategies to reduce congestion at choke points: The outdoor garden wedding venue has one main entrance and exit; a gate approximately 10' wide.

Guest arrival and departure will be staggered based on transportation booked to increase the speed of entry and reduce large gatherings of people to check-in.

Once on property, the wedding will take place with photos to follow. Restrooms will be quite accessible as the park is closed and most wedding guests typically do not use the facilities in the 1 hour they are on the property.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Staff/performers are naturally spaced during wedding events. The vendors on site (officiant, photographer, videographer, coordinator, etc.) are all regular vendors for the company who have previously done hundreds of weddings together.

There is minimal need for them to interact with each other at all, let alone in close proximity, during the event itself as details for the order of events are emailed to everyone in advance.

Additional measures to reduce transmission between staff/performers and attendees: Maintaining a 6' distance between staff and attendees is easily and naturally accommodated during wedding events (photographer & videographer cannot be that close to get good footage, coordinator oversees event from a distance, etc.).

Hand sanitizer will be brought to the wedding in the event this is needed for added safety.

Plans for addressing symptomatic individuals on-site

Individuals who are symptomatic will immediately be asked to leave the event and advised to get a COVID test/seek medical attention.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

We will send a safety email to the couple to share with their guests and to our staff before the event, reminding them to not attend if they are not well, avoid hugging/touching, and to use hand sanitizer that will be available on site.

Event Description:

Event Date & Time: 8/25/2021 10:00:00 PM

Entry Allowed for Attendees: 8/26/2021 1:15:00 AM

Event Closure for Attendees: 8/26/2021 8:00:00 AM

Event Description: Wedding Ceremony and Reception

Anticipated Number of Attendees: 56

Implementation Plan:

Pre-Event Information Collection (if any): Guests will receive an email with all safety protocols and entry requirements. Guests are required to RSVP with vaccination status to confirm that two doses (or single dose of Johnson & Johnson vaccine) were received as of 8/11/21.

Vaccination/Testing Plans:

Verification at Entry: All guests are required to show proof of vaccination upon arrival to enter the event. Those who are not fully vaccinated prior to the event are required to show proof of a negative COVID PCR or Antigen test taken no more than 48 hours prior to the event.

Plan for On-site Testing (if any): We will not be offering onsite testing as guests will receive a list of locations that offer rapid COVID testing and information on how to facilitate a rapid antigen test from eMed.com which is CDC-approved.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: • Hand sanitizing stations will be located at check in, at the food stations and bar

- All food stations will be staff-served
- Seating will be outdoors with a max of 10 guests per table

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: Upon arrival, guests will be required to check in and provide proof of vaccination. Email addresses and phone numbers collected at time of registration are on file.

Plans for Social distancing: Tables will be placed at a 6 foot distance from each other

Plans for Enforcement of use of face coverings (indoor events only): N/A as event is 100% outdoors

Strategies to reduce congestion at choke points: This event is 100% outdoors, we do not anticipate any choke points.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): N/A as event is 100% outdoors

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: • All onsite staff, vendors and performers will be required to show proof of vaccination or a negative COVID test taken no more than 48 hours prior to event.

- All onsite staff and vendors will be required to wear face masks at all times during their shifts
- All catering staff are trained on Department of Health food safety protocols

Additional measures to reduce transmission between staff/performers and attendees: • All onsite staff, vendors and performers will be required to show proof of vaccination or a negative COVID test taken no more than 48 hours prior to event.

- All onsite staff and vendors will be required to wear face masks at all times during their shifts
- All catering staff are trained on Department of Health food safety protocols

Plans for addressing symptomatic individuals on-site

Guests are asked to review health assessment guidelines prior to arriving and will not be allowed to attend the event if they exhibit any symptoms. Additionally, we will be conducting temperature checks prior to admittance.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

- All onsite staff, vendors and performers will be required to show proof of vaccination or a negative COVID test taken no more than 48 hours prior to event.
- All onsite staff and vendors will be required to wear face masks at all times during their shifts
- All catering staff are trained on Department of Health food safety protocols

Event Description:

Event Date & Time: 8/28/2021 10:00:00 PM

Entry Allowed for Attendees: 8/29/2021 2:00:00 AM

Event Closure for Attendees: 8/29/2021 7:00:00 AM

Event Description: A wedding reception for Lisa and Justin Kauwale. We were married right before the pandemic and put off the reception until now.

Anticipated Number of Attendees: 100

Implementation Plan:

Pre-Event Information Collection (if any): We are asking all attendees to send us their proof of vaccination prior to arrival. We will verify the proof of vaccination then we will add their name to the guest list.

Vaccination/Testing Plans:

Verification at Entry: For those that do not send in their proof of vaccination prior to arrival, we will have a security checking for proof of vaccination.

Plan for On-site Testing (if any): There will be no on-site testing for covid-19. However, we will have a temperature check and sanitizing station at the front door. Non-vaccinated people will not be allowed into the private event. Only vaccinated guests and staff will be allowed into

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Staff will be in control of the food & beverage service through the event. Food will be plated by staff and handed to the attendee. Drinks will be handled by the staff bartenders. Non-vaccinated people will not be allowed into the private event. Non-vaccinated staff will not be allowed. Everyone in the venue will be vaccinated.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: Yes. All attendees will be required to submit documentation of vaccine to show fully vaccinated OR present card upon arrival. Negative Covid tests will not be allowed. All attendees must be vaccinated.

Plans for Social distancing: The venue is meant for over 350 people seated, but we will have less than 100 guests. Guests will be spread out into different rooms, different tables and different areas.

Plans for Enforcement of use of face coverings (indoor events only): The Emcee will remind attendees to wear masks unless actively eating or drinking. All attendees and staff will also be fully vaccinated. Non-vaccinated people will not be allowed into the private event.

Strategies to reduce congestion at choke points: The only choke point will be at the front door, when checking IDs and proof of vaccination. Congestion shall be reduced by pre-approving people before they arrive. We shall also have multiple people checking IDs and proof of vaccination. All attendees will be asked to arrive between 4 and 6 PM. This will ensure entrance only during those times. After 6 PM, the front door will be for exit only.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): The ventilation system is designed for more than 350 people, with less than 100 people, there will be sufficient fresh air being distributed into the space, which will continuously replace old air.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All staff will be vaccinated. All staff will also still be required to wear masks.

Additional measures to reduce transmission between staff/performers and attendees: All staff and attendees will have minimal interaction, less than 1 minute at a time. There will be no performers, no singers or bands.

Plans for addressing symptomatic individuals on-site

Any person who presents with a temperature of 100.4 or more will not be allowed to enter. If an attendee presents with physical symptoms during the event, they shall be removed from the venue and asked to seek medical attention.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

The Emcee will continuously make announcements over the sound system to remind the attendees and staff of the safety protocols. There will be no performers, no singers or bands.

Entry Allowed for Attendees: 8/16/2021 2:00:00 AM

Event Closure for Attendees: 8/16/2021 8:00:00 AM

Event Description: Event is a Wedding Ceremony followed by a Dinner Reception

Anticipated Number of Attendees: 75

Implementation Plan:

Pre-Event Information Collection (if any): Couple will provide names and contact information for all guests attending the event.

Attendees will all be required to show verification of vaccine card showing date of last vaccine or Negative Covid Test within 48 hours of the event which will be required to match name on Master Guest list provided by Wedding couple.

Vaccination/Testing Plans:

Verification at Entry: A Cast Member will monitor the verification of vaccination cards and negative Covid test for all guests prior to entry to to the wedding venue.

Plan for On-site Testing (if any): None

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: All employees must wear a face covering at all times.

All employees must complete a self-health assessment prior to starting their shift and are required to stay home if they are not feeling well.

All tables and chairs will be cleaned before and after event.

Event area has a designated entrance and exit.

No cash or payments will be processed during the event.

Seating is limited to 10 per table and tables are spaced 6 ft apart from chair to chair.

All F&B stations will be set with plexi-glass and served by staff.

Employees will take and service all drink orders.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: A pre-determined manifest of event attendees with contact information will be created prior to event start.

All event attendees will be required to check in at the event entrance.

This event is for preregistered guests only.

There are no "Walk-in" attendees allowed at this event.

Plans for Social distancing: All tables will be spaced 6' feet apart.

Signage will be placed at event entrance to encourage guests to physically distance.

Aulani employees are trained to engage with event attendees and promote physical distancing.

Plans for Enforcement of use of face coverings (indoor events only): Posted signage and banquet staff to roam event and enforce mask wearing

unless actively eating or drinking.

Strategies to reduce congestion at choke points: Event area has a designated entrance and exit.

All tables and stations set at least 6 feet apart.

See attached event diagram for indoor event.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Ballrooms are equipped with MERV 14 Filters for ventilation.

Ventilation system meets ANSI standards.

Aulani has a preventative maintenance program that consists of scheduled and ongoing coil cleaning and filter replacement.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Training: Employees receive training on the Resort's health and safety protocols including the importance of personal health and hygiene, such as handwashing, staying home when ill and the importance of wearing a face covering and maintaining physical distancing.

Health and Hygiene: The Resort has enhanced the cleaning in work areas, adjusted its work practices to promote physical distancing, and is requiring all employees (regardless of vaccination status) to wear face coverings at events.

Health screenings: Employees must complete health screenings prior to their shift and are required to stay home if they are not feeling well.

Additional measures to reduce transmission between staff/performers and attendees: See Above

Plans for addressing symptomatic individuals on-site

If at any point during the event, an attendee begins showing COVID-19 symptoms, the attendee and the attendee's traveling party will be required to isolate and may be relocated or asked to leave the Resort in accordance with procedures established by the Resort based on applicable state and local requirements.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

All attendees are staying at the Resort.

Aulani Resort's COVID-19 Health & Safety Plan is shared as part of guest communication pre arrival and is accessible via the Resort's website.

As mentioned above, all employees are trained on the Resort's health and safety protocols and the importance of personal health and hygiene.

Signage will be placed at event entrance to encourage guests to physically distance.

Aulani employees are trained to engage with event attendees and promote physical distancing.

Event Description:

Event Date & Time: 8/28/2021 10:00:00 PM

Entry Allowed for Attendees: 8/29/2021 1:00:00 AM

Event Closure for Attendees: 8/29/2021 8:00:00 AM

Event Description: Wedding Ceremony and Reception

Anticipated Number of Attendees: 120

Implementation Plan:

Pre-Event Information Collection (if any): Guests will pre-register by providing copy of their vaccine card showing

date of last vaccine, to match name on Master Guest list provided by

Wedding couple. All guests will submit documentation and we will continue to collect documents up until 8/27/21, after that date, attendees shall bring documentation upon arrival to event.

Vaccination/Testing Plans:

Verification at Entry: Guests will check in at entrance, get temperature check and receive wristband to identify they have pre-registered all documents as currently required by C&C of Honolulu under Tier 5

Plan for On-site Testing (if any): N/A

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Banquet staff will be in control of the food & beverage service through the

event. Food will be plated by the caterer and handed to the guest.

Drinks will be handled by the bartenders.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: Yes. All guests will be required to submit documentation of vaccine to

show fully vaccinated OR present card upon arrival. Or present negative covid test result taken within 48 hours of event date.

Plans for Social distancing: N/A

Plans for Enforcement of use of face coverings (indoor events only): We will work with DJ/Emcee/Wedding coordinator

and Venue Manager to remind attendees to wear masks if within 6 ft of other guests.

Strategies to reduce congestion at choke points: The registration welcome area will be one way in, until such time

that all guests have registered, then reverts to two way use. Exit and re- entry to Ceremony site by wristband only with check points. Entry to the reception by wristband only until start of Reception.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): N/A

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Wedding Coordinator will brief all vendors prior to start of event to ensure health & safety of all guests

Additional measures to reduce transmission between staff/performers and attendees: Performers are to be on stage, @6feet distanced from direct physical contact

of guests or vendors. Masks shall remain on if other guests are within 6 ft and social distance whenever possible.

Plans for addressing symptomatic individuals on-site

Any person who presents with a temperature of 100.4 or more will not be

allowed to enter. Recommend they seek medical assistance right away. If

guest presents with physical symptoms during the event, they shall be

moved to the registration welcome table for observation. If medical attention is

required, the Venue Manager will informed about the situation. Guests shall leave the premises to seek medical

help as soon as deemed possible.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Utilize Emcee /DJ to make announcements of Covid Protocols for

wearing masks indoors if within 6 ft of other guests. Encourage Social Distancing.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: All food will be pre-packaged in bento boxes and containers. All utensils will be pre-packaged for individual use. All beverages will be in cans or bottles.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: The venue has a contract tracing form currently in place. I have been advised they will be updating it with vaccine and/or negative COVID test requirements as a result of Governor Ige's new proclamation yesterday.

Plans for Social distancing: The venue can accommodate 300. We expect 80 people. The food will be provided in a separate tent from the seating to allow maximum distance between groups.

Plans for Enforcement of use of face coverings (indoor events only): NA

Strategies to reduce congestion at choke points: There are multiple entrance ,exit points that will reduce any choke point and the restrooms are large enough and open to allow a line to form if need be outside the restroom that would be in open air space.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: There will be no staff or performers that are not already guests of the event.

Additional measures to reduce transmission between staff/performers and attendees: The staff/performers will be guests of the event.

Plans for addressing symptomatic individuals on-site

They are asked not to attend. If they develop symptoms during the event we will make note of who it is and ask them to leave.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

A notice addressing the expectations prior to the event will be included in all invites and follow up with be done at the venue.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Guests will be asked to wear masks during the event if they are not vaccinated. Masks for vaccinated guests will be encouraged, but not mandatory. However, in the event that masks are mandatory for all guests, everyone will be asked to wear one regardless of vaccination of status.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: There will be a master guest list with contact information.

Plans for Social distancing: All tables will be spaced accordingly.

Plans for Enforcement of use of face coverings (indoor events only): NA

Strategies to reduce congestion at choke points: Kualoa Ranch is a large outdoor venue, therefore we do not foresee any congestion. All lines for food and drinks will be spaced. Distance for bathrooms will also be encouraged.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: We ask that all vendors comply with their employers rules and covid guidelines.

Additional measures to reduce transmission between staff/performers and attendees: Guests will be asked to wear masks during the event if they are not vaccinated. Masks for vaccinated guests will be encouraged, but not mandatory. All vendors may be asked to wear a mask.

Plans for addressing symptomatic individuals on-site

They will be asked to leave the event and provide testing status, if applicable, to ensure proper contact tracing.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Guidelines have been communicated via Travis and Nikole's wedding website. Links have also been provided to ensure all guests are educated about Hawaii's Covid restrictions, as well as resources for CDC guidelines.

Event Date & Time: 8/14/2021 10:00:00 PM

Entry Allowed for Attendees: 8/15/2021 4:00:00 AM

Event Closure for Attendees: 8/15/2021 8:00:00 AM

Event Description: Birthday celebration for one of our regular customers, will have drive thru pickup for plates, and also tables and chairs for those wanting to stay and eat. Buffet will not be provided. Instead we will be serving each guest a take out plate, pre packed. Originally live entertainment was included. We are currently in the process of deciding if we will follow thru with the band.

Anticipated Number of Attendees: 60

Implementation Plan:

Pre-Event Information Collection (if any): NA

Vaccination/Testing Plans:

Verification at Entry: NA

Plan for On-site Testing (if any): NA

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: All food will be served in take out containers, guest will not have access to buffet area. Only staff will be packing and bring food to guests. They are welcome to ask for a specific item, which will be brought to them at their table. This event will be outdoors with tent covering and tables will be spaced to 6ft apart to allow for ample space to walk through. Restrooms will be provided with regular sanitizing and sanitizers will be offered at each table. Guest will be reminded by MC through the night that while walking away from tables they must be wearing mask.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: We are in the process of creating a paper form to be filled out by each individual or head of household before entering the party area. This form is to be turned in and data entry and printed out once event is completed for records.

Plans for Social distancing: As much as possible we want to remind our guests that we are in a pandemic, we may have some freedoms but we have to think of not only ourselves but others around us. Our staff will regularly enforce no intermingling between groups, unless specified while checking in they live in the same household. As much as possible we want to trust that our guests will self police. MC will be making regular announcements to guests regarding social distancing. Tables will be spaced to 6 ft. Also ensuring we have at least 6 extra tables than needed to allow for guest to spread out more.

Plans for Enforcement of use of face coverings (indoor events only): NA

Strategies to reduce congestion at choke points: Our layout is pretty straight forward. We are in the process of printing and laminating more signs to make areas more visible as well as give direction. We will have an employee posted at entrance to go to indoor dining area where bathroom is located to ensure the indoor area doesn't get too crowded.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to

communicate the plan: All staff will be required to wear face masks for this event. Face shields will be optional but encouraged. Readily available sanitizing and disinfecting stations will be provided. All current employees at our restaurant/food truck have already been vaccinated. We are in the process to see if the band has been fully vaccinated, otherwise a negative test will be required

Additional measures to reduce transmission between staff/performers and attendees: We will be adjusting our layout for the band, to give more open space between them and guests. If accepting request, the guest can only request through an employee who will pass it along to the singers instead of having them write on a piece of paper and not having this exchange of hands. While guests will be

allowed to take their mask off at the tables, all staff will be required to continue to wear their masks while in the service area.

Plans for addressing symptomatic individuals on-site

Before entering we will conduct a temperature check along with asking for guest info for tracking. Any individuals with visual symptoms showing such as fever and coughing, congestion or runny nose will be asked to step to the side for further questioning. If it is deemed they are fully vaccinated and say its due to allergies or sinus issues. Temperature will be checked again to be sure. We will question to ask if they are regularly around other people or high risk areas. If we feel it is unsafe they will be asked to leave, but record of guest coming to venue will be kept and flagged just in case further action may be needed.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Printouts will be made for guest to read while waiting to be seated. By giving information for tracing they also acknowledge receipt of protocols and information before event.

Meetings will be held before service with all staff to ensure we are all on the same page. MC will be regularly reminding guests of house rules. There many of our customers who have known someone either family or friend that they have lost due to COVID 19. Let it be a lesson to all of us to be careful while enjoying ourselves.

Extra signage and postings will be around entire open area to remind customers of our house rules.

Event Closure for Attendees: 9/2/2021 8:30:00 PM

Event Description: A ceremony to remember and Honor the 76th Anniversary of the End of World War II which took place on the deck of the Battleship USS Missouri.

Anticipated Number of Attendees: 150

Implementation Plan:

Pre-Event Information Collection (if any): The event is by invitation only. All guests planning on attending will be required to RSVP.

A master guest list will be available on site for guests to check in prior to seating. Contact information for all attending guests will be on file.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): Attendees will check in and be verified against the master guest list. Attendees will then have their temperatures checked before being seated and asked if they are experiencing any COVID-19 symptoms. Any guest experiencing symptoms will not be allowed

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: No food or beverages will be offered at this event.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: All guests will be required to RSVP to the event in which a master guest list will be created. Guests arriving at the event will be checked in and verified against the master guest list. Contact data for all attendees will be on hand.

Plans for Social distancing: The venue will only be seated at 33% capacity. Social distancing and spacing will be maximized.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Separate entrance and exit from the event will be used. These are separated by approximately 60 feet. Two separate restroom locations will be used to reduce any congestion for restrooms. No concessions or testing areas will be offered.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All staff assisting with the event will be briefed on the COVID-19 mitigations in place prior to the start of the event to ensure health and safety.

Additional measures to reduce transmission between staff/performers and attendees: Any unvaccinated staff will be required to wear a mask at all times while working the event. This can be accomplished due to the fact that the USS Missouri has vaccination data on all staff.

Plans for addressing symptomatic individuals on-site

Any person who's temperature is or exceeds 100.4 degrees Fahrenheit will not be allowed to enter the event. They will be asked to seek medical assistance and be screened for COVID-19. If any person

displays physical symptoms they will be removed from the site and observed. If medical attention is required they will be required to leave the property and seek proper care.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

All guests will be reminded of the COVID-19 requirements and mitigations in place upon check in.

Event Date & Time: 8/14/2021 10:00:00 PM

Entry Allowed for Attendees: 8/15/2021 3:30:00 AM

Event Closure for Attendees: 8/15/2021 8:00:00 AM

Event Description: The Moana Surfrider will be hosting the Jasah Timbobolan and Nick Barrett Wedding for Saturday, 14, 2021. The Diamond Lawn and Terrace capacity is 350. Max attendance for this event will be 60 guests. The Grand Salon has a maximum seating capacity of 120 guests.

Contact tracing and proof of negative COVID test and/or proof of vaccination will be required and provided to venue prior to the start of event.

Anticipated Number of Attendees: 60

Implementation Plan:

Pre-Event Information Collection (if any): A creditable third party vendor planner, Julie Nakano of From Above Entertainment, has been hired to collect and maintain the data for contact tracing and proof of vaccination or negative COVID test with-in 48 hours.

This data will be collected and received prior to the start of event.

Attendees will pre-register by providing copy of their vaccine card showing date of last vaccine, to match name on Master Guest list provided by Wedding couple.

Attendees are submitting documentation and we will continue to collect documents up until 8/13/21, after that date, attendees shall bring documentation upon arrival to event.

Vaccination/Testing Plans:

Verification at Entry: Hotel will check and verify the guests' full vaccination or negative COVID test result (within 48-hours).

Attendees will check in at entrance, get temperature check and receive wristband to identify they have pre-registered all documents as currently required by C&C of Honolulu under Tier 5.

Plan for On-site Testing (if any): Not planned at this time.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Guest tables will be set with no more than 10 guests each. At least 6' apart from each table.

Mask wearing enforced unless actively eating or drinking.

No mingling between groups.

Seated table service for all food and beverage only. No standing food and beverage arranged. Buffet station are served by chef attendant and the food station is shielded with plexiglass from guests. No self-service food and beverage are arranged.

Banquet staff will be in control of the food & beverage service through the event. Food will be plated by a Hotel employee and handed to the attendee. Drinks will be handled by Hotel bartenders and service staff.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: A third party, Julie Nakano of From Above Entertainment, has been hired to collect and maintain the data. A consolidated spreadsheet will be submitted to Hotel's event manager prior to event start.

All attendees will be required to submit documentation of vaccine to show fully vaccinated OR present card upon arrival. Or present negative COVID test result taken within 48 hours of event date.

Plans for Social distancing: Pre-plan travel route for entering and existing to reduce congestion at choke points. Banquet Captains to follow timelines to call tables to the served buffet .

