

RETRO JUKEBOX

**THE ULTIMATE
RETRO EXPERIENCE**

THE CONCEPT

We get bored of the standard party setting so we invest in décor that would make any space look wonderfully different by adding imagination and colour! Yet, we haven't stopped there...

We call our brand Retro Jukebox and we link this incredible décor setting to the music that our DJs and live bands play. What makes a jukebox stand out for us is the interaction that the audience gets to have with the music. So we made it our mission to recreate exactly that by allowing our audiences to choose the music that's played throughout the night!

With fully customisable decor package options, audience control of the songs and your decision to have a live band or DJ (or both!?), no two Retro Jukebox events will ever be the same!

**AMAZING NIGHT! BAND WAS
FANTASTIC! BEEN GOING TO
THIS EVENT ANNUALLY BUT
FELT LIKE WE WERE IN A NEW
VENUE WITH ALL THE
AMAZING DÉCOR.**

The brand is amplified by the décor package, which includes a modular canopy that can cover spaces of up to 15m diameter. The canopy acts as the base for the installation, to which we then add a selection of up to 20 hanging pieces to evoke the 80s and finish it off with the pièce de résistance - a disco ball centre piece!

The décor package is completely customisable so depending on your venue and budget, we can advise on the best décor selection for your event. The main options for the canopy comprise of three varying sizes.

