Immeln's Canoe Center +46 4496100

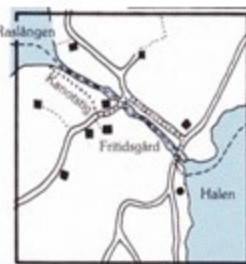

Always empty the canoe before using wheels, do not try to go in the creeks, wheels are strongly recommended.

BROTORPET (500 m, easy)
Enter the canal and unload on the south side. Carry the canoe along the trail across the road and continue east.

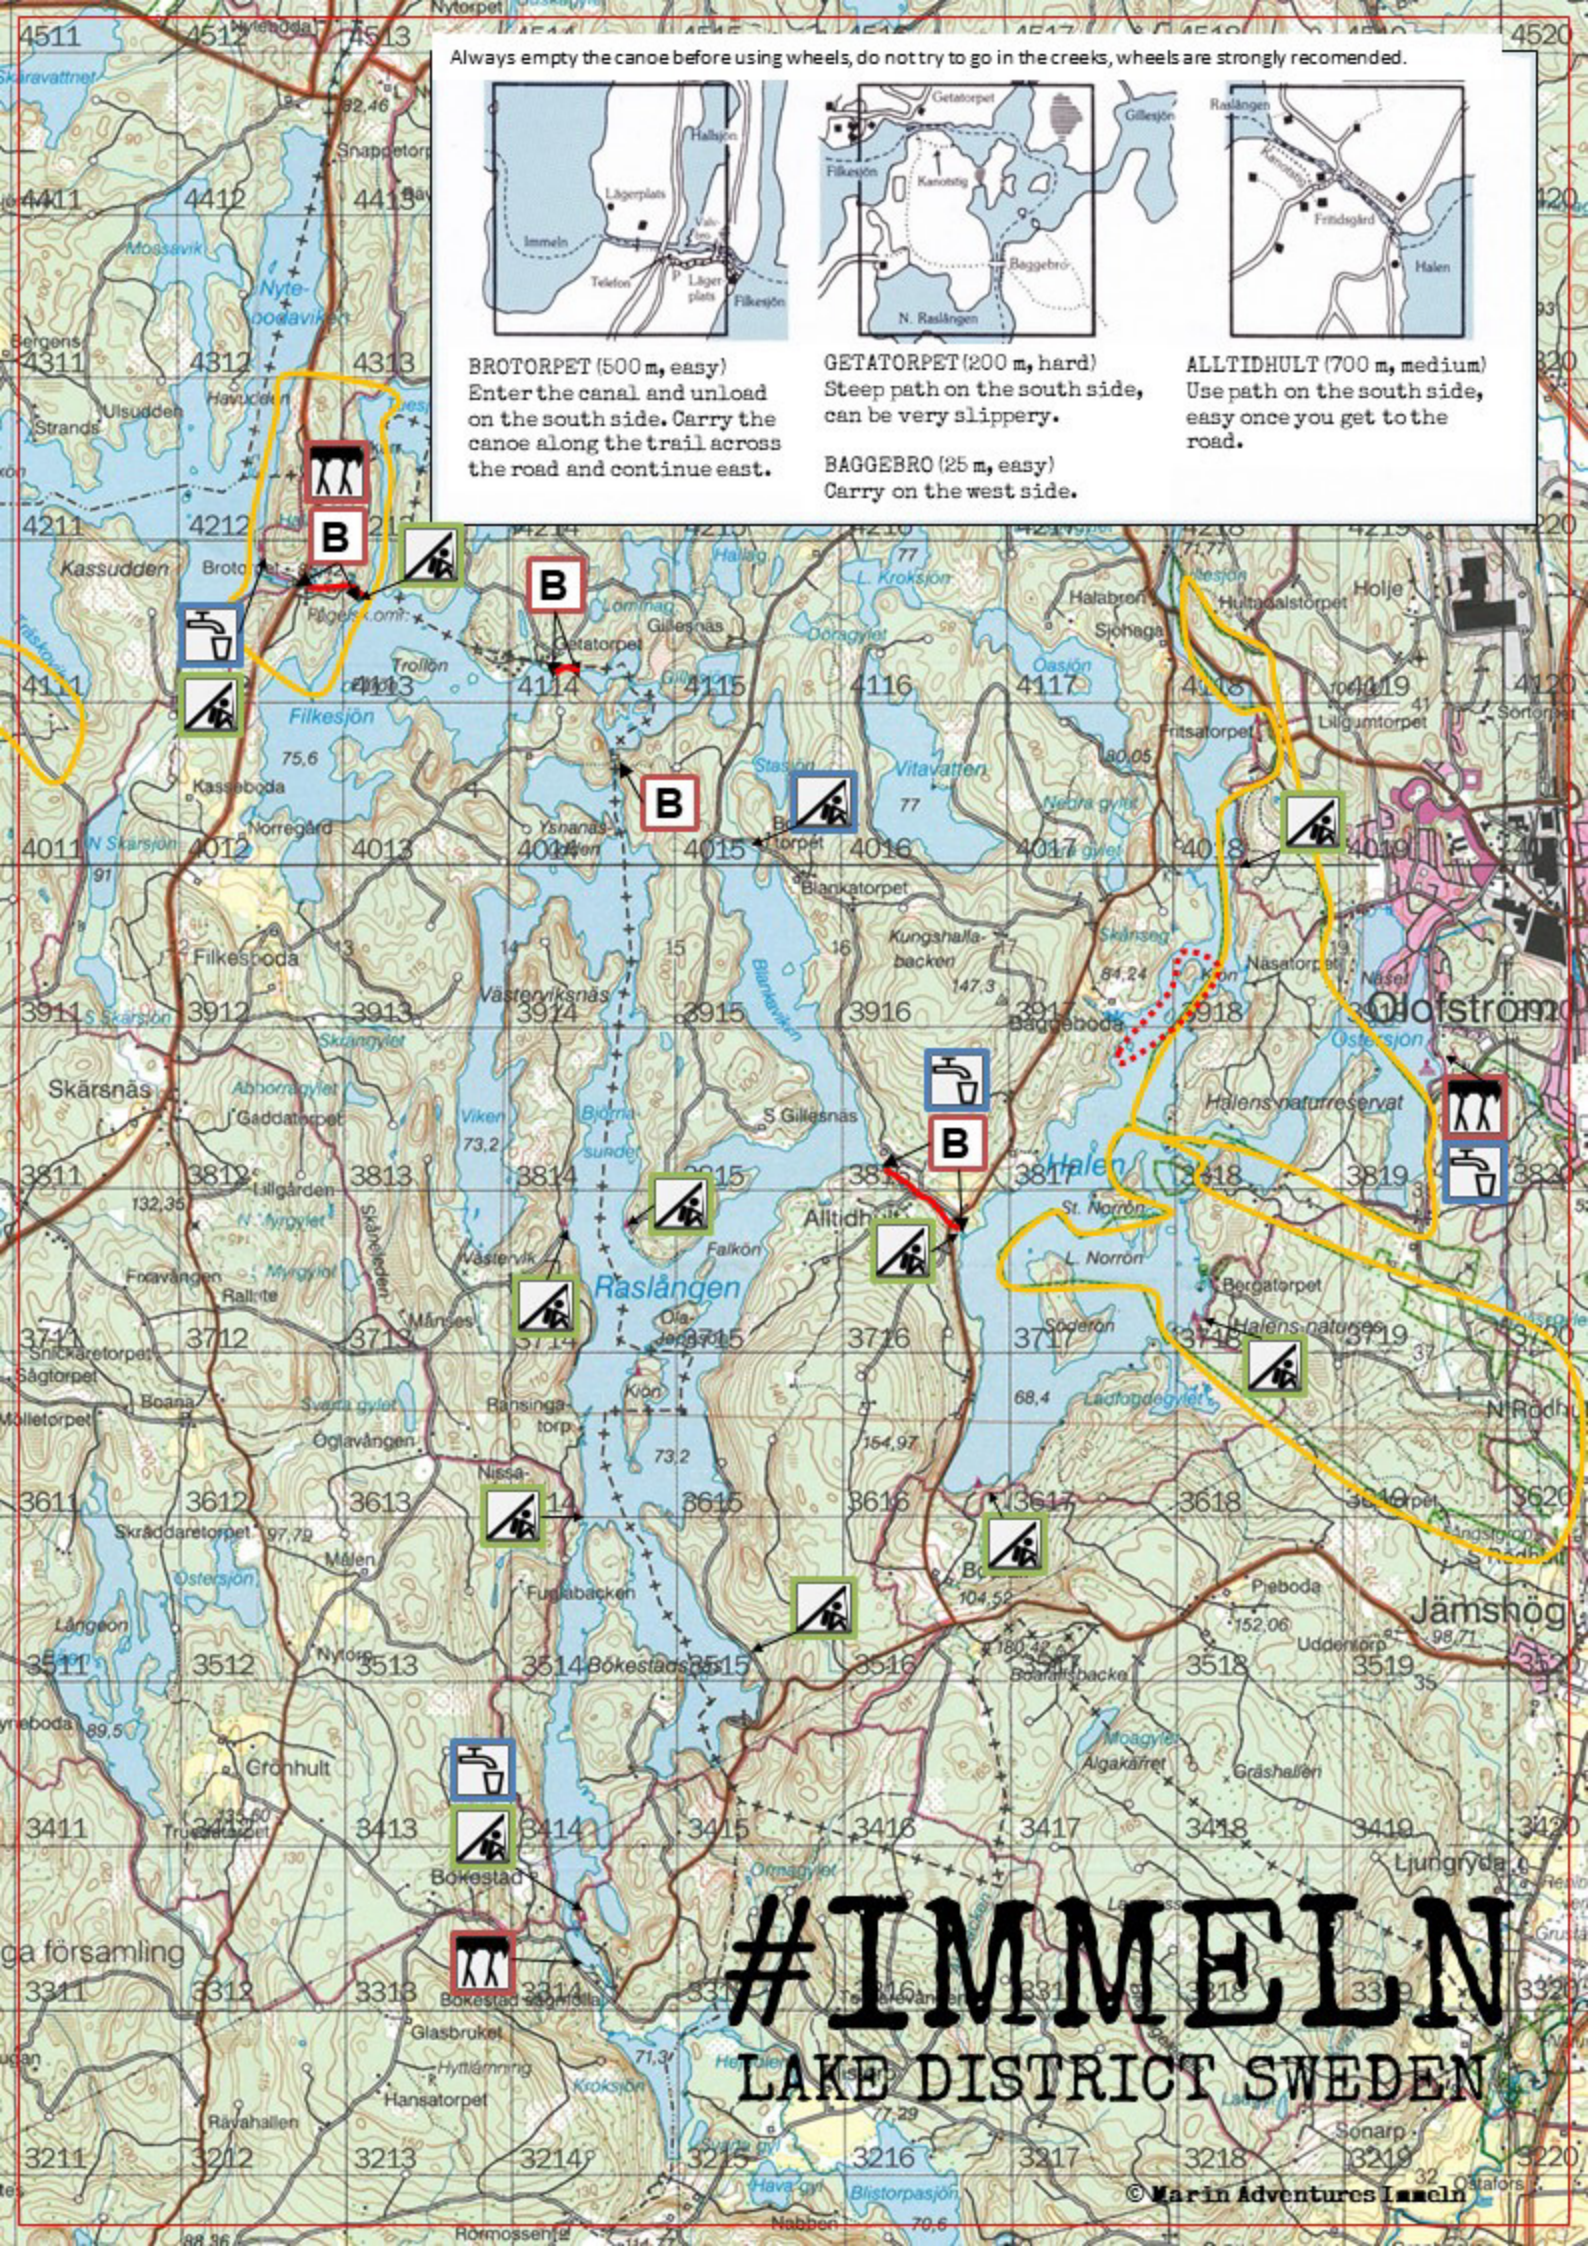

GETATORPET (200 m, hard)
Steep path on the south side, can be very slippery.

ALLTIDHULT (700 m, medium)
Use path on the south side, easy once you get to the road.

BAGGEBRO (25 m, easy)
Carry on the west side.