Tables to be set 6' apart.

Registration area will be one way in, until such time that all guests have registered, then reverts to two-way use. Exit and reentry to dinner site by wristband.

Plans for Enforcement of use of face coverings (indoor events only): Posted signage and banquet captain and staff to roam event and enforce mask wearing unless actively eating or drinking.

C19 Covid Coordinator (C19CC) will work with DJ/Emcee/ Event coordinator to remind attendees to wear masks while indoors.

Strategies to reduce congestion at choke points: Maintaining 6' of social distance when entering the interior space.

Providing significant time for guest to move from one location to the next.

Remind guests to provide social distance when transitioning from ceremony to reception to dinner.

Guest access to the served buffet will be called by the banquet captain to avoid congestion.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): AC is a closed system, utilizing supply and return (filter side) air. Hotel conducts scheduled coil cleaning and filter replacement on a routine basis.

Ballroom doors slide open to allow airflow to pass through. Monarch Ballroom has one full side of stru

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Pre shift meetings will be conducted prior to the start of the event to review the safety protocols. Employees to be temperature checked prior to each shift and required to wear their masks for the duration of event.

C19CC will brief staff and performers prior to start of event to ensure health & safety of all attendees.

Catering will be provided by Moana Surfrider Hotel and all staff are trained on DOH safety protocols and follow guidelines issued by the City and County of Honolulu.

All staff members are required to wear face masks at all times during their shifts.

All staff members are temperature checked prior to arriving on property for their shifts.

Live musician will be positioned at the event, more than 10ft away from attendees and staff members and will be required to wear mask during performance.

Additional measures to reduce transmission between staff/performers and attendees: Employees to be temperature checked prior to each shift and required to wear their masks for the duration of event.

Performers are to be on stage, 10 feet distanced from direct physical contact of attendees or staff. While indoors and performing, masks shall remain on.

Plans for addressing symptomatic individuals on-site

Hotel will alert both Security and Hotel Managers to tend to specific guest and assess guest's condition. A security report will be filled out and escort guest off property. When necessary, guests will be escorted to the Doctor on Call clinic located on site at the Sheraton Waikiki hotel or a nearby medical facility.

Any person who presents with a temperature of 100.4 or more will not be allowed to enter. Recommend they seek medical assistance right away. If attendee presents with physical symptoms during the event, they shall be moved to the Coronet Lounge for observation. If medical attention is required, C19CC shall inform Banquet Manager (on duty) and Hotel Security with regards to the situation. Attendee shall leave the premises to seek medical help as soon as deemed possible.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Safety protocols and restrictions are listed on Event Orders for meeting planner to sign off and communicated to the attendees. Staff will attend the Pre shift meetings and review the safety protocols. Adequate signage is displayed at event site to remind guests and performers for the restrictions.

All staff and employees have completed the commitment to clean training prior to establishing employment.

Utilize Emcee /Band Leader to make announcements of Hotel rules for wearing masks indoors, as needed.

Email communication sent to all attendees include information regarding proof of vaccination, face masks, as well as a list of symptoms to review prior to the event. All staff are briefed on safety protocols prior to working on property.

Event Closure for Attendees: 10/17/2021 9:00:00 AM

Event Description: Wedding Ceremony & Reception

Anticipated Number of Attendees: 130

Implementation Plan:

Pre-Event Information Collection (if any): We have created a webpage to educate guests and begin collecting digital copies of vaccination cards before the wedding date. The form they would fill out to

provide all contact tracing information will allow guests to upload a photo copy of their vaccination card. ALL information & pictures will be instantly uploaded and saved to a private folder.

Vaccination/Testing Plans:

Verification at Entry: Upon arrival to the wedding location, guests will be stopped at the venue entrance by Covid Compliance staff who will have iPads bookmarked to the same link mentioned above to submit a copy of their vaccination and contact tracing information. If they have already submitted their documentation, they will simply show their picture ID to be checked off of the "list" and have their temperature checked. In order to pass the staff and attend the wedding, the guest will receive a wristband OR handstamp to signify that they have gone through the Covid compliance verification process.

Plan for On-site Testing (if any): There will be no testing offered on site as anyone who wants to attend is required to show proof of a Covid test within 48 hours prior to the ceremony start time. If anyone isn't able to do so, they will not be permitted to stay and offered to find their own transportation.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Meals are plated. Guests are assigned to specific tables. Guests will be wearing masks unless actively eating or drinking. All hotel staff will wear masks at all times. Contact tracing information will be collected, temperature checks, tables will be spread out 6' apart, no more than 10 people per table, and hand sanitizing stations throughout the property.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: This information will be collected as part of our PRE-Event Registration of guests and for anyone who doesn't complete it before the wedding day, will do so (via iPads) ON the wedding day BEFORE being allowed to receive the wristband or hand stamp and then to enter.

Plans for Social distancing: Check-in lines will be kept to a minimum with the utilization of iPads AND PRE-Event registration.

Tables in the ballroom will be set up more than 6' apart

Plans for Enforcement of use of face coverings (indoor events only): This requirement is being shared with ALL guests multiple times prior to the wedding day and upon arrival. Guests MUST be wearing a mask to be allowed to enter/attend the wedding. The master of ceremonies will be making repeated announcements and remind

Strategies to reduce congestion at choke points: See previous notes & all doors will be opened to allow guests to enter from any door once they have passed the Covid compliance station. We have also notified all guests to arrive early to allot more time to check in and ensure all guests don't arrive at the same time.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Air conditioning will be on full and doors to the foyer will be open.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Pre-event briefing to advise staff & performers to wear masks, remain 6-10 feet away from all guests/attendees whenever possible and review Covid protocols: wear masks, distance, wash hands frequently.

Additional measures to reduce transmission between staff/performers and attendees: DJ table set up will be more than 10' away from all guests

DJ & MC will be wearing masks during the entire duration of the event unless actively eating or drinking

Plans for addressing symptomatic individuals on-site

Any person who presents with a temperature of 100.4 or more will not be allowed to enter. Recommend they seek medical assistance right away. If attendee presents with physical symptoms during the event, they shall be moved outdoors for observation. If medical attention is required, wedding planner shall inform Banquet Mgr (on duty) and Hotel Security with regards to the situation. Attendee shall leave the premises to seek medical help as soon as deemed possible.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

-Guests will be reminded about Covid safety procedures and best practices when submitting their copy of vaccination card before the wedding day.

-Pre-event briefing and confirmations/reminders of vendors and staff

-Reminders by the MC throughout the duration of the reception for guests to keep their masks on unless actively eating or drinking

Event Date & Time: 8/20/2021 10:00:00 PM

Entry Allowed for Attendees: 8/21/2021 3:30:00 AM

Event Closure for Attendees: 8/21/2021 8:30:00 AM

Event Description: Private dinner banquet to celebrate family accomplishments and coming of age of a family member.

Anticipated Number of Attendees: 200

Implementation Plan:

Pre-Event Information Collection (if any): Guests are encouraged to bring covid vaccination cards and/or negative test copies. Contact tracing information for seated guests per table is required no less than 4 days before the event.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): No onsite testing is available. Guests will be temperature screened prior to entering the gate.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Caterers will handle plating and distribution of food and beverages. No self service is allowed for any food/beverage.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Contact tracing information per table will be submitted to the Caterer 4 days before the event.

Plans for Social distancing: 6 foot distancing for all guests tables. Guests are encouraged to stay seated with no co mingling.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: There will be separate entrance and exit for guests. Sign in table will be 5 ft away from main entrance.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): The entrance and exit doors will remain open. The venue has AC.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All staff will be temperature checked. All staff are required to fill out and sign covid check forms.

Additional measures to reduce transmission between staff/performers and attendees: Social distancing will be enforced between staff and guests.

Plans for addressing symptomatic individuals on-site

Guests who show symptoms will be temperature checked, else they will be denied entry.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

The venue and caterer will provide proper signage for all guests reminding to keep social distancing and masks on. Staff will remind guests to follow covid mandates. Guests who do not follow rules will be asked to leave by the client and catering manager.

Event Description:

Event Date & Time: 8/14/2021 10:00:00 PM

Entry Allowed for Attendees: 8/14/2021 7:30:00 PM

Event Closure for Attendees: 8/15/2021 2:00:00 AM

Event Description: Mele A'e is a locally produced television show featuring up-and-coming musicians. It is recorded with a professional production crew in our large sound-stage venue, Studio 1122 and surrounding isolated areas within our facilities/grounds. We run a staggered-call operation-meaning we have a core group production crew and staggered talent scheduled to arrive/depart throughout the day. Crew is divided into smaller "bubbles" of no more than 8.

Anticipated Number of Attendees: 29

Implementation Plan:

Pre-Event Information Collection (if any): We are required to have a COVID Safety Compliance person on site for every production, whose sole duty is to enforce compliance. We are required to fill out a "Production Activity Report" and submit to the county/state film offices. It includes a COVID safety plan and attendee details.

All company staff in attendance must fill out our company-mandated COVID self screening application before arriving on-site. Outside talent and vendors participating are asked to submit information before arriving on set. We are also asking for submission of verification for vaccination/negative testing, if available.

Recently implemented company policy will require all 'Ōlelo staff to submit on-file proof of completed COVID vaccination or a recent negative COVID test results before reporting to work or entering our facilities. Similar requirements are set to be implemented very shortly for outside vendors, talent and clients who wish to enter our facilities.

Vaccination/Testing Plans:

Verification at Entry: Temperature checks and health screening questionnaire completion is required before entry, in addition to full contact-tracing information collection. All this information is required to be archived both in our internal computer database, and also completed in hardcopy, which must be signed by each attendee. Additionally, mask checks are conducted in order to comply with our company 100% mask mandate while on premises.

Plan for On-site Testing (if any): We currently do not provide on-site testing.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: We provide a required meal to all crew members working the production. Meals are all individually pre-packaged as delivered from the vendor. Crew is encouraged to limit capacity inside by eating outside. We allocate appropriate time for all crew to find socially distant areas in/around our facility to consume their meal, if they so choose to eat on premises.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: All information (both for health questionnaire and contact tracing) is collected both to our internal computer system, and via hardcopy, which must be signed by attendee. Information is also collated and archived for submission to state/city film offices as part of the "Production Activity Report" we are required to submit for each production.

Plans for Social distancing: We have staggered crew/talent assignments, with folks coming and departing throughout the day. While on-site, all will be divided into groups of no-more than 8 in any individual room or area (separated by physical structure or appropriate distance). All talent are designated to individually contained "greenrooms" within our facilities while not actively performing. On-site COVID Safety Compliance Officer will monitor and enforce social distancing protocol. Full sanitation is conducted regularly for all touch-points.

Plans for Enforcement of use of face coverings (indoor events only): Our company has a mask mandate that covers all persons entering our facilities. Mask screening is conducted by our COVID safety compliance officer upon entrance. Regular and random compliance checks will occur throughout the day.

Strategies to reduce congestion at choke points: We have staggered arrival, departure, and break schedules. Entrance into facilities is also divided into multiple separate entrance portals. We have multiple, separate bathroom facilities. Talent is divided into separate, individual areas while not actively performing.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Filtered central air conditioning is operational at all times for all enclosed areas. Filters are changed regularly.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: As mentioned, all staff and performers are separated by appropriate social distancing. All crew is required to wear appropriate face coverings, and additional PPE (such as gloves). Sanitation protocols and supplies are continually available and regularly implemented. Performers are segregated to individual spaces while not actively performing, and are required to wear face coverings. While actively performing, performers will stand in designated areas appropriately distanced from staff/crew.

Additional measures to reduce transmission between staff/performers and attendees: No attendees outside of event staff and performers will be allowed on-premises.

Plans for addressing symptomatic individuals on-site

On-site COVID Safety Compliance Officer will be doing regular safety checks. Anyone exhibiting symptomatic behavior will be screened and may be asked to exit premises immediately. Filed contact tracing and COVID health questionnaire information for the individual will be retrieved and forwarded to state/county film offices, as required.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

COVID safety and mitigation plans are submitted to city/state film offices, and communicated via email and/or telephone with all crew/performers before each date. All material will also be made available throughout the event, and COVID Safety Compliance officer will provide any necessary real-time updates.

Entry Allowed for Attendees: 8/20/2021 8:30:00 AM

Event Closure for Attendees: 8/20/2021 3:30:00 AM

Event Description: Golf Tournament Fundraiser. The event will consist of only a round of golf, there will be no banquet.

Anticipated Number of Attendees: 88

Implementation Plan:

Pre-Event Information Collection (if any): N/A Guests will be encouraged to confirm their vaccination status prior to the event.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): Health forms will be required to be filled out at registration.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Pre-packaged grab and go food will be prepared and distributed by the golf course staff.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: All sign in data will be collected prior to the event and confirmed at check-in.

Plans for Social distancing: Registration will be outdoors. Lines will be set up to maintain 10' distancing. The remainder of the event golfers will be spread out throughout the course.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Registration will be outdoors in a large open area to avoid choke points. Golf carts will be spread out within the staging area to maintain more than 10' social distancing. Lines requiring 10' distancing will be established for use of bathrooms.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Minimal staff will be present. All staff will wear face coverings and hand sanitizer will be made available. All employees and participants shall be reminded prior to the activity that if they have any COVID-like symptoms and/or they have been directed to quarantine by the Hawai'i State Department of Health, they should not attend.

Additional measures to reduce transmission between staff/performers and attendees: Noted above

Plans for addressing symptomatic individuals on-site

Guests are asked to review health assessment guidelines prior to arriving

and will not be allowed to attend the event if they exhibit any symptoms. If

at any time a guest shows symptoms during the event, the attendee will be asked to leave the premises immediately and will be encouraged to get a COVID test.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

An email summarizing protocol/requirements will be issued prior to the event. Attendees will be reminded of protocol/requirements at check-in.

Entry Allowed for Attendees: 8/22/2021 2:30:00 AM

Event Closure for Attendees: 8/22/2021 7:00:00 AM

Event Description: Outdoor Wedding Ceremony and Outdoor Wedding Meal

Anticipated Number of Attendees: 75

Implementation Plan:

Pre-Event Information Collection (if any): Guests are required to show proof of vaccination upon arrival to the event.

Those who are not fully vaccinated prior to the event are required to show proof of a negative COVID test result within 48 hours of the event date.

Upon arrival, there will be a check-in section for all guests to show proof of vaccination as well as signing a form to implement contact tracing. Management and coordinators will then be collecting the following information through a reservation/booking system prior to arrival and showing proof of the following that they have done so.

Guests will then assemble into socially distanced lines,

marked out by decals to ensure participants' safety. Management and coordinators will preside over the guest check-in lines to ensure all precautions are taken.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): All guests will have registered prior to arrival and upon arrival, guests will be

required to check-in and provide proof of vaccination or negative COVID test.

Email addresses and phone numbers collected at time of registration are on file.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: We are fully enforcing COVID safety procedures such as hand sanitizing stations which will be located in each area throughout the event. Banquet staff will be in control of the food & beverage service through the event. Food will be plated by professional catering company and staff and handed to the attendee. Cleaning staff will be present to continuously clean the event area and bathrooms. Guests will remain outdoors at all times during this event. Drinks will be handled by professional private bartenders and service staff.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: All attendees will be required to submit documentation of vaccine to

show fully vaccinated, present card upon arrival, present negative

covid test result taken within 48 hours of event date, and upon entrance will be signing and filling out a contact tracing form and signing ensuring to keep all COVID-19 Procedures and rules throughout the entire event.

Plans for Social distancing: This is an Outdoor Wedding Function, Therefore all vendors (ex:DJ, F/B) will be spaced out more than 6ft. apart as well as using face coverings. Tables will seat no more than 6 people within the same household. All face coverings will be implemented and used at all times other

than when eating or drinking. There will be no lines, no dancing, no interaction with guests at other tables at all times.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: This event is outdoors, therefore there is one way in through a check-in table on the left and an exit point on the right. There will be signage as well as coordinators to be assisting those to go in and out at all areas of the space.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Each management/staff/coordinator will have walkie-talkies on them to communicate with one another. Masks at all times. No performers. All management/staff/coordinators as well as vendors participating in the event will be screened prior to the event. Upon arrival will present a NEGATIVE test or a COVID-19 Proof of Vaccination Card. They will also be on another contact tracing system to ensure safety and secure the following data.

Additional measures to reduce transmission between staff/performers and attendees: All staff/attendees will be prompted at all times to sit, stand, and no dancing, no interacting, or no migrating to one or the next within the area. All vendors will be spaced out more than 6ft. apart. There will be no performers at all.

Plans for addressing symptomatic individuals on-site

At check-in, there will be temperatures taken upon arrival. Any person who presents with a temperature of 100.4 or more will not be allowed to enter. Recommend they seek medical assistance right away and leave the premises. If attendee presents with physical symptoms during the event, they shall be prompted to leave. If medical attention is

required, coordinators will be prompted to call 911 at any given situation that this may arise. Attendee shall leave the premises to seek medical help as soon as deemed possible.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Utilize Emcee/Band Leader to make announcements and rules if needed. All staff will be required to wear masks at all times and only contact each other via walkie-talkies on the premises.

Implementation Plan:

Pre-Event Information Collection (if any): Attendees will fill out a form and provide a copy of their vaccine card showing

date of last vaccine, to match name on Master Guest list provided by

Wedding couple.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: Attendees will check in at entrance, get temperature check and verify that they have completed all required pre-registration documents as currently required by C&C of Honolulu under Tier 5.

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Staff will be in control of the food & beverage service through the

event. Food will be plated by staff and served to attendee at their tables.

Drinks will be handled by bartender and staff.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Yes. All attendees will be required to submit documentation of vaccine to

show fully vaccinated OR present card upon arrival. Or present negative covid test result taken within 48 hours of event date.

Plans for Social distancing:

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: One-way entrance and exit points. Restrooms will be cleaned every half hour.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Venue has two entrances that will remain open to all airflow.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Staff and performers will be required to submit documentation of vaccine to

show fully vaccinated OR present card upon arrival. Or present negative covid test result taken within 48 hours of event date.

Additional measures to reduce transmission between staff/performers and attendees: Hand washing will be done often. Performers will be on stage, with at least 6 feet distanced from direct physical contact of attendees or staff.

Plans for addressing symptomatic individuals on-site

Any person who presents with a temperature of 100.4 or more will not be allowed to enter. Recommend they seek medical assistance right away.

If attendee presents with physical symptoms during the event, they shall be asked to leave the premises and seek medical attention if necessary.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Utilize Emcee / Performer to make announcements of house rules for wearing masks indoors, as needed.

charee.heard@bishopmuseum.org

1525 Bernice St / Honolulu, HI 96817

Event Description:

Event Date & Time: 8/16/2021 7:00:00 PM

Entry Allowed for Attendees: 8/17/2021 12:30:00 AM

Event Closure for Attendees: 8/17/2021 3:15:00 AM

Event Description: This is a reception to welcome incoming students for our fall freshman class, and let them meet other students and families from the area. It is a very informal program, with an emphasis on mingling and casual conversation. We are using a pair of outdoor venues at the Museum that have a collective capacity of over 300, and our attendance will be less than 25% of that capacity.

Additionally, all attendees except myself (operator/responsible party) are from Hawaii, vs traveling from other states, etc.

Anticipated Number of Attendees: 60

Implementation Plan:

Pre-Event Information Collection (if any): We will inform all attendees that, while vaccination is not required since we will be outdoors, and significantly below capacity and volume limits, we still prefer that those attending be vaccinated, and inform them that they will be asked the standard symptom check questions. We will also inform them that anyone attending who is non-vaccinated should prepare to provide proof of a negative test, working from the qPCR EUA approved tests standard, if asked.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): No on-site testing will be performed.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: We have ensured that facility (Bishop Museum) and caterer (Mud Hen Water) are collaborating to ensure compliance in regard to food and beverage stations. Thorough conversations have already taken place, and in light of the Governor's updated guidance, we will be reviewing between now and the event.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: All attendees must pre-register in order to attend. In doing so, we will have name/address/phone/email for all attendees. The data will be available to the City/State upon your request.

Plans for Social distancing: While our attendee volume and % capacity are not expected to cause great concerns in this outdoor setting, we are still planning on making liberal use of our space to properly distance food stations, tables, and all other activities for maximum distancing.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Since the event will be entirely outdoors in a spacious setting, we do not anticipate many choke points. However, we will still take steps to ensure check-in involves minimal need for waiting in lines. Pre-registration will allow for a quick QR-code, paperless process. Additionally food and recreation stations are being adequately spaced so that no one part of the venue should ever have too much congestion. Still, event organizers will keep an eye out for any such congestion and ask attendees to re-space as needed.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Masks and hand sanitizer will be available for all staff volunteers and vendors. All staff, volunteers and vendors will be required to perform a self-symptom check prior to the event and will be reminded prior to the event that if they have any COVID-like symptoms and/or they have

been directed to quarantine by the Hawai'i State Department of Health, they should not attend. As mentioned in earlier responses, all attendees will receive information prior to the event date advising them on this arrangement

Additional measures to reduce transmission between staff/performers and attendees: Caterer will take on all distribution of food and beverage, with no self-service permitted.

Plans for addressing symptomatic individuals on-site

All participants will be asked to review health assessment guidelines prior to arriving and will be asked to not attend the event if they exhibit any symptoms. If at any time a participant shows symptoms during the event, the attendee and their guest will be asked to leave immediately and will be encouraged to get medical care and a COVID qPCR test. UO will rely on the local public health authority for follow up and contact tracing if necessary.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Email, and phone call follow-up as needed.

Event Closure for Attendees: 8/22/2021 9:30:00 AM

Event Description: The Prince Waikiki will be hosting the wedding ceremony and reception for Sharon Kim & Reyn Sugihara during the evening of Saturday, August 21, 2021. The

Pi'inaio Ballroom's capacity is 460. Max attendance including vendors for

this wedding is 153. Contact tracing and proof of negative

COVID test and/or proof of vaccination will be required and provided to

venue prior to the start of event.

Anticipated Number of Attendees: 153

Implementation Plan:

Pre-Event Information Collection (if any): Yes, Hotel will ensure contact tracing and proof of both vaccination or

negative covid test received prior to the start of event.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: Hotel will require verification of full vaccination or negative covid test in advance (within 48-hours).

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Guest tables will be set with no more than 10 guests each, set 6' apart.

Mask wearing enforced unless actively eating or drinking. Hand sanitizer

stations will be set around Ballroom as well as thermometer at registration.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Spreadsheets or other forms of documentation will be submitted to venue

from client, prior to the start of event.

