### COVID-19 Household Impact Survey

The COVID-19 Household Impact Survey is a philanthropic effort to provide national and regional statistics about physical health, mental health, education, financial wellbeing, social engagement, and volunteering for any organization or association, or not?

#### Interview Methodology

In four states (CA, FL, NY, and TX), the AmeriSpeak panel design yields representative state samples. As such, AmeriSpeak panelists who completed the interview via web or with an NORC telephone interviewer. The sampling frame is based on an extract of the U.S. Postal Service Region Surveys.
