Welcome to Spring 2022 and National Jazz Appreciation Month.

At this month’s Conversations with Kathleen, I will share the Drs. Sherzai program that has proved to reduce onset of dementia and in particular Alzheimer’s disease. The building blocks are captured in the work NEURO: N=nutrition, E=exercise, U=unwind, R=restore and O=optimize. The program is based on community-based research that Drs. Sherzai write about in their book, The 30-day Alzheimer’s Solution, and on their website teamsherzai.com. I look forward to sharing this information with the community.

As I write this today, Russia continues to bomb and attack Ukraine. The war is a sad sight to see and the people of Ukraine are both suffering greatly and showing a great amount of courage in the face of continual bombardment. It also gives most of us pause to see how one war is covered by the press versus another. Certainly, the coverage of the fall of Aleppo was good, but it also faded from our newspapers, social media, and television coverage quickly. The children who are growing up in war torn Syria, Yemen, and Sudan will be marred with lifelong trauma. We need to stand for all people displaced by war and the oppressive regimes of the powerful who seek their own gain at the expense of so many.

In closing, as new life springs forth in this glorious season I am both grateful for all I have and hopeful that we can continue to build a world of peace, love, and humanity.

Cheers,
Kathleen
Join our monthly walks with Muttville!
Friday, April 8, 11AM - 12PM, RSVP for location details

We invite you to join us every 2nd Friday of the month to walk Muttville senior dogs with the Openhouse Walking Group. Muttville will bring some of their dogs to join us as we walk the neighborhood around Openhouse. You’ll be able to walk the dogs if you’d like -- or just get in some good pets!

Dr. Aronson Talks: Integrative Aging, Better Health
Wednesday, April 13, 2 - 3:30PM, via Zoom

Drawing from both conventional and complementary medicine, integrative aging helps older adults live well throughout the decades and stages of old age. It focuses on health and well-being in addition to disease and illness; pays attention to prevention, nutrition, activity, goals, and purpose; and recognizes both the benefits and challenges of growing older. In this session we will discuss what healthy aging can mean for you--whatever your health status--and some of the approaches of integrative geriatrics, including supplements, mind-body medicine, and more.

Dr. Louise Aronson is a leading geriatrician, professor of medicine at UCSF, and author of the Pulitzer Prize Finalist Elderhood.

Join our new Intergenerational Pen Pal Program!

This community program is aimed at fostering communication between differing generations of the LGBTQ+ community. It will bring together 30 “young generation” (ages 18-45) pen pals and 30 “older generation” pen pals. Each participant will be matched with a writing partner, to whom they will commit to sending three letters (with the option of continuing correspondence if both participants agree). Postage, writing paper, and envelopes will be provided for each participant.

April is Volunteer Appreciation Month

“Volunteers do not necessarily have the time; they just have the heart.”
Elizabeth Andrew

On behalf of the staff and community at Openhouse, we want to extend a deep heartfelt thanks to our wonderful volunteer community! We could not do all that we do without the support of our generous, kind-hearted, and caring volunteers who show up every day in support of LGBTQ seniors!

The pandemic has been a challenging time for us all. Openhouse volunteers play a critical role in helping to keep community members supported in various ways such as our Home Delivered Grocery program, running errands, grocery shopping, Friendly Visits, social calls, simple home tasks, front desk support, and virtual tech support. Volunteers are everyday heroes, sheroes, and theroes who show up and do what they can to help make a difference in the lives of others! Our hope is that you know that this world is a better place because you volunteered, and we thank you for it.

In deep appreciation,
Sylvia Vargas, Director of Community Engagement

Words of gratitude from community members:

“The calls I get help me remember myself through the stories I share…I can’t tell you how much that means to me. You are all angels!”

“No doubts that Openhouse and the Friendly Visitor Program have saved my life over and over again--my Friendly Visitor has kept me alive!”

“I was somewhat mobile before the pandemic hit and walking with my Friendly Visitor helped me feel more confident going to the park. Calls from [them] have kept me sane.”

“My world got so much bigger after even the first phone call!”

“A volunteer came this morning; set up my printer for me in under 2 minutes! They were very cool in the process. You have the greatest volunteers! I nominate all of these helpers for the Fabulous Volunteer of The Year Awards. All have been a great help.”

Provocative, Intelligent, Controversial, Witty, Enraging, Engaging and Sorely Missed.

William Eadie (b. Jan 12, 1942), a longtime member of the Openhouse Men’s Support Group, passed away at Coming Home Hospice on Feb 21, 2022. He had just celebrated his 80th birthday.

Bill was a strong presence in the Men’s Drop-In Support Group; sometimes eliciting big laughs and sometimes creating controversy, but always with the intention of provoking conversation and making his presence known.

Bill’s dying wish was to not die alone. Members of the Openhouse Men’s Support Group Community spent time with him in his last days up to and including the time of his death.

Sharpen your knives, prep your taste buds, and get cooking!

Cooking Matters
Thursdays, starting June 2
11AM-12:30PM, via Zoom

In partnership with 18 Reasons, a non-profit community cooking school, let’s kick off Pride Month with food and community! We welcome all skill levels as we learn or sharpen cooking skills and enjoy a shared meal from the comfort of your home. In each of the four classes you’ll learn a new recipe that centers simple, flavorful, budget-friendly food for the holiday season! Two days before each class you will receive a recipe along with the necessary ingredients delivered to your home.

**Fighting Climate Change is an LGBTQ issue**

Earth Day is April 22. Openhouse recognizes that climate change is a serious concern for those in our community that are most marginalized. Environmental justice is an essential piece in fighting for our rights.

As Isaias Hernandez puts it: “LGBTQ2S+ people have always existed pre-colonial era and their work has been attempted to be erased by colonization. Environmental Colonialism perpetuated cis-heteronormative as being “natural” while punishing and making it a crime to be LGBTQ2S+. In the United States, Black / Brown Trans WOC [Women of Color] have always been at the forefront of Queer Liberation & Rights movements and still face the most discrimination today. We cannot solely advocate for climate justice while silencing the needs of the Queer/Trans / 2-Spirit community, it must center their work, ethics, and values.”

**Openhouse Remembers Anna Damiani**

As we celebrate Lesbian Visibility Day on April 26, Openhouse remembers Anna Damiani, who worked for many years as an aide to former state lawmaker Mark Leno. A great friend and supporter of Openhouse, Anna died at her Castro district home February 25, 2022. She was 65.

In a phone interview, Leno told the *Bay Area Reporter* that Anna worked for him during his entire 14 years in the Legislature, first in the Assembly, and then the state Senate.

“She was a marvel,” Leno said. “She had an indomitable spirit. She always represented our office with a big smile, huge hug, and was well informed. She communicated her concern for the community in every action.”

“Anna has been a passionate advocate for our community helping to build our institutions and fight for our rights despite having more than a few health challenges,” said Openhouse Founder Dr. Marcy Adelman. “She was a friend to us all.”
Hybrid and In-Person Programming is Coming!

We are so excited to announce that we will be bringing back select programming both in person and hybrid in May. We will be taking precautions to keep us all safe through this changing pandemic. We will be requiring RSVPS for all in-person programming and will be limiting capacity. Just like with most of the pandemic, we know we’ll need grace and patience as we continue to adapt to our changing world. We are so so excited to see you!