Plans for Social distancing:

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Diagrams to be created and discussed with clients to show ingress/egress.

Banquet Captains to follow timelines so we can keep on pace with event and

understand meal times, when to call tables to eat, restroom breaks, etc.

where we can control and prevent choke points.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): AC is a closed system, utilizing supply and return (filter side) air. Hotel

conducts scheduled coil cleaning and filter replacement on a routine basis.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Pre shift meetings will be conducted prior to the start of each event.

Employees will be required to wear their masks for the duration of event.

Additional measures to reduce transmission between staff/performers and attendees: Pre shift meetings will be conducted prior to the start of each event.

Employees will be required to wear their masks for the duration of event.

Plans for addressing symptomatic individuals on-site

Hotel will alert both Security and Hotel Assistant Managers to tend to specific guest and assess guest's condition. A security report to be filled out and escort guest off property. Suggestions to visit nearest urgent care, clinic, or hospital depending on severity of symptoms.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Pre shift meetings will be conducted prior to the start of each event.

Event Description:

Event Date & Time: 8/15/2021 10:00:00 PM

Entry Allowed for Attendees: 8/16/2021 1:45:00 AM

Event Closure for Attendees: 8/16/2021 8:00:00 AM

Event Description: Wedding Ceremony and Dinner Reception

Anticipated Number of Attendees: 63

Implementation Plan:

Pre-Event Information Collection (if any): Attendees will be notified in advance (via email) of COVID19 Health & Safety Guidelines and rules and will be required to pre-register by providing a copy of their vaccine card showing the date of their last vaccine, to match the name on the Master Guest/Attendee List. Should guests fail to pre-register or are unable to upload proper documentation, attendees shall be

instructed to bring documentation to the event and provide proper documentation for clearance to enter the event.

Vaccination/Testing Plans:

Verification at Entry: Attendees will check-in at the entrance to the venue, where temperature checks will be given and documentation will be verified. Once guests have been confirmed to be compliant with all requirements, they will be allowed entrance into the event space.

Plan for On-site Testing (if any): No on-site testing will be available, however; notice will be given to attendees in advance with the following testing resources for in-advance testing:

Kidney Foundation of Hawaii located at Daniel K. Inouye International Airport: <https://kidneyhi.work>

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Food will be plated by catering staffing and will be served in compliance with county health and safety guidelines. Catering staff will hand the plated food directly to the attendee at their designated dinner table. Drinks will be handled by bartending and service staff. Catering staff will maintain proper handwashing and sanitation practices throughout the event and will wear face masks at all times.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: All attendees will be required to submit documentation providing proof of vaccination -OR- proof of a negative COVID19 test taken no more than 48 hours prior to the event. Requests will be sent to attendees in advance to ensure that they submit this documentation prior to the event which we will track. Upon arrival / entry, Moana Belle will ensure an attendee check-in station is set up and will check each individual guest is checked-in, verifying that proper required documentation has been provided. If it has not, attendee will be asked to provide documentation at that time. If attendee is not able to provide proof of vaccination -OR- proof of a negative COVID19 test taken no more than 48 hours prior to the event, the attendee will not be permitted to enter the event space. This process will be overseen by a designated C19 Covid Coordinator (C19CC) appointed by Moana Belle Events to ensure compliance with all mandatory requirements.

Plans for Social distancing: 1. Signage will be provided to notify guests to socially distance themselves.

2. Signage at staff interaction points (such as at the bar) will be provided notifying guests to maintain a 6' distance from staff members.

3. Guests will be instructed to gather in small groups (exclusive to same-households), to be serviced with food and beverage at small individual tables and or lounge seating areas during the cocktail reception. During dinner, Dining tables will be separated by same household and will be limited to no more than 8 individuals per dining table.

4. Staging, DJ, Entertainers will be given designated spacing no more than 10' from guests areas (such as dining tables, dance floors, seating areas).

Plans for Enforcement of use of face coverings (indoor events only): NA

Strategies to reduce congestion at choke points: See diagram; Covid 19 registration area will be one way in, until such time that all guests have registered, then reverts to two way use. Guest arrival via transportation will be planned in a manner to ensure that guests arrival is separated into different times to ensure that too many guests do not show up at the same time to check in. Assistants appointed by the C19 Covid Coordinator (C19CC) will be assigned to checking in multiple guests at a time to ensure guests check in process is quick. Should guests arrive in larger groups, the C19 Covid Coordinator (C19CC) will monitor any guest lines to maintain an orderly queue and will direct guests to allow 6' of space in between each guest as they await their turn at check in.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All staff and vendors providing services on-site will be notified in advance of all requirements expected on-site to ensure that the vendors and staff have ample notice and time to make proper preparations to comply with health and safety rules and regulations. On-site, C19CC will brief staff and performers prior to start of event to ensure health & safety of all attendees and will ensure that vendors and staff remain compliant throughout the event.

Additional measures to reduce transmission between staff/performers and attendees: Performers/ DJ/ Entertainer/ Emcee will be assigned designated spaces for performances, of which will be positioned at least 10' away from guests, ensuring there is no direct physical contact of attendees or staff. While performing, masks shall remain on.

Plans for addressing symptomatic individuals on-site

Any person who presents with a temperature of 100.4 or more will not be allowed to enter and it will be recommended that they seek medical assistance right away. If an attendee presents with physical symptoms during the event, the planner will take steps to arrange guest transportation for the individual. If emergency medical attention is required, C19CC will contact proper emergency services (such as an ambulance). In any case, the attendee shall leave the premises to seek medical help as soon as deemed possible.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Moana Belle Events will prepare and utilize proper signage to communicate rules for wearing masks and social distancing in visible and high-traffic areas (such as the event entrance and bar areas). C19 Covid Coordinator (C19CC) will directly communicate with staffing, attendees and performers to ensure that all are compliant with rules for mask wearing and social distancing throughout the event. Additionally, C19 Covid Coordinator (C19CC) will work with and utilize Emcee /DJ/ Band Leader to make announcements of rules for wearing masks, limiting dance floor occupants as needed.

Event Description:

Event Date & Time: 8/14/2021 10:00:00 PM

Entry Allowed for Attendees: 8/15/2021 8:00:00 AM

Event Closure for Attendees: 8/15/2021 9:45:00 AM

Event Description: This event is an structured outdoor wedding with dancing indoor event with DJ entertainment. No food or drink will be served indoor during dancing and face covering is required at all time.

Anticipated Number of Attendees: 27

Implementation Plan:

Pre-Event Information Collection (if any): Hotel will be collecting all attendee information for contact tracing purposes, prior to the event. All attendees will be required to check in at the event entrance to ensure that they are on the guest list.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: All event attendees required to go through screening at event location. Proof of full vaccination or negative COVID-19 test result will be monitored at screening check point.

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: All employees are screened upon arrival and must wear a face covering at all times.

All employees must complete a self-health assessment prior to starting their shift and are required to stay home if they are not feeling well

All tables and chairs will be sanitized before and after event

Event area has a designated entrance and exit

Sanitizing stations and face coverings are provided at all events

Dancing is not permitted while food & beverage are being served within close proximity.

All indoor food and beverage stations are set with plexi-glass and served by staff.

Face covering is required at all time indoor, excepted while seated and actively eating.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Contact information will be collected prior to the event, and all event attendees will be required to check in at the event entrance. This event is for pre-registered guests only, there are no walk-in attendees allowed at this event. Four Seasons Lead With Care protocols will be communicated with event organizer and accessible via the Resort website for all event attendees.

Plans for Social distancing: Event area has designated entrance and exit, and employees to ensure attendees maintain necessary social distancing standards.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Event area has designated entrance and exit, and employees to ensure attendees maintain necessary social distancing standards. See attached diagram of event.

The Four Seasons Security team has been trained to handle emergency situations & are continuously updating policies & procedures to ensure the health and well being of guests and employees.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Hotel has an added layer of protection with the installation of the advanced air purification systems using Needlepoint Bipolar Ionization technology, which is 99.4% effective at eliminating COVID.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Employees & vendors are required to receive ongoing training on Four Seasons Lead with Care guidelines, including health & safety protocols and the importance of personal health and hygiene. The Resort has enhanced the cleaning in work areas, adjusted its work practices to promote social distancing, and requires all employees to wear face coverings. Employees & vendors must also complete health screenings prior to their shift and are required to stay home if they are not feeling well.

The Four Seasons Security team has been trained to handle emergency situations & are continuously updating policies & procedures to ensure the health and well being of guests and employees.

Additional measures to reduce transmission between staff/performers and attendees: Lead With Care training building on Four Seasons legendary service model and diligent attention to detail, ensuring Lead With Care procedures and delivered in a thoughtful, attentive manner that balances guest safety with personal reassurance and comfort

Training focused on educating and empowering employees to deliver the enhanced health and safety program with confidence, passing on this care to each and every guest.

The COVID-19 Advisory Board advertising on the global training program for all employees including: ensuring employees have a well-informed understanding of the disease and its transmission, providing guidance on appropriate social distancing and use of personal protective equipment, as well as physical and mental health monitoring and support

Grounded in emotional intelligence, employees are undergoing behavioral training, ensuring empathetic, personalized care and connection are not lost in the absence of close contact and limited face to face interaction.

Plans for addressing symptomatic individuals on-site

If at any point during the event, an attendee begins showing COVID-19 symptoms, the attendee will be required to depart event. If event attendee is an in-house guest, attendee will be required to isolate and quarantine in their registered room. Additionally, medical services and onsite testing are available.

The Four Seasons Security team has been trained to handle emergency situations & are continuously updating policies & procedures to ensure the health and well being of guests and employees.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

All in houses guests and event organizers will be contacted prior to event to ensure all Four Seasons Lead With Care safety protocols are communicated clearly. This is also shared as a part of the guest pre arrival communication and is accessible via the Resort website. All events are coordinated to abide by current City & County of Honolulu and Four Seasons Lead With Care guidelines.

All employees and vendors receive ongoing training on Four Seasons Lead With Care health and safety protocols, and are trained to engage with event attendees to promote social distancing.

The Four Seasons Security team has been trained to handle emergency situations & are continuously updating policies & procedures to ensure the health and well being of guests and employees.

Plans for Social distancing: Tables and Chairs will be placed at least 6 feet apart. Due to the nature of the event, Temperature Checks will also be administered at the entrance.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Outdoor Event: Meals will be plated and served to guests.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): N/A

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Training: Ho'okipa Events Staff Members receive additional training on new measures as well as the continued importance of personal health and hygiene, such as handwashing and of course, staying home when ill. For some, this includes training on how to help everyone who visits to follow new health and safety measures, including wearing a face covering & maintaining physical distancing.

Health and Hygiene: We've enhanced the cleaning in work areas, adjusted our work practices to promote physical distancing, & are requiring all Ho'okipa Events Members, Operating Participants, Vendors and Contractors to wear face coverings.

Health screenings: Ho'okipa Events Staff Members must complete health screenings prior to their shift & are required to stay home if they are not feeling well. All Vendors, Contractors and Operating Participants are also required to conduct health screenings of their employees and prohibit employees from entering the event if they do not pass the health screening.

Their Banquet staff will be in control of the food & beverage service through the event. Food will be plated by a Banquet Staff and passed to guests coming through the line. Buffet line will be spaced out into 3 sections.

Drinks will be handled by Forever by Ingrid service staff.

Water served directly at the tables when attendee's are seated.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Yes. All attendees will be required to check in at the sign in table and all personal contact information will be double checked upon their arrival, at this time they will also go through a temperature check the temperature will be written down next to their name.

We will also suggest that they wear their mask through out the event

Reminder signs will be placed around the entire

Sanitization Stations will be placed around the entire event

Plans for Social distancing: All guest tables are set apart with no more than 8 attendees per table.

All seats are assigned and allows for adequate space between one another

Assigned seating are done by family's sitting together

Additional Pupu (preset plated and passed by staff) tables and Bars have been added to prevent clusters and 6ft signage placed in those areas

Ceremony Seats spaced out 6ft apart

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Buffett line has been broken into 3 stations

Additional Pupu tables and Bars have been added to prevent clusters and 6ft signage placed in those areas

A layout of the venue will be shared with the client and staff to ensure smooth and safe service with everyone having their section

Description of ventilation system and how COVID risk is mitigated (indoor venues only): N/A

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Pre event planning meeting done prior to the event and 2 hrs. prior to the event to ensure

all COVID 19 rules and regulations are in place and will be followed through out the event.

Signage to assist with communication as well as additional staffing to provide a safe and clean well kept environment.

Client has also agreed to our COVID 19 policy's and procedures

Additional measures to reduce transmission between staff/performers and attendees: See above

Entertainers following the same staffing rules

Plans for addressing symptomatic individuals on-site

Temperature screening will be in place, Anyone testing 100.4 or higher will

be asked to retake the screen in 10 minutes. IF they fail to meeting the

temperature guideline they will not be allowed to enter and or will be asked to leave.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Our protocols will given to the host of the event and signed by them, and will also be displayed through signage throughout the event.

Staff has gone through training on COVID 19 Protocol

Event Description:

Event Date & Time: 10/15/2021 10:00:00 PM

Entry Allowed for Attendees: 10/16/2021 3:00:00 AM

Event Closure for Attendees: 10/16/2021 6:00:00 AM

Event Description: Board Member and Family Dinner

Anticipated Number of Attendees: 60

Implementation Plan:

Pre-Event Information Collection (if any): Electronic submission of vaccination cards with confirmation of last administered shot no less than 15 days prior to 10/15/2021. Sent via google sheets to capture pdf, jpg, png.

Acceptance of negative results via electronic submission via google sheets between 10/13/2021 and 10/15/2021.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): We currently do not have a plan for on-site testing as our current capacity is well below the 50% capacity for an outdoor private party.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Food and beverages provided will be prepared and packaged by the food establishment prior to delivery. Guests will be served with pre-plated options for individual consumption only. All drinks provided will be served individually.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: All guests will RSVP no later than 14 days of event.

Each guests will check in with our administrative teams to confirm that their information has been captured appropriately.

An electronic data sheet will contain their proof of vaccination information should they elect to share that information.

Contact information including name, address, email, and phone number will be provided by all adult attendees and adult representatives of children under the age of 18.

Temperature Checks and assessment forms will be completed on site before allowing guest on to the premises.

Plans for Social distancing: Each table will be at a maximum capacity of 8 for members of the same household.

Smaller tables will be available to accommodate couples and smaller parties within the same household.

Food will be served to minimize gathering at choke points.

All staff members are confirmed vaccination w/ proof of vaccination provided.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Maps and pre-selected seating charts will be provided.

As this is an outdoor venue, signs will be posted on reception tables and prep stations.

Use of AV equipment will be limited to pre-approved hosts.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): This is an outdoor event

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All staff will attend a pre-event brief outline protocol measures and requirements including but not limited to guest tracing/tracking, floor management/flow, customer service expectations, how to enforce COVID regulations & rules.

Additional measures to reduce transmission between staff/performers and attendees: All staff servicing the event is vaccinated.

Plans for addressing symptomatic individuals on-site

We currently have a COVID assessment plan that will be used on site.

Any individual who arrives at the location and is assessed to have symptoms listed under COVID CDC guidelines will be asked to leave including all party members that have come into close contact with the individual.

Any staff member who comes into contact with individual will be asked to remove themselves from the location and a replacement will be provided. While our staff members are fully vaccinated, we do not want accidental transmission of the virus to occur.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

All attendees will be required to sign an agreement to attend the event.

COVID requirements were placed in our invitations prior to the RSVP

Reminder notifications are sent 60 days prior to the event to allow attendees to obtain a vaccination card in a timely manner

Reminder videos and emails are sent 14 days prior to the event to follow up on last-minute submission and to notify guests of any changes.

Signs will be posted on-site for the day of the event.

Plan for On-site Testing (if any): NA

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: ▪ Recommend Back of House staff do the following health and safety measures,

kitchen cleaning, surface disinfection, physical distancing, PPE compliance and handwashing.

▪ Recommend Front of House staff have temperature checks, wash hands, disinfect high touch surfaces, line spacing (6 ft), modify food service sets (Buffets, Chef Table) for safety measures, glove hand service, use of hand wipes at meal stations.

Does this event require the collection of Sign-In Data?

Plans for collecting Sign-in Data for all attendees: Google form sent to all guests and vendors in direct contact with guests. Info gathered will be:

- name of each attendee
- phone number
- address
- photo of vaccination card or negative covid-19 test within 48 hours of event date.

Plans for Social distancing: - Ceremony seating rows spaced 6' apart

- guest dining tables 6'+ apart from each other
- extra large dancefloor for guests to spread out. MC to encourage guests to only dance with their partners.

Plans for Enforcement of use of face coverings (indoor events only): NA

Strategies to reduce congestion at choke points: Multiple coordination team members to greet and direct guests for efficiency upon arrival.

Floor markers outside the restrooms to space guests waiting for the restroom 6' apart.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All vendors will be temperature checked upon arrival. All vendors will be required to wear masks.

Staff will be notified via email in the prep of the event logistics.

On the wedding day, a covid safety officer will verbally reiterate the rules to the staff upon check in.

Additional measures to reduce transmission between staff/performers and attendees: All staff will wear masks for the duration of the event.

Plans for addressing symptomatic individuals on-site

Politely invite any individuals with symptoms to go home. Additional on-call staffing will be available for back up.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Attendees - Wedding website, google form to gather info, MC verbal reminders during the event

Staff - All vendors will be temperature checked upon arrival. All vendors will be required to wear masks.

Staff will be notified via email in the prep of the event logistics.

On the wedding day, a covid safety officer will verbally reiterate the rules to the staff upon check in.

Pre-Event Information Collection (if any): Couple will provide a guest list with sign in data prior to the date to refer to when guests are signing in to the event.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): NA

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: All drinks done during cocktail hour will be handled by the bar service company 1979. Keneke catering will be plating the food to the guests at the buffet line. Drinks, dinnerware will all be handled by Keneke company.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Bride and Groom will be providing guest information prior to the date to ensure a smoother sign in process on the day. List will consist of name and address for contact tracing.

Plans for Social distancing: Tables of 10 spread out throughout the lawn.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Tables will be called up by Hawaii-Day staff or by the MC one by one to prevent crowding at the buffet line. Guests and vendors will be informed of where the restrooms are. See attached layout.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Live musician will be placed inside the residence more than 10ft away from guests and other vendors. They will wear face coverings if not performing.

Additional measures to reduce transmission between staff/performers and attendees: All vendors must wear face coverings unless performing. Temperature will be checked while sign in is in process. The home owners will provide hand sanitizer and face masks for guests to wear if they are unvaccinated. Unvaccinated guests will be asked to wear the face mask unless they are eating or drinking.

Plans for addressing symptomatic individuals on-site

Those with temperatures meeting or exceeding 100.4 Fahrenheit will be asked to leave the premises. Depending on severity of symptoms they will be suggested to visit the nearest urgent care, medical center, etc.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Email communication prior to event will inform vendors to wear face masks at all times unless performing, eating, or drinking. Temperature checks upon sign-in as well as informing guests to wear masks if they are unvaccinated. Hand sanitizer will also be available for use from the residence owners.

Entry Allowed for Attendees: 8/11/2021 5:00:00 PM

Event Closure for Attendees: 9/1/2021 5:00:00 AM

Event Description: Celebrating an outdoor wedding with close friends and family. This event has been planned and anticipated for almost a year, with all travelers taking precautions and abiding by cdc guidelines for the covid 19. This event will start at 3pm with a outdoor ceremony. The provided chairs will be properly 6ft distanced and masks and hand sanitizer will be available for those who are need. After the ceremony there will be a cocktail hour in which beverages and appetizers will be served individually by masked wait staff. Once cocktail hour is over, the guest will be seated at tables again following the 6ft social distancing requirements, and masks and sanitization will be available at all times. The food will be served individually by masked wait staff, to avoid any guest contact with the

food. The covid guidelines have been relayed to all guest and vendors and we have full cooperation and understanding from the attendees.

Anticipated Number of Attendees: 90

Implementation Plan:

Pre-Event Information Collection (if any): Majority of the attendees are traveling from the mainland. Prior to arriving in Honolulu they guest will have either been fully vaccinated or have proof of a negative covid 19 test from a trusted partner.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): No plan for on - site testing

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Food and beverage lines will require 6 feet of distance between patrons. Masks to be worn at all times unless eating or drinking. Vendors will be required to adhere to sanitation and mask rules.

Does this event require the collection of Sign-In Data? No_Funerals_Public_Compitions

Plans for collecting Sign-in Data for all attendees:

Plans for Social distancing: Socially distancing food and beverage lines- 6ft. Create 6 ft distance between tables, limit number of people at each table, only same household family members allowed at the same table.

Plans for Enforcement of use of face coverings (indoor events only): NA

Strategies to reduce congestion at choke points: To reduce congestion at entrance and exit we will suggest same house hold members arrive and depart together.

Restrooms will be properly labeled to comply with social distancing requirements.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Vendors will be given the information listed above. Symptom self checks, mask mandates, and will be required to socially distance.

Additional measures to reduce transmission between staff/performers and attendees: Hand sanitizer will be available at all tables and food/beverage stations.

Plans for addressing symptomatic individuals on-site

Symptomatic people will not be allowed. All patrons will be required to self check for symptoms.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Vendors will be given the information listed above. Symptom self checks, mask mandates, and will be required to socially distance. We will continue to remind attendees and staff of the covid restrictions for social gatherings throughout the event.

Entry Allowed for Attendees: 9/5/2021 8:00:00 PM

Event Closure for Attendees: 9/6/2021 1:00:00 AM

Event Description: This is an alumni gathering for the Roosevelt High School Class of 1959 celebrating their 80th birthday together.

Anticipated Number of Attendees: 150

Implementation Plan:

Pre-Event Information Collection (if any): Attendees are 80 years old and some are technology challenged. We will be gathering trace contact information such as Name, Address, and telephone contact in advance. We will have a check in list ready for who actually attended.

We are requesting in advance submission of their Covid-19 proof of vaccination in advance to be submitted electronically.

Upon arrival, guests who have not provided their proof of vaccination in advance, they will need to provide this card to be photographed and on file upon arrival. For those with no vaccination card, they will need to provide a negative test from FDA EUA as required or they will not be allowed entry.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: Cards will be asked to be presented as original or photo copy at the event and will be verified by a person at the event who is solely responsible for this function.

