

## SPECIFICATION

### CODE

WO-MG-P

### DESCRIPTION

High performance magnetic whiteboard wallcovering with a satin finish suitable for projection.

### COMPOSITION

Environmentally friendly non woven backed PET.

### DIMENSIONS

1200 mm width X 20 lineal m.  
Available by the lineal metre.

### WEIGHT

1260 gsm/sqm.

### FIRE RATING

Group 2 as per AS3837

### RECOMMENDED MAGNETS

Rare earth (Neodymium).

### RECOMMENDED MARKERS

Any standard dry erase marker will work with WriteOn. Please note permanent makers must not be used as this can stain the surface.

### WARRANTY

5 year limited warranty.

## CARE & MAINTENANCE INSTRUCTIONS

### DAILY CLEANING

Microfibre cloths are the most effective and recommended method of cleaning. Change or clean the cloth often or as they become soiled to avoid leaving excessive marker residue on the surface. Microfibre Cloths can be washed. For cleaning marker residue buildup use an alcohol based dry erase cleaning solution and a microfibre cloth.

### LONG TERM CARE

Clean the entire surface on a regular basis to ensure the ultimate performance and appearance of the product over the long term.

### CAUTION

Never use ballpoint pens or other sharp pointed instruments on WriteOn. Plastic body erasers or similar with sharp edges may scratch the surface. Do not use abrasive cleaners. Never use Permanent markers. If this occurs try removing the ink with an alcohol based whiteboard cleaner or by writing over it with a whiteboard marker and then using the cleaner and a microfibre cloth.
