A Message from Kathleen, Openhouse’s Executive Director

September is the month for CBD!

That’s Celebrating Bisexuality Day on September 23rd. The day is an annual holiday to celebrate the bisexual community. More people in the LGBTQ community identify as bisexual than any other sexual orientation, and yet bisexuals are often invisible in our community. According to GLAAD, only 28% of bisexual people are out to friends and family members and half are not out to their co-workers. To our bisexual community members: Openhouse celebrates and appreciates you.

We have recently seen an uptick in hate crimes and violence in California and San Francisco where two elders were brutally attacked. The Asian Justice Movement held a town hall to address issues related to these hate crimes and Openhouse has offered its support to the movement.

Finally, as we have adjusted to life with COVID, and as some parts of life have opened up, we have a new challenge on our hands: Monkeypox. The viral disease is painful for those who contract it and the lack of an adequate amount of vaccine means more people are at risk. Our partners at SFAF are developing information flyers that we will forward to the community as soon as they are available.

Kathleen
Coming Up this Month!

Queer and Trans People in the AAPI Movement
Thursday, September 8, 12:30PM - 1:30PM
In-Person at 110 Embarcadero and Online via Livestream

When people talk about the many attacks on Asian and Pacific Islander (API) people, they usually don’t talk about gay or queer people. This special panel will highlight how these attacks are affecting the queer Asian community and how this silent violence is impacting their lives and the lives of their loved ones. It will also remove the veil of shame and secrecy around queerness that is experienced by many in the Asian diaspora.

Speakers include:
Cecilia Chung • Anjali Rimi • Morningstar Vancil • Michelle Meow • John Zipperer

This program is free, thanks to generous supporters of The Michelle Meow Show at The Commonwealth Club.

Celebrating Hispanic/Latino/Latina/Latinx/Latine Heritage Month
September 15 - October 15
special thanks to Luis de la Garza for direct contributions to this article

This month recognizes the contributions and influence of Latino/e Americans to the history, culture, and achievements of the United States. There are 33 Latin American countries, 15 territories (with Spanish language as not their official language), and many with ties still to colonialist countries such as: United States (Puerto Rico), France (Martinique), Britain (Falkland Island), and the Dutch (Aruba). Latin America has a great number of indigenous peoples with their own languages, despite that they do not have a sovereign country of their own.

The term “Hispanic” gained traction in 1970 as it was used by the US Census to categorize a large sector of the US population. “Hispanic” refers to anyone from Spain or Spanish-speaking parts of Latin America, which has garnered some critique because of Spain’s colonizing influence and because it is exclusionary to non-Spanish speaking countries in Latin America. In the 1990s, the term “Latino” became popularized as a more inclusive term. In the past 20 years, the terms “Latinx” or “Latine” gained use amongst some of the community for its gender neutrality.

As we know, language is always evolving, as are the words that we relate to and use to describe ourselves. In late August, a small group of Latino Openhouse community members and staff gathered to discuss what to call the celebration of this month and which terms the community most relates to. This was the first ever gathering of its kind at Openhouse! What came out of that conversation was a clear consensus that more community discussions are needed. See below for what’s next in the conversation!

Resources and Advocacy for LGBTQ Veterans

Legal Aid At Work and Impact Fund, two legal nonprofit organizations in the Bay Area, have been working with veterans discharged under Don’t Ask, Don’t Tell and predecessor policies for their actual or perceived sexual orientation. In particular, the organizations have helped veterans seek discharge upgrades for “less than honorable” discharges and remove indicators of sexual orientation on their discharge paperwork. They are now exploring advocacy with the Departments of Defense and Homeland Security to find a more systemic solution that is less burdensome on individual veterans.

If you are interested in possibly joining this effort and would like to learn more, contact: Lynnette Miner at lminer@legalaidatwork.org or (415) 593-0122 (leave a voicemail if unanswered).