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: We have a signed agreement on file from Saint Louis Clubhouse which includes their Covid Mitigation Plan for the establishment and will upload that document as an attachment which outlines all of the rules and regulations that we need to abide by for their establishment as our host.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Our treasurer will print the full list of those who have registered for the event. The treasurer will be checking each person in when they arrive. We already have on file their names, addresses, and contact information for contact tracing.

Plans for Social distancing: We are at 50% capacity in the establishment with a max of 150 guests. We have ordered as many 8 foot tables as possible to meet the spacing requirements. Guests will be required to wear a mask unless actively eating or drinking. Additional tables will be set up to ensure if there are those that want to remain more distant than the minimum of 6 feet.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: There will be room monitors assigned by staff of the venue to continuously throughout the event wipe down with cleaning solution high touch points. Restrooms will also be monitored to ensure that social distancing in restrooms are adhered to according to venues policy. Food servers will be stationed behind plexiglass partitions. Attendees will be served by staff who will walk meals to their tables. Attendees will be monitored by venue staff to ensure there are no gatherings or loitering in common areas or high choke point areas. There is a separate entrance and exits for this event.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Doors and all exits will remain open during the event. The event is fully air conditioned and will be on during the event.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: We have only one performance group and this group will be on stage with more than 10 feet away from any attendees or stationed workforce. We will not be allowing any dancing of any kind. Our performance group will be in and out and will not be mingling with any attendees during their performance.

Additional measures to reduce transmission between staff/performers and attendees: Staff will be wearing gloves, cleaning regularly will be taking place. We will have hand sanitizer stations throughout and there will be hand sanitizer at each table. Everyone will be masked unless actively eating or drinking.

Plans for addressing symptomatic individuals on-site

It must be reported to management and event organizers. The person will be asked to leave the event and recommended to quarantine or seek advice from their health care provider. The location where this individual was seated will be thoroughly sanitized and guests relocated to an open table while this takes places.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

All attendees whether they be guests or performers have been in constant communications with our event organizers. 5 days prior to the event we have plans to send out all the safety information, covid protocol, and expectations for check in and behavior at the event.

Anticipated Number of Attendees: 111

Implementation Plan:

Pre-Event Information Collection (if any): A creditable third party vendor planner, Susan O'Donnell with Aloha Wedding Planner, has been hired to collect and maintain the data for contact tracing and proof of vaccination or negative COVID test with-in 48 hours. This data will be collected and received prior to the start of event.

Attendees will pre-register by providing copy of their vaccine card showing date of last vaccine, to match name on master guest list provided by wedding couple.

As of 8/11/21 80% of attendees have submitted documentation and we will continue to collect documents up until 8/18/21, after that date, attendees shall bring documentation upon arrival to event.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): No at this time

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Guest tables will be set with no more than 10 guests each. At least 6' apart from each table.

Mask wearing enforced unless actively eating or drinking.

Seated table service for all food and beverage only. No standing food and beverage arranged.

No self-service food and beverage are arranged.

Banquet staff will be in control of the food & beverage service through the event.

Food will be plated by a Hotel employee and handed to the attendee.

Drinks will be handled by Hotel bartenders and service staff.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: A third party, Susan O'Donnell from Aloha Wedding Planners, has been hired to collect and maintain the data.

A consolidated spreadsheet will be submitted to Hotel's event manager prior to event start.

All attendees will be required to submit documentation of vaccine to show fully vaccinated OR present card upon arrival. Or present negative COVID test result taken within 48 hours of event date.

Posted signage and banquet captain and staff to roam event and enforce mask wearing unless actively eating or drinking.

C19 Covid Coordinator (C19CC) will work with DJ/Emcee/ Event coordinator to remind attendees to wear masks while indoors and remain seated.

Plans for Social distancing: Pre-plan travel route for entering and existing to reduce congestion at choke points. Tables to be set 6' apart.

Registration area will be one way in, until such time that all guests have registered, then reverts to two-way use.

Exit and reentry to Ceremony, Reception and Dinner site by wristband only

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Arrival area for check in will have social distancing by 6 feet. Ample space to provide distance while process happens.

Large entrance to ceremony and located outside in open space.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA - Outside

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Pre shift meetings will be conducted prior to the start of the event to review the safety protocols. Employees to be temperature checked prior to each shift and required to wear their masks for the duration of event.

C19CC will brief staff and performers prior to start of event to ensure health & safety of all attendees.

Catering will be provided by Moana Surfrider Hotel and all staff are trained on DOH safety protocols and follow guidelines issued by the City and County of Honolulu. All staff members are required to wear face masks at all times during their shifts. All staff members are temperature checked prior to arriving on property for their shifts.

Live musician will be positioned at the event, more than 10ft away from attendees and staff members and will be required to wear mask during performance. Catering will be provided by Moana Surfrider Hotel and all staff are trained on DOH safety protocols and follow guidelines issued by the City and County of Honolulu.

Additional measures to reduce transmission between staff/performers and attendees: Employees to be temperature checked prior to each shift and required to wear their masks for the duration of event.

Performers are to be on stage, 6 feet distanced from direct physical contact of attendees or staff. While indoors and performing, masks shall remain on.

Plans for addressing symptomatic individuals on-site

Hotel will alert both Security and Hotel Managers to tend to specific guest and assess guest's condition. A security report will be filled out and escort guest off property. When necessary, guests will be escorted to the Doctor of Waikiki located at the Sheraton Princess Kaiulani or a nearby medical facility.

Any person who presents with a temperature of 100.4 or more will not be allowed to enter. Recommend they seek medical assistance right away. If attendee presents with physical symptoms during the event, they shall be moved to a private space for observation. If medical attention is required, C19CC shall inform Banquet Manager (on duty) and Hotel Security with regards to the situation. Attendee shall leave the premises to seek medical help as soon as deemed possible.

Staff members who have a temperature over 100.4 degrees are immediately sent home and are not allowed on property.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Staff will attend the Pre shift meetings and review the safety protocols. Adequate signage is displayed at event site to remind guests and performers for the restrictions.

All staff and employees have completed the commitment to clean training prior to establishing employment.

Utilize Emcee /Band Leader to make announcements of Hotel rules for wearing masks indoors, as needed.

Email communication sent to all attendees include information regarding proof of vaccination, face masks, as well as a list of symptoms to review prior to the event. All staff are briefed on safety protocols prior to working on property.

Manoa Valley Theatre

Event Description:

Event Date & Time: 9/2/2021 10:00:00 PM

Entry Allowed for Attendees: 9/3/2021 5:30:00 AM

Event Closure for Attendees: 9/3/2021 8:30:00 AM

Event Description: Regular live theatre performances. Full Vaccination and masks required for entry. Some performances have intermissions. If regulations will permit we will have our concession open outside on our lanai. There is NO FOOD OR DRINK allowed in the theatre. Our audience comes in to assigned seating and if there is an intermission go to the lanai, restrooms etc. then returns to the theatre for the second act. Season runs from Sept 2, 2021 through August 2022. When in production the mainstage performances are Thursday-Sunday at 7:30 p.m. Saturday there is also an afternoon performance at 3:00.

Anticipated Number of Attendees: 100

Implementation Plan:

Pre-Event Information Collection (if any): Upload of Vaccination Cards through the portal on our website or emailed copy.

WE ARE REQUIRING PROOF OF FULL VACCINATIONS FOR ALL STAFF AND AUDIENCE MEMBERS.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): WE ARE REQUIRING PROOF OF FULL VACCINATION FOR ALL STAFF AND AUDIENCE MEMBERS.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Outdoor beverages will be allowed on our lanai regulations permitting. Masks will be required when not seated at a table. All tables are at least 6 feet apart. No food or drink allowed inside the theatre.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: We gather names and contact information from all who buy a ticket, consequently, our ticket manifest has full contact information for each audience member. If someone is coming as a guest with a ticket holder, we gather full information before permitting entry. The guest must present picture ID and proof of full vaccination for admittance.

Plans for Social distancing: Before entering the theatre there are markings spaced at 6-feet where the line would form for entry. Signs are posted encouraging social distancing. When a patron is observed not distancing or not properly wearing a mask, our staff are instructed to ask them to.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: 6 foot markers on the walk way entering the theatre lanai by the box office. Signs requesting distancing near the restrooms.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Newly installed 25ton AC by Heide & Cook . The AC has air filtration and draws fresh air in from the outside.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All staff and volunteers are required to wear a mask at all times. Hand sanitizer stations are in numerous places around the theatre both in the house and backstage. Before each performance the theatre is sanitized using an electrostatic sprayer to spread disinfectant. The seating area, common areas, restrooms, backstage and dressing rooms are treated. Common touch spots are wiped with disinfectant. All microphones are not shared and are disinfected after each use. We have a safety manual that we produced in cooperation with the Healthy Verify Certification. The safety guide is made available to all personnel.

Additional measures to reduce transmission between staff/performers and attendees: Performers are fully vaccinated and never come into contact with attendees. Our ushers and staff are required to be fully vaccinated, social distance and wear a mask at all times. They are encouraged to wash their hands frequently.

Plans for addressing symptomatic individuals on-site

Upon arrival at the theatre, patrons are required to produce a valid photo ID and proof of full vaccination. Additionally, they must answer a verbal screening for any symptoms related to Covid-19. If they are unable to say "no I have had no symptoms" or if a staff member observes related signs, they will immediately be asked to leave the property.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

We have posted our full vaccination policy on our website and there have been several emails that have gone out to our e-list (@ 13,000) with the policy as part of the content. Prior to each performance there will be an email to the our volunteers (ushers) and attendees listed on the manifest for the next show reminding them in detail of our policies regarding vaccination and admittance. There will also be a request in the email that if they are experiencing any kind of symptoms that point to them being sick, we ask that they not attend the scheduled performance. A change of ticket to another night will be made at no charge. If a change is not possible, then a future show credit will be given.

Event Description:

Event Date & Time: 9/11/2021 10:00:00 PM

Entry Allowed for Attendees: 8/11/2021 9:00:00 PM

Event Closure for Attendees: 8/11/2021 11:30:00 PM

Event Description: First Birthday Party

Anticipated Number of Attendees: 50

Implementation Plan:

Pre-Event Information Collection (if any): Only fully vaccinated individuals were invited to the party (except for 8 children under the age of 12). It was also requested that attendees do not travel outside of Hawaii for 2 weeks prior to the party. This was performed through verbal confirmation. All attendees

will be asked to provide a copy of their vaccination prior to the party or submit their card on the day of the party.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: Visual verification of the attendees vaccination card will be conducted prior to allowing entrance on the day of the party, if not provided beforehand. Temperature checks will also be performed and any attendee with a temperature >100.4 will not be allowed to enter.

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: All food will be individually packaged and served to the guests. Food will be packaged by the catering restaurant. Individual drinks will also be served. No self-service allowed.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: All attendees will be required to submit documentation of their vaccine or present their card on arrival.

Plans for Social distancing: Outdoor tables will be spaced 6 feet apart. All guest tables except for 3 will be outside. Indoor tables will be more than 6 feet apart. Sliding doors next to the indoor tables will be fully opened to allow for ventilation.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Minimal choke points expected. Entrance door/COVID check in will be one way in until all guests have arrived. Staggered exits will be done to minimize traffic. Two bathrooms available for use.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): N/A

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: 2 vendors will be used for the party. One vendor will not be in attendance, but will do

everything through a zoom session. 2nd vendor and his staff are confirmed vaccinated and will be masked at all times.

Food will be picked up and brought to the venue by us to minimize traffic from non-attendees. Drinks will be in sealed containers and served to attendees.

Additional measures to reduce transmission between staff/performers and attendees: Emcee/day planner will brief vendor to ensure mask requirements are met. Vendor will also undergo temperature check prior to entrance.

Plans for addressing symptomatic individuals on-site

Any attendee presenting with a temperature >100.4 or symptoms will not be allowed to enter.

Attendees who develop symptoms during the party will be isolated, assessed by a doctor on site and will leave the venue as soon as possible. Immediate relatives/household members of the attendee will also be asked to leave.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Safety protocols will be communicated to all attendees PRIOR to the party. Emcee will also make announcements on the day of the party to ensure compliance.

Event Closure for Attendees: 8/22/2021 7:00:00 AM

Event Description: Outdoor Ceremony and Outdoor Wedding Reception

Anticipated Number of Attendees: 130

Implementation Plan:

Pre-Event Information Collection (if any): Contact Tracing Information for each individual attending ceremony to individual names, phone number or email address

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): Not required

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Operating at less than 50% capacity with tables socially distanced. Food service to be plated service with no standing buffet or self serve food stations. No "groups" to exceed outdoor limitation of 25, with table seating of 10 or less guests.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Contract Tracing form required to be prefilled by banquet "host" and submitted prior to event date, with missing contact information acquired from guests at the reception table day of. Temp checks to be conducted of each individual at the reception table and logged on same contact tracing form

Plans for Social distancing: Tables set 6+ feet apart with pathways to restrooms and to tables.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: One main entry to outdoor venue, with circular exit and pathway to restrooms. Two additional pathways available to restrooms to ease congestion or crowding.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Temperature checks conducted and recorded when staff arrive for shift. Staff required to wear masks throughout banquet service, even for outdoor wedding. Also required to wear gloves when servicing food, and to wash and/or use hand sanitizer often, with hand sanitizer available in server station and at entry points to venue.

Additional measures to reduce transmission between staff/performers and attendees: DJ kept at 10ft social distance parameters with table used as spacing between guests and vendor. Vendors also required to wear masks even for outdoor wedding. Maintenance staff scheduled for hourly sanitization for public touchpoints such as door handles, railings, restrooms, etc. Masks encouraged when not actively eating or drinking, even for outdoor wedding, with signs posted in visible areas. Hand sanitizer stands at all entrances to venue

Plans for addressing symptomatic individuals on-site

Temp Check conduction with each individual upon arrival to venue. Individuals with temperature of 100.4 + will not be allowed to enter venue or remain at event. KGC Staff are discouraged from coming

to work if experiencing flu like symptoms. Staff will also not be allowed to remain at work with temp of 100.4+.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

COVID agreement form listing COVID mitigation steps, sent to banquet host or banquet contact, prior to event and required to be signed by both venue COVID Monitor and banquet host and returned before event allowed to move forward. EMCEE of banquet to announce KGC listed safety protocols in place at onset of reception.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: All attendees and vendors will go through a temperature check upon entry. All food and beverages will be served by staff. Food and beverage staff will wear masks during the wedding. Guests will be seated on tables with no more than 10 people. We will have face masks available at the check-in area for attendees and staff. We will have hand sanitizer available as well as antibacterial soap in the restrooms for hand washing.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: We have all attendees contact information for contact tracing purposes.

Plans for Social distancing:

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Check-in area will be outdoors and one way in. Once all attendees are checked in for wedding it will become two way entrance and exit.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): N/A

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Wedding planner will inform all staff and performers prior to event start time on covid-19 protocols.

Additional measures to reduce transmission between staff/performers and attendees: Food and beverage staff will wear masks and frequently wash hands with anti-bacterial soap. Hand sanitizer will be available to all staff and performers.

Plans for addressing symptomatic individuals on-site

We will do temperature checks upon entry into venue for all attendees and staff. If anyone has a temperature of 100.4 degrees and above will not be allowed to enter the wedding. We will recommend that symptomatic individual to seek medical attention immediately.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

We will have the emcee make safety protocol announcements throughout the wedding.

Event Description: Wedding ceremony and reception amongst 50 guests.

Anticipated Number of Attendees: 50

Implementation Plan:

Pre-Event Information Collection (if any): Contact tracing and proof of negative COVID test and/or proof of vaccination will be required prior to the start of the event.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): N/A. All attendees are fully vaccinated.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Full-service caterer and bartender will be responsible and in control of the food and beverage throughout the event. To further align with the current restrictions, the caterer will be providing a plated meal to all guests. There will be no self-serve food or beverage at the event.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Upon arrival at the venue, guests will be required to check-in. We will already have their contact information (email addresses, phone numbers, etc) and proof of vaccination or negative COVID test prior to the start of the event.

Plans for Social distancing: We plan to implement social distancing by spacing out tables, encourage guests to use the entire venue space, and not overcrowd certain areas. There will also be no official dance time for guests to ensure everyone is practicing social distancing.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Please see attached for the layout.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): N/A

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All staff and vendors will be briefed and encouraged to wear a mask throughout the duration of the event.

Additional measures to reduce transmission between staff/performers and attendees: All staff and vendors will practice social distancing when possible and wear a mask throughout the duration of the event.

Plans for addressing symptomatic individuals on-site

Any person who presents with a temperature of 100.4 or more will not be allowed to enter the venue. We would recommend they seek medical assistance right away. If they get a positive result, we would then implement contact tracing measures and alert all guests and vendors.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

We would ask the Emcee to make announcements throughout the event.

Event Description:

Event Date & Time: 8/28/2021 10:00:00 PM

Entry Allowed for Attendees: 8/29/2021 3:30:00 AM

Event Closure for Attendees: 8/29/2021 8:00:00 AM

Event Description: The Filipino Community Center will be hosting the wedding reception for Roden Parro and Deidra Raqueno during the evening of Saturday, August 28, 2021. The Consuelo Courtyard has a capacity of 100. Max attendance will be below max capacity. Contact tracing forms will be filled out prior to the event as well as temperate checks when arriving to the venue.

Anticipated Number of Attendees: 92

Implementation Plan:

Pre-Event Information Collection (if any): Contact tracing forms will be filled out by the host prior to the event and submitted to the venue.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): NA

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Catering and event staff will be in control of the food and beverage service through the event.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: The bride and groom have collected all attendee's data to ensure a smoother check-in process and will be able to provide a list of information to City or the State if necessary.

Plans for Social distancing: Pods of 10.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Please see attached map of venue layout

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Catering will be provided by the Filipino Community Centers trusted caterer Cools in Catering and all staff are trained

on DOH safety protocols and follow guidelines issued by the City and County

of Honolulu. All staff members are required to wear face masks at all times

during their shifts.

Additional measures to reduce transmission between staff/performers and attendees: NA

Plans for addressing symptomatic individuals on-site

Any person who presents with a temperature of 100.4 or more will not be allowed to enter. Recommend they seek medical assistance right away. If

the attendee presents with physical symptoms during the event, the attendee shall leave the premises to seek medical help as soon as deemed possible.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Utilize Emcee to make announcements of venue rules for wearing masks at all times, and to remain 6ft of social distancing if possible.

Event Description:

Event Date & Time: 8/16/2021 10:00:00 PM

Entry Allowed for Attendees: 8/17/2021 3:00:00 AM

Event Closure for Attendees: 8/17/2021 5:00:00 AM

Event Description: Welcome reception for 'Iolani School boarding students' parents and guardians

Anticipated Number of Attendees: 65

Implementation Plan:

Pre-Event Information Collection (if any): Guests are required to RSVP with vaccination status to confirm that two doses (or single dose of Johnson & Johnson vaccine) were received as of 8/1/21.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: All guests are required to show proof of vaccination by submitting a copy of their vaccination card. Those who are not fully vaccinated are required to take a rapid test on Monday, August 16. We plan to rapid test attendees if needed using the FDA approved Abbott Laboratories BinaxNOW COVID-19 rapid antigen test pursuant to 'Iolani School's Clinical Laboratory Improvement Amendments (C.L.I.A.) Certificate of Waiver. At this time, we have not received requests from attendees with religious or medical exemptions or who have other extenuating circumstances and therefore do not plan to have on-site testing.

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: - Hand sanitizing stations will be located in the check in area

- Hotel catering staff will be serving guests from food stations setup with plexiglass barriers

- No self-service - hotel staff will take and deliver drink orders to guests

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: - Guests will be required to check in upon arrival

- Proof of vaccination is required to attend the event

- Email addresses and phone numbers collected at time of registration are on file

Plans for Social distancing: Seating will be limited to 5 per table and tables will be physically distanced from each other

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Please see attached banquet event order created by the hotel

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA - Event is being held outdoors under a tent

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to

communicate the plan: - One live performer will be singing from a physically distanced area away from guests

- The performer is a member of our 'Iolani staff and is fully vaccinated
- Catering will be provided by the Kahala Hotel and & Resort
- 'Iolani staff and volunteers at check in will be briefed on safety protocol and guidelines - issued by the school administration in advance
- All staff and volunteers will be required to wear face masks at all times during their shifts
- All 'Iolani staff and 'Iolani volunteers are fully vaccinated and will provide proof of vaccination

Additional measures to reduce transmission between staff/performers and attendees: Please see response to g(i) above

Plans for addressing symptomatic individuals on-site

- Guests are asked to review health assessment guidelines prior to arriving and will not be allowed to attend the event if they exhibit any symptoms
- If at any time a guest shows symptoms during the event, the attendee and their guest will be asked to leave the premises immediately and will be encouraged to get a COVID PCR test.
- School administration will follow up with that individual to determine any next steps.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

- Email communication to invited guests include information regarding proof of vaccination, face masks required except when actively eating or drinking, as well as a list of symptoms to review prior to the event
- As discussed in g(i) above, all staff employed by 'Iolani School are knowledgeable of the School's strict COVID safety protocols in place which will be reemphasized prior to the event.

Event Name: Hawaii Shakespeare Festival “Henry IV, Part One”

info@missionhouses.org

553 S. King Street, Honolulu, HI 96813

Event Description:

Event Date & Time: 8/12/2021 10:00:00 PM

Entry Allowed for Attendees: 8/13/2021 3:30:00 AM

Event Closure for Attendees: 8/13/2021 8:00:00 AM

Event Description: Outdoor Theater Presentation of Henry IV, Part One.

6 show run, August 12, 13, 14, 19, 20, and 21

Mitigation Plan and capacity are the same for all 6 shows.

Anticipated Number of Attendees: 80

Implementation Plan:

Pre-Event Information Collection (if any): All ticket purchasers will be pre-screened to comply with site safety policies at the time of ticket purchase. Ticket holders will provide name and contact information as well as the name of everyone in their party into our online booking and point-of-sale system. All site operations are reservation only, no walk-in purchase of tickets will be allowed. Event will only be for pre-purchased ticket holders and their party.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): None

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Food Service will be provided by a permitted food vendor. They will plate and serve food directly to attendee.