9.3M / 30FT DIAMETER

11M / 36FT DIAMETER

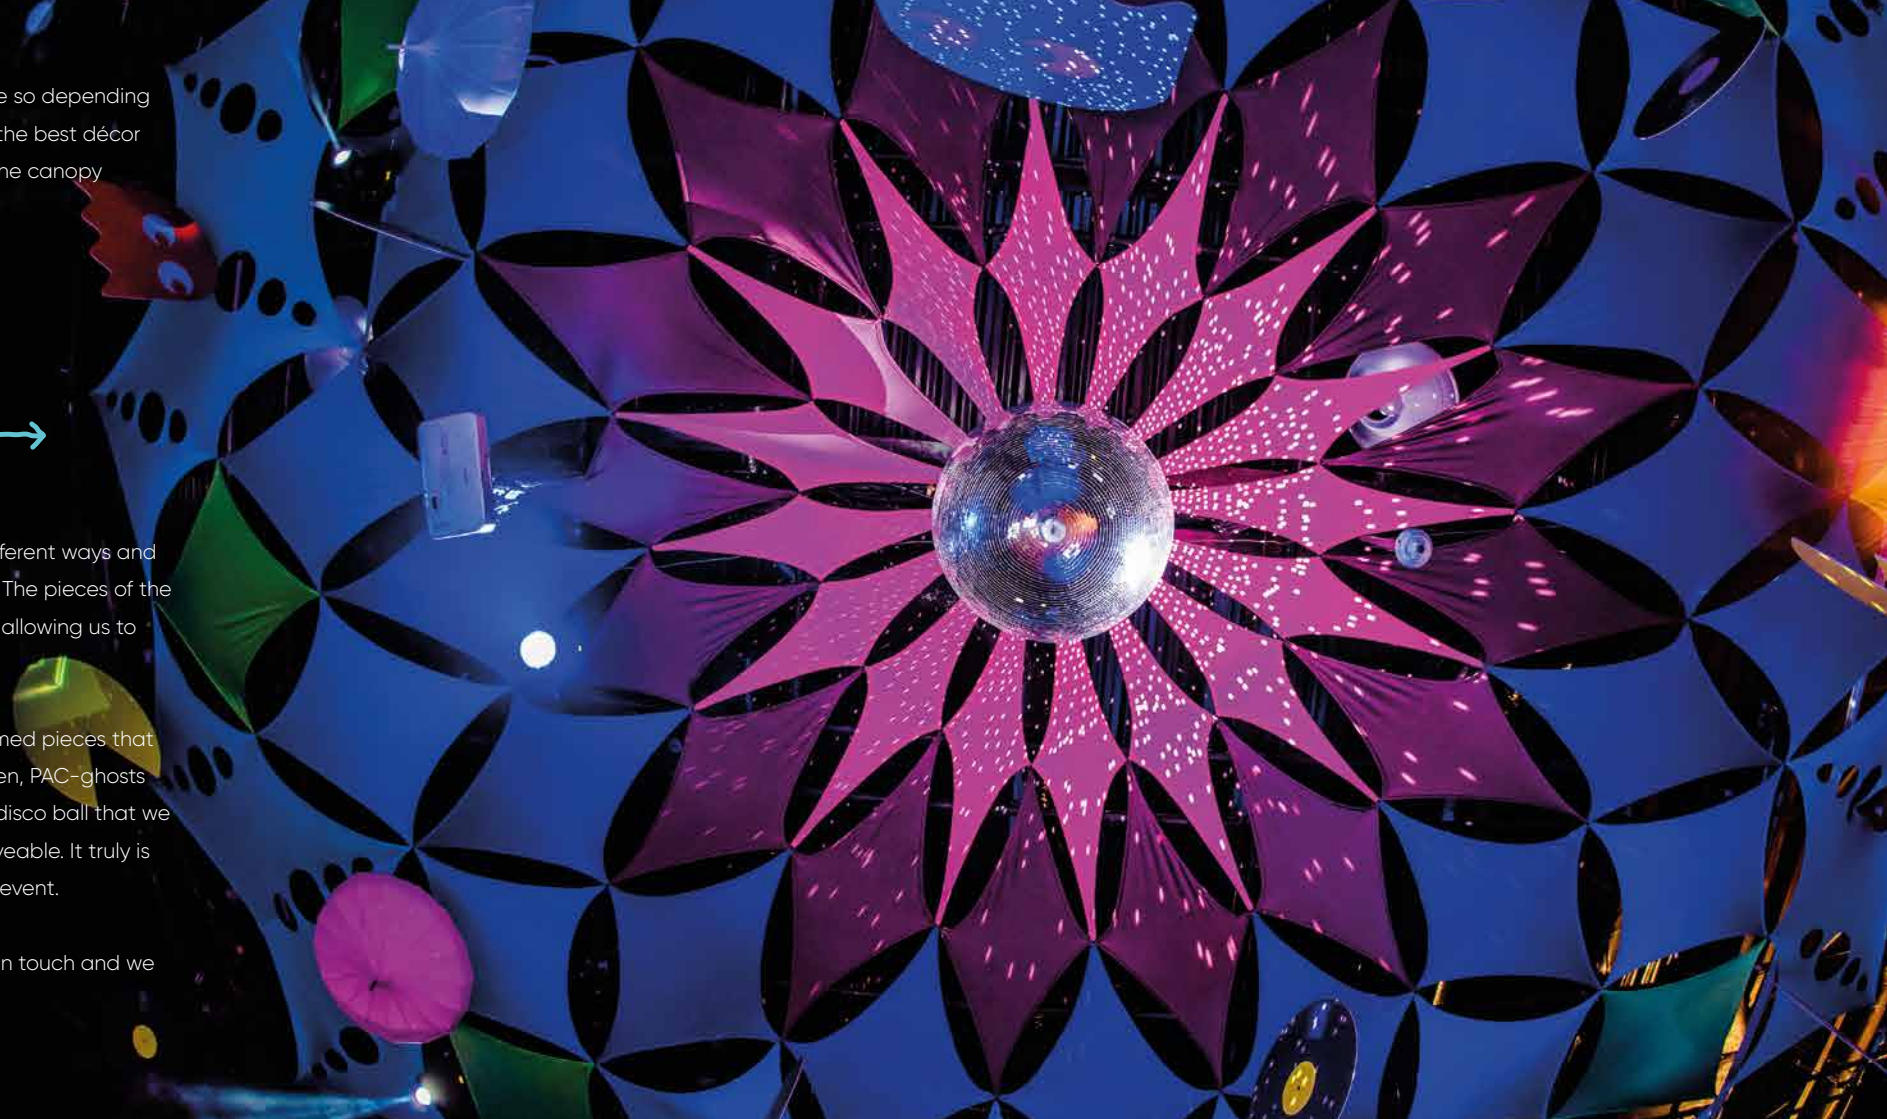

13M / 42FT DIAMETER

Each of these canopy styles can be used in different ways and each have a completely different visual effect! The pieces of the canopy can also be used in different patterns, allowing us to transform even the most complex venues!

The hanging items consist of large 2D 80s themed pieces that come in a variety of colours - we have PAC-men, PAC-ghosts and even vinyl records to mix and match! The disco ball that we provide measures 75cm in diameter and is moveable. It truly is the perfect centre piece for any extraordinary event.

If you still can't quite picture it, feel free to get in touch and we will be happy to help out!

