Our February program will be a presentation by Nathan Baker of video of the HO scale RR that was built in the Sirpy Building many years ago. There will also be a 2nd presentation of our annual car host safety certification program by Terry Bebout. Anyone wanting to car host on our excursion trains is required to have this certification.

Anyone wanting to present a program at our Thursday night meetings, please contact Bob Hultman cell 615-513-7187 E-mail hultman@bellsouth.net

No More Host Committee

By Bob Hultman

During the Jan Thursday Night Meeting, most members indicated a preference for TCRM providing some snacks & drinks for the meeting vs a host committee doing so. Accordingly, there is no host committee for the Feb 2015 meeting. TCRM will provide snacks & soft drinks. If anyone wants to augment the Museum-provided snacks & soft drinks, they are certainly welcome to do so. To help cover the cost of the snacks & soft drinks, the Board of Directors approved a $5 increase in the annual activity fee from $30 to $35 for regular membership and from $35 to $40 for family membership. This increase will be effective beginning CY 2016.

Activity Fee for 2015 - Renewal

TCRM annual membership renewal is now upon us. Please mail your activity fee renewals (for 2015 the fee remains $30 individual, $35 for family members of the same household), made payable to TCRM to TC Ry Museum at 220 Willow St in Nashville TN 37210-2159 Attn – Bob Hultman. If you prefer to renew via credit-debit card, please call TCRM at 615-244-9001 or stop by the Museum to do so in person. Also, be sure to include any updated roster information (name, family member names, mailing address, phone numbers and current E-mail addresses).

Nashville Ntrak News

By Steve Haber

On our Yahoo Nashville N-TRAK group it was proposed that Nashville N-TRAK consider adding a N-Scale T-TRAK sub group. Many of the N-TRAK clubs around in the US and around the world are adding T-TRAK divisions to their organizations. T-TRAK is a smaller module concept than N-TRAK Modules using KATO N-scale Unitrack primarily. A single module is 12 1/8" wide and double is twice that plus 1/16".

T-TRAK was one of the primary discussions at the 22 January N-TRAK meeting. It wasn't just theory and abstract discussion as Steve Haber brought some T-TRAK modules to the meeting to introduce members to T-TRAK. Members’ discussion included the obvious differences between T-TRAK vs N-TRAK standards and some items in common. Before the end of that meeting Steve was nominated for and accepted the appointment as the T-TRAK Coordinator for Nashville N-TRAK group. You can reach him voice and text at (931)-205-1861 or stevehaber21@gmail.com We now have established the Middle Tennessee T-TRAK on the Web site http://ttrak.wikidot.com/middle-tennessee-t-trak .

There are links to T-TRAK groups around the world, T-TRAK and photo of the Mid TN T-TRAK Modules. Steve Haber has

generated CAD Anyrail, generated Design Concept drawing for the use of T-TRAK modules as the Mountain/Green line on N-TRAK modules.

**Steve** is in the process of renovating one of the old Nashville N-TRAK 4 ft modules to take the concept from design into reality. It should be ready in time for the Annual Dixie Lines Train Show in Wartrace Saturday April 25. We will also have T-TRAK layout at Wartrace too. At this month’s World’s Greatest Hobby Train Show in Louisville 14-15 Feb, our new Middle Tennessee T-TRAK group is combining modules with Radcliff Model RR Association T-TRAK Division and Kentuckiana T-Trak for a combined T-TRAK layout.