Drink Service will be provided by event staff with social distancing measures in place. Single use cups provided to attendees.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Only pre-registered attendees will be allowed and will be verified upon check in. Attendees are ticket holders and will check in against a manifest from HMH point-of-sale system at entrance, get temperature check and receive wristband to identify they have pre-registered and have been checked in properly. Each member of the individual parties will be verified as a member of that party at check in. Data is kept by HMH in booking system.

Plans for Social distancing: Face coverings will be mandatory at all times in any indoor space such as restrooms and will be required at all times outdoors unless actively eating or drinking. Signage posted throughout event areas stating site policy to wear mask.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Audience seating will be socially distanced and divided by party. Event staff will be arranging seating appropriately to keep ticket holder parties separated a minimum of 6 ft from each other. There will be social distancing markers at any place that a line may develop.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): N/A

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: asks will be required of technical crew in the technical equipment tent, performers are to be masked when not on stage. Director of the play will communicate directly with the performers before event. Also see staff mitigation strategies below. Hand sanitizing will be required

upon entry with additional hand sanitizing stations provided near restrooms, gift shop, and drink service area.

Additional measures to reduce transmission between staff/performers and attendees: Handwashing station available in restrooms, hand sanitizing stations provided in all event areas, hand sanitization prompted at gift shop entry

Additional masks and gloves are available for all staff and guests

Plexiglass sneeze guard provided for gift shop staff

Increased cleaning and sanitization procedures for restrooms and high touch areas, such as restrooms and store

HMH uses cleaning solution that is effective against COVID

Overall mitigation of mingling:

Performers and crew are to be on stage, at a minimum of 6 feet distanced from direct physical contact of attendees or staff.

Attendees will be seated within party groups

Plans for addressing symptomatic individuals on-site

Any person who presents with a temperature of 100.4 or more will not be allowed to enter.

Recommend they seek medical assistance right away. If attendee presents with physical symptoms during the event, they shall be moved to an outdoor space isolated from the rest of the event for observation. Event staff will be notified and attendee shall leave the premises to seek medical help as soon as deemed possible and necessary.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

This mitigation plan will be shared with all staff, crew and performers. Signage stating site policies will be posted throughout event spaces. Performers will address attendees from the stage prior to start of event over the speaker system. Any additional announcements will be made from the stage by event staff over speaker system.

Entry Allowed for Attendees: 8/22/2021 1:00:00 AM

Event Closure for Attendees: 8/22/2021 8:00:00 AM

Event Description: Wedding ceremony and reception amongst 57 guests.

Anticipated Number of Attendees: 57

Implementation Plan:

Pre-Event Information Collection (if any): Attendees have provided a copy of their vaccine cards showing the date of their last vaccine, to match the name on the Master Guestlist provided by the

Wedding couple. As of 8/11/21 50 attendees have submitted documentation and we will continue to collect documents up until 8/19/21, after that date, attendees shall bring documentation upon arrival to the event. We have also purchased Binax NOW rapid covid tests for those guests who do not have vaccination cards.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): We have the ability to rapid test attendees on site if needed using the FDA approved Abbott Laboratories BinaxNOW COVID-19 rapid antigen test.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Banquet staff will be in control of the food & beverage service through the event. Food will be served and handled by catering employees. Drinks will be served and handled by professional bartenders. Hand sanitizing stations will be located at the check-in/registration table. Seating will be 8 per table.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: The wedding couple has already pre-collected sign-in data and vaccination cards from guests to ensure a smoother check-in process. Client is able to provide a list of attendees and contact information if/when necessary.

Plans for Social distancing: All tables will be spaced 6' feet apart. Signage will be placed at event entrance to encourage guests to physically distance. Coordinator will work with DJ & Emcee to remind attendees to socially distance and encourage guests to wear masks.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: See diagram attached. All areas are spread out throughout the property (ex: registration area, bar, buffet, reception). The registration area will be one way in, until such time that all guests have registered, then reverts to two way use.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA - Outdoor Event

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All staff members are required to wear masks and wash their hands frequently. Event coordinator will brief staff prior to start of event to ensure health & safety of all attendees. We've also emailed all staff members reminding them of Hawaii's COVID safety protocols & restrictions.

Additional measures to reduce transmission between staff/performers and attendees: Performers are to be on stage, 6feet distanced from direct physical contact of attendees or staff.

Plans for addressing symptomatic individuals on-site

All guests and staff to receive temperature checks on arrival. Any person who presents with a temperature of 100.4 or more will not be allowed to enter. Recommend they seek medical assistance right away.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

We will utilize the emcee and band leader to make announcements of covid safety protocols (ex. hand washing/sanitizing, encourage guests to wear masks, encourage social distancing).

Event Description:

Event Date & Time: 9/26/2021 10:00:00 PM

Entry Allowed for Attendees: 8/11/2021 9:00:00 PM

Event Closure for Attendees: 8/11/2021 11:45:00 PM

Event Description: Baby's first birthday.

Anticipated Number of Attendees: 100

Implementation Plan:

Pre-Event Information Collection (if any): On our invitation we are asking only friends and family who have been vaccinated to attend.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): None. Guests must be fully vaccinated to attend.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Food & beverage will be distributed by designated servers. There will be no self serve food/beverages offered.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Prior to event, data will be collected on attendees. At event sign-in table, attendees will be asked to verify their information, show proof of vaccination if they haven't already done so, and have their temperature checked.

Plans for Social distancing: Tables will be spaced apart and only families/groups from the same bubble will be assigned to a table. There will be no formal program to allow for attendees to eat as they please and not be confined to sitting at their tables for a set time all together.

Vendors will be strategically placed to comply with social distancing restrictions.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: We will have multiple signs reminding guests about social distancing and a socially distanced sign-in line.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): This is an open air venue with mostly roofing as overhead shelter. The pavillion is made of doors on two sides which will be wide open to allow for breezy ventilation.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: There will be no performers. Designated servers are vaccinated and will be trained on safe food handling prior to event. Vendors will be spread out with ample space between them.

Additional measures to reduce transmission between staff/performers and attendees: Social distancing in line for vendors will be enforced and noted with tape on the ground for where attendees should line up.

Plans for addressing symptomatic individuals on-site

If attendee has a temperature of 100.4 or more at sign-in they will be asked to leave. Any attendees that should become sick or show symptoms of sickness later will be asked to leave.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

On invitation we ask that only those who are vaccinated attend. At sign-in, attendees will have their temperature checked, information verified, vaccination card verified and be reminded to social distance.

Although this is an outdoor event we will provide masks and encourage our guests to wear masks when they are not eating or drinking.

Event Description:

Event Date & Time: 8/22/2021 10:00:00 PM

Entry Allowed for Attendees: 8/22/2021 8:00:00 PM

Event Closure for Attendees: 8/23/2021 5:00:00 AM

Event Description: The 'event' is an open air venue serving at a hospitality/check venue. Guests will enter and receive collateral from the event coordinator.

All guests will not enter at once but will enter on a flow as they check into the resort throughout the day. There will be lighter food and beverage offerings. Mainly pre-packages items. All Food and beverage will be serviced per a Four Seasons server attendant in appropriate PPE.

Anticipated Number of Attendees: 100

Implementation Plan:

Pre-Event Information Collection (if any): All guests in attendance will have proof of full vaccination of Covid 19. In addition, daily testing will be implemented per the group coordinator.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: Hotel will be collecting all attendee information for contact tracing purposes, prior to the event. All attendees will be required to check in at the event entrance to ensure that they are on the guest list.

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: All employees are screened upon arrival and must wear a face covering at all times.

All employees must complete a self-health assessment prior to starting their shift and are required to stay home if they are not feeling well

All tables and chairs will be sanitized before and after event

Event area has a designated entrance and exit

Sanitizing stations and face coverings are provided at all events

Dancing is not permitted while food & beverage are being served within close proximity.

All indoor food and beverage stations are set with plexi-glass and served by staff.

Face covering is required at all time indoor, excepted while seated and actively eating.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Contact information will be collected prior to the event, and all event attendees will be required to check in at the event entrance. This event is for pre-registered guests only, there are no walk-in attendees allowed at this event. Four Seasons Lead With Care protocols will be communicated with event organizer and accessible via the Resort website for all event attendees.

Plans for Social distancing: Indoor Events: Event area has designated entrance and exit, and employees to ensure attendees maintain necessary social distancing standards.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Event area has designated entrance and exit, and employees to ensure attendees maintain necessary social distancing standards. See attached diagram of event.

The Four Seasons Security team has been trained to handle emergency situations & are continuously updating policies & procedures to ensure the health and well being of guests and employees.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Indoor Event: Hotel has an added layer of protection with the installation of the advanced air purification systems using Needlepoint Bipolar Ionization technology, which is 99.4% effective at eliminating COVID.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Employees & vendors are required to receive ongoing training on Four Seasons Lead with Care guidelines, including health & safety protocols and the importance of personal health and hygiene. The Resort has enhanced the cleaning in work areas, adjusted its work practices to promote social distancing, and requires all employees to wear face coverings. Employees & vendors must also complete health screenings prior to their shift and are required to stay home if they are not feeling well.

The Four Seasons Security team has been trained to handle emergency situations & are continuously updating policies & procedures to ensure the health and well being of guests and employees.

Lead With Care training building on Four Seasons legendary service model and diligent attention to detail, ensuring Lead With Care procedures and delivered in a thoughtful, attentive manner that balances guest safety with personal reassurance and comfort

Additional measures to reduce transmission between staff/performers and attendees: The COVID-19 Advisory Board advertising on the global training program for all employees including: ensuring employees have a well-informed understanding of the disease and its transmission, providing guidance on appropriate social distancing and use of personal protective equipment, as well as physical and mental health monitoring and support

Grounded in emotional intelligence, employees are undergoing behavioral training, ensuring empathetic, personalized care and connection are not lost in the absence of close contact and limited face to face interaction.

Plans for addressing symptomatic individuals on-site

If at any point during the event, an attendee begins showing COVID-19 symptoms, the attendee will be required to depart event. If event attendee is an in-house guest, attendee will be required to isolate and quarantine in their registered room. Additionally, medical services and onsite testing are available.

The Four Seasons Security team has been trained to handle emergency situations & are continuously updating policies & procedures to ensure the health and well being of guests and employees.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

All in houses guests and event organizers will be contacted prior to event to ensure all Four Seasons Lead With Care safety protocols are communicated clearly. This is also shared as a part of the guest pre arrival communication and is accessible via the Resort website. All events are coordinated to abide by current City & County of Honolulu and Four Seasons Lead With Care guidelines.

All employees and vendors receive ongoing training on Four Seasons Lead With Care health and safety protocols, and are trained to engage with event attendees to promote social distancing.

The Four Seasons Security team has been trained to handle emergency situations & are continuously updating policies & procedures to ensure the health and well being of guests and employees

Lead With Care training building on Four Seasons legendary service model and diligent attention to detail, ensuring Lead With Care procedures and delivered in a thoughtful, attentive manner that balances guest safety.

Event Date & Time: 8/14/2021 10:00:00 PM

Entry Allowed for Attendees: 8/15/2021 3:30:00 AM

Event Closure for Attendees: 8/15/2021 8:30:00 AM

Event Description: Sinublan company banquet and meeting.

Anticipated Number of Attendees: 100

Implementation Plan:

Pre-Event Information Collection (if any): All guests will provide contact tracing information no less than 4 days before the event. Copy of list will be on hand.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): NA. Temperature checks are mandatory for all guests and staff prior to entering the venue.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Staff will be responsible for plating and distributing all food and beverages.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Contact tracing information will be submitted to the caterer 4 days prior to the event. We will have a copy of the list on hand.

Plans for Social distancing: Distance between tables will be increased to no less than 8 ft.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: The ballroom will have separate doors for entrance and exit. Food area will be no less than 10 ft away from guests seating area.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Entrance and exit doors will remain open. The ballroom has AC.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Staff/performers will be given a briefing before the event starts. All catering staff will fill out a covid pre-check form before coming to work.

Additional measures to reduce transmission between staff/performers and attendees: Social distancing and masks will always be enforced. Limit communication between staff and all attendees to appointing a POC.

Plans for addressing symptomatic individuals on-site

Any individuals displaying signs of sickness will not be allowed to attend.

Guests who do not pass the 1st temperature check will be allowed a second/third try with 5 min interval testing. If they are unable to pass, they will not be allowed to enter.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

The venue will have signage to remind guests about covid protocols. The caterer will also provide our own covid signage. Guests who do not follow the mandates will be informed by the client and caterer only once before they are

Entry Allowed for Attendees: 8/13/2021 3:30:00 AM

Event Closure for Attendees: 8/13/2021 7:30:00 AM

Event Description: Wedding Reception. Guest are aware of the strict mask guidelines and social distancing. Food will be served and not operating as a buffet. Guest will not be allowed to mingle amongst other tables. We already have everyone's address and contact information for contact tracing. There will be no out of town guest. Only guest from the Honolulu County.

Anticipated Number of Attendees: 90

Implementation Plan:

Pre-Event Information Collection (if any): Not required, event operating under 50%.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): None

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Guest are aware of the strict mask guidelines and social distancing. Guest will only be allowed to remove mask only when actively eating or drinking. Food and drinks will be served and not operating as a buffet. Tables will be set 6ft apart from each other. Guest will not be allowed to mingle amongst other tables.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: We used an online RSVP system to track all our guest. Data for contact tracing is readily available. Temperature checks will also be taken upon arrival of guest.

Plans for Social distancing: Tables are set 6ft apart from each other. Guest will not be allowed to mingle amongst other tables.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Diagram has been drawn out with assigned seating for guest with Social distancing requirements.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): AC with Filtration system. Side Doors will also be open to allow air flow.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Shared plan with staff and ensured everyone is on the same page.

Additional measures to reduce transmission between staff/performers and attendees: Staff will be wearing mask entire time of event. For staff to avoid any cross contamination of serving utensils, staff will have designated servers to plate the food and waiters will serve plates to guest. As well as the drinks.

Plans for addressing symptomatic individuals on-site

Guest who test positive will not be allowed to attend event. Guest who were in contact with someone with Covid 19 will be required to take a test and must show proof of negative test result. Guest who show signs of any flu like symptoms will be asked to go home.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

The venue coordinator and staff are well aware of the safety protocols of before and during the event.

Entry Allowed for Attendees: 8/20/2021 5:00:00 PM

Event Closure for Attendees: 8/23/2021 3:30:00 AM

Event Description: Boy Scouts of America adult training retreat

8/20/21-8/22/21

Three day camp/class using indoor and outdoor learning spaces

Anticipated Number of Attendees: 45

Implementation Plan:

Pre-Event Information Collection (if any): Pre-registered participants will email image of vaccination card showing date and type of last vaccine to course medical officer. Participants who do not provide proof of vaccination in advance (or have not been fully vaccinated as defined by the City & County of Honolulu) will provide proof of vaccination upon arrival or show a negative COVID test taken within the past 48 hours.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: Only registered participants and staff will be allowed entry to the campgrounds. Temperatures are checked as they enter the gate, before exiting their vehicles. Only people with temperatures under 100.4 degrees fahrenheit will be allowed to exit their vehicles and enter the campgrounds.

Names are checked against the list of people who have provided vaccination status in advance, and those who have not yet been cleared must provide proof of vaccination or a negative COVID test taken within the past 48 hours.

The Boy Scouts of America require all participants to provide a certificate of medical clearance signed by a physician acknowledging they are healthy and fit enough to participate in camping activities.

Aloha Council also requires all people on site (participants and staff) to sign a waiver form acknowledging risk, and complete a daily temperature log starting 14 days prior to the event.

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Kitchen staff will be in charge of all food and beverage service through the event. Food will be plated by kitchen staff and handed directly to participants. Beverages will be served by kitchen staff in single use, disposable cups, or pre-bottled portions.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: All staff and participants are pre-registered, and contact information is collected. All attendees will be checked in upon arrival. No "day of" registrations allowed.

Plans for Social distancing: Participants will be grouped in pods of five, and pods will not intermingle.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Indoor venue has multiple ingress and egress points, including double-wide doors. Restrooms are single stall, located in separate, outdoor facilities.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Indoor venue is well ventilated with windows and doors to the open outside air covering 50% of wall space. Portable fans will also be setup to move air through the room. Temperature checks of all people on site will occur at least twice daily.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Staff has been briefed on proper protocols including mask wearing, hand washing, physical distancing, and room and surface decontamination.

Additional measures to reduce transmission between staff/performers and attendees: Total staff size has been reduced to minimum viable staffing. Staff will not congregate during event. Staff meetings will take place outdoors in an area that will allow for sufficient physical distancing.

Plans for addressing symptomatic individuals on-site

Any persons who exhibit any flu-like symptoms, including but not limited to a temperature of 100.4 degrees Fahrenheit will be either refused entry to event, or isolated in a separate lodging for observation and additional temperature check using oral thermometer. If temperature is confirmed, participant will be dismissed to seek medical assistance (if able), or appropriate medical personnel will be called. All people on site will also be given an oral temperature check to identify any other potentially symptomatic individuals.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Staff have previously been briefed multiple times at training sessions. All people on site will receive comprehensive safety brief during opening of event, and daily briefings through the event. Participants and staff who refuse to follow health and safety protocols will be dismissed from the event.

Event Description:

Event Date & Time: 8/14/2021 10:00:00 PM

Entry Allowed for Attendees: 8/15/2021 3:30:00 AM

Event Closure for Attendees: 8/15/2021 9:30:00 AM

Event Description: Wedding reception for 100 guests and staff. Guests must provide proof of vaccination or negative COVID-19 test upon arrival. Buffet is being served by Hotel staff. All other mandates will be followed per re-opening strategy.

Anticipated Number of Attendees: 100

Implementation Plan:

Pre-Event Information Collection (if any): Client has sent contact tracing document to Hotel. Attendees will be pre-screened by providing vaccine card or negative test before entry. Attendees will also have their temperature checked prior to entry. Any attendee with no proof of vaccine/negative test OR 100.4 temperature or higher will not be allowed to enter.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: Hotel will provide staff will be on hand to verify documentation prior to allowing attendee to enter.

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Buffet will be served by Hotel staff only. Hotel staff will handle all beverage orders from guest tables. No standing in line at the bar and no self-service food or beverages stations will be allowed.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Sign-in data is being provided by client 3-days ahead of wedding. Hotel will keep documentation for contact tracing purposes.

Plans for Social distancing: Hotel has taken additional steps in regards to social distancing. Hotel has maintained limited indoor capacity to 50%. Also, guest tables are spaced out minimum 7-8 feet. Hotel has client sign a mandate letter and guests are also sent an email from client. Signage at entry regarding social distancing is provided.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: One door is dedicated to entry and a different door is dedicated to exit. Hotel will provide social distancing floor markers at registration table to keep guests minimum six feet apart.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Ballroom doors will be kept open at all times to allow airflow to pass through.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Hotel staff has undergone COVID-specific training during re-orientation meetings and pre-shift event meetings. Performers have been notified of Hotel mandates regarding social distancing and mask wearing.

Additional measures to reduce transmission between staff/performers and attendees: Performers are on stage at all times, minimum six feet away from guests and Hotel staff. Hotel staff are trained to wash their hands, wear face masks at all times, wear gloves and stay socially distant from guests.

Plans for addressing symptomatic individuals on-site

Any person with 100.4 degree temperature or displays any sign of illness will not be allowed to enter. If medical attention is required, Hotel security will be on hand to assist guest(s). Hotel also has designated "COVID compliance officers" to assist.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Hotel staff will advise Hotel Covid-19 mandates to all attendees prior to arrival. Signage will be posted at event entrance for reminders. Hotel staff and performers are reminded at start of each show at pre-shift meetings.

Entry Allowed for Attendees: 9/4/2021 9:00:00 PM

Event Closure for Attendees: 9/5/2021 1:00:00 AM

Event Description: This social gathering is planned to celebrate a recent retiree from the University of Hawaii, Manoa. The attendees are mostly colleagues and friends from UHM.

Anticipated Number of Attendees: 25

Implementation Plan:

Pre-Event Information Collection (if any): I do not plan to collect any pre-event information.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): I do not plan to have any on-site testing.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: For this social gathering of 25 indoors--the following plans will be employed:

Face coverings will be required by all attendees, except when eating or drinking.

Attendees will have sit-down tables which will be arranged so that six feet of separation is maintained between groups. Tables and chairs will be fully sanitized.

Disposable dish ware and utensils will be used. (There will be no self-service buffets or drink stations.)

Ample supply of hand and will be provided.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: The organizer, Lola Quan Bautista, will collect all data of the attendees. This will be available upon request.

Plans for Social distancing: Signage will be present to encourage physical distancing.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: No strategies since there are no identifiable "choke points" at this location.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): There is a built in AC system in the hall that allows for air flow. However, it will not be used since there are two side sliding lanai doors and entrance door that can be opened to ventilate the space (in fact, the sliding doors and entrance door take up

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Any/All performers will maintain physical distance of at least six (6) feet from attendees and wear face coverings at all times.

Additional measures to reduce transmission between staff/performers and attendees: (None.)

Plans for addressing symptomatic individuals on-site

Any individual with symptoms on-site will be asked to immediately separate themselves from others, inform their established point of contact at their workplace (e.g., supervisor or occupational health program), and arrange for medical evaluation and testing.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Before the social gathering, a detailed email will be sent to each attendee outlining safety protocols. In addition, signage will be provided at the entrance and within the structure to remind attendees of safety protocols. Finally, an announcement will be made at the beginning of the social gathering event.

Event Description:

Event Date & Time: 9/24/2021 10:00:00 PM

Entry Allowed for Attendees: 9/25/2021 5:30:00 AM

Event Closure for Attendees: 9/25/2021 8:00:00 AM

Event Description: Diamond Head Theatre will be presenting the show, 'Oliver' from September 24 to October 10, 2021. There will be 13 performances.

Anticipated Number of Attendees: 350

Implementation Plan:

Pre-Event Information Collection (if any): We are collecting at the door.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: Patrons will be informed when they purchase their tickets that proof of vaccination will be required at each and every show. Exceptions for COVID tests (48 hours prior) will be allowed but vaccine proof will be the preferred option. Prior to entry, on our lanai, a check-in tent will be set up. Vaccination proof will be checked and a paper wrist band will be affixed.

At the door of the theatre (the only entry point), ticket takers will check for wrist bands and then scan tickets. All ticket purchases require an address, telephone, and email, if contact tracing is needed.

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: No food or beverages are allowed.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Every ticket is purchased online and is trackable by name, address, phone, and email. For season subscribers, we collect all their information during the summer when they purchase their package of shows. All the information resides in a Salesforce-based database called Patron Manager.

