Step One:

Think about the amazing superpowers of the creatures and plants you learned about in the videos and article as you determine your answers to these questions:

What superpower(s) do you want your superhero to have?

What does your superhero look like? Does it have plant parts like seeds or flowers or spikes? Does it look like an animal? Does it look like a person? Is it part plant, part animal, part human?
What superpower(s) or other qualities does your superhero have that are inspired by plants or animals you learned about?

What superpower(s) or other qualities does your superhero have that are inspired by YOU or other people you know?

What colors will you use to draw your superhero?

Does your superhero wear clothes or a superhero outfit?
Step Two:
Using the superpowers and other traits, colors and more that you identified above, draw a picture of your superhero!
