

REAL RASPBERRY

Believe it or not, we actually think that a raspberry soda should contain real raspberries!

Few flavours bear stronger reminiscence of childhood summers than ripe raspberries straight off the bush. Organically grown in the best conditions, they are picked at optimum ripeness, to be conserved in TÖRST REAL RASPBERRY.

To retain the natural flavour the berries are processed gently to extract their juice. The flavour is then balanced with organic cane sugar and the juice of Sicilian lemons. With generous amounts of high- quality raspberries, we achieve the aroma and colour 100% naturally – never adding aromas or colourants.

Serve TÖRST REAL RASPBERRY as a luscious reminder of childhood summers, either on its own or over ice with a sprig of fresh mint. For a refreshing raspberry Mojito, further add light rum and a splash of lime juice.
