Asian American and Pacific Islander Heritage Month

This month’s column is being written by Vinny Eng, an Openhouse Board Member and member of the AAPI community. Check back next month for a message from Kathleen.

The beginning of May marks the start of Asian American and Pacific Islander Heritage Month - time to share testimonies of survival and obstacles overcome by our AAPI neighbors and friends.

Most recently in Sunset Park, Brooklyn, and just over a year ago in Atlanta, AAPI communities have experienced tremendous pain in very public ways that further invisibilized them and have left them less whole.

We are also seeing, in parallel, an alarming rise in states passing invasive laws that are invisibilizing trans and queer individuals, rendering gender affirming care illegal and normalizing violence driven by transphobia and homophobia.

These struggles are not exclusive nor are we as residents of the San Francisco Bay Area inoculated against this animus. The toll of invisibility, as author Ocean Vuong observes, is a difficult thing to be made real. These struggles of racialized violence, homophobia, and transphobia are inextricably linked.

So we learn our stories of our elders and, in doing so, we build community. Proudly, our incredible staff and volunteers at Openhouse continue to provide care to our LGBTQ elders, to imagine and make possible present day experiences for them that ensure that they receive resources to support their material needs as well as their physical and emotional well being.

We can care for and love each other in community and encourage you to join us in uplifting our AAPI and LGBTQ community members this month.

Due to a paper shortage, this month’s newsletter is printed on white paper instead of yellow.
