Now in its 30th year, the Camberwell Arts Festival has grown out of and celebrates the vibrant artistic community in Camberwell. It is delivered as a partnership between local artists, residents and organisations, and is co-ordinated by Camberwell Arts.

We would like to thank the many artists, cultural organisations, community groups, businesses, volunteers and local residents who have helped us put together this year's festival. We've had a great time and couldn't have done it without you.

We would also like to thank Southwark Council for their financial support through the Neighbourhoods Fund.

WELCOME TO THE 2024 CAMBERWELL ARTS FESTIVAL 8TH – 16TH JUNE 2024

This year the Camberwell Arts Festival celebrates its 30th anniversary, making us the longest running visual arts festival in the UK. Join us as we reflect on three decades dedicated to celebrating the arts in Camberwell - and Camberwell through the arts.

This year's programme is an opportunity to look back, forwards and sideways at SE5's sensational arts scene as well as the many artists and organisations who've made the festival possible since it started in 1994.

We're also looking ahead to the next 30 years as we explore new ways to produce, present and promote art in Camberwell. If you'd like to join us on this journey, we'd love to hear from future volunteers, partners and collaborators and can be contacted on hello@camberwellarts.org.uk

LOUD IT UP BY TIM GARWOOD

SIM SMITH, 6 CAMBERWELL PASSAGE, SE5 OAX

📅 16TH MAY – 15TH JUNE | FRI 10AM – 4PM,
SATURDAY 11AM – 5PM AND BY APPOINTMENT

Tim Garwood's third solo exhibition with the gallery continues his exploration of the rich possibilities of painting. Garwood has always gathered materials from the area in and around his studio to construct paintings. Originally based in London, these included scraps from local fabric shops, found metal objects, shoelaces, burger boxes and articles collected from the street, dipped, sprayed and slathered with paint. The paintings in this exhibition mark a moving on, or rather a moving through, his painterly language with the inclusion of further materials - dried flowers, splintered wood and plant fronds - denoting a body of work that is rooted in the new surroundings of his Somerset studio.
