CERF+ Joins Artist Relief as Field Partner

Acclaimed organization to lend expertise, regranting support, and fundraising capabilities to aid COVID-19 relief coalition.

NEW YORK — September 9, 2020 — Artist Relief, the coalition of national arts grantmakers, is proud to announce CERF+ - the Artists Safety Net, as its new Field Partner. CERF+ is an organization that provides readiness, resilience, and relief programming for artists to help them build sustainable careers. In this partnership, CERF+ will lend its expertise in the world of craft, invest directly into the relief fund to act as a regranting channel for independent artists in that field, and support the overall development and refinement of Artist Relief’s efforts to assist artists affected by COVID-19.

A national, multidisciplinary partnership between Academy of American Poets, Artadia, Creative Capital, Foundation for Contemporary Arts, MAP Fund, National YoungArts Foundation, and United States Artists, Artist Relief is a coalition formed to provide emergency $5,000 grants and information resources to artists in the midst of the ongoing COVID-19 pandemic. Artist Relief’s discipline-specific Field Partners, which also includes The Design Vanguard and Sundance Institute, are integral to scaling the coalition’s efforts during this unprecedented emergency.

"We've admired Artist Relief since its launch, and were so impressed by the sense of urgency and the wherewithal that were required to put an initiative of this scope together so quickly and effectively. We are proud to partner in this effort, supporting Artist Relief's work and looking to the needs of craft artists across the country as this crisis continues," said Cornelia Carey, Executive Director of CERF+.

Artist Relief launched on April 8th with $10 million, consisting of $5 million in seed funding from The Andrew W. Mellon Foundation matched with $5 million in initial contributions from an array of foundations across the United States listed here. Its Field Partner program appears alongside a sustained fundraising campaign designed to continually expand the coalition’s impact. In the four months since launch, Artist Relief has distributed 2,400 grants, at an average rate of 100 per week, with $1.1 million spent to support 220 craft practitioners.
“We’re thrilled to welcome CERF+ as an Artist Relief Field Partner. For more than thirty years, CERF+ has been a leader in the artist support and craft worlds, their name synonymous with emergency readiness, response and recovery. As the conversation trends toward recovery and reopening, thousands of artists continue to struggle. Partnering with CERF+ will be a tremendous help as we continue our efforts to assist as many artists as possible,” said Deana Haggag, President and CEO of United States Artists, a coalition member of Artist Relief.

Since opening applications, Artist Relief has been met with an overwhelming response from the country’s artists. As expected, applications for the $5,000 emergency grant have dramatically outpaced Artist Relief’s resources. As such, Artist Relief is continuing to fundraise, relying on the support of a growing number of foundations and individual donors, and will continue to evolve as the needs of the country’s artists shift over the coming months.

Tax-deductible donations can be made at artistrelief.org; 100 percent of donations will be applied directly to aid.
