Letter from Executive Director
Karyn Skultety, PhD

Dear Openhouse Family, Friends and Community,

It is with great sadness that I am writing to let you know I have made the decision to step down from my role as the Executive Director of Openhouse. My family and I have decided that we will be moving to Colorado, and my last day as Executive Director will be May 31, 2021.

In many ways, this is the most difficult decision I have ever made. I have loved and cherished the opportunity to serve LGBTQ+ seniors as the Executive Director of Openhouse. I have been honored to work alongside and witness the accomplishments of our staff. They have shown me and our city, over and over again, how dedication and heart-centered work can truly change the world. I have been fortunate to have been supported by a Board of Directors who have done what few boards manage to do: to hold and ensure organizational priorities are met, while truly stepping up to hold me, both as a leader and a person. And of course, I have been overwhelmed by the love and lessons that have been offered by the LGBTQ+ seniors who every day make our communities stronger. Truly, I have loved this job and feel so lucky for how the Openhouse family has become part of my chosen family.

While my love of Openhouse and connection to our community make this a difficult decision, the need to prioritize who I am outside of being an Executive Director and my family makes the decision clear. I love being your Executive Director. I also love - and am called at this time by - the person I am outside of my work: a wife, mother, daughter, sister and LGBTQ+ chosen family member.

"Truly, I have loved this job and feel so lucky for how the Openhouse family has become part of my chosen family.”
Tell Us About Your COVID-19 Experience!

The San Francisco LGBTQ Aging Research Partnership (LGBTQ-ARP) is gathering information from older LGBTQ+ adults (age 50+) living in the Bay Area about health challenges and access to health services and programs during the COVID-19 pandemic. This information will help to better understand the current unmet needs of older LGBTQ+ adults and work to develop solutions.

Take our brief survey by February 21 at http://lgbtqseniorsurvey.com

To complete the survey by phone, leave a message at (415) 935-3978. We will call you back to complete the survey by phone!

The LGBTQ-ARP is funded by the San Francisco Department of Disability and Aging Services, Horizons Foundation and the Bob Ross Foundation.

Need Help with Food Support, Grocery Shopping, or Other Errands?

During these difficult times, our caring, compassionate volunteers are standing by to help you get what you need:

• Weekly Home Delivered Grocery program for those who cook
• Guidance to other food assistance programs in San Francisco
• Help buying groceries, pet food, medications, and other supplies

If you or someone you know could benefit from these services, contact Kevin at koneal@openhousesf.org or (628) 263-3262

The MISCI Creative Engagement Program is looking for community members interested in developing a creative project with younger people over the course of 3 months. This version of the program will keep everyone safe during the pandemic by holding the program over the phone or, if you prefer, video chat.

Openhouse is partnered with UCSF Global Brain Health Institute to offer this program and to study its impact on participants’ health and well-being. No background in the arts is necessary, only a willingness to connect and create with younger people!

Self-Compassion and Belonging

Wednesdays, 1-2:30PM, February 17 through April 7

How do we create belonging while we are physically isolated? Physical isolation, due to COVID-19 or not, can be stressful and can erode our optimism, energy, and enjoyment of life. The good news is resiliency (the ability to renew ourselves during and after challenging times) is a skill that can be learned and practiced.

Join new and old friends in a supportive space to share your experiences of isolation and belonging. We’ll discuss what keeps you going and restores a sense of meaning and purpose, and learn some new tools for creating resiliency. Facilitator, Molly Reno, a somatic life coach and Emotional Brain Training Provider, has been leading Self Compassion support groups at Openhouse since 2012.

This is a drop-in group.

Places Please!
LGBTQ+ plays and playwrights
Mondays, 12-1:30PM
April 5 through May 24
This exciting workshop will explore early, pre-Stonewall LGBTQ+ plays and playwrights, which bring to life the very beginnings of the enormous LGBTQ+ contribution to the American theatre. We will read and discuss each play and there will be an opportunity for actors and would-be actors to read aloud portions of the plays, bringing them alive for the group.

No experience is necessary for Places Please! except an interest in LGBTQ+ theatre. Please note that attendance will be limited to 10 participants.

This workshop will be presented by Jess Miller, RDT EdD. Jess is an Openhouse alumni and a Registered Drama Therapist, a proud theatre person/activist who looks forward to “raising the curtain” on LGBTQ+ theatre with the Openhouse community.

COVID-19 has forced all of us to ask questions about ourselves, our families and our lives. My family and I are privileged in so many ways, and we have managed to maintain that perspective, even amidst the daunting challenges of the past year. Nevertheless, I have been shaped by this pandemic. I have watched my kids struggle. I have gone through a COVID-19 scare with a family member, which highlighted my role as a caregiver to my parents as they age. These experiences have shown me the need to prioritize my family at this moment. I am called to focus my time, energy and effort on supporting us as we embark on an adventure to Colorado, the state I grew up in.

While I feel great sadness about the prospect of saying goodbye, I also feel great pride as I think about what the coming months will bring. I am so proud of what WE have accomplished over the past four years. Openhouse has a long history of resilience, creativity, and innovation that I was lucky to walk into. In 2017, we brought into life the dream of our Founders, Dr. Marcy Adelman and Jeanette Gurevitch, when we opened the city’s first LGBTQ-welcoming senior housing at 55 Laguna, with our partners at Mercy Housing. Over the past three years, we have opened our second building and expanded services to reach thousands of people in a single year. We are nearing completion of a LGBTQ+ Senior Community Center at 75 Laguna that is truly like no other. During a deadly global pandemic, we stepped up and provided what our community needed to not just stay alive, but to feel connected in the midst of an impossible situation.

I am awed by the strength Openhouse possesses as an organization, and could not be more excited by the promising future that lies ahead. The Openhouse Board is ready to begin a search for the new Executive Director, while working with me to ensure a supportive and thoughtful transition for our staff, partners, supporters and community members. I am confident the innovative solutions we developed together to meet the unprecedented challenges of this pandemic will further ensure Openhouse housing and programming will continue to serve as a model for LGBTQ+ aging. I look forward to welcoming a new leader to Openhouse and will always champion the work of this incredible organization.

As sad as it will be for all of us to say goodbye, I take solace in the knowledge that you will support me and my family in this difficult decision. Thank you from the bottom of my heart for allowing me the opportunity to be a part of Openhouse.

All my best,

Karyn
Remembering Ken Jones (1951-2021)

This Black History Month, Openhouse celebrates the life of cherished San Francisco-based activist Ken Jones. The arc of Jones’ community work and organizing spanned decades, and centered around desegregting the LGBTQIA+ community, AIDS activism, addressing racial profiling, and police brutality. A hero of the Bay Area LGBTQIA+ community and beyond, Jones described his dedication to his community as a constant meditation; he once said of his lifelong activism: “It’s like work in a garden, it’s never done.” As the community grieves the loss of Ken Jones, we are left grateful, humbled, and inspired by the wisdom he shared and the example he set for what it means to truly show up for our community.

“Legislation, proclamations, and executive orders do not change people’s hearts. We change people’s hearts — not through any Herculean interventions — but when we are present, when we are authentic, and when we are transparent.”
