*Alliance Global Advisors made the 2024 Inc. 5000 list of fastest-growing private companies in America for the second year.*

Naples, FL, August 13, 2024 – Inc. revealed today that Alliance Global Advisors made the 2024 Inc. 5000 annual list of the fastest-growing private companies in America. The prestigious ranking provides a data-driven look at the most successful companies within the economy's most dynamic segment—its independent, entrepreneurial businesses. Microsoft, Meta, Chobani, Under Armour, Timberland, Oracle, Patagonia and many other household-name brands gained their first national exposure as honorees on the Inc. 5000.

*"We are thrilled to be acknowledged as one of the nation's fastest-growing private companies for the second year," said Leah Dillon, Chief Operating Officer & Head of Partner Engagement at Alliance Global Advisors. "Our team's dedication has been instrumental in our early successes. As an organization, we continue to focus on very deliberate growth, ensuring we maximize the value proposition for each client of the firm while providing them with the right level of dedicated support throughout our partnership."*

The Inc. 5000 Class of 2024 represents companies that have driven rapid revenue growth while navigating inflationary pressure, the rising costs of capital and seemingly intractable hiring challenges. Among this year's top 500 companies, the average median three-year revenue growth rate is 1,637 percent. In all, this year's Inc. 5000 companies have added 874,458 jobs to the economy over the past three years. For complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, location and other criteria, go to [www.inc.com/inc5000](http://www.inc.com/inc5000).

*"It is a tremendous honor to be recognized as the fastest-growing private company for the second consecutive year," said Heather Fernstrom Border, Co-Founder & Managing Partner of Alliance Global Advisors. "Our growth is intentional, and we are proud to expand our team while delivering exceptional value to our clients. We eagerly anticipate what the future holds for Alliance Global Advisors."*

*"One of the greatest joys of my job is going through the Inc. 5000 list," says Mike Hofman, who recently joined Inc. as editor-in-chief. "Congratulations to this year's honorees, as well, for growing their businesses fast despite the economic disruption we all faced over the past three years, from supply chain woes to inflation to changes in the workforce."*

### *About Inc.*

Inc. Business Media is the leading multimedia brand for entrepreneurs. Through its journalism, Inc. aims to inform, educate and elevate the profile of our community: the risk-takers, the innovators and the ultra-driven go-getters who are creating our future. Inc.'s award-winning work achieves a monthly brand footprint of more than 40 million across a variety of channels, including events, print, digital, video, podcasts, newsletters and social media. Its proprietary Inc. 5000 list, produced every year since its launch as the Inc. 100 in 1982, analyzes company data to rank the fastest-growing privately held businesses in the United States. The recognition that comes with inclusion on this and other prestigious Inc. lists, such as Female Founders and Power Partners, gives the founders of top businesses the opportunity to engage with an exclusive community of their peers, and credibility that helps them drive sales and recruit talent. ## *Methodology*

Companies on the 2024 Inc. 5000 are ranked according to percentage revenue growth from 2020 to 2023. To qualify, companies must have been founded and generating revenue by March 31, 2020. They must be U.S.-based, privately held, for-profit and independent—not subsidiaries or divisions of other companies—as of December 31, 2023. (Since then, some on the list may have gone public or been acquired.) The minimum revenue required for 2020 is \$100,000; the minimum for 2023 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Growth rates used to determine company rankings were calculated to four decimal places.
