rugiada del mattino

COLLI TORTONESI - DOC
TIMORASSO

"Se beviamo con temperanza e in piccoli sorsi il vino stilla nei nostri polmoni come la più dolce rugiada del mattino. È allora che il vino invece di fare violenza alla nostra ragione ci invita garbatamente ad una piacevole allegria."
(Socrate)

Rugiada del Mattino is a white wine, obtained from Timorasso grapes. It is born from the first white grape variety vineyard we ever planted, in the first years of the new millenium, named after my third daughter Eleonora.

Tasting this wine it's possible to feel the sapid mineralities found in dew drops in the fresh air of the morning, to feel flower buds, rocks and marine brackish, with a touch of medicinal erbs and Mediterranean bush. A wine we gladly drink when we need something fresh, lightness of mind, smiles and complicity.
