HO Model RR News
By Bob Hultman

The HO modelers had another successful run with our HO modular RR at the 2014 TN State Fair. We were back in the north end of the Exhibitors Building. The RR ran well, but we did have a recurring problem with the inside main track going dead. New this year to the RR was a 12’ straight module group being built by Randal Brooks. This group includes several Micro Engineering deck grider trestles and a double-track through truss bridge. The configuration starting from the northwest corner and going clockwise-

CVMR Outside Corner
Quincy Styke III’s Stykedale 12’
Leroy Nessen’s Mt Yucca 12’
CVMR Outside Corner
CVMR Sircy Yard 36’
Horton Monroe’s My-T-Fine Motel 4’
Horton Monroe’s Central of Georgia Yard 12’
Randal Brooks’ 4-Bridge Module 12’

CVMR Staging Yard 24’

CVMR OTTO Tower 24’
CVMR Outside Corner
Andy & Thomas Mogish’s Seaside Wharf 4’
CVMR Geezer Gate 4’

CVMR Inside Corner
Andy & Thomas Mogish’s Engine Facility 8’
CVMR Outside Corner
Andy & Thomas Mogish’s Farm Scene 4’
Quincy Styke III’s Pulpwood Yard 4’

Total distance around the RR is ~ 240’, a hair less than 4 scale miles & 8’ shorter than the 2013 setup

Thursday Night Meeting – October 9, 2014 6:00 pm at TCRM Nashville TN
Many, many thanks to all who helped take down the RR in the TCRM meeting room, move it to temporary storage, haul & set it up @ TSF. Lots of work but the Fair attendees always enjoy the RR and we’re able to promote TCRM, DOWT, our excursion trains and our model RR activities for 10 days and take home $500 for the Cumberland Division-TCRM treasury.

**Sick Call – John Coles**

*By John Coles*

Your prayers for my medical team and myself would be appreciated. Tuesday, Sept 16, I will have surgery on my spine to cut out some of the ingrown bone to relieve the lumbar stenosis, shave off the bone spurs, remove the disc affected with degenerative disc disease, try to put wedges between L4 & L5, then put in screws and rods.

Ed Note- Please keep John & Linda Coles in your thoughts & prayers while John undergoes this serious surgery. John & Linda Coles' address is 5909 Post Rd in Nashville TN 37205.

**Sick Call – Bill Griffith**

*By Harriet Griffith*

Bill had emergency surgery the night of Aug. 6—twisted (very) bowel and has a temporary ileostomy. He was in the hospital two weeks and a day. He is getting stronger. He has home health services and also physical therapy. I think both will be very short term, but it’s certainly helping now. He needs to gain strength in his legs and also improve his balance.

Ed Note- Sent on from Harriet Griffith, Bill Griffith's wife. If you would like to send Bill a card or note, his mailing address is 119 Gatone Dr in Hendersonville TN 37075. Please keep Bill & his family in your thoughts & prayers.

**Sick Call – Pattie Owens**

*By Bob Hultman*

Pattie Owens had knee replacement surgery in early August. Charles reports that she came thru the surgery in good order & has been doing the rehab-physical therapy thing to get the knee working right. If you’d like to send Charles & Pattie a card or note, their mailing address is 1313 Cheyenne Blvd in Madison TN 37115.

**Sick Call Update – Joe Sapp**

*By Bob Hultman*

Got a call from Joe Sapp this afternoon (Sep 30), he's continuing well with his physical therapy, said he got some good news from his Dr, in a few months he should be able to do pretty much what he was able to do before his fall & fractures. However, Joe said he still has trouble with his balance so he's going to have to take it easy getting back into car hosting & volunteering @TCRM.

If you'd like to E-mail Joe, send your msgs to josephsapp1702@comcast.net I'm sure he'll be glad to hear from TCRM members. He also plans on attending our Oct 9 meeting.