Plans for Social distancing: Will be recommended in the lines to check-in and enter

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: We have markers on sidewalks and encourage patrons not to bunch up (we have had socially distanced shows at less than 50% since January so our patrons are "trained"); we have large signs for rows and seats; restrooms are monitored. Prior to the start of the show, we announce masks kept on throughout the show and at the show's end, their row will be called starting from the rear of the theatre

Description of ventilation system and how COVID risk is mitigated (indoor venues only): At the beginning of the pandemic, we installed Merv-13 (HEPA-like) air filters; our A/C system itself was installed new in April 2019; our ceilings are high approx. 50 feet from the floor and the auditorium is cavernous.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: We have a 17-page Safety Guideline Pandemic Plan which we developed in 2020 and update regularly. It is given to staff, cast, crew, and volunteers. We have been deemed a Healthy Verify site and participate in the Aloha Safe app program.

Additional measures to reduce transmission between staff/performers and attendees: We require that employees, cast, crew and volunteers provide proof of vaccination. We recommend masks for daytime staff; do not gather and are in separate offices. We require masks for performers except when

on stage. We require masks for all who work on show nights. We have hand sanitizers at several checkpoints.

Plans for addressing symptomatic individuals on-site

We will question any individual presenting possible symptoms and require a temperature check. Should their temperature be elevated, we would refuse entry.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

For staff, performers, etc. safety manual to be reviewed regularly.

For patrons, signage on walls, in restrooms, on walkways and in pre-show announcement

Event Name: Gaudiel Wedding

Event Description:

Event Date & Time: 9/3/2021 7:00:00 PM

Entry Allowed for Attendees: 9/3/2021 11:00:00 PM

Event Closure for Attendees: 9/4/2021 4:30:00 AM

Event Description: Hosting an outdoor wedding in a courtyard

Anticipated Number of Attendees: 60

Implementation Plan:

Pre-Event Information Collection (if any): Everybody attending the event is flying into Hawaii on Sep 1 and 2, after getting their covid test. Therefore the wedding will not require submissions of vaccination cards or covid tests, because everyone who is flying into Hawaii on Sep 2 will have already completed the state's travel mandate.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): no onsite testing required

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Only staff members with gloves and masks will be handling all food, bars and etc

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Clipboard with full name and signature will be requested upon arrival

Plans for Social distancing: Families are seated together, in groups 6 feet away from other tables

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: staff will be guided on the wedding day to escort guest and designate traffic around the building

Description of ventilation system and how COVID risk is mitigated (indoor venues only): na

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Ensure only masked and gloved staffed are working

Additional measures to reduce transmission between staff/performers and attendees: gloves and mask on the entire event

Plans for addressing symptomatic individuals on-site
end event immediately

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Announcements about social distancing, and covid protocols with everyone

Entry Allowed for Attendees: 10/29/2021 3:30:00 AM

Event Closure for Attendees: 10/29/2021 7:30:00 AM

Event Description: A charity fundraiser for Hawaii Lodging and Tourism Association's Charity Walk. It is a cooking competition between 10 food trucks who pair up with 10 resort chefs to create the best dish. Attendees get tasting samples of all 10 dishes and vote on a winner. Ticket price gets donated to charity walk.

Anticipated Number of Attendees: 500

Implementation Plan:

Pre-Event Information Collection (if any): This is a ticketed event. All tickets must be pre-purchased online for all attendees and complete contact information for each ticket holder is required before they can pay for the tickets.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: At the door upon check in - verified via the ticket purchasing process

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: The dishes being served are small tasting portions or bites- individual plated, no sit down tables. This is a standing cocktail party style reception. Additional staff will be on hand to enforce social distancing standards and a clean/sanitation team will be circulating throughout the out door area constantly disposing garbage and sanitizing areas.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Digital record online and printed lists at the door.

Plans for Social distancing: We are closing the parking lot and side street - over 3 acres of space - plenty of space to social distance as well as additional monitors in all areas maintaining standards.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Ten trucks spread out over 3 acres- placards and monitors at each truck ensuring proper 6 feet distance from those waiting to grab their bites.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): N/A

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Performers will be on four smaller stages 6 feet apart and barricaded from the public being able to reach them- stages are outside in the parking lot.

Additional measures to reduce transmission between staff/performers and attendees: Masks will be required at all times except when eating or drinking. All staff and volunteers working the event are vaccinated. Electrostatic spray guns with hospital grade disinfectants will be deployed in all areas and common areas- ie restrooms, etc.

Plans for addressing symptomatic individuals on-site

Digital temperature checks at the gate and anyone with a temperature will be denied access to the event.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

When booking tickets it is explained as well as on the confirmation for the ticket. Large posters will also be at registration for all to see.

Event Closure for Attendees: 8/14/2021 2:15:00 AM

Event Description: Company meeting

Anticipated Number of Attendees: 70

Implementation Plan:

Pre-Event Information Collection (if any): Employees will be required to provide proof of vaccination or negative COVID-19 test result within 48 hours of event.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: Employees will be required to provide proof of vaccination or negative COVID-19 test result within 48 hours of event. Check-in time is between 2:10 pm and 2:30 pm and employees will be required to ensure proper distancing if there is a line to sign in. Human Resources will preside over the line to ensure all precautions are taken.

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: N/A

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Employees will be required to sign-in upon arrival. Employees will be required to provide proof of vaccination or negative COVID-19 test result within 48 hours of event. Employees' contact information is on file.

Plans for Social distancing: Chairs will be arranged to ensure proper distancing.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: If there is congestion at the entrance to sign in for the meetings, employees may wait in the open-air courtyard. To avoid congestion when the meeting ends, employees will be excused by row.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Entry/Exit doors can be opened to allow airflow to pass through.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Staff are required to wear masks and venue has procedures in place for its staff. Human Resources will email employees regarding measures/precautions that must be adhered to. Hand sanitizer is available at the venue.

Additional measures to reduce transmission between staff/performers and attendees: Venue staff and attendees are required to wear masks.

Plans for addressing symptomatic individuals on-site

Employees who are not feeling well or are exhibiting any symptoms will be asked to attend the meeting virtually. If an employee exhibits symptoms during the meeting, they shall be asked to exit the meeting room. Medical assistance will be recommended for those who are not feeling well or are exhibiting symptoms.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Human Resources will send an email to employees prior to the meeting and emcee will make an announcement at the meeting.

808race@gmail.com

330 Cooke Street, Honolulu HI 96813

Event Description:

Event Date & Time: 8/29/2021 10:00:00 PM

Entry Allowed for Attendees: 8/29/2021 4:00:00 PM

Event Closure for Attendees: 8/29/2021 7:30:00 PM

Event Description: Outdoor athletic event, a 20K endurance run for individuals to run their own pace. A wave start and timing mat will easily allow athletes to start and finish in a socially distanced manner. (The 15K Run was successfully executed on 8/8/21 with safety protocols effectively in place. Full cooperation by all was experienced)

Anticipated Number of Attendees: 200

Implementation Plan:

Pre-Event Information Collection (if any): Name, address, phone, email and birthdate information is collected and required for registration of each participant

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): Athletes will be social distanced and required to wear masks before and after run portion of event. No on-site testing.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Pre-packaged snacks will be offered. Self-serve aid stations will be set up and monitored by masked/gloved volunteers.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Athletes are required to register for the event and provide personal/contact information. This data is stored online and reports are easily accessible and can be provided upon request.

Plans for Social distancing: Athletes must social distance from start to finish at event and must wear a mask. (They are not required to wear a mask on the actual run portion that is done on roadways with natural open air ventilation and where distancing is easily possible). There is no congregating allowed anywhere before, after or on the course.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Staggered start and an open course will keep athletes distanced from one another. There is no start meeting and no awards ceremony, so athletes will not be congested at any point of the event.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Information is provided on event website. And email updates and reminders are sent to everyone involved:

<https://808racehawaii.com/#safety>

<https://808racehawaii.com/races/runners-hi-20k/>

Additional measures to reduce transmission between staff/performers and attendees: Volunteers will be wearing masks, face shields and gloves at aid stations. Admin staff will be wearing masks. Athletes must wear masks at the start and finish of event, and are asked to vacate the area after they finish their run.

Plans for addressing symptomatic individuals on-site

Athletes are told not to attend if they experience symptoms before the event. If at the event they show symptoms, they will not be allowed to participate and will be asked to go home.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Safety protocols are posted on the website and emailed to participants.

Event Date & Time: 8/26/2021 10:00:00 PM

Entry Allowed for Attendees: 8/27/2021 4:00:00 AM

Event Closure for Attendees: 9/7/2021 7:00:00 AM

Event Description: Outdoor carnival with rides, foods, games, and entertainment. The carnival will run for 2 weekends: August 26-29 and September 2-6, at Aloha Stadium's Lower Halawa parking lot.

Anticipated Number of Attendees: 4000

Implementation Plan:

Pre-Event Information Collection (if any): NA

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:**Plan for On-site Testing (if any):** NA

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: There will be 3 carnival food trailers selling pizza, cotton candy, and funnel

cake. All employees are required to follow the Dept. of Health's food handling rules and regulations, which the company will enforce. Employees are required to wear masks while working in the food wagon. Employees are required to wash their hands frequently and wear gloves when required.

Highly utilized surfaces will be sanitized between shifts and as needed.

Soap, disinfectant, hand sanitizer, and paper towels will be adequately supplied. Carnival patrons will be allowed to dine under the large, open dining tent (66'x150') where there is a stage and tables that will be spaced six feet apart. Performers on stage will be distanced ten feet or more away from patrons. Tables and chairs will be sanitized after each party.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo**Plans for collecting Sign-in Data for all attendees:** We will utilize Altres' Wellness Tracker software, which is a self-screening

health questionnaire. At the same time, this will serve as a way to collect attendees' sign-in data which will be stored in a database. Attendees will need to show confirmation of completion before they are allowed entry to the fairgrounds. Paper forms will be available on-site for those that do not have access to a smartphone or the internet.

Plans for Social distancing: There will be signs reminding people to be courteous and social distance from other people.**Plans for Enforcement of use of face coverings (indoor events only):****Strategies to reduce congestion at choke points:** Please see mitigation plan attachment.**Description of ventilation system and how COVID risk is mitigated (indoor venues only):** NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: See answer in the restaurant/bar/social establishment question above for

food handlers. All food handlers will be trained prior to working. Performers will only be on stage which will be ten feet or more away from others. All employees will also be screened and evaluated for signs of illness prior to starting a shift. Employees displaying signs of illness will be sent home and advised to seek medical treatment as necessary.

Additional measures to reduce transmission between staff/performers and attendees: Rides-seats handlebars, and other frequently touched surfaces will be

sanitized regularly. Games-disinfectant wipes will be available for guest use. Hand sanitizer stands will be placed throughout the fairgrounds. Restrooms will be maintained continuously throughout operations by a third-party janitorial company.

Plans for addressing symptomatic individuals on-site

If an individual falls ill on-site, they will be sent to the First Aid tent for initial evaluation and if stable, sent home and advised to seek medical treatment as necessary. Areas encountered by the sick person will be sanitized thoroughly. All employees who may have come into contact with an ill employee will be notified immediately and advised to self-isolate and take a COVID-19 test. Company will pay for employee's test.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Guest responsibility procedures will be posted on our website and communicated through various media. Necessary signage will be posted throughout the fairgrounds. All departments will train their employees on new COVID-19 safety protocols.

Entry Allowed for Attendees: 10/30/2021 3:30:00 AM

Event Closure for Attendees: 10/30/2021 7:30:00 AM

Event Description: Outdoor open air market that is free to guests. This is part of Marriott's commitment to charity give back. We don't charge any fees to vendors and don't charge to attend the event.

Anticipated Number of Attendees: 1000

Implementation Plan:

Pre-Event Information Collection (if any): Will be at the gate the night of the event.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: At the entry gate upon entry.

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: No on-site consumption or sit down tables allowed- guests can purchase and take food with them or stand and eat and dispose of food containers.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: At the gate upon entry.

Plans for Social distancing: Event is outside. We are closing down the side street and parking lot so vendors and food trucks can be far apart from each other spaced out over 3 acres.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: We will have monitors and security in place enforcing masks and social distancing standards as well as a clean/sanitation team roaming the grounds sanitizing.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Performers will be on a separate stage barricaded from the public and distanced by 6feet. Stage is in the parking lot.

Additional measures to reduce transmission between staff/performers and attendees: Requesting proof of vaccination and or neg test results from all performers.

Plans for addressing symptomatic individuals on-site

Digital thermometer at entrance registration- any symptomatic people will be barred from entry.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

On all advertising for the event as well as on large posters at the entrance.

Entry Allowed for Attendees: 10/31/2021 3:30:00 AM

Event Closure for Attendees: 8/13/2021 3:30:00 AM

Event Description: An outdoor night market with crafters, food trucks and assorted vendors. This is a community give back event that Marriott supports as part of its community cares program.

Anticipated Number of Attendees: 1000

Implementation Plan:

Pre-Event Information Collection (if any): Will be requested at the gate

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: Negative COVID test or vaccination card

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: There is no table dining- this is a walking event. People are NOT encouraged to eat at the event but to purchase and take it with them.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Available at the entry gate.

Plans for Social distancing: We will be spread over 3 acres with additional staff monitors and security on hand to enforce safety protocols.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: We will be spread over 3 acres with additional staff monitors and security on hand to enforce safety protocols. Food trucks will be closely monitored with spacing placards in place.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Entertainers will be on a separate stage barricaded from the public being able to get within 6 feet.

Additional measures to reduce transmission between staff/performers and attendees: All performers will be requested to have negative test results or vaccination card.

Plans for addressing symptomatic individuals on-site

Digital thermometer at entrance gate. Symptomatic individuals will be barred from entry.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Via all advertising as well on large posters at the entry gate.

Event Description:

Event Date & Time: 8/25/2021 10:00:00 PM

Entry Allowed for Attendees: 8/26/2021 3:00:00 AM

Event Closure for Attendees: 8/26/2021 6:00:00 AM

Event Description: The Kupu Culinary Lab- Kewalo Sunset Dinner is a unique dining experience that immerses guests in Hawaiian culture and traditions, food, and music. Guests will arrive at the Harry & Jeanette Weinberg Ho'okupu Center and participate in cultural workshops, witness an imu (underground oven) uncovering, and dinner with Hawaiian music, storytelling and hula. These labs help our organization to support at risk youth in providing workforce opportunities and programming.

Anticipated Number of Attendees: 100

Implementation Plan:

Pre-Event Information Collection (if any): An online form will be available for guests to complete and upload their vaccination cards. COVID-19 Screening Questionnaire will be available for guests 24 hours prior to the event.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: Identical to the pre-event information collection as described above. Available specifically for those who did not complete it 24 hours prior to arrival in the pre-event information collection period. In addition to completing the screening questionnaire and providing a vaccination card and/or negative COVID test, entry door temperature checks will be conducted.

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Food will be served on a food line with Kupu staff/interns serving. Food will be protected behind an acrylic guard. Kupu staff/interns are required to wear face coverings and gloves. Staff/interns practice and follow all food safety and handling guidelines. Guests will be allowed to enter the food area in groups of ten and will be required to wear their masks in order to collect their food items. Beverages will be served by Kupu staff/interns or a vendor at a beverage station.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: An online form will be available for pre-information collection and screening questionnaire. Guests will also be able to check in and complete the forms on-site prior to entry. Using their phone, guests will scan the QR code to Sign-in and complete the online form. We will also have an iPad available (sanitized between each use) for those who do not have a phone and also paper forms on hand.

Plans for Social distancing:

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Check-in area will be at the front of the building and will be one way in, until all guests have arrived and completed the screening. The area will then revert back to a normal two way use. While waiting to be screened, guests will wait outside along the building and access lane.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): The Harry & Jeanette Weinberg Ho'okupu Center facility is equipped with garage doors surrounding the main event area. When open, the facility is identical to an open air pavilion, with two oversized ceiling fans that maximize air flow. The facility also h

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Staff & performers must be vaccinated and show proof or provide a negative

COVID result within 48 hours prior to the event. They will be required to review the safety protocols and attend a safety briefing prior to the event. Face coverings, gloves, handwashing stations, and hand sanitizer will be available to staff and performers.

Additional measures to reduce transmission between staff/performers and attendees: Staff, performers and guests must be vaccinated and show proof or provide a negative COVID result within 48 hours prior to the event.

Plans for addressing symptomatic individuals on-site

Prior to arrival guests will be asked to review our safety protocols and our COVID-19 Screening Questionnaire will be available 24 hours prior to the event start time. Those members associated with the event, who are exhibiting symptoms prior, will not be allowed to attend. If at any time associated members show symptoms during the event, they will be removed to the outside porch landing if they need immediate assistance OR will be required to leave the premises immediately. Management will encourage them to get a COVID PCR test and will follow up to determine any next steps.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

All members associated with the event will be able to review all safety protocols prior to the event which is available on our website. Staff/interns, performers and vendors will also be briefed prior to the event start time. Guests will be reminded at the point of entry and primary guests will be responsible for making announcements during the event. All members may submit a photocopy of their vaccination card via our website or present it at the point of entry upon arrival. They may also complete the COVID-19 Screening Questionnaire via an online link on our website 24 hours prior to the event start time. The screening questionnaire will also be available at the point of entry.

Entry Allowed for Attendees: 8/21/2021 9:30:00 AM

Event Closure for Attendees: 8/23/2021 1:00:00 AM

Event Description: Spartan Race is an outdoor obstacle racing event who hosts courses of varying degrees and difficulties all over the world. We will be hosting our event at Kualoa Ranch on Saturday and Sunday 8/21 and 8/22 where we will have our Ultra(30 Mile) and Beast(13 Mile) course on Saturday and our Super(7 Miles) and Sprint(3.5 Mile) courses on Sunday. We are anticipating roughly 1800 people for Saturday and 4200 for Sunday with waves of 75 people going off every 5 minutes. Saturday races begin at 6 am and conclude at 12 PM, and Sundays races begin at 7:00 and conclude at 3:30 PM. We have documentation that outlines the steps that we are following to host our events safely in the Covid-

Please see updated Hawaii Spartan Race Trifecta Weekend mitigation plan submitted on 8/14/21.

19 space that have been approved by a state certified epidemiologist in Boston, which I can share with any interested parties. Racers will be following pre-marked courses that contain different physical obstacles to complete and water stations for hydration.

Anticipated Number of Attendees: 6000

Implementation Plan:

Pre-Event Information Collection (if any): All vaccinated event staff are required to provide negative antigen tests within 5 days of travel and no additional testing is required. All non-vaccinated staff are required to provide proof of a negative PCR test within 5 days of travel, an antigen test upon arrival and before check in to the hotel, and then additionally every 72 hours onsite. All attendees must sign a waiver verifying that they are not experiencing any Covid symptoms in the past 14 days and have not come into contact with anyone to the best of their knowledge in that time. Additionally, we are also following the state of Hawaii travel requirements for anyone traveling from the mainland or elsewhere and requiring all event attendees to adhere to these travel policies.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): The ratio of people attending the event (Saturday - 1800, Sunday - 4200) is well within the required limitations of 50 people for every 1,000 sq ft and therefore we do not foresee the need to test all attendees. We will still be testing all non-vaccinated

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Onsite Food and beverage sales will be available. We have a beer garden set up to separate alcoholic beverage sales separate from F&B with many large shade tents and designated areas for food consumption. Staff will also be required to sanitize all areas regularly and are willing to work with any additional guidance required by the State of Hawaii.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: All event attendees must pass through our registration entrance before gaining access to the event. Our registration staff is responsible for collecting all needed racer information such as ID, birthdate, address, phone numbers, etc and direct the attendee to sign a waiver that identifies that they have not come in contact or have shown any signs or symptoms of Covid-19 in the last 14 days prior to the event.

Plans for Social distancing: We send our participants off in staggered heats of approximately 250 people every hour. We also actively encourage people to maintain 6 feet of separation in both our pre race messaging and onsite communications. We do not encourage group activity within our festival area and racers are not encouraged to help each other with obstacles on the course or face the risk of disqualification. All obstacles are watched over by experienced event staff and trained volunteers to ensure these protocols are being followed.

Plans for Enforcement of use of face coverings (indoor events only):

Please see updated Hawaii Spartan Race Trifecta
Weekend mitigation plan submitted on 8/14/21.

Strategies to reduce congestion at choke points: We strongly encourage our racers to arrive 30 minutes prior to their race and to not hang around. We have the option for Food and beverage and merchandise sales but have designed our festival so that customers are encouraged to leave shortly after completion of their event. We have rented over 80 portable restrooms with hand sanitizer and handwashing stations to accommodate the number of people attending our event. Staff members in our festival area are always actively managing and attending to lines formed by customers with one of our main objectives being to reduce the amount of time people need to spend closely together, no matter the means.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): N/A

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Pre-event emails have gone out addressing travel to Hawaii to all racers and staff alike. This information is also hosted on our website at the following links:

<https://race.spartan.com/en/race/detail/7234/overview>

<https://race.spartan.com/en/the-unbreakable-code>

Additional measures to reduce transmission between staff/performers and attendees: All vaccinated staff are required to show proof of vaccination and at least 14 days since the last shot. Vaccinated staff will still be required to take a covid antigen test 5 days prior to travel. All non vaccinated staff will be required to take a PCR test within 5 days of travel and an antigen test before checking into their hotel. Additionally all non vaccinated staff will be required to take an antigen test every 72 hours that they are onsite. Regardless of vaccination status, all staff will be required to wear a mask on event days. We also have made all non-local staff comply with the regulations set forth by the state of Hawaii safe travels website and shared this info with all of our customers via email and on our website.

Plans for addressing symptomatic individuals on-site

All staff who are showing symptoms of Covid-19 will be tested, and either sent home or quarantined depending upon the status of their Covid test. All staff that have been in contact with an infected staff member will also undergo testing and will follow the same procedures as necessary. Customers showing symptoms of covid-19 will be asked to leave the site and may face legal action. All customers entering the property must sign a waiver that states they have not experienced Covid 19 symptoms or to their knowledge have been around someone with Covid 19 in the past 14 days before entering the event.(See attached Docs)

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

We have been actively communicating all the Covid relating restrictions to both our staff and our racers for sometime now. It is our main priority to ensure that we can continue to host these events in the Covid space and thus have taken measures to ensure that we are doing everything in our power to prevent the spread of Covid 19. Staff will be given designated vehicles with which they are not to deviate from using during the course of event operations in an effort to minimize potential transmission.

