Happy New Year!

From all of us at Openhouse, happy new year. I am so grateful for another spin around the sun with you all and look forward to charting Openhouse’s next chapter with you.

25 years ago, Openhouse was founded by Marcy Adelman and Jeanette Gurevitch. They both noticed that LGBTQ+ seniors were disappearing from the Castro District and both found it alarming, and being good lesbians, they sprang into action to create one of the most dynamic organizations on the planet serving LGBTQ+ mid-life and older adults.

For some of us, 25 years ago may not seem like all that long ago. It was 1998, we were starting to worry about the impact Y2K could have on our computers, a frenzy of anti-LGBT ballot measures were being proposed in states across the country, and in San Francisco a small group gathered to think differently and co-create what was to be named Openhouse.

It would be eight years until Openhouse received its first contract from the City of San Francisco to train direct care providers, city agencies and non-profits working in senior services. Since that first contract, we have trained over 10,000 professional aging staff—from direct care workers to geriatricians and county agencies.

This year we celebrate our first quarter of a century, and look forward to our next twenty-five years. So glad to take this journey with you.

May this first month treat you kindly!

Kathleen M. Sullivan, Ph.D.
Executive Director
