Congress Responds to Coronavirus:

Stimulus Funding Policy Digest

Written by: Anne DeBiasi at Well-being and Equity (WE) in the World

Congress has passed three bills in response to COVI-19, known as the three phases of economic relief:

**H.R. 6074: Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020** — Enacted March 4, 2020. Provided $8.3 billion in emergency funding for federal agencies to respond to the coronavirus outbreak related to developing a vaccine, medical supplies, grants for public health agencies, small business loans, and assistance for health systems in other countries. Allowed for temporarily waiving Medicare restrictions and requirements regarding telehealth services.

**H.R. 748, (CARES) Coronavirus Aid, Relief, and Economic Security Act** — Enacted March 27, 2020. Includes direct payments to Americans, an aggressive expansion of unemployment insurance, billions of dollars in aid to large and small businesses, and a new wave of significant funding for the health care industry.
How will the CARES Act impact different groups and sectors?

Individuals

- Cash payments of up to $1,200 per individual and $500 per child, based on 2018 or 2019 adjusted gross income.

- Increased unemployment benefits and eligibility, variable by state. Federal funds to add $600/week on top of state benefit for 4 months – until July 2020. Adds 13 weeks of additional unemployment insurance up to total of 39 weeks. Allows self-employed or gig workers, freelancers and contractors to temporarily apply for unemployment if that lose work as a direct result of the public health emergency. For the purposes of Medicaid and CHIP, the additional unemployment compensation is not considered income.

- Extends IRS filing deadline to July 15.

- Allows employers to provide up to $5,250 in tax free student loan repayment benefits.

- Requires annual risk management plans from manufacturers of drugs and devices critical to a public health emergency and subjects some manufacturers to shortage-related inspections. Drug manufacturers must report disruption and discontinuation of the sources of pharmaceutical ingredients.

Students

- Provides temporary relief for all federally owned student loans, deferring loan and interest payments through Sept. 30 without penalty. Collection activities are suspended for this 6-month period.

- Allows schools to turn work-study funds into supplemental grants and continue paying work-study wages while schools are suspended.

- Students who drop out of school as a result of the coronavirus have loan protections and are not required to pay back any grants or aid.

Public Health and Healthcare

- $4.3B for CDC

- $16B to Strategic National Stockpile to increase availability of equipment, including ventilators and masks,

- $100B for hospital response

- $1.32B for community health center response in FY 2020

- $11B for diagnostics, treatments and vaccines
• $80M for FDA to expedite approval of new drugs

• $20B for veterans

• Requires all private insurance plans to cover COVID-19 treatments and vaccine and makes all coronavirus tests free. Requires price transparency from providers of COVID-19 diagnostic testing and limits prices to those in the pre-emergency period.

• Authorizes new telehealth program, including expansion of Medicare services not related to COVID-19. Provides more flexibility in the types of Medicare providers who can provide telehealth services. Provides $25M to Distance Learning and Telemedicine program in rural areas. Funds $100M to the ReConnect program to ensure broadband access for rural Americans.

• Boosts hiring for new health care jobs during the public health crisis and provides funding for health professions-related programs, with an emphasis on those serving medically underserved populations (rural and geriatric).

• Speeds the development of a vaccine, treatments and faster diagnostics.

• Limits liability for volunteer health professionals for any harm caused to patients related to COVID-19 volunteer services.

• Amends confidentiality regulations related to substance use disorder records, allowing certain disclosures with patient consent.

• Requires new HIPAA guidance on the sharing of protected health information related to COVID-19.

• Allows state or area agency on aging to transfer funds without prior approval to meet needs, including nutritional needs of homebound seniors.

• Funds NASEM report on security of the U.S. medical supply product chain.

• Requires national awareness campaign to encourage blood donation.

Food Security Measures

• $15.5B for SNAP to cover new applications for nutrition assistance.

• $8.8B for Child Nutrition Programs to ensure children receive meals while school is not in session.

• Includes additional funds and access to federal nutrition programs for American Indian reservations ($100M) and for Puerto Rico and the territories ($200M).

• $450B to expand food banks and community food distribution programs.
State and Local Governments

- $274B for COVID-19 response efforts, including direct aid for governments running out of cash due to high number of cases.
- $5B for Community Development Block Grants
- $13B for K-12 schools
- $4B for higher education
- $5.3B for children and families, including assistance to child care centers.
- Provides flexibility in Workforce Innovation Opportunity Act program or statewide rapid response activities or for local boards impacted by the coronavirus.

Small Businesses

- Grants of up to $10,000 to cover immediate operating costs for small businesses.
- Loans of up to $10 million per business; if used to maintain payroll, keep on workers, pay rent, mortgage and debt the loan could be forgiven if workers stay employed through the end of June. This $349B loan program includes non-profits and physician practices.
- Funds relief – 6 months of payments – for small businesses with SBA loans.
- Funds education for small businesses regarding COVID-19 federal resources available and best practices in teleworking.
- Provides grants to minority business centers and minority chambers of commerce for education, training and advising related to accessing federal resources.
- Provides $9.5B to assist agricultural producers impacted by the coronavirus, including specialty crop producers, livestock producers and those who support local food systems such as farmers markets, schools and restaurants.

Big Businesses

- Funds airline employee wages, salaries and benefits of up to $25 billion for passenger air carriers, up to 4 billion for cargo air carriers and up to $3 billion for airline contractors. Bars any company receiving such a loan from making stock buybacks for the term of the loan plus one year. Loans must be publicly disclosed.
- Creates a special inspector general to oversee pandemic recovery, including oversight of all loans and other uses of taxpayer dollars.
• The president, vice president, members of the Cabinet and members of Congress are barred from benefiting from the money carved out for corporations as are members of their families.

• Establishes refundable tax credit for closed or distressed businesses to help keep their workers on payroll – either hired back or on paid furlough. Credit of up to 50% of payroll on first $10,000 of total compensation for each employee.

Other

• Arts programs

• Universities

• Other institutions