We are also making all staff and attendees aware of and to comply with all regulations set forth from the State of Hawaii safe travels website. We are very willing to work with the state of Hawaii in every way necessary to ensure that we can have the event that we have been planning for the past 4 months and have spent hundreds of thousands of dollars in the planning of. Our teams are already on the ground setting up our event and are willing to do whatever it takes to make this happen.

Event Description:

Event Date & Time: 10/23/2021 10:00:00 PM

Entry Allowed for Attendees: 10/23/2021 8:00:00 PM

Event Closure for Attendees: 10/24/2021

Event Description: Filipinos in Manoa is a celebration of Filipino heritage of Manoa Valley. This invite-only event will be located outdoors at Manoa Heritage Center and include filipino food, cultural activities, eskrima, parol-making, oral history and more. The event is sponsored by Manoa Heritage Center and Alexander & Baldwin and is being organized by a group community members with ties to Filipino culture.

Anticipated Number of Attendees: 75

Implementation Plan:

Pre-Event Information Collection (if any): Covid-waiver including health symptoms, travel, either proof of negative test results or vaccination.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: Submitted in advance of the event along with a waiver regarding health symptoms

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Bentos will be provided

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Sign-in data will be collected at entry along with temperature checks.

Plans for Social distancing: The group will be divided into smaller groups and rotate through learning stations.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Outdoor parking leads to an open grass area where temperature checks will be done. Floor will be marked to make sure people stand safely distanced when waiting for the restroom.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Staff and performers will adhere to same measures as event attendees (signing waiver with health symptoms, proof of negative test or vaccination as well as temperature check upon arrival)

Additional measures to reduce transmission between staff/performers and attendees: Staff, performers and attendees will wear face masks. Space will be provided throughout the event so as to avoid congestion.

Plans for addressing symptomatic individuals on-site

Symptomatic individuals will be asked to leave the event.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Waiver with negative test and proof of vaccination will be required as part of the RSVP process. Signage including floor markings (for bathrooms) will communicate safety protocols during the event. Masks will

be required. Staff and planning committee members will communicate safety protocols during the event.

Entry Allowed for Attendees: 8/22/2021 5:00:00 AM

Event Closure for Attendees: 8/22/2021 9:45:00 AM

Event Description: Drag Show Charity Event

Anticipated Number of Attendees: 500

Implementation Plan:

Pre-Event Information Collection (if any): Attendees will pre-register by providing Name and contact information on our website- Scarlethonolulu.com as well as payment. It is clearly stated on our website

that we are a 100% vaccinated venue and they will need to bring proof of vaccination to show upon arrival to our venue. We will not except negative tests.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: Attendees will check in at entrance and receive a

wristband to identify they have presented all documents as currently

required by C&C of Honolulu under Tier 5. We will scan the QR code that they have been sent upon registering on our website so we will have real time accurate account of all attendees

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Scarlet Honolulu has implemented strict COVID safety protocols. All attendees, staff, entertainers and EVERY person will be fully vaccinated. The MC will announce mask rules repeatedly on the microphone. On site televisions will display current rules.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Attendees will register at ScarletHonolulu.com where they will enter in their name, address, email address and phone number. Once registered they will receive a QR code that will be scanned upon their arrival to venue.

Plans for Social distancing:

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: We will have separate entrance and exit doors.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Venue has 30 tons of AC running through HEPA filters that are changed weekly. Commercial dehumidifiers and air filters run through out the venue

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All staff is 100% vaccinated. Scarlet keeps a record of all employees vaccination cards. Wellness checks will be done upon their arrival. They will be instructed not to come to work if they are not feeling well

Additional measures to reduce transmission between staff/performers and attendees: Performance areas are more than 6ft from customers

Plans for addressing symptomatic individuals on-site

They will not be allowed on-site. Guests are asked to review health assessment guidelines prior to arriving and will not be allowed to attend the event if they exhibit any symptoms. If at any time a guest shows symptoms during the event, the attendee and

their guest will be asked to leave the premises immediately and will be encouraged to get a COVID PCR test.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Safety protocols and current rules are posted on our website where all attendees are required to register. Staff/performers will be informed of safety protocols via our staff pages and emails.

Event Description: Memorial gathering. We will be conducting memorial service and gathering for our departed brother.

Anticipated Number of Attendees: 175

Implementation Plan:

Pre-Event Information Collection (if any): N/A

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): N/A

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: The restaurant/bar/social scenarios exist completely outside. Food will be prepared and pre-plated in a certified food safe kitchen on site. All food handlers will be wearing gloves & face masks in the preparation and distribution of all food & beverage items. Food will be distributed per table by food handlers. There will be no buffet line set up and available to access.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: All attendees will be required to sign in utilizing an event QR code upon entry to the premises. All information received will be kept on file.

Plans for Social distancing: Floor plan will be set up to allow proper outdoor social distancing.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: The open layout of the grounds allow for ample access for everyone. We do have restroom attendants who will allow (2) guests in at a time to lessen the congestion of this particular space. There will be a one-way entry and exit point to also alleviate any possible congestion as well.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): N/A

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Pre-event meetings will be conducted. Covid guidelines will be clearly communicated prior to the event.

Additional measures to reduce transmission between staff/performers and attendees: Covid guidelines will be clearly posted and communicated. Reminders will be shared over the PA system throughout the duration of the event. Hand sanitizer stations will be available. Event organizers will also patrol the event grounds to enforce proper covid protocols set by state guidelines.

Plans for addressing symptomatic individuals on-site

Symptomatic individuals on-site will be advised to leave the event and seek medical advice.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Covid guidelines will be clearly posted throughout the event grounds. Frequent Announcements will be made over the PA system, throughout the duration of the event going over safety protocols according to all state guidelines.

Entry Allowed for Attendees: 9/11/2021 6:30:00 PM

Event Closure for Attendees: 8/13/2021 7:00:00 AM

Event Description: PhotoCON Hawai'i 2021 is Hawai'i's Fifth Annual Première PhotoEducational and Informational photography event. Industry experts from around the world bring their game-changing workshops to this year's hybrid convention at breathtaking (pre-) historic Kualoa Ranch, where Jurassic Park was filmed. On-location workshops cover stills, videography, lighting, will all be spread out over the entire Kualoa Ranch. Each of the workshops will be limited to the required size.

Anticipated Number of Attendees: 200

Implementation Plan:

Pre-Event Information Collection (if any): We are requesting for attendees to check on: I have been vaccinated or I have not been vaccinated but will present a negative result for an FDA EUA antigen test within 48 hours of attending the event. They would not be able to register if not. We would ask them to show proof of their vaccination upon entry.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: We require each attendee to show proof of their vaccination or negative test results at registration. We will be taking temperatures also.

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Individual Bentos will be provided and tables will be separated outdoors for people to eat their meals. All chairs and tables will be thoroughly wiped down after each use and masks will be required when not eating or drinking. We will ask that they sit 6 feet apart.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Each attendee registers online so we have their name, emails and information.

Plans for Social distancing: We will limit our workshop classes that are outdoors to 25 people and ask for them to keep a good distance and keep their masks on.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: We have a registration area where tables and chairs will be scattered out. The Bentos will be available only at lunch time. All of our workshops are outdoors and are scattered throughout the property at both Hale Nanea at Kualoa on the 11th and 12th and in the Valley on the 12th in the afternoon.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA this is an outdoor event

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Staff and volunteers are required to have the same restrictions for vaccinations or proof of neg. test results, masks, distancing and hand sanitizing regularly. Temperatures for each individual will also be taken on the day of.

Additional measures to reduce transmission between staff/performers and attendees: We will be sure to keep distancing and mask wearing. All of our immediate staff has been vaccinated fully.

Plans for addressing symptomatic individuals on-site

We will ask any symptomatic individual that is not feeling well to please leave the event immediately.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

We will have our restrictions on our site, and reminders upon registration and constantly remind people to keep their mask on correctly. We will supply hand sanitizers in strategic areas.

Event Description:

Event Date & Time: 8/21/2021 10:00:00 PM

Entry Allowed for Attendees: 8/22/2021 4:30:00 AM

Event Closure for Attendees: 8/22/2021 8:00:00 AM

Event Description: For 8/21/21 Saturday - And every 3rd Saturday of the month

This is regular, monthly event that is held every 3rd Saturday. DJ plays music from the 70's, 80's, 90's genre for hotel guests and patrons once a month. The Swim Club has 5,001 total square feet of

OUTDOOR space (not including 1,836 square feet inside Restaurant, Mahina & Sun's). Total available public square feet is 6,837 square feet.

Based on the Outdoor Events II Covid-19 Recovery Framework Tier 4, it allows for 50 people per 1,000 square feet and intermingling. Based on our 5,001 square feet outdoor space, that allows for 250 persons.

Inside the restaurant, we will operate at 50% capacity of the 101 occupancy limit, enforcing mask rules if not actively eating or drinking, 10 people maximum group seating; 6 feet social distancing between tables and everyone must be seated.

Anticipated Number of Attendees: 150

Implementation Plan:

Pre-Event Information Collection (if any): None - part of our Restaurant/Hotel regular services/programming.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): None

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: YES, for the restaurant we follow the the restaurant/bar emergency order requirements including 50% occupancy capacity. Cash not accepted, only credit card digital payments.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: For this event, we have a registration desk at the front door of hotel where all attendees are temperature scanned and fill out the sign-in data. Attendee will be given a wristband identifying that they have signed-in and is 21 years old and over.

(The hotel has information for all guests in occupied rooms. When there is no event, the restaurant/bar staff has all patrons fill out the sign in data.)

Plans for Social distancing: Adequate seating in the outdoor space & restaurant is intentionally set 6 feet apart. Signage and floor graphics placed in areas such as waiting in line at bar and the outdoor dance floor will be designated at 6 feet to prevent intermingling. Masks are always available at the Front Desk and the Restaurant for those attendees in need.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: The Hotel's Swim Club is 5,001 square feet of outdoor space with adequate 6 feet distancing seating. The spacious areas allow ample space between attendees. We also have staff at every corner to assist in keeping the flow in areas safe and moving.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All staff required to wear masks and keep 6 feet social distancing to attendees. We designate 10 feet between the DJ and the attendees. Because we are a hotel and this has been a monthly event, our mitigation plan has been well communicated and management reminds the team every once a month at event.

Additional measures to reduce transmission between staff/performers and attendees: Information will be posted on our website's Safety Pledge and on our social media and calendars.

Plans for addressing symptomatic individuals on-site

Temperature screens are done upon arrival. Any temperature above 100 or higher will be asked to retake the screening in 10 minutes as they wait outside the entrance of the hotel. If the second temperature screen is still over 100, they will not be allowed to enter.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

We have a registration desk at the front door that personally communicates the safety protocols. Attendees that have signed in and are 21+ years of age will be given a wristband to easily identify. We also hand out a flyer with all the safety protocols in order to attend the event.

1451 Queen Emma Street, Honolulu, HI 96813

Event Description:

Event Date & Time: 8/18/2021 10:00:00 PM

Entry Allowed for Attendees: 8/18/2021 11:00:00 PM

Event Closure for Attendees: 8/19/2021 4:30:00 AM

Event Description: This event is a conference and workshop focused on solutions for the issue of 88,000 cesspools throughout Hawaii that must be converted to other alternatives by 2050, as per Act 125. This workshop will highlight innovative technologies, regulation and policy reforms, and financing options to assist homeowners with the conversion process.

Anticipated Number of Attendees: 65

Implementation Plan:

Pre-Event Information Collection (if any): All attendees must register ahead of time via EventBrite. They must sign a form indicating that they are vaccinated in order to register and must bring proof of vaccination to the event,

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: We plan to cross-check each person entering with their name on our registered list, and they will need to be able to show proof of vaccination upon request.

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Attendees will be seated at tables in small groups; food will be plated by servers; no self-service; masks will be required at all times when not eating or drinking

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Attendees will sign in at entry and we will collect the data on an Excel document.

Plans for Social distancing: No inter-mingling between tables; the room is large and we will encourage attendees to spread out and maintain social distance when outside their table group.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: We will ensure attendees enter through one door and leave through another door during busy times such as coffee/bathroom breaks. Volunteer coordinators on site will help direct traffic, and we will announce the in/out doors.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): We will have all possible windows and doors open to increase air flow and circulation; the room has large doors to the outside.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All speakers will show proof of vaccination before the event. Staff and speakers will wear masks except when actively presenting.

Additional measures to reduce transmission between staff/performers and attendees: Staff will be wearing masks and maintain social distance from attendees. Speakers will be located far from attendees and will speak into a mic to reduce the need to overly project vocally.

Plans for addressing symptomatic individuals on-site

Symptomatic individuals have been asked to sign in via Zoom instead of attending in person. Even very mild symptoms indicate that the participant will not be permitted to the in-person event. Participants will be asked about symptoms at sign-in to verify that everyone is healthy.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

We have been in ongoing conversations with the staff at Pacific Club about safety protocols. The WAI team will communicate the safety plan to speakers by email in the days before the event and again in person on the day of the event. Attendees will receive an email 5 days before the event with safety guidelines, and will be reminded in person at the event.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Contact information will be collected prior to the event, and all event attendees will be required to check in at the event entrance. This event is for pre-registered guests only, there are no walk-in attendees allowed at this event. Four Seasons Lead With Care protocols will be communicated with event organizer and accessible via the Resort website for all event attendees.

Plans for Social distancing: Event area has a separate designated entrance and exit, and employees to ensure attendees maintain necessary social distancing standards.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Event area has a separate designated entrance and exit, and employees to ensure attendees maintain necessary social distancing standards. See attached diagram of event.

The Four Seasons Security team has been trained to handle emergency situations & are continuously updating policies & procedures to ensure the health and well being of guests and employees.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): N/A – event is taking place outdoors

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Employees & vendors are required to receive ongoing training on Four Seasons Lead with Care guidelines, including health & safety protocols and the importance of personal health and hygiene. The Resort has enhanced the cleaning in work areas, adjusted its work practices to promote social distancing, and requires all employees to wear face coverings. Employees & vendors must also complete health screenings prior to their shift and are required to stay home if they are not feeling well.

The Four Seasons Security team has been trained to handle emergency situations & are continuously updating policies & procedures to ensure the health and well being of guests and employees.

Lead With Care training building on Four Seasons legendary service model and diligent attention to detail, ensuring Lead With Care procedures and delivered in a thoughtful, attentive manner that balances guest safety with personal reassurance and comfort

Additional measures to reduce transmission between staff/performers and attendees: Training focused on educating and empowering employees to deliver the enhanced health and safety program with confidence, passing on this care to each and every guest.

The COVID-19 Advisory Board advertising on the global training program for all employees including: ensuring employees have a well-informed understanding of the disease and its transmission, providing guidance on appropriate social distancing and use of personal protective equipment, as well as physical and mental health monitoring and support

Grounded in emotional intelligence, employees are undergoing behavioral training, ensuring empathetic, personalized care and connection are not lost in the absence of close contact and limited face to face interaction.

Plans for addressing symptomatic individuals on-site

If at any point during the event, an attendee begins showing COVID-19 symptoms, the attendee will be required to depart event. If event attendee is an in-house guest, attendee will be required to isolate and quarantine in their registered room. Additionally, medical services and onsite testing are available.

The Four Seasons Security team has been trained to handle emergency situations & are continuously updating policies & procedures to ensure the health and well being of guests and employees.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

All in houses guests and event organizers will be contacted prior to event to ensure all Four Seasons Lead With Care safety protocols are communicated clearly. This is also shared as a part of the guest pre

arrival communication and is accessible via the Resort website. All events are coordinated to abide by current City & County of Honolulu and Four Seasons Lead With Care guidelines.

All employees and vendors receive ongoing training on Four Seasons Lead With Care health and safety protocols, and are trained to engage with event attendees to promote social distancing.

The Four Seasons Security team has been trained to handle emergency situations & are continuously updating policies & procedures to ensure the health and well being of guests and employees.

Event Description:

Event Date & Time: 8/16/2021 10:00:00 PM

Entry Allowed for Attendees: 8/17/2021 2:00:00 AM

Event Closure for Attendees: 8/17/2021 8:00:00 AM

Event Description: Outdoor Wedding Ceremony and Reception

Anticipated Number of Attendees: 77

Implementation Plan:

Pre-Event Information Collection (if any): Attendees were informed that proof of vaccination or negative Covid test will be required to attend the event. Attendees have been asked to provide a

master guest list with their contact tracing information, including home address, phone no and email address. They were informed to show their vaccination card or a digital copy prior to or on the day of the event. Proof of vaccination must match the names on the guest list. Those who cannot present a vaccination card must present negative covid test result taken within 48 hours before the event start time, along with a valid photo ID.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): n/a

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: All guests will be seated on tables of no more than 10 ppl per table. Catering staff will be wearing face masks throughout the food and beverage service. Appetizers are pre-set and served. Drinks will be handled by professional bartender. Guests will be asked to wear face masks while in line at food/drink stations and will be 6-ft apart while waiting in line for food or drinks.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Sign-in data have been collected and will be kept on file. Guests will check-in and sign in before entering the premises.

Plans for Social distancing: One table at a time will be released at the buffet line. Only 5 people at a time in line at the bar. Guests will stand 6-ft apart while waiting in line at the bar and restrooms.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Covid 19 check-in area will be one way in, until such time that all guests have registered, then reverts to two way use. The venue is for the exclusive use of this event so no other attendees will be permitted if they are not on the master guest list.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Staff will be briefed prior to the event to ensure health and safety of all attendees

Additional measures to reduce transmission between staff/performers and attendees: Attendees are asked to wear face masks in restrooms. Staff are asked to wash hands/sanitize often. Extra disposable face masks are going to be available for staff and attendees.

Plans for addressing symptomatic individuals on-site

Temperature check will be done before entry at the venue. Symptomatic individuals will be asked to leave property and seek medical attention. If temperature is 100.4 degrees and above during arrivals they will not be allowed into the event.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

The couple has been informed of the safety protocols during the event. Vendors were asked to read and acknowledge our Covid-19 safety guidelines prior to the event date. On the day of the event, an announcement will be made to inform guests of health and safety protocols to be implemented during the event.

Entry Allowed for Attendees: 9/1/2021 4:45:00 AM

Event Closure for Attendees: 9/1/2021 8:00:00 AM

Event Description: Outdoor open air site-down dinner

Anticipated Number of Attendees: 90

Implementation Plan:

Pre-Event Information Collection (if any): N/A –outdoor event operating at baseline capacity.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): N/A – outdoor event operating at baseline capacity, and on-site testing available if needed.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: All employees are screened upon arrival and must wear a face covering at all times.

All employees must complete a self-health assessment prior to starting their shift and are required to stay home if they are not feeling well

All tables and chairs will be sanitized before and after event

Event area has a designated entrance and exit

Sanitizing stations and face coverings are provided at all events

Dancing is not permitted while food & beverage are being served within close proximity.

All indoor food and beverage stations are set with plexi-glass and served by staff.

Face covering is required at all time indoor, excepted while seated and actively eating.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Contact information will be collected prior to the event, and all event attendees will be required to check in at the event entrance. This event is for pre-registered guests only, there are no walk-in attendees allowed at this event. Four Seasons Lead With Care protocols will be communicated with event organizer and accessible via the Resort website for all event attendees.

Plans for Social distancing: Event area has a separate designated entrance and exit, and employees to ensure attendees maintain necessary social distancing standards.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Event area has a separate designated entrance and exit, and employees to ensure attendees maintain necessary social distancing standards. See attached diagram of event.

The Four Seasons Security team has been trained to handle emergency situations & are continuously updating policies & procedures to ensure the health and well being of guests and employees.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): N/A – event is taking place outdoors

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Employees & vendors are required to receive ongoing training on Four Seasons Lead with Care guidelines, including health & safety protocols and the importance of personal health and hygiene. The Resort has enhanced the cleaning in work areas, adjusted its work practices to promote social distancing, and requires all employees to wear face coverings. Employees & vendors must also complete health screenings prior to their shift and are required to stay home if they are not feeling well.

The Four Seasons Security team has been trained to handle emergency situations & are continuously updating policies & procedures to ensure the health and well being of guests and employees.

Additional measures to reduce transmission between staff/performers and attendees: Lead With Care training building on Four Seasons legendary service model and diligent attention to detail, ensuring Lead With Care procedures and delivered in a thoughtful, attentive manner that balances guest safety with personal reassurance and comfort

Training focused on educating and empowering employees to deliver the enhanced health and safety program with confidence, passing on this care to each and every guest.

The COVID-19 Advisory Board advertising on the global training program for all employees including: ensuring employees have a well-informed understanding of the disease and its transmission, providing guidance on appropriate social distancing and use of personal protective equipment, as well as physical and mental health monitoring and support

Grounded in emotional intelligence, employees are undergoing behavioral training, ensuring empathetic, personalized care and connection are not lost in the absence of close contact and limited face to face interaction.

Plans for addressing symptomatic individuals on-site

If at any point during the event, an attendee begins showing COVID-19 symptoms, the attendee will be required to depart event. If event attendee is an in-house guest, attendee will be required to isolate and quarantine in their registered room. Additionally, medical services and onsite testing are available.

The Four Seasons Security team has been trained to handle emergency situations & are continuously updating policies & procedures to ensure the health and well being of guests and employees.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

All in houses guests and event organizers will be contacted prior to event to ensure all Four Seasons Lead With Care safety protocols are communicated clearly. This is also shared as a part of the guest pre arrival communication and is accessible via the Resort website. All events are coordinated to abide by current City & County of Honolulu and Four Seasons Lead With Care guidelines.

All employees and vendors receive ongoing training on Four Seasons Lead With Care health and safety protocols, and are trained to engage with event attendees to promote social distancing.

The Four Seasons Security team has been trained to handle emergency situations & are continuously updating policies & procedures to ensure the health and well being of guests and employees.

The Resort has enhanced the cleaning in work areas, adjusted its work practices to promote social distancing, and requires all employees to wear face coverings. Employees & vendors must also complete health screenings prior to their shift and are required to stay home if they are not feeling well.

The Four Seasons Security team has been trained to handle emergency situations & are continuously updating policies & procedures to ensure the health and well being of guests and employees.

