## A FUTURE LA COUNTY WITHOUT HATE

Thursday, November 18th, 2021 | 10 - 11:30 a.m.

### WORKSHOP OVERVIEW

As part of United Against Hate Week, we are hosting a 90-minute workshop on what does a future look like where everyone in LA County can live freely, authentically, and without the specter of hate? This two-part workshop explores how we can leverage the power of arts and culture to envision an equitable future - and how these strategies can be implemented at scale to build an inclusive community. Then we speak with policymakers and advocates about what concrete actions need to be taken today in order to make this vision a reality.

### ABOUT LA VS HATE

LA vs Hate is a community-centered program designed to support all residents of Los Angeles County. Led by the Human Relations Commission, LA vs Hate partners with community partners from all five County districts, representing a diverse coalition of voices committed to ending hate. By tracking and reporting hate we can ensure that resources are allocated appropriately, that those targeted by hate receive the support they need, that offenders are held accountable, and that together, we can build respectful and resilient communities.

In September, 2019, LA vs Hate started accepting reported hate acts through 211-LA, providing help from experienced, empathetic case managers, and a multi-disciplinary team of advocates, mental health professionals, mediators, and legal professionals. Through August 30, 2021, over 1,300 callers have reached out for help and nearly 1,000 have worked with these case managers to heal from the trauma of hate.
