Find Five Faults on Fred’s Farm

This is Fred’s farm, it is a great home for Fred. However, there are some problems that are causing pollution. Can you find the five things that are causing pollution on Fred’s Farm?

Pollution is a really big problem! Sometimes I have problems too. When I have a problem, it’s called a “bug” and when it is fixed it’s considered “debugged”. Can you debug Fred’s farm and find the things causing pollution?