Additional measures to reduce transmission between staff/performers and attendees: Lead With Care training building on Four Seasons legendary service model and diligent attention to detail, ensuring Lead With Care procedures and delivered in a thoughtful, attentive manner that balances guest safety with personal reassurance and comfort

Training focused on educating and empowering employees to deliver the enhanced health and safety program with confidence, passing on this care to each and every guest.

The COVID-19 Advisory Board advertising on the global training program for all employees including: ensuring employees have a well-informed understanding of the disease and its transmission, providing guidance on appropriate social distancing and use of personal protective equipment, as well as physical and mental health monitoring and support

Grounded in emotional intelligence, employees are undergoing behavioral training, ensuring empathetic, personalized care and connection are not lost in the absence of close contact and limited face to face interaction.

Plans for addressing symptomatic individuals on-site

If at any point during the event, an attendee begins showing COVID-19 symptoms, the attendee will be required to depart event. If event attendee is an in-house guest, attendee will be required to isolate and quarantine in their registered room. Additionally, medical services and onsite testing are available.

The Four Seasons Security team has been trained to handle emergency situations & are continuously updating policies & procedures to ensure the health and well being of guests and employees.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

All in houses guests and event organizers will be contacted prior to event to ensure all Four Seasons Lead With Care safety protocols are communicated clearly. This is also shared as a part of the guest pre

arrival communication and is accessible via the Resort website. All events are coordinated to abide by current City & County of Honolulu and Four Seasons Lead With Care guidelines.

All employees and vendors receive ongoing training on Four Seasons Lead With Care health and safety protocols, and are trained to engage with event attendees to promote social distancing.

The Four Seasons Security team has been trained to handle emergency situations & are continuously updating policies & procedures to ensure the health and well being of guests and employees.

Event Date & Time: 8/20/2021 10:00:00 PM

Entry Allowed for Attendees: 8/21/2021 5:00:00 AM

Event Closure for Attendees: 8/21/2021 7:00:00 AM

Event Description: "2021 Ohana Music Festival" is a concert featuring performances by local musicians and singers encompassing eastern and western instruments and genres. This is a free concert--to bring messages of healing, hope and restoration to the audience even in the midst of the pandemic.

Anticipated Number of Attendees: 199

Implementation Plan:

Pre-Event Information Collection (if any): Event tickets are distributed to the anticipated attendees. There is pre-event information collection.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: Prior to entering the venue, the attendees will be (1) checked for temperature and (2) required to present proof of the full vaccination (i.e. a completed vaccination card in original, photocopied, or digital form or other similar vaccination documentation from a healthcare provider) to the ushers and provide name, address and phone number information. The verified attendees will receive a marking sticker to place on their outer garments.

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Not applicable--no food/beverages will be offered.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: All attendees will be required to fill out individual cards in which the attendees will confirm the vaccination status and provide the contact information.

Plans for Social distancing: The attendees will be seated six-feet apart.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: The attendees will have separate entrance and exit doors. The performers will have their own separate entrance and exit points. Please see attached drawing.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Central air conditioning system is filtered. Windows can be opened to facilitate further ventilation.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All ushers are required to wear face masks at all times and temperature checked. All performers are required to wear face masks when not performing and temperature checked.

Additional measures to reduce transmission between staff/performers and attendees: Performers and attendees will be physically separated and not allowed to congregate.

Plans for addressing symptomatic individuals on-site

Attendees will be asked to review health assessments guidelines prior to entering and will not be allowed to attend if they exhibit any symptoms. If an attendee shows symptoms during the event, the attendee will be asked to leave the venue immediately and will be encouraged to get tested.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

All ushers, volunteers and performers will be briefed on the safety protocol and guidelines. The attendees will be briefed on the safety protocol and guidelines prior to beginning of the event.

Event Description:

Event Date & Time: 8/23/2021 10:00:00 PM

Entry Allowed for Attendees: 8/23/2021 5:30:00 PM

Event Closure for Attendees: 8/26/2021 3:00:00 AM

Event Description: The event will be attended by Police officers from the state of Hawaii in conjunction with state and local prosecutors to discuss methods of investigation in human trafficking. State laws and case laws will be discussed.

Because the facility is a large venue we will be able to use an upstairs and downstairs area to separate the attendees and comply with social distancing regulations. All attendings will be required to use masks and hand sanitizers will be provided thought the venue.

Anticipated Number of Attendees: 55

Implementation Plan:

Pre-Event Information Collection (if any): A roster will be maintained of all attendees for contact tracing

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: Attendees will have to enter via the check in counter. The counter will be manned by federal law enforcement agents hosting the event. Only invitees who with a confirmed RSVP will be allowed to attend.

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: N/A

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Because this is a law enforcement function the event is restricted to RSVP attendees only. A check-in roster will be maintained at the entrance of the venue.

Plans for Social distancing: The venue has an upstairs and downstairs section. The training will be divided in two groups. the venue is large enough to provide social distancing.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: the bottom section will exit via the lower level the upper level will have its own exit and entry.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): A/C units with appropriate air exchange rates exist in the facility.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Everyone will be required to wear a mask and use hand sanitizers.

Additional measures to reduce transmission between staff/performers and attendees: Same as above

Plans for addressing symptomatic individuals on-site

The attendee will not be allowed entry into the venue and identification will be obtained.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

The compliance rules will be addressed by the event coordinator prior to the event via e-mail and an announcement will be made daily before the beginning of the event.

Event Date & Time: 8/21/2021 10:00:00 PM

Entry Allowed for Attendees: 8/22/2021

Event Closure for Attendees: 8/22/2021 7:00:00 AM

Event Description: All guest will be screened prior to entry for temp, covid test or vaccination and a wrist banned will be placed by security to ensure they had the proper documentation needed.

Clients will have entry at 9am to set up and decorate.

3 pm ceremony starts (all guest must show proof of covid test or vaccination prior to start)

String quartet will be playing while court is walking down the aisle (no singing, 6ft from guest and wearing mask)

4pm 1 acoustic guitarist will be playing music (no singing, 6ft from guest and wearing mask)

5-9:30 Reception. Again all guest will be screened prior to entry for temp, covid test or vaccination and a wrist banned will be placed by security to ensure they had the proper documentation needed.

9:45pm event ends

10:30pm gates will lock

10:30pm cleaning and sanitation will begin

Anticipated Number of Attendees: 120

Implementation Plan:

Pre-Event Information Collection (if any): Guest list was required to be turned into HSP prior to event date. All guest was notified by bride and groom of the covid rules.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: All guests are required to show proof of vaccination upon arrival to enter the event. Those who are not fully vaccinated prior to the event are required to show proof of a negative COVID PCR test result within 48 hours of the event date. Temp checks will also be done upon entry and all guest will be issued a wrist band by security to verify they have been checked and have proper documentation for entry.

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Catering will be provided by a licensed food service company. All staff are trained on DOH safety protocols and follow guidelines issued by the City and County of Honolulu. Staff and volunteers at check in and beverage stations will be briefed on safety protocol and guidelines in advance. All staff and volunteers will be required to wear face masks at all times during their shifts.

The catering will be through El Chino Loco LLC. All tables will be dismissed via tables so we are not having crowds in line.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Upon arrival, guests will be required to check in and provide proof of vaccination. Email addresses and phone numbers collected at time of registration are on file.

Plans for Social distancing: All tables will be set 6ft apart and mingling will not be allowed. All guest will however be checked at the door for covid vaccination or test prior to entry.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Signs are posted in regards to 6ft distancing, no mingling, restroom limits are posted at the entry. MC will go over house rules which include covid rules throughout the event. Security and Site Manager to be present throughout the event and will be monitoring.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): the hall has 47 windows (included side windows for cross ventilation), 2 double doors, 3 single door, grated ceiling window vents

6 ceiling fans and 4 portable large fan.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Guests are asked to review health assessment guidelines prior to arriving and will not be allowed to attend the event if they exhibit any symptoms. If at any time a guest shows symptoms during the event, the attendee and their guest will be asked to leave the premises immediately and will be encouraged to get a COVID PCR test.

Additional measures to reduce transmission between staff/performers and attendees: All staff and volunteers will be required to wear face masks at all times during their shifts. They will also be required to check in and show proof of covid test or vaccination and temp check prior to entry.

Plans for addressing symptomatic individuals on-site

Guests are asked to review health assessment guidelines prior to arriving and will not be allowed to attend the event if they exhibit any symptoms. If at any time a guest shows symptoms during the event, the attendee and their guest will be asked to leave the premises immediately and will be encouraged to get a COVID PCR test.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Emailed communication to bride and groom who intern emailed invited guests and vendors to include information regarding proof of vaccination and or covid test required for entry for ALL guest attending. Posted Covid Rules in Hall and went over with bride and groom prior to event date. Face masks required except when actively eating or drinking, as well as a list of symptoms to review prior to the event. As discussed in g(i) above, all staff and volunteers will be briefed on safety protocol and guidelines. House rules will be given to the MC which include covid rules that will be required to be explained several times throughout the night.

Event Description:

Event Date & Time: 8/13/2021 10:00:00 PM

Entry Allowed for Attendees: 8/13/2021 5:00:00 PM

Event Closure for Attendees: 8/13/2021 9:30:00 PM

Event Description: A seminar on Quality Control and Special Inspection is being given by the Executive Director of the Masonry Institute of America. The seminar will include a power point presentation of quality control issues with masonry construction. It will also include issues that deal with inspection of the masonry buildings/structures.

Anticipated Number of Attendees: 40

Implementation Plan:

Pre-Event Information Collection (if any): Records of the attendee's vaccination cards are being kept on file. If participant does not provide a vaccination card, participant is required to be covid tested (negative) a minimum of 48 hours prior to the class. Complete information for all attendees are on file including names, addresses, e-mail addresses and phone number. Information will be provided if contract tracing is required.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: Attendees were asked to provide a copy of the vaccination card prior to entering the classroom. Most attendees have already sent copies of the vaccination card prior to the class. Any covid testing results (negative tests) must be provided to be allowed to attend the seminar.

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: The seminar will include breakfast. The buffet will be served by the staff of Pearl Country Club with the buffet line located outside on the patio. Drinks will be provided inside of the classroom. Hand sanitizers will be provided for all who enter the classroom and masks shall be worn during the entire class except when eating or drinking.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: A complete attendance list is already made and will be used to verify vaccination card information as well as all contract tracing information.

Plans for Social distancing: Pearl Country Club has set up tables to be distanced a minimum of 6 feet apart with a maximum of 4 persons to a table.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: The only choke point will be during the check-in portion of the seminar. We will be monitoring and enforcing the social distancing requirements during this period.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): Room will have air conditioning and all attendees will be required to be masked during the entire seminar.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Information of the mitigation measures have already been issued to the attendees including the vaccination card or negative covid testing results (48 hours prior).

Additional measures to reduce transmission between staff/performers and attendees: A monitor will be stationed in the back of the classroom to ensure that all attendees are masked and are following social distancing requirements.

Plans for addressing symptomatic individuals on-site

Symptomatic individuals will not be allowed into the classroom. Temperature checks will be made prior to entering the classroom.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Attendees were notified of the safety protocols during the seminar.

Event Date & Time: 10/10/2021 10:00:00 PM

Entry Allowed for Attendees: 10/10/2021 8:00:00 PM

Event Closure for Attendees: 10/11/2021

Event Description: 80th birthday brunch for Antoinette Lee, 80 guests in attendance and a musical trio.

Anticipated Number of Attendees: 80

Implementation Plan:

Pre-Event Information Collection (if any): Possible set up of a website where people can upload proof of vaccination card. Vaccinated people only will be allowed. No non-vaccinated with proof of rapid test.

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: We will either provide a website where they can upload copies of their vaccination card..or require they bring it or a copy to show at the check in.

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: We will be following the socially distanced regulations of Halekulani Hotel as far as set up of tables and musicians etc.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: We will have Covid-19

Waivers for guests to sign that will have all info needed to contact trace.

Plans for Social distancing: We will follow the guidelines of the hotel on proper distancing.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: We will comply with what Halekulani puts in place for reduction of congestion at choke points.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): The Hau terrace is an open air reception room we plan to have all the sliding doors open and utilizing the patio areas.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: We will comply with Halekulani regulations for mask wearing when not actively eating, as well as make sure the performing musicians are in a well ventilated area.

Additional measures to reduce transmission between staff/performers and attendees: We will make sure people keep their masks on if not eating or drinking, we will be providing face masks at check in as a party favor to make sure people wear their masks.

Plans for addressing symptomatic individuals on-site

We will comply with Halekulani's protocols on symptomatic people.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

We hope to have a 80th bday party website set up where we can have everyone upload their vaccination cards, as well as explain all the protocols to expect at the event.

Entry Allowed for Attendees: 8/28/2021 7:00:00 PM

Event Closure for Attendees: 8/28/2021 11:00:00 PM

Event Description: A non-profit fundraiser where participants play virtual golf games by hitting golf balls with ball-tracking technology onto the driving range. Group registrations are maxed out at 4 people per lane. Lanes are 6 feet apart creating a safe distance to socially distance groups.

Anticipated Number of Attendees: 100

Implementation Plan:

Pre-Event Information Collection (if any): Participants are encouraged to show proof of vaccination. All participants will need to fill out a wellness check at check-in.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): NA

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Venue is open-air. Food will be pre-packaged and distributed by event staff.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Event pre-registration and day-of-event check-in are required to serve as sign-in data.

Plans for Social distancing: There is a 6-foot distance between driving lanes, safely separating participants and groups. There will be no place to centrally gather. Food will be pre-packaged for individual distribution.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: Diagram attached

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: A COVID safety plan will be communicated both in written and verbal form to staff, volunteers, and participants.

Additional measures to reduce transmission between staff/performers and attendees: Hand sanitizing is required at check-in. Lanes are disinfected prior to the event and one group is assigned one lane for the duration of the event. The golf balls are sanitized and cleaned when they're collected from the target areas on the driving range. Golf clubs rented from Bayview for this event will be sprayed with a cleaning agent and left out to air dry. Staff and volunteers are required to wear facemasks.

Plans for addressing symptomatic individuals on-site

Staff members who have a temperature over 100.4 degrees are immediately

sent home and are not allowed on property. Attendees will be temperature

checked prior to entering the event and will be sent home if they have a

temperature over 100.4 degrees. Those that self-report possible COVID-19 symptoms on the wellness check will be further investigated to determine if their symptoms are related to another existing and reasonably explainable condition.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

COVID-19 safety protocols will be emailed and verbally communicated to all staff, volunteers, and participants before the event. The safety protocols will be printed and posted at check-in and all staff/volunteers will be briefed to remind participants when safety protocols are not being followed.

Event Description: Wedding ceremony and reception

Anticipated Number of Attendees: 70

Implementation Plan:

Pre-Event Information Collection (if any): Attendees will be asked in advance to be prepared to show proof of vaccination or negative COVID test. All guests are traveling domestically, so will have done a Safe Travels pretest.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): N/A

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Catering staff will handle all food and beverage. Menu is plated, guests will be seated while eating/drinking.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Client will provide guest list with all sign in data, and we will check all guests in as we temp check everyone.

Plans for Social distancing: Guest count is well below 50% capacity of outdoor space, so tables can be distanced 6' apart.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: As it's an outdoor venue, there are no entrance/exit choke points. There are multiple restrooms on site, reducing changes of choke points.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): N/A

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All vendors will be temp checked upon arrival, and will wear masks even though it's an outdoor venue. Catering staff will be responsible for briefing all staff prior to start.

Additional measures to reduce transmission between staff/performers and attendees: No performers. See above for staff/vendor information.

Plans for addressing symptomatic individuals on-site

Individuals with a fever over 100.4 will be immediately sent away, and event manager will be informed.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

MC will make constant reminders during reception, officiant will make reminders before/after ceremony.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Will request caterer to prepare pre-packaged (bento style) meals.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: We will ask for RSVP on invitations, and we will have a guest book at entry for name/address/telephone/email information.

Plans for Social distancing: We will request social distancing. We will scatter chairs and tables seating 4 each on the large lawn area fronting the King's cottage.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: NA

Description of ventilation system and how COVID risk is mitigated (indoor venues only): NA

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: 3 musicians to play music on open air balcony facing lawn - well separated from other guests.

Additional measures to reduce transmission between staff/performers and attendees: Musicians are family and known performers; they are vaccinated.

Plans for addressing symptomatic individuals on-site

Request they not attend.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Our requests for masking, social distancing, etc., will be on email invitation and reinforced verbally at guest registration. We will also discourage those not vaccinated from attending.

Event Closure for Attendees: 9/13/2021 3:00:00 AM

Event Description: 2 day event featuring Native American dancing, drumming, music and Native American arts & crafts vendors. Native American Navajo frybread & tacos will be sold, along with Shave Ice and Hawaiian food plate lunch.

Anticipated Number of Attendees: 600

Implementation Plan:

Pre-Event Information Collection (if any): Attendees will pre-register through the Bishop Museum website by purchasing tickets on an hourly basis prior to event. Day of the event tickets can be purchased on a space-available basis.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): N/A

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Food preparation and service will be handled by Navajo Chef Loren Holly of Kimo's Akamai Catering and event staff. Ordering and pick-up lines will be designated by signage and 6ft. physical distancing signs around food booth. All event staff will wear gloves and masks at all times. Hand sanitizers and hand washing stations will be available. Staff will wear masks and gloves at all times.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: All attendees must register by purchasing an admission ticket at the Bishop Museum website or on a walk-in, space available basis. Temperature checks will be conducted.

Plans for Social distancing: Signage will be posted at each vendor tent, performance stage, etc. and regular safety protocol announcements by staff and Emcee director will be made throughout event.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: See diagram. Entrance and exit will be through the museum Jabulka Pavilion. Physical distance signage will be posted.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): N/A

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Organizers will brief event staff and performers prior and day of event regarding safety protocols.

Additional measures to reduce transmission between staff/performers and attendees: Barriers will be placed at 6ft. intervals around the performance stage to prevent attendees from direct physical contact with performers.

Plans for addressing symptomatic individuals on-site

Individuals who present with a temperature of 100.4 or higher will not be allowed to enter and will be asked to leave. Assistance will be provided to individual as much as possible.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Organizers will remind guests of safety protocols prior to event through social media, phone calls, emails and text messaging and make periodic announcements throughout the event.

Event Description: Roaring 20s themed event

Anticipated Number of Attendees: 125

Implementation Plan:

Pre-Event Information Collection (if any): N/A

Vaccination/Testing Plans: Testing_Vaccination_Required_In

Verification at Entry: Security staff verifies compliance upon entry and data is collected via smartphone with a QR code or if guests do not have a smart phone, we maintain physical logs in its place.

Plan for On-site Testing (if any):

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: We are following Tier 5 social establishment guidelines.

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: Online database via QR code and physical data sheet.

Plans for Social distancing:

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: There are 4 different ways to enter/exit the building, so we utilize each to reduce traffic.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): There are 5 - 30 ton air handler units that blow air out of the venue at high capacity. We also have industrial fans that can circulate the air based on the cubic feet in the room in less than 15 minutes.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: Sanitation is amply available and performers have their own entrance/exit from the building. The stage is 3 feet off the ground and performers are more than 10 feet from audience members.

Additional measures to reduce transmission between staff/performers and attendees: Extra security staff has been hired for each event to enforce mask wearing and to make sure there is no congestion.

Plans for addressing symptomatic individuals on-site

Symptomatic individuals are asked to leave.

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

Pre-shift meeting occurs 15 minutes prior to doors opening every day.

Event Description:

Event Date & Time: 8/28/2021 10:00:00 PM

Entry Allowed for Attendees: 8/29/2021 2:00:00 AM

Event Closure for Attendees: 8/29/2021 7:00:00 AM

Event Description: Wedding reception for the couple and their friends. Its for all their friends that were not able to make it to their wedding ceremony due to the COVID restrictions.

Anticipated Number of Attendees: 30

Implementation Plan:

Pre-Event Information Collection (if any): Plans for collecting information from all attendees

1. I will get a list of all the attendees

2. They will confirm and send in a picture of all vaccinated attendee
3. We will have a list of all those who needs to get a COVID test 48hrs prior to the event.

The couple are already working on getting these information from everyone that are confirmed to come to the wedding.

Vaccination/Testing Plans: Testing_Vaccination_NOT_Require

Verification at Entry:

Plan for On-site Testing (if any): We will not have an on-site testing area. We will be checking temperatures upon arrival and also having all attendees complete our COVID forms.

COVID-19 Risk Reduction Plan

Plans on how to comply with restaurant/bar/social establishment conditions: Plans for the dining area:

1. Disinfect the entire dining area.
2. Have sanitation station available
3. Proper social distancing set up (6ft apart)
4. Food will be served by family members(no self serve)

Does this event require the collection of Sign-In Data? Yes_Indoor_events_weddings_indo

Plans for collecting Sign-in Data for all attendees: We have a QR code for attendees to use to complete our COVID questionnaire and we will also check temperature upon arrival

Plans for Social distancing: We will have an MC on the mic to remind everyone to have mask on at all times unless eating and drinking. To also practice social distancing.

Plans for Enforcement of use of face coverings (indoor events only):

Strategies to reduce congestion at choke points: We will have 4 different entrance and exits. We will also open up our pool area, that adjacent to the dining area to help if the social distancing. We have 2 set of restrooms for guest to use. We will have people in the area to monitors and remind everyone to keep the social distancing.

Description of ventilation system and how COVID risk is mitigated (indoor venues only): We have 4 exits and entrances that will be used to keep everyone from being congested. We have a check-in desk at everyone entrance, that will check temperature and provide QR code for attendees to complete their COVID questionnaire.

Staff & performer safety

Additional measures to reduce risk of transmission amongst staff and performers how to communicate the plan: All staff member and performers will follow COVID guidelines by wearing their mask at all times and to also advise guest if they are not wearing their mask. They will be given strict

instructions and information. We also have a pre-shift every day before the start of our day, where we remind everyone.

Additional measures to reduce transmission between staff/performers and attendees: All staffs and Performer will be in the area to help with directing everyone and to advise anyone that's not complying with the rules. Signs will also be posted to remind everyone to always wear their mask and to practice social distancing.

Plans for addressing symptomatic individuals on-site

We will kindly ask them to leave for the safety of everyone attending and advise them to seek medical attention

Plans for communicating safety protocols with attendees, staff, and performers before and during the event

We pre-shift with our staff every morning. They will be given instructions on informing attendees and performers during the event. We have already send out safety protocol information to all attendees and performers.

All staff will assist with safety protocols. We will also have the MC remind everyone on the rules and safety protocols.
