Our Pride Month In Pictures!

During our Pride planning this year we created the GenOut logo to abbreviate the phrase Generation Out- the first generations who lived out and proud lives. The logo includes the pink triangle, which has long been connected with LGBTQ activism. Free GenOut buttons are available at reception- please take one next time you stop by!

Community Engagement Programs

Would You Like a Visitor?

*No matter our situation, we all need connection and community.*

If you’d like someone to connect with, our Friendly Visitor program affirms that LGBTQ elders have lifetimes of experience, perspective and know-how. Friendly Visitor volunteers are honored to get to know you. We screen, train and support all volunteers who spend time with community members for: home visits, walks in the park, outings to the museum, shopping, coffee and tea meet-ups, or just to chat and have some laughs.

To learn more about the program, please contact Sylvia 415.659.8123 or email sylvia@openhouse-sf.org.

New to Openhouse? We would love to hear your perspective!

Openhouse has an exciting opportunity to learn from you, our community! We’ve received funding to expand a few of our programs and evaluate their impact through a historic Community Participatory Research Project. We are seeking input from participants experiencing Openhouse programs for the first time, so that we can measure if they make a difference in the lives of LGBTQ seniors. More specifically, the focus of our research project is to look at impacts related to participation in Openhouse Lunches, Support Groups, and Friendly Visitor visits.

We are seeking community members age 55+ who have attended 5 or FEWER Openhouse activities in the past 2 years. If eligible, participants will be offered an incentive to enroll in the study and to complete several surveys in the next 18 months. Participation is completely

Openhouse is Changing Aging Services: New Program with SteppingStone!

Is it hard for you to get around to health appointments and social events? Feeling overwhelmed? You don’t have to do it alone. This joint program is here for you.

We are thrilled to announce that Openhouse is partnering with SteppingStone to transform their center into an LGBTQ-affirming Adult Day Health Program located on beautiful Mission Creek! SteppingStone serves lesbian, gay, bisexual, transgender, and queer frail seniors and adults (18+) with physical, mental and developmental disabilities who have high blood pressure, cardiovascular conditions, diabetes, stroke, dementia and any other challenging health conditions. Steppingstone offers nursing, personal care, physical therapy and other health-related services, in order to support the health and wellbeing of LGBTQ people living independently and aging in community. In addition to health services, SteppingStone also provides community, meals, and transportation to and from the Center. Please email D. Hilton at dhilton@steppingstonehealth.org, or SteppingStone Social Work Department at 415-974-9784 x15 to take a tour or to learn more about the program. Stay tuned for LGBTQ-specific programs at the Center, coming soon!

The paths we walk down are many so I’ve had to choose wisely. I felt lost and hopeless at times and my arrival at SteppingStone has given me a new outlook on life and I’m now looking forward to the journey ahead. But mostly it’s the people I have met and the terrific staff who do so much to make it possible! As a member of the LGBTQ Community, I have felt respected and cared for as an elderly openly gay male. My voice and my opinion have been respected and I feel as if though the pieces of my life are coming together.” —Tom Conlogue, current participant (pictured with his partner of 39 years)
