POSITION TITLE: Workshop Instructor  
HOURS: Part Time, 0-40 hours/week (varies based on your course schedule & school workshop bookings)  
TERM: Fall 2022 - Winter 2023  
WAGE: $15.00/hour (+ $0.46/km mileage for use of personal vehicle for workshops)  
DEADLINE: September 18, 2022

WISE Kid-Netic Energy is the largest community outreach program offered by the University of Manitoba. WISE Kid-Netic Energy is a non-profit organization that offers hands-on, curriculum-based STEM (Science, Technology, Engineering & Math) deliverables for youth in kindergarten through grade 12, typically reaching over 20,000 students a year with our workshops!

We employ undergraduate students to deliver our STEM programming. We offer the opportunity to travel to schools in/near the City of Winnipeg delivering hands-on workshops based on the K-12 Manitoba Science curriculum. We are flexible to applicants’ availability based on their course schedules and will book the workshops around this availability. We are looking for students to have at a minimum one weekday with 3.5 consecutive hours during typical school hours (8:30-3:30) available to work.

JOB DESCRIPTION
WISE Kid-Netic Energy Workshop Instructors are responsible for promoting and fostering interest in science, engineering, and technology, to all youth. This will be accomplished by using hands-on demonstrations, activities, and games through interactive workshops. Our main objective is to show youth that science is fun, and the easiest way to do this is by having fun ourselves. Workshop instructors must have reliable access to a vehicle they can use to transport themselves and workshop materials to and from workshop locations.

Duties and Responsibilities:
• Facilitate in-person School Workshops for youth in kindergarten to Grade 12.
• Lead minimum 2 back-to-back, 1-hour interactive workshop presentations per workshop booking.
• Review and prepare all necessary materials in Workshop Bins required to bring to the workshops.
• Drive to various locations across Winnipeg and surrounding areas (up to 1.5 hours outside Winnipeg).
• Enjoy teaching youth about science and serve as a positive role model.
• Attend paid training sessions.
• Be on time for all scheduled activities.
• Adhere to safety and cleanliness guidelines.
• Communicate with WISE Kid-Netic Energy staff through staff email, staff website portal and workshop booking database as well as use University systems to claim mileage and expenses.

Your Qualifications & Requirements:
• Be enrolled as a full time Post-Secondary Student.
• Have a minimum of 3.5 hours open between the hours 8:30am and 3:30pm on a weekday.
• Hold a valid intermediate or full Canadian driver’s license.
• Have reliable access to a vehicle.
• A background in science, math, engineering, education, kinesiology, or a related field of study, is an asset.

How to Apply:
• Email a completed Application Form supplied on our website, www.wisekidneticenergy.ca.
• With the application submit a 2-minute video of you teaching “How to Fry an Egg” or “How to Create a Paper Airplane”. Video format can be a YouTube link, or a video MP4 or MOV file.

We provide our instructors with an amazing experience through which they can polish up their presentation skills, increase their independence, see new places in Manitoba, and help youth get excited about STEM!

If you have any questions or would like further clarification on the position, please reach out. We can be contacted at wise@umanitoba.ca or at 204-474-9340.
