CIRCUS

THE ULTIMATE
IMMERSIVE EXPERIENCE

The Concept

Our circus themed package is a creative manifestation of the spectacular shows that you saw as a child in those red and white striped big tops, allowing you to transform your event into an electrified and sensational experience.

Your guests will become immersed in a magical entertainment show that plays with the imagination and amplifies the creativity of any event. Our classy but jovial package provides a modern, grown-up spin on the typical circus theme show, creating a bespoke theme and immersive experience for your event which is completely customisable to fit your brief.

“THE FOUR LEGGED ANIMAL WALKABOUT ACTORS MADE IT FOR US AT TIME OF BOOKING BUT THE OVERALL TOUCHES JUST TRANSFORMED OUR SPACE.”

The DÉCOR

We transform your chosen venue into the big top of your dreams, by installing a complete décor package that can uplift any venue.

This décor package is built around our colourful and customisable multi-piece modular ceiling canopy that we use as a vibrant base. We can then add loads of colourful hanging balls and floating umbrellas and other bespoke pieces to add dimension, colour and animation to your venue.

We also have custom 'CIRCUS' lettering in a traditional circus font that can be added as a centre point to the décor or can even be used in the entrance way to your event space.

The EXPERIENTIAL

Once your venue looks like a circus, we then add loads of additional elements to make it feel like a circus show too.

From a circus master to animals, walkabouts and aerial performers to contortionists, there are so many entertainment elements we can add to truly turn your event into a circus and give your guests a truly unique experience.

Our most popular venue transformations have taken place in club style venues but we aren't limited to that at all! Cydeo can help you give the illusion you are in a circus tent regardless of the style of the venue you choose.

In order to build the package further, we can also cover music within the entertainment elements. Whether you're looking for a fantastic DJ or a live band to add to the atmosphere of your event, get in touch and we can introduce you to a wide range of brilliant musicians!

Additional Elements & sFx

If you really want to take traditional circus elements and turn it on its head, why not add some special effects to make your event truly unforgettable? We can provide elements ranging from CO2 cannons and confetti to balloon drops and creative lighting elements. The entire package is entirely customisable so get in touch to find your unique circus themed event.