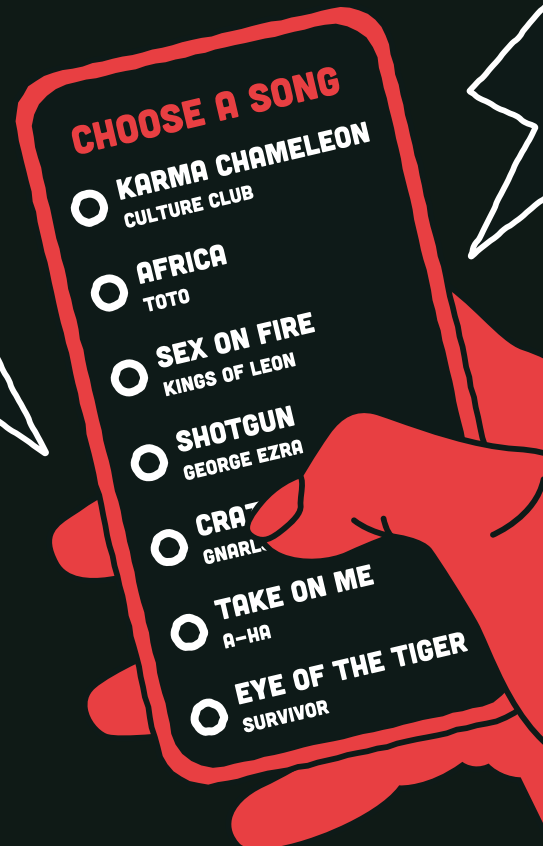

THE MUSIC

JUKEBOX MEANS YOU CONTROL THE MUSIC

Sounds complicated right? Well we make it easy for you... In the lead up to the event and during the event itself, the audience is given access to an online poll to vote for their favourite tunes to be performed live.

Whether you've chosen to have a live band or a DJ (or both...) from our selection, then you are guaranteed to host the ultimate retro party.

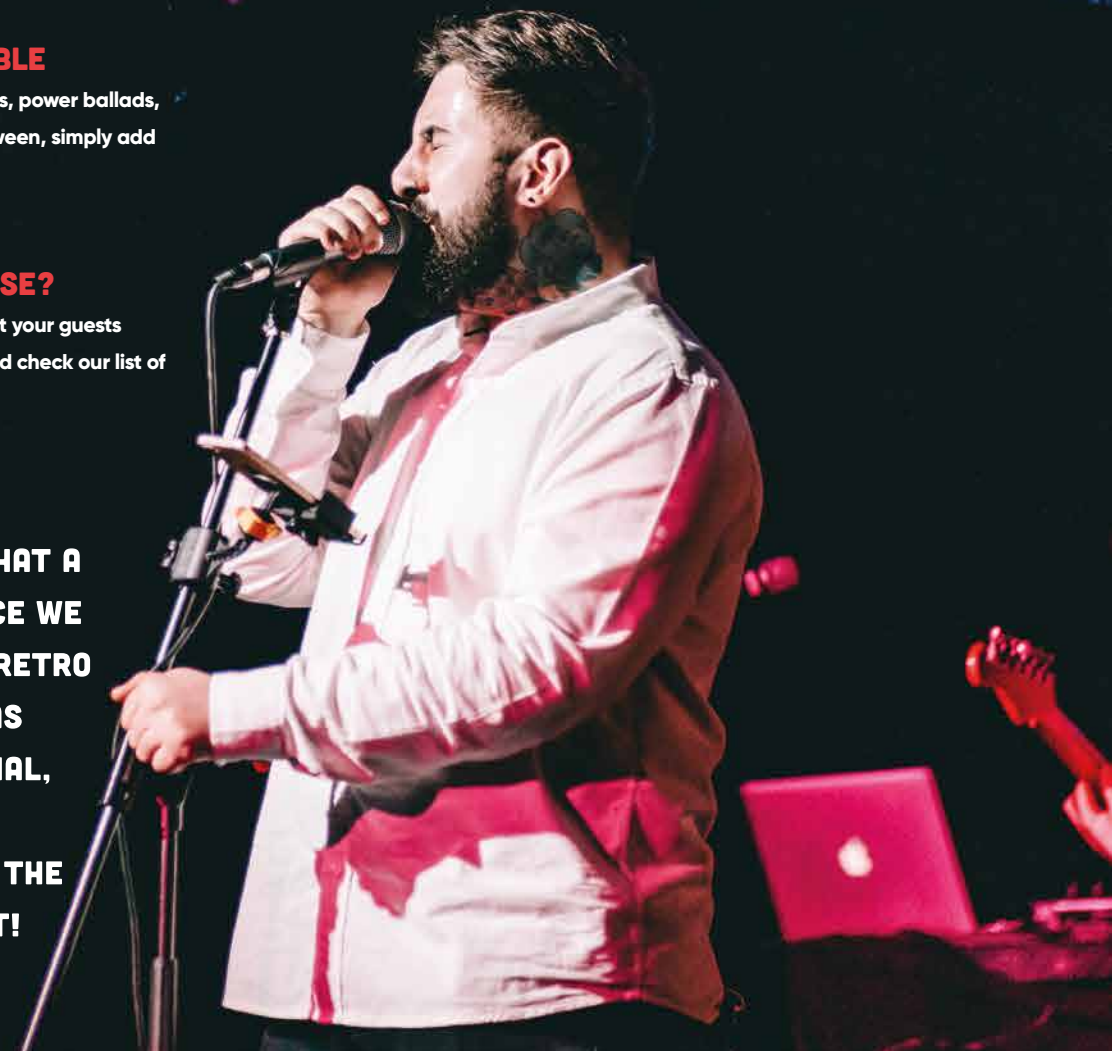

COMPLETELY CUSTOMISABLE

Whether you're after true retro classics, power ballads, modern dance hits or anything in between, simply add them to the list - there's no limit!
