Immersives are not for you if...

- You are **not** leading a team
- Your team does not trust and cannot be vulnerable, isn't comfortable with prayer together, has not demonstrated the capacity for healthy conflict
- You have team members that you need to move off your team, but you would not exclude them from participating in the immersive

Immersives might be for you if...

- You are leading a team
- You have at least 3 people on the team
- Your team can trust one another and be somewhat vulnerable, can pray together and engage in relatively healthy conflict
- You are willing to let the Lord lead you into the unknown
